REQUEST: Recommendation to Approve Amendments to the Oversight and Clean Energy Committee Charter

Requested Action

The Oversight and Clean Energy Committee (the “Committee”) of the Board of Trustees (the “Board”) of the Long Island Power Authority (“LIPA”) is being requested to adopt a Resolution recommending approval of certain amendments to the Oversight and Clean Energy Committee (the “Committee”) Charter.

Discussion

On November 9, 2021, LIPA announced a revised four-year management services contract with PSEG Long Island, which included the reforms designed to drive performance and accountability, while providing an unprecedented level of oversight of PSEG Long Island's operations. The Second Amended and Restated Operations Services Agreement (“Second A&R OSA”) delivers concrete contract improvements on all the Board’s stated objectives for a reformed contract with PSEG Long Island. The Board approved the Second A&R OSA at its meeting in December 2021.

In reviewing the roles and responsibilities of the Oversight and Clean Energy Committee, LIPA Staff is proposing to amend the Committee’s responsibilities consistent with certain of the oversight requirements in the Second A&R OSA. The amended Committee Charter is attached hereto as **Exhibit “B.”**

Recommendation

Based upon the foregoing, it is recommended that the Trustees adopt the resolution in the form attached hereto as **Exhibit “A”**.
