

Take the Next Step

We all want to do something to help our environment. The problem is, we're not always sure what course to take to help make an impact. LIPA's paperless billing and payment programs are a step in the right direction.

Join thousands of LIPA customers who are eliminating postage costs, saving the time it takes to process their household bills, and cutting down on the paper cluttering their homes. All while helping to save the environment. LIPA's paperless billing and payment services are safe, secure, convenient and best of all, they're FREE!

So take the next step! Simply visit us online at **www.lipower.org/account** and sign up for *e-LERT* paperless billing and DirectPay automatic paperless payment services.

LIPA'S BALANCED BILLING PROGRAM

Are you looking for a more predictable bill?

Our Balanced Billing payment plan spreads out your energy costs over the year. This program does not reduce your energy costs, but helps you budget household expenses by avoiding fluctuations between summer and winter bills. At the end of your billing year, any difference between total payments and your actual energy costs will be added to -- or subtracted from -- your last bill of the budget year.

To sign up or receive more information, visit our Web site at www.lipower.org/account or call 1-800-490-0025.
