Notes:

Note 1: Even if the customer decides or even if it is recommended by LIPA to the customer not to have the Remote Meter Reading Capability installed after the order has been processed, the site survey performed and the engineering completed, the customer will pay the charge of \$127.00 for completion of these activities.

Note 2: Wireless communications equipment may not function in all geographical areas or metering locations and therefore, will not be offered to customers in those locations

Note 3: Telephone communications equipment and usage charges from third party providers are the customer's responsibility.

Note 4: Additional equipment required for the safe operation of installation such as a telephone land-line surge suppression/protection device shall be provided by the customer. If not installed, the customer account will revert to manual meter reading status.
