

*Sure, it's still running...*  
**Up your electric bill.**

**LIPA**  
Long Island Power Authority

# LIPA's Refrigerator Recycling Program

LIPA can help lower your energy bills - and pay you to do it! Right now, we'll give you \$35 to recycle your old, working refrigerator or freezer. We'll even pick it up, free of charge, and properly recycle it.

While that old appliance in the basement or garage may provide additional storage, it's not worth the additional cost on your electric bill. By recycling your old appliance, you can save \$100 or more a year on your energy bill. We make it easy for you to save the environment and your wallet.

**Visit [www.lipower.org/efficiency](http://www.lipower.org/efficiency) or call 1-866-761-2722 and run that old, inefficient appliance right out of town.**

---

## *Program Guidelines:*

- You must be a LIPA residential customer and own the appliance.
- Appliance must be picked up from the residential address listed on your billing account.
- Refrigerator must be 10-30 cu. ft., plugged in, and operating (cooling) at the time of the scheduled pickup.
- Limit of two (2) appliances per year.
- Your reward of \$35 will be mailed to you within 4 weeks after pickup of appliance.
