Re: Case 08-T-\_\_\_\_\_ - Application of the Long Island Power Authority for a Certificate of Environmental Compatibility and Public Need pursuant to Article VII of the Public Service Law to Install a Second 138 kV Cable in the Certified Underground Conduit from the Riverhead Substation to the Canal Substation.

Dear Secretary Brillig:

Pursuant to Article VII of the New York Public Service Law and 16 NYCRR § 85-2.2 of the New York Public Service Commission's Rules of Procedure, enclosed please find for filing on behalf of the Long Island Power Authority ("LIPA") an original and ten copies of the *Application of the Long Island Power Authority for a Certificate of Environmental Compatibility and Public Need Pursuant to Article VII of the Public Service Law to Install a Second 138 kV Cable in the Certified Underground Conduit from the Riverhead Substation to the Canal Substation*. Included in this filing is an affidavit of service showing the persons who were served, including those required by Article VII and the Commission's Rules of Procedure (16 NYCRR § 85-2.10). A "Motion for Waiver of Certain Application Requirements," filed pursuant to 16 NYCRR § 85-2.4, is also included.

Pursuant to my discussions with a representative of the Secretary's Office, the original Application is a hard copy document, five copies are also in document form, and five copies are provided on computer discs ("CD"). The service list is being served with CD's. Any person wishing to obtain a hard copy may contact Mr. Paul Cotrone (paul.cotrone@us.ngrid.com, 516-545-5250).

Pursuant to 16 NYCRR § 85-2.10(c), notice of the filing was published in a newspaper of general circulation for two consecutive weeks prior to this filing. A copy of the notice is included in the Application. The affidavits of publication will be filed with the Commission upon request of the Secretary. In addition, by separate letter filed this same date with the Commission's Records Access Officer, LIPA is requesting Confidential Critical Infrastructure Information treatment for certain portions of the LIPA Transmission Analysis pursuant to 16 NYCRR § 6-1.3(b)(1).
