

Addendum No. 3

Please be advised that there is a typographical error in Exhibit H (Seller Guaranty) and Exhibit I (Seller Letter of Credit) to the PPA for the 280 MW Renewable RFP. Both erroneously state that Seller Security shall be "\$100,000 per MW of project capacity".

The correct value for Seller Security is "the product of (a) project capacity and (b) \$600,000 per MW" as stated in PPA section 9.1.
