RE: Assignment of LIPA Cool Homes Program Rebate

Reference: LIPA Cool Homes Rebate Amount: \$ _____
Copy of latest LIPA bill for listed account (Must be attached copy of bill to this form)

Dear Ms. Faltings,

As the payee of the above referenced Cool Homes Rebate, I hereby assign my rights and interest in the payment of said rebate to:

Contractor Name: _____

Address: _____

City: _____ State: _____ Zip: _____

* Rebate can only be assigned to the installation contractor. Contractor information must match information on the rebate application

I certify that the electric account listed above is not in arrears and that I have supplied the contractor with a copy of the latest LIPA bill for the listed account, showing that the account is active and that there is no previous balance owed on the account. (Rebates can not be assigned to the contractor if the LIPA account is in arrears)

If the LIPA account goes into arrears while the rebate is being processed, LIPA will apply the Cool Homes Rebate to those arrears before remitting the balance of the rebate, if any, to my Assignee. I also understand that LIPA's application of all, or a portion of, the Rebate to any arrears on my LIPA account does not reduce the amount I am responsible to pay my Assignee (I will still owe my contractor the Rebate amount applied to my LIPA account). Please forward my rebate to the Assignee listed directly above.

I also understand that I am responsible to inform LIPA (in writing to the above address) of any changes to this assignment.

Sincerely,
