

**SUPPLEMENT TO
OFFICIAL STATEMENT DATED SEPTEMBER 16, 2022**

RELATING TO

**\$935,655,000
UTILITY DEBT SECURITIZATION AUTHORITY
RESTRUCTURING BONDS, SERIES 2022**

Consisting of:

\$53,585,000	\$787,290,000	\$94,780,000
Restructuring Bonds, Series 2022T (Federally Taxable)	Restructuring Bonds, Series 2022TE-1 (Federally Tax-Exempt)	Restructuring Bonds, Series 2022TE-2 (Federally Tax-Exempt) (Green Bonds)

This Supplement (this “Supplement”) sets forth information supplementing the Official Statement dated September 16, 2022 (the “Official Statement”), relating to the above-captioned bonds (the “Bonds”) to be issued by the Utility Debt Securitization Authority (the “Issuer”), and should be read together with the Official Statement, which Official Statement is attached hereto and made a part hereof. Except as set forth herein, this Supplement does not update, modify or replace the information contained in the Official Statement, which contains information only as of its date. All capitalized terms used in this Supplement and not defined herein shall have the meanings set forth in the Official Statement.

The information contained in the Preliminary Official Statement is hereby supplemented as follows:

The text under the heading “THE 2022 RESTRUCTURING BONDS—Redemption-Optional Redemption-2022T Restructuring Bonds” is amended as follows (deleted language is struck-through, new language is bold and underscored):

The 2022T Restructuring Bonds are subject to redemption prior to their Scheduled Maturity Date, at the option of the Issuer, as a whole or in part (and, if in part, from such maturities as the Issuer shall direct), on any date, at the Make-Whole Redemption Price for such 2022T Restructuring Bonds. The Make-Whole Redemption Price will be calculated by an independent banking institution or independent financial advisor appointed by the Issuer.

“Make-Whole Redemption Price” means for each maturity of the 2022T Restructuring Bonds the greater of (i) 100% of the principal amount of the 2022T Restructuring Bonds of such maturity to be redeemed or (ii) the sum of the present value of the remaining scheduled payments of principal of and interest on the 2022T Restructuring Bonds of such maturity to be redeemed, not including any portion of those payments of interest accrued and unpaid as of the date on which the 2022T Restructuring Bonds are to be redeemed, discounted on a semi-annual basis to the date on which the 2022T Restructuring Bonds of such maturity are to be redeemed, assuming a 360-day year containing twelve 30-day months, at the Treasury Rate, (i) plus 10 basis points (0.10%) for Tranche 1 of the 2022T Restructuring Bonds (ii) plus 20 basis points (0.20%) for Tranche 2 of the 2022T Restructuring Bonds, and (iii) plus 25 basis points (0.25%) for Tranche 3 of the 2022T Restructuring Bonds, plus in each case accrued interest on the 2022T Restructuring Bonds of such Tranche to be so redeemed to the redemption date.

“Treasury Rate” means, with respect to any redemption date of any maturity of the 2022T Restructuring Bonds of a particular maturity, the rate per annum, expressed as a percentage of the principal amount, equal to the semi-annual equivalent yield to maturity or yield to theoretical maturity (calculated in such case as the linear interpolation between the yields of two U.S. Treasury securities) of the Comparable Treasury Issue, assuming that the Comparable Treasury Issue is purchased on the redemption date for a price equal to the Comparable Treasury Price, as calculated by the Designated Investment Banker.

“Comparable Treasury Issue” means, with respect to any redemption date for a 2022T Restructuring Bond of a particular maturity, the United States Treasury security or securities selected by the Designated Investment Banker that has an actual or theoretical maturity comparable to the remaining average life of the 2022T Restructuring Bond of the maturity to be redeemed, and that would be utilized in accordance with customary financial practice in pricing new issues of debt securities of comparable maturity to the remaining average life of the 2022T Restructuring Bond to be redeemed. For purposes of determining the Comparable Treasury Issue for a theoretical maturity, the U.S. Treasury securities to be utilized in the calculation of the Treasury Rate shall be (1) an actively traded U.S. Treasury security or U.S. Treasury Index whose maturity is closest to but no later than the date corresponding to the remaining average life of the 2022T Restructuring Bonds to be redeemed, and (2) an actively traded U.S. Treasury security or U.S. Treasury Index whose maturity is closest to but no earlier than the date corresponding to the remaining average life of the 2022T Restructuring Bonds to be redeemed.

