LIPA has a demonstrated commitment to a diverse and inclusive workforce and leadership team, which are the hallmarks of successful, healthy companies and societies. Respect for diverse views and people is a value embraced by our workforce that is encouraged and exhibited in our interactions. LIPA and its service providers have also long-promoted the participation of minority, women-owned, and service-disabled veteran-owned businesses in our procurements, expanding economic opportunities among the companies that support our operations.

Recent events have reminded us that inequality and injustice remain in our society and that all organizations have a responsibility to affect positive change.

This Policy centralizes LIPA’s existing policies on hiring and developing a diverse and inclusive workforce, encouraging diversity in our procurements, and ensuring our service providers do the same. Consolidating these policies will shine greater light on and strengthen LIPA’s ongoing efforts, initiatives, and commitment to diversity and inclusion.
