

Prescriptive Rebates				
Rebate Amounts	Up to \$100,000 per project	Projects with rebates equal to or greater than \$10,000 require LIPA Pre-Approval		
	\$300,000 annual cap per customer			
Category	Measure	Rebate Range (Based on the level of measure efficiency)		
Lighting	Fluorescent Fixture	\$10 - \$45		
	Fluorescent Controls	\$15 - \$40		
	HID Fixture	\$20 - \$45		
	HID Controls	\$75		
Performance Lighting	Space-by-Space Method	<table border="1"> <tr> <td>Tier 1: \$0.40/Watt Saved for a 10% LPD reduction from NYSECCC</td> <td>Tier 2: \$.80/Watt Saved for a 30% LPD reduction from NYSECCC</td> </tr> </table>	Tier 1: \$0.40/Watt Saved for a 10% LPD reduction from NYSECCC	Tier 2: \$.80/Watt Saved for a 30% LPD reduction from NYSECCC
Tier 1: \$0.40/Watt Saved for a 10% LPD reduction from NYSECCC	Tier 2: \$.80/Watt Saved for a 30% LPD reduction from NYSECCC			
Cooling	Unitary/Split AC Systems	\$50 - \$230/ton		
	Air-to-Air Heat Pump Systems			
	Water Source Heat Pump systems	\$80/ton		
	Water or Evaporative Cooled Unitary Systems	\$40/ton plus \$5/ton for each 0.01 EER above minimum criteria		
	Air Cooled Chillers	\$25/ton plus \$5/ton for each 0.1 EER point above minimum criteria		
	Water Cooled Chillers	\$6 - \$15/ton with additional \$/ton for exceeding minimum criteria (see worksheet)		
Compressed Air	Variable Displacement	\$60/HP (up to 100 HP)*		
	Variable Speed Drive	\$95/HP (up to 100 HP))*		
	Refrigerated Air Dryers – Cycling	\$6/CFM (up to 500 CFM)		
	Refrigerated Air Dryers – Variable Speed	\$6/CFM (up to 500 CFM)		
	Storage Tanks for Existing Compressors	\$2 - \$3/gallon		
Variable Speed Drives	5 to 25 Horse Power Controlled	\$800 - \$2000		
Commercial Kitchen Equipment	Electric Steamers, Combination Ovens, Convection Ovens, Electric Griddles, Electric Fryers, Insulated Holding Cabinets, Low-Flow Pre-Rinse Spray Valves	\$30 - \$750		
Vending Machine Controls	Refrigerated and Non-Refrigerated Vending Machines, Glass Fronted Refrigerated Coolers	\$30 - \$45