“Comparable Treasury Price” means, with respect to any redemption date for a 2022T Restructuring Bond of a particular maturity:

(i) the most recent yield data for the applicable U.S. Treasury maturity index from the Federal Reserve Statistical Release H.15 Daily Update (or any comparable or successor publication) reported as of 4:15 p.m., New York City time, on the Valuation Date; or

(ii) if the yield described in (i) above is not reported as of such time or the yield reported as of such time is not ascertainable, the average of three Reference Treasury Dealer Quotations for that redemption date, or if the Designated Investment Banker obtains fewer than three Reference Treasury Dealer Quotations, the average of all quotations obtained by the Designated Investment Banker.

“Designated Investment Banker” means a Reference Treasury Dealer appointed by the Issuer.

“Reference Treasury Dealer” means an entity, specified by the Issuer from time to time, that is a primary United States Government securities dealer in The City of New York (a “Primary Treasury Dealer”); provided, that if such entity ceases to be a Primary Treasury Dealer, the Issuer will specify another Primary Treasury Dealer in substitution therefor.

“Reference Treasury Dealer Quotations” means, with respect to each Reference Treasury Dealer and any redemption date for a particular 2022T Restructuring Bond, the average, as determined by the Designated Investment Banker, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Designated Investment Banker by such Reference Treasury Dealer at 3:30 p.m., New York City time, on the Valuation Date.

“Valuation Date” means any date that is no earlier than forty-five (45) days prior to the redemption date.

UTILITY DEBT SECURITIZATION AUTHORITY

Dated: September 23, 2022

In the opinion of Hawkins Delafield & Wood LLP (“Bond Counsel”), under existing statutes and court decisions and assuming continuing compliance with certain tax covenants described herein, (1) interest on the 2022TE Restructuring Bonds (as defined herein) is excluded from gross income for federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the “Code”), and (2) interest on the 2022TE Restructuring Bonds is not treated as a preference item in calculating the alternative minimum tax imposed under the Code, however, for tax years beginning after December 31, 2022, interest on the 2022TE Restructuring Bonds is included in the “adjusted financial statement income” of certain corporations that are subject to the alternative minimum tax under Section 55 of the Code. In addition, in the opinion of Bond Counsel, under existing statutes, interest on the 2022 Restructuring Bonds (as defined herein) is exempt from personal income taxes imposed by the State of New York or any political subdivision thereof, and the 2022 Restructuring Bonds are exempt from all taxation directly imposed thereon by or under the authority of the State of New York, except estate or gift taxes and taxes on transfers. See “TAX MATTERS” herein.

\$935,655,000

**UTILITY DEBT SECURITIZATION AUTHORITY
RESTRUCTURING BONDS, SERIES 2022**

Consisting of:

\$53,585,000	\$787,290,000	\$94,780,000
Restructuring Bonds, Series 2022T (Federally Taxable)	Restructuring Bonds, Series 2022TE-1 (Federally Tax-Exempt)	Restructuring Bonds, Series 2022TE-2 (Federally Tax-Exempt) (Green Bonds)

Utility Debt Securitization Authority (the “Issuer”), a special purpose corporate municipal instrumentality of the State of New York (the “State”), is issuing the above-captioned bonds (the “2022T Restructuring Bonds,” the “2022TE-1 Restructuring Bonds,” the “2022TE-2 Restructuring Bonds (Green Bonds)” and together, the “2022 Restructuring Bonds”), for the purpose of (i) allowing each of the Issuer and the Long Island Power Authority (the “Authority”) to retire certain of its outstanding indebtedness and (ii) financing System Resiliency Costs (as defined herein). The 2022 Restructuring Bonds will have such scheduled and final maturities, bear interest at such rates, be payable on such dates, and be issued in such denominations as shown on the inside cover of this Official Statement. The 2022 Restructuring Bonds will be subject to redemption prior to maturity as set forth herein. References to the 2022TE Restructuring Bonds shall mean the 2022TE-1 Restructuring Bonds and the 2022TE-2 Restructuring Bonds (Green Bonds), collectively.

