Rating Action: Moody’s assigns a A2 rating to LIPA’s Electric System General Revenue Bonds, Series 2021; outlook is stable

07 Sep 2021

Approximately $738 million of Electric System General Revenue Bonds Affected

New York, September 07, 2021 -- Moody's Investors Service assigned an A2 rating to Long Island Power Authority's (LIPA or the Authority) (NY) approximately $738 million Electric System General Revenue Bonds, Series 2021 consisting of $368.75 million Electric System General Revenue Bonds, Series 2021A, $175 million Electric System General Revenue Bonds, Series 2021B (Mandatory Tender Bonds) and $194.49 million Electric System General Revenue Bonds, Series 2021C (Federally Taxable). These securities will rank on parity with LIPA’s A2 rated outstanding senior lien debt. The outlook is stable.

RATINGS RATIONALE

LIPA's A2 rating is supported by the utility's monopoly position as a provider of an essential service to large and diversified customer base with strong service area economic characteristics. With median household incomes and per capita metrics well above the national average the service area economy is arguably one of the strongest in the country and continues to be a positive factor underpinning LIPA's credit profile. Other positive credit factors include a suite of cost recovery mechanisms that support a stable and predictable cash flow profile and the utility's meaningful size and scale. These two considerations serve to provide resiliency to the utility's expected annual cash flow which has aided the growth in the utility's liquidity profile over the last several years. The rating, however, is balanced by LIPA's highly leveraged balance sheet, financial metrics that are somewhat weak for the mid-A rating category and recent challenges in restoring electric service after significant storms.

The rating considered a proposed settlement agreement between LIPA and PSEG Long Island, a wholly-owned subsidiary of Public Service Enterprise Group Incorporated (PSEG: Baa1, negative) relating to the Operating Services Agreement (OSA). Since 2014, PSEG Long Island has been LIPA's service provider pursuant to the OSA. The OSA provides PSEG Long Island broad control and responsibility for operating the utility, customer service, billing and collection, storm preparedness and service restoration.

LIPA, however, had been considering its options relating to the ongoing service provider following PSEG Long Island's delay in restoring electric service after Tropical Storm Isaias impacted its service territory in August 2020. A Task Force created to undertake an independent investigation into the failure of the utility's response after Isaias attributed blame on PSEG Long Island's managerial oversight for various failures and made a recommendation, among other things, to LIPA's Board of Trustees to renegotiate or terminate the existing OSA.

The objective of the proposed settlement is to provide stronger protections for LIPA's customers by increasing PSEG Long Island's accountability around service reliability. Terms include increasing the amount of PSEG Long Island's annual compensation at risk and incorporating automatic compensation reductions for failures to meet minimum standards. Moreover, the proposed settlement, which is expected to be finalized later in 2021, would subject PSEG Long Island to detailed performance requirements reset annually and strengthen its Long Island-based management team, ensuring that all PSEG Long Island employees report to managers located on Long Island.

RATING OUTLOOK

The stable outlook reflects LIPA's strong liquidity profile that is expected to remain in excess of $1 billion. LIPA's available cash available as of June 30, 2021 was in excess of $1.3 billion.

FACTORS THAT COULD LEAD TO AN UPGRADE OF THE RATINGS

LIPA is reasonably positioned within its rating category and upward rating movement is not currently anticipated. A sustainable improvement in key credit metrics, such as fixed obligation charge coverage of 1.50x and a debt ratio below 80%, could give rise to a higher rating.
FACTORS THAT COULD LEAD TO A DOWNGRADE OF THE RATINGS

Unexpected deterioration in key financial metrics, including fixed obligation charge coverage declining to below 1.20x on a sustained basis could trigger a negative rating action. To the extent that problems surrounding electric service restoration in a timely manner recur, it could have negative rating ramifications, especially if it results in political intervention.

LEGAL SECURITY

The 2021 Bonds will be issued pari passu to all outstanding senior debt obligations of the Authority and are secured by the revenues generated by the operation of LIPA's electric transmission and distribution system with rate required to meet a 1.10x rate covenant. There is no debt service reserve fund, which we consider credit negative but balanced against LIPA's meaningful cash position.

USE OF PROCEEDS

Proceeds from the Series 2021A, Series 2021B and Series 2021C offering will be used to fund certain system improvements to LIPA's transmission and distribution system and to refund existing higher coupon indebtedness.

PROFILE

LIPA was established in 1986 as a corporate municipal instrumentality of the State of New York under the Long Island Power Authority Act (the LIPA Act). In 1998, the Authority became the retail supplier of electric service in most of Nassau and Suffolk Counties and the Rockaway Peninsula of Queens by acquiring the Long Island Lighting Company (LILCO). LIPA's assets currently consist of a transmission and distribution system that is used to serve approximately 1.1 million customers in an approximately 1,230 square mile service territory.

METHODOLOGY

REGULATORY DISCLOSURES

For further specification of Moody's key rating assumptions and sensitivity analysis, see the sections Methodology Assumptions and Sensitivity to Assumptions in the disclosure form. Moody's Rating Symbols and Definitions can be found at: https://www.moodys.com/researchdocumentcontentpage.aspx?docid=PBC_79004

For ratings issued on a program, series, category/class of debt or security this announcement provides certain regulatory disclosures in relation to each rating of a subsequently issued bond or note of the same series, category/class of debt, security or pursuant to a program for which the ratings are derived exclusively from existing ratings in accordance with Moody's rating practices. For ratings issued on a support provider, this announcement provides certain regulatory disclosures in relation to the credit rating action on the support provider and in relation to each particular credit rating action for securities that derive their credit ratings from the support provider's credit rating. For provisional ratings, this announcement provides certain regulatory disclosures in relation to the provisional rating assigned, and in relation to a definitive rating that may be assigned subsequent to the final issuance of the debt, in each case where the transaction structure and terms have not changed prior to the assignment of the definitive rating in a manner that would have affected the rating. For further information please see the ratings tab on the issuer/entity page for the respective issuer on www.moodys.com.

The ratings have been disclosed to the rated entity or its designated agent(s) and issued with no amendment resulting from that disclosure.

These ratings are solicited. Please refer to Moody's Policy for Designating and Assigning Unsolicited Credit Ratings available on its website www.moodys.com.

Regulatory disclosures contained in this press release apply to the credit rating and, if applicable, the related rating outlook or rating review.
NO WARRANTY, EXPRESS OR IMPLIED, AS TO THE ACCURACY, TIMELINESS, COMPLETENESS,
MERCHANTABILITY OR FITNESS FOR ANY PARTICULAR PURPOSE OF ANY CREDIT RATING,
ASSESSMENT, OTHER OPINION OR INFORMATION IS GIVEN OR MADE BY MOODY’S IN ANY FORM OR
MANNER WHATSOEVER.

Moody’s Investors Service, Inc., a wholly-owned credit rating agency subsidiary of Moody’s Corporation
(“MCO”), hereby discloses that most issuers of debt securities (including corporate and municipal bonds,
debentures, notes and commercial paper) and preferred stock rated by Moody’s Investors Service, Inc. have,
prior to assignment of any credit rating, agreed to pay to Moody’s Investors Service, Inc. for credit ratings
opinions and services rendered by it fees ranging from $1,000 to approximately $5,000,000. MCO and Moody’s
Investors Service also maintain policies and procedures to address the independence of Moody’s Investors
Service credit ratings and credit rating processes. Information regarding certain affiliations that may exist
between directors of MCO and rated entities, and between entities who hold credit ratings from Moody’s
Investors Service and have also publicly reported to the SEC an ownership interest in MCO of more than 5%, is
posted annually at www.moodys.com under the heading “Investor Relations — Corporate Governance —
Director and Shareholder Affiliation Policy.”

657AFSL 336969 and/or Moody’s Analytics Australia Pty Ltd ABN 94 105 136 972 AFSL 383569 (as
applicable). This document is intended to be provided only to “wholesale clients” within the meaning of section
761G of the Corporations Act 2001. By continuing to access this document from within Australia, you represent
to MOODY’S that you are, or are accessing the document as a representative of, a “wholesale client” and that
either you nor the entity you represent will directly or indirectly disseminate this document or its contents to
“retail clients” within the meaning of section 761G of the Corporations Act 2001. MOODY’S credit rating is an
opinion as to the creditworthiness of a debt obligation of the issuer, not on the equity securities of the issuer or
any form of security that is available to retail investors.

Additional terms for Japan only: Moody's Japan K.K. (“MJKK”) is a wholly-owned credit rating agency subsidiary
of Moody's Group Japan G.K., which is wholly-owned by Moody’s Overseas Holdings Inc., a wholly-owned
subsidiary of MCO. Moody’s SF Japan K.K. (“MSFJ”) is a wholly-owned credit rating agency subsidiary of
MJKK. MSFJ is not a Nationally Recognized Statistical Rating Organization (“NRSRO”). Therefore, credit
ratings assigned by MSFJ are Non-NRSRO Credit Ratings. Non-NRSRO Credit Ratings are assigned by an
entity that is not a NRSRO and, consequently, the rated obligation will not qualify for certain types of treatment
under U.S. laws. MJKK and MSFJ are credit rating agencies registered with the Japan Financial Services
Agency and their registration numbers are FSA Commissioner (Ratings) No. 2 and 3 respectively.

MJKK or MSFJ (as applicable) hereby disclose that most issuers of debt securities (including corporate and
municipal bonds, debentures, notes and commercial paper) and preferred stock rated by MJKK or MSFJ (as
applicable) have, prior to assignment of any credit rating, agreed to pay to MJKK or MSFJ (as applicable) for
credit ratings opinions and services rendered by it fees ranging from JPY125,000 to approximately
JPY550,000,000.

MJKK and MSFJ also maintain policies and procedures to address Japanese regulatory requirements.
