

Manage Your Cash Flow with a More Predictable Electric Bill

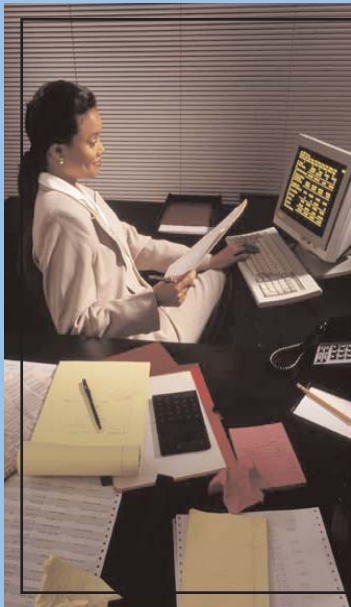

Like payroll, rent and other overhead expenses, knowing what your electric bill will be each month can help to better manage your finances. The LIPA Balanced Billing Program takes the guesswork out of your electric bill and evens out your monthly electric costs over the course of the year.

Signing up for balanced billing can make your bills more predictable and prevent major monthly fluctuations. By knowing what to expect on your bill, it is easier to manage your monthly expenses.

It's simple to sign up for Balanced Billing:

- go online at www.lipower.org and sign up through "My Account"
- or over the phone via the automated services line or by speaking to a Customer Representative at **1-800-966-4818**

You Qualify for Balanced Billing If:

- ✓ You are a LIPA customer for at least twelve months
- ✓ You do not have seasonal, short-term or temporary service
- ✓ You have excellent credit

Balanced Billing is simple, convenient, predictable and practical for YOUR business. Enroll today!

LIPA also offers other programs and services that can help you manage your electric expenses. Visit us online at www.lipower.org to learn more about how LIPA's programs and services can help your business or call us at 1-800-966-4818.