The 2022 Restructuring Bonds are limited obligations of the Issuer secured by the 2022 Collateral (as defined herein), created pursuant to the Securitization Law (as defined herein) and an irrevocable financing order adopted by the Authority’s Board of Trustees on May 18, 2022 (“Financing Order No. 6”). The 2022 Collateral includes, among other things, the pledge to the Trustee (as defined herein) under the Indenture (as defined herein) of the Issuer’s right, title and interest in and to the 2022 Restructuring Property (as defined herein) created pursuant to Financing Order No. 6, including the irrevocable right to impose, bill and collect a nonbypassable charge, known as the “2022 Restructuring Charge,” required to be paid by retail electric delivery service customers of the Long Island Lighting Company (d/b/a and referred to as “LIPA”), a wholly-owned subsidiary of the Authority, based on the customers’ consumption of electricity. The 2022 Restructuring Charges are required to be collected by LIPA, as initial servicer for the Issuer. Pursuant to the Securitization Law and Financing Order No. 6, the 2022 Restructuring Property will be purchased by the Issuer from the Authority with the net proceeds of the sale of the 2022 Restructuring Bonds.

The Securitization Law, together with Financing Order No. 6, require that the 2022 Restructuring Charges are subject to an adjustment, or “true-up,” at least annually, and more frequently, if necessary, to ensure the expected collection of amounts required to timely provide all scheduled payments of principal of and interest on the 2022 Restructuring Bonds and related financing costs of the Issuer, as described herein.

Investing in the 2022 Restructuring Bonds involves risks. See “RISK FACTORS” herein.

The Bank of New York Mellon (the “Trustee”) is Trustee under the Indenture and Paying Agent for the 2022 Restructuring Bonds. Public Financial Management, Inc. has acted as independent financial advisor to the Authority and the Issuer in connection with the structuring and pricing of the 2022 Restructuring Bonds.

MATURITY SCHEDULE – See Inside Cover Page

The 2022 Restructuring Bonds are not an obligation of the Authority or LIPA. The 2022 Restructuring Bonds are not a debt, general obligation or pledge of the faith and credit or taxing power of the State of New York or of any county, municipality or any other political subdivision, agency or instrumentality of the State of New York other than the Issuer as described herein. The 2022 Restructuring Bonds are limited obligations of the Issuer payable solely from the 2022 Collateral (as described herein) including the 2022 Restructuring Charges. The issuance of the 2022 Restructuring Bonds does not obligate the State of New York or any county, municipality or other political subdivision, agency or instrumentality of the State of New York to levy any tax or make any appropriation for the payment of the 2022 Restructuring Bonds. The Issuer has no taxing power.

The 2022 Restructuring Bonds are offered when, as and if issued and accepted by the Underwriters, subject to the approval of legality by Hawkins Delafield & Wood LLP, as Bond Counsel to the Issuer. Certain legal matters with respect to the Issuer, the Authority and LIPA will be passed upon by Hawkins Delafield & Wood LLP, as Bond Counsel to the Authority and the Issuer. Certain legal matters with respect to the Issuer, the Authority and LIPA will be passed upon by Nixon Peabody LLP, Disclosure Counsel to the Authority and the Issuer. Certain legal matters will be passed upon for the Underwriters by Norton Rose Fulbright US LLP. It is expected that the 2022 Restructuring Bonds will be available for delivery in book-entry-only form through the facilities of The Depository Trust Company (“DTC”) against payment in New York, New York, on or about September 29, 2022.

ABOUT THIS OFFICIAL STATEMENT
UTILITY DEBT SECURITIZATION AUTHORITY
BOARD OF TRUSTEES*

Robert Gurman, Acting Chair
Bruce Levy, Committees Chair

No dealer, broker, salesperson or other person has been authorized by the Issuer, the Authority or the Underwriters to give any information or to make any representation, other than the information and representations contained in this Official Statement, in connection with the offering of the 2022 Restructuring Bonds, and, if given or made, such information or representations must not be relied upon as having been authorized by the Issuer, the Authority or the Underwriters. This Official Statement does not constitute an offer to sell or solicitation of an offer to buy any of the 2022 Restructuring Bonds in any jurisdiction to any person to whom it is unlawful to make such offer or solicitation in such jurisdiction.

The information set forth herein has been furnished by the Issuer and the Authority, and also includes information obtained from other sources, all of which are believed to be reliable. The information and expressions of opinion contained herein are subject to change without notice and neither the delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in the affairs of the Issuer, the Authority, LIPA and PSEG Long Island (as defined herein) since the date hereof. Such information and expressions of opinion are made for the purpose of providing information to prospective investors and are not to be used for any other purpose or relied on by any other party.

This Official Statement contains statements which, to the extent they are not recitations of historical fact, constitute “forward-looking statements.” In this respect, the words “estimate,” “project,” “anticipate,” “expect,” “intend,” “believe” and similar expressions are intended to identify forward-looking statements.

In connection with the offering of the 2022 Restructuring Bonds, the Underwriters may overallocate or effect transactions that stabilize or maintain the market price of the 2022 Restructuring Bonds at a level above that which might otherwise prevail in the open market. Such stabilizing, if commenced, may be discontinued at any time.

The Underwriters have provided the following sentence for inclusion in this Official Statement: The Underwriters have reviewed the information in this Official Statement in accordance with, and as part of, their respective responsibilities to investors under the federal securities laws as applied to the facts and circumstances of this transaction, but the Underwriters do not guarantee the accuracy or completeness of such information.

IN MAKING AN INVESTMENT DECISION INVESTORS MUST RELY ON THEIR OWN EXAMINATION OF THIS OFFICIAL STATEMENT AND THE TERMS OF THE OFFERING, INCLUDING THE MERITS AND RISKS INVOLVED. THESE SECURITIES HAVE NOT BEEN RECOMMENDED BY ANY FEDERAL OR STATE SECURITIES COMMISSION OR REGULATORY AUTHORITY. FURTHERMORE, THE FOREGOING AUTHORITIES HAVE NOT CONFIRMED THE ACCURACY OR DETERMINED THE ADEQUACY OF THIS DOCUMENT. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENSE.

References to website addresses presented herein are for informational purposes only and may be in the form of a hyperlink solely for the reader’s convenience. Unless specified otherwise, such websites and the information or links contained therein are not incorporated into, and are not part of, this Official Statement.

In connection with offers and sales of the 2022 Restructuring Bonds, no action has been taken by the Issuer or the Authority that would permit a public offering of the 2022 Restructuring Bonds, or possession or distribution of any information relating to the pricing of the 2022 Restructuring Bonds, this Official Statement or any other offering or publicity material relating to the 2022 Restructuring Bonds, in any non-U.S. jurisdiction where action for that purpose is required. Accordingly, the initial purchasers are obligated to comply with all applicable laws and regulations in force in any non-U.S. jurisdiction in which it purchases, offers or sells 2022 Restructuring Bonds or possesses or distributes this Official Statement or any other offering or publicity material relating to the 2022 Restructuring Bonds and will obtain any consent, approval or permission required by it for the purchase, offer or sale by it of the 2022 Restructuring Bonds under the laws and regulations in force in any non-U.S. jurisdiction to which it is subject or in which it makes such purchases, offers or sales and the Issuer and the Authority shall have no responsibility therefor.

Despite the Second Party Opinion being provided by Kestrel Verifiers, it should be noted that there is currently no clearly defined regulatory definition applicable to the 2022TE-2 Restructuring Bonds (Green Bonds). No assurance can be given that such a clear definition will develop over time, or that, if developed, it will include the projects to be financed or refinanced with the proceeds of the 2022TE-2 Restructuring Bonds (Green Bonds). Accordingly, no assurance is or can be given to investors that any uses of the 2022TE-2 Restructuring Bonds (Green Bonds) will meet investor expectations regarding such “green” or other equivalently labeled performance objectives or that any adverse environmental and other impacts will not occur during the construction or operation of projects to be financed with 2022TE-2 Restructuring Bonds (Green Bonds) proceeds.

* Currently, there is a vacancy on the Board of Trustees.

SUMMARY STATEMENT

The following information is furnished solely to provide limited introductory information regarding the Utility Debt Securitization Authority (the “Issuer”), the Long Island Power Authority (the “Authority” and in its capacity as the seller of the 2022 Restructuring Property, sometimes referred to herein as the “Seller”), the Long Island Lighting Company (“LIPA,” in its capacity as servicer of the 2022 Restructuring Property, sometimes referred to herein as “Servicer” and in its capacity as administrator of the Issuer, sometimes referred to herein as “Administrator”), Public Service Enterprise Group Incorporated (“PSEG”), PSEG Long Island LLC (“PSEG Long Island”), and the 2022 Restructuring Bonds and does not purport to be comprehensive. Such information is qualified in its entirety by reference to the more detailed information and descriptions appearing elsewhere in this Official Statement and should be read together therewith. The offering of the 2022 Restructuring Bonds is made only by means of the entire Official Statement, including the Appendices hereto. No person is authorized to make offers to sell, or solicit offers to buy, the 2022 Restructuring Bonds unless the entire Official Statement is delivered in connection therewith. Terms not defined elsewhere in this Official Statement are used as defined in Appendix B hereto.

Purpose of the Transaction: This issuance of the 2022 Restructuring Bonds by the Issuer will enable (i) the Authority to retire certain of its outstanding indebtedness, (ii) the Issuer to refund certain of its restructuring bonds and (iii) the Authority to finance System Resiliency Costs (as defined herein). See “THE SECURITIZATION LAW” in this Official Statement.

Issuer: The Issuer is a special purpose corporate municipal instrumentality, body corporate and politic, political subdivision and public benefit corporation of the State of New York, created by Part B of Chapter 173, Laws of New York, 2013 (the whole of Chapter 173, Laws of New York, 2013, as amended by Chapter 58 of the Laws of New York, 2015 and Chapter 369 of the laws of New York, 2021, the “LIPA Reform Act” and Part B thereof, the “Securitization Law”). The Issuer has no commercial operations. The Issuer was formed solely to purchase and own restructuring property, to issue bonds which are to be secured by restructuring property, and to perform any activity incidental thereto. The Securitization Law prohibits the Issuer from engaging in any other activity except as specifically authorized by a financing order and provides that the Issuer is not authorized to be a debtor under chapter 9 or any other provision of the Bankruptcy Code. See “—*Transaction Overview*” and “THE SECURITIZATION LAW.” The 2022 Restructuring Bonds represent the sixth issuance of restructuring bonds by the Issuer. See “—*Prior Transactions*” and “THE SECURITIZATION LAW — Prior Transactions.”

Seller: The Authority is a corporate municipal instrumentality and a political subdivision of the State of New York. The Authority has a wholly-owned subsidiary, the Long Island Lighting Company (described below), which does business under the names of LIPA and Power Supply Long Island.

Servicer and its Service Area; Administrator: LIPA provides electric transmission and distribution services in a geographical area which includes the New York Counties of Nassau and Suffolk (with certain limited exceptions) and a small portion of Queens County, New York known as the Rockaways. As described in this Official Statement, the Authority and LIPA have entered into agreements with third parties to provide the service and maintenance functions in connection with their operations.

