Long Island Power Authority

Statement of Locational System Relief Value (“LSRV”) Areas

Applicable to those Rate Codes and Customers

Subject to the Phase One Value Stack

As set forth in the Tariff for Electric Service

Applicable to all metered accounts with Customer-generators subject to the Value Stack with rate codes within Service Classification Nos. 2L, 2L-VMRP, 2-MRP or 12.

The location-specific Locational System Relief Value (“LSRV”), will be set by each Large Customer Project at their in service date, for the period of ten years, based on the LSRV value for that location.

Current Substations in the Authorities service territory eligible for a LSRV are:
