Long Island Power Authority

Statement of Advanced Metering Initiative Pilot

Applicable to Advanced Metering Initiative Pilot Service for the Bethpage Utilities District

AMI PROGRAM REQUIREMENTS

Location
Customers in the Vicinity of the former Bethpage Utility District which is physically located on or near the facilities providing the experimental service.

Duration
3 years per participant.

Eligible Rate Codes and Maximum Participation
Up to 100 Participants from Residential Rate Codes 180/183, 181, 182, 184, 188, 380, 580, 581, 880, 881, 882 or 883. Up to 100 Participants from General Service Rate Codes 280, 281, 282, 284, 285, 288.

Other Characteristics
LI Choice participants are not eligible to participate in this limited experiment.

Compensation for Participation
Customers will receive on-premise equipment and educational materials that will enable them to participate in and benefit from the experimental program. Customers will pay the actual amount of their bill, calculated under the modified rate the customer voluntarily selects for participation in the experimental Pilot Service, which may be lower than or higher than what the customer would otherwise have paid in that billing period. After the first 12 months of participation, LIPA will calculate the amount that LIPA would have charged to that customer for its actual usage under the customer’s previous rate code, and refund any excess payment made by that customer under the experimental rate codes. This provision will not apply on the participant’s subsequent anniversary dates.

Effective Date: August 13, 2009