LIPA’s service area includes approximately 1.2 million customers and during the period 2017 through 2021 experienced its peak usage of approximately 5,269 MW in the summer of 2019. In the year ending December 31, 2021, approximately 54.2% of LIPA’s annual retail revenues were received from residential customers, 44.2% from commercial customers and 1.5% from street lighting, public authorities and certain others. The largest customer in the Service Area (the Long Island Rail Road) accounted for less than 1.5% of total sales and less than 1% of revenue.

LIPA, acting as initial servicer pursuant to the Servicing Agreement (as described herein), and any Successor Servicer as provided by Financing Order No. 6 (as described herein), will be responsible for the servicing of the 2022 Restructuring Property, including the billing and collection of the 2022 Restructuring Charges securing the 2022 Restructuring Bonds on behalf of the Issuer. LIPA also acts as servicer with respect to the Prior Restructuring Property (as defined herein), pursuant to separate servicing agreements.

The Issuer and LIPA will also enter into an Administration Agreement (the “Administration Agreement”) pursuant to which LIPA, acting as Administrator, will perform certain duties on behalf of the Issuer.

*LIPA’s Relationship with the
Authority and Service
Providers:*

The Authority and LIPA are parties to a Financing Agreement (the “Financing Agreement”) providing for their respective duties and obligations relating to the financing and operation of the retail electric business in the Service Area. Pursuant to the terms of the Financing Agreement, LIPA conducts the electric business in the Service Area and is responsible for providing service to customers in the Service Area. In order to assist the Authority (acting through LIPA) in providing electric service in the Service Area, the Authority and LIPA have entered into operating agreements, the purpose of which is to provide the Authority and LIPA with the operating personnel and a significant portion of the power supply resources necessary for LIPA to continue to provide electric service in the Service Area. Since January 1, 2014, PSEG Long Island, a wholly-owned subsidiary of PSEG dedicated to LIPA’s operations, has provided the T&D System management services including, among other functions, the day-to-day operation and maintenance of the T&D System, customer service, billing and collection, meter reading and forecasting. These services include many of the services that LIPA has contracted to perform as Servicer. Under the OSA (as defined herein), the PSEG Long Island management company is the contracting entity with LIPA and consists of 19 employees, while its wholly-owned subsidiary, the PSEG Long Island service company, consists of approximately 2,500 employees. PSEG Long Island as used herein generally refers to both the management company and the service company, collectively.

Transaction Overview:

On June 21, 2013, the New York State Assembly and Senate passed the LIPA Reform Act which, among other things, allows for the retirement of certain outstanding indebtedness of the Authority through the issuance of restructuring bonds by the Issuer. The LIPA Reform Act was signed by the Governor of the State of New York on July 29, 2013, and on August 28, 2013, the time for filing any challenges to the LIPA Reform Act expired with no such challenges having been filed.

On March 30, 2015, the New York State Assembly and Senate adopted Chapter 58 of the Laws of New York, 2015, which amended the Securitization Law to allow for additional issuances of restructuring bonds. On April 13, 2015, the Governor signed such Chapter 58 into law. On May 13, 2015, the time for filing any challenges to the LIPA Reform Act, as amended by such Chapter 58, expired and no such challenges were filed.

On June 8, 2021, the New York State Assembly and Senate adopted Chapter 369 of the Laws of New York, 2021, which amended the Securitization Law to allow for additional issuances of restructuring bonds and permitting the issuance of such restructuring bonds to refund bonds issued by the Issuer and to finance System Resiliency Costs (as defined herein). On August 2, 2021, the Governor signed such Chapter 369 into law. On September 1, 2021, the time for filing any challenges to the LIPA Reform Act, as amended by such Chapter 369, expired and no such challenges were filed.

Prior to being amended in 2015, the Securitization Law permitted only one issuance of restructuring bonds by the Issuer. In December 2013, the Issuer issued its Restructuring Bonds, Series 2013T and 2013TE Restructuring (the “2013 Restructuring Bonds”).

