LIPA'S BALANCED BILLING

We'll help you budget better

It's more important than ever these days to stick to a household budget. LIPA can help make that easier by removing the surprises from your electric bill.

Our **Balanced Billing** program spreads out your energy costs over the year and gives you a predictable monthly payment. It costs no more or less than regular billing and you avoid the typical seasonal spikes in your bill.

We continue to review your usage during the program year, and your payment can be adjusted if necessary. By the end of your billing year, you will always pay only for your actual electric usage. For more information and to enroll, visit www.lipower.org/account anytime or call 1-800-490-0025.
