# Customer Rebate Application Form

## 2006 LIPA Central Air Conditioner/Heat Pump Program

### Instructions

1. Fill out the attached application entirely. All information is necessary for processing. Retain a copy of this application for your records.
2. Attach a copy of your contract or invoice, which must contain all equipment model and serial numbers, and include installation date. (LIPA provides rebates based on your contract or invoice. If any model or serial numbers are inaccurate or missing, LIPA cannot process your rebate.)
3. Ask your contractor for assistance in completing the required forms.
4. Your contractor must complete and supply a formal Cooling Load calculation (ACCA Manual J V.8) and a completed CheckMe! form (supplied by LIPA) along with manufacturer's specification sheets as required.
5. Mail the following documents to:
 

|                                     |  |
|-------------------------------------|--|
| LIPA CEI Programs                   | <input type="checkbox"/> Customer Rebate Form          |
| 131 South Hoffman Lane, (Suite 100) | <input type="checkbox"/> Invoice                       |
| Islandia, NY 11749                  | <input type="checkbox"/> ACCA Manual J V.8 Calculation |
|                                     | <input type="checkbox"/> CheckMe! Form                 |

### Eligibility Requirements

1. LIPA reserves the right to modify or withdraw rebates throughout 2006.
2. This program applies to **new and replacement** central air conditioner (CAC) and air source heat pump (HP) installations performed during the term of this rebate program (no partial system replacements qualify). Only equipment purchased and installed on or after Jan. 1, 2006 qualifies.
3. You must have a LIPA residential electric account at the site of installation in the applicant's name.
4. ACCA Manual J Version 8 Load Calculation and CheckMe! Forms are required to be completed by your contractor.
5. LIPA reserves the right to inspect your installation and your copy of your contract to ensure compliance with program requirements.
6. LIPA reserves the right to use the rebate money to credit accounts in arrears.
7. LIPA will not be responsible for any tax liability imposed as a result of rebate payments.
8. All rebates constitute stand-alone offers and cannot be used in conjunction with any other LIPA rebate program.
9. Replacement of systems less than five years old that were rebated are not eligible for a rebate unless the SEER level of the replacement unit is higher than the existing unit by at least 1 full SEER level.
10. All applications must be received within 60 days of installation.
11. Please allow up to 90 days for delivery of the rebate check or bill credit.

**IMPORTANT: The total system must be installed to be eligible for a rebate. This includes condenser (outdoor unit), coil (indoor unit) and fan, if applicable. Equipment must be properly sized and installed per program requirements in order to receive your rebate. Please check with your contractor.**
