

Long Island Power Authority
333 Earle Ovington Blvd.
Uniondale, NY 11553

October 18, 2013

To All Interested Proposers:

Through its Request for Proposals for Up to 280 MW of New, On-Island Renewable Capacity and Energy (the"2013 280 MW RFP") the Long Island Power Authority (the "Authority") is soliciting proposals from experienced and qualified entities to sell up to 280 MW of renewable capacity, energy, and environmental attributes to the Authority. Such resources will be located on Long Island and provide the stated products to the Authority.

The RFP requires six (6) bound copies and one (1) electronic copy of the proposal to be submitted no later than 3:00 p.m., March 31, 2014, at the following address:

Long Island Power Authority
Attn: Maryanne Colabello
333 Earle Ovington Blvd., Suite 403
Uniondale, NY 11553

To facilitate communications between the Authority and proposers and to ensure that all proposers have access to the same information, all information concerning this RFP will be posted on the RFP website at www.lipower.org/company/proposals/ . All questions regarding this RFP must be submitted as set forth in the RFP. The Authority will post questions and responses to proposers on the RFP website.

Michael Standridge, Director of Corporate Contracts and Procurement will serve as the primary point of contact for this RFP. The RFP also lists other designated contacts, as well. Except as otherwise stated in the RFP, no other contact with Authority Board members, staff, or advisors regarding this RFP will be allowed during the RFP process. Violation of this requirement may be grounds for disqualification from the RFP process.

We look forward to the interest and participation of your firm in response to this RFP.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael Deering", with a stylized flourish at the end.

Michael Deering
Vice President of Environmental Affairs