The Securitization Law, as amended in 2015 by Chapter 58, permitted the Authority’s Board of Trustees (the “Authority Trustees”) to adopt additional financing orders to, among other things, authorize the creation of additional restructuring property and the issuance of additional restructuring bonds secured by such additional restructuring property in an aggregate amount not to exceed \$4.5 billion (inclusive of the 2013 Restructuring Bonds). The Issuer subsequently issued, pursuant to four separate financing orders, four series of restructuring bonds. In the aggregate, the Issuer has issued \$4,499,994,000 principal amount of restructuring bonds (the “Prior Restructuring Bonds”).

The Securitization Law, as amended in 2021 by Chapter 369, permits the Authority’s Board of Trustees (the “Authority Trustees”) to adopt additional financing orders to, among other things, authorize the creation of additional restructuring property and the issuance of additional restructuring bonds secured by such additional restructuring property in an aggregate amount not to exceed \$8.0 billion (inclusive of the Prior Restructuring Bonds). See “THE SECURITIZATION LAW — Prior Transactions” and “SECURITY FOR THE 2022 RESTRUCTURING BONDS – Additional Bonds.”

The 2022 Restructuring Bonds are being issued pursuant to Financing Order No. 6. Financing Order No. 6, together with three other restructuring financing orders (the “Additional Financing Orders”), were prepared in consultation with the Department of Public Service (the “DPS”) and adopted by the Authority Trustees. Financing Order No. 6 and the Additional Financing Orders were approved by the New York Public Authorities Control Board (“PACB”) on May 18, 2022 and became irrevocable, final and non-appealable on June 17, 2022. The 2022 Restructuring Property (as defined herein) created by Financing Order No. 6 includes the irrevocable right to impose, bill and collect the 2022 Restructuring Charges (as defined herein) from all Customers (as defined herein).

The Authority is authorized to use the proceeds from the sale of the 2022 Restructuring Property to (i) purchase, redeem, repay or defease certain of the Authority’s outstanding debt and to facilitate the purchase, redemption, repayment or defeasance of certain of the Issuer’s Prior Restructuring Bonds (collectively, the “Refunded Debt”) and (ii) finance System Resiliency Costs. See “THE FINANCING ORDER—General; Creation of 2022 Restructuring Property; Irrevocability” in this Official Statement. See “THE FINANCING ORDER—General; Creation of 2022 Restructuring Property; Irrevocability” in this Official Statement.

The primary transactions underlying the offering of the 2022 Restructuring Bonds are as follows:

- The Issuer will issue the 2022 Restructuring Bonds and use the proceeds thereof to pay the purchase price of the 2022 Restructuring Property to the Authority and to pay costs of issuance and related costs (“Upfront Financing Costs,” as further described herein). The 2022 Restructuring Property will serve as the primary security for the 2022 Restructuring Bonds.
- The Authority will use the proceeds from the sale of the 2022 Restructuring Property to (i) facilitate the purchase, redemption, repayment or defeasance of the Refunded Debt; and (ii) finance System Resiliency Costs.

- LIPA will act as the initial servicer of the 2022 Restructuring Property pursuant to the terms of the Servicing Agreement (as described herein). As described in more detail herein, pursuant to the OSA, PSEG Long Island, among other things, performs the billing and collections, meter reading and forecasting required of the Servicer under the Servicing Agreement.

The 2022 Restructuring Bonds are not obligations of the Trustee, the Authority, LIPA, PSEG Long Island or any of their affiliates. The 2022 Restructuring Bonds are also not a debt and do not constitute a pledge of the faith and credit or taxing power of the State of New York or of any county, municipality, or any other political subdivision, agency or instrumentality of the State of New York other than the Issuer.

Prior Transactions:

The Issuer has previously issued six series of Prior Restructuring Bonds pursuant to five restructuring cost financing orders (the “Prior Financing Orders”) adopted by the Authority. The Issuer used the proceeds of the Prior Restructuring Bonds authorized by the Prior Financing Orders to purchase the restructuring property created by the related Prior Financing Order (each restructuring property created pursuant to each Prior Restructuring Order is a “Prior Restructuring Property” and all are collectively referred to herein as the “Prior Restructuring Properties”), including related restructuring charges (the restructuring charges related to the Prior Restructuring Property created by each Prior Restructuring Order being referred to herein as “Prior Restructuring Charges”). The Prior Restructuring Property created by each Prior Financing Order was pledged by the Issuer to the payment of the related Prior Restructuring Bonds. The Authority used the net proceeds from the sale of each Prior Restructuring Property to retire debt and other obligations of the Authority. **The Prior Restructuring Property created pursuant to each Prior Financing Order secures only the related Prior Restructuring Bonds and does not secure the other Prior Restructuring Bonds or the 2022 Restructuring Bonds.**

<u>Prior Financing Order and Date of Adoption</u>	<u>Related Prior Restructuring Bonds</u>	<u>Original Principal Amount</u>
Financing Order No. 1, adopted October 3, 2013	Series 2013T and Series 2013TE	\$2,022,324,000
Financing Order No. 2, adopted June 26, 2015	Series 2015 (the “2015 Restructuring Bonds”)	\$1,002,115,000
Financing Order No. 3, adopted June 26, 2015	Series 2016A (the “2016A Restructuring Bonds”)	\$636,770,000
Financing Order No. 4, adopted June 26, 2015	Series 2016B (the “2016B Restructuring Bonds”)	\$469,320,000
Financing Order No. 5, adopted July 26, 2017	Series 2017 (the “2017 Restructuring Bonds”)	\$369,465,000

*2022 Restructuring Bond
Structure:*

The Bonds will be issued in two series, Restructuring Series 2022T and Restructuring Series 2022TE, each of which is secured by the 2022 Collateral on a pari passu basis.

2022T Restructuring Bonds will be issued in three tranches. 2022TE-1 Restructuring Bonds will be issued in twenty-five tranches. 2022TE-2 Restructuring Bonds (Green Bonds) will be issued in seven tranches. All of the 2022T Restructuring Bonds are Term Bonds under the Indenture. All of the 2022TE-1 Restructuring Bonds are Serial Bonds under the Indenture except for Tranche-21 through Tranche-25 which are Term Bonds under the Indenture. All

of the 2022TE-2 Restructuring Bonds (Green Bonds) are Term Bonds under the Indenture.

The 2022T Restructuring Bonds are subject to redemption prior to their Schedule Maturity Date at the option of the Issuer at the Make-Whole Redemption Price (defined below). The 2022TE Restructuring Bonds with a Final Maturity Date on or prior to December 15, 2034 are not subject to optional redemption prior to maturity at the option of the Issuer. The 2022TE Restructuring Bonds with a Final Maturity Date on or after December 15, 2035 are subject to redemption at the option of the Issuer in whole or in part, in any order, from time to time on any Business Day on and after December 15, 2032. See “THE BONDS—Redemption” in this Official Statement. See “THE 2022 RESTRUCTURING BONDS—Expected Amortization Schedule” in this Official Statement.

Use of Proceeds:

The 2022 Restructuring Bonds are being issued to provide the Issuer with funds to purchase the 2022 Restructuring Property from the Authority and to pay the Upfront Financing Costs. The Authority will use the sales proceeds of the 2022 Restructuring Property to provide for the retirement of the Refunded Debt. See “PLAN OF FINANCE AND USE OF PROCEEDS” in this Official Statement.

True-Up Adjustment Mechanism:

As required by the Securitization Law and Financing Order No. 6, the 2022 Restructuring Charges will be adjusted at least annually and, if determined by the Servicer in connection with a mid-year review process to be necessary, semi-annually or more frequently, to ensure that the expected collections of the 2022 Restructuring Charges are adequate to timely pay all scheduled payments of principal and interest on the 2022 Restructuring Bonds and all other Ongoing Financing Costs when due. In addition, if, after the mid-year review process, the Servicer determines that an adjustment is not required, the Servicer may voluntarily elect to adjust the 2022 Restructuring Charges to correct for over-collections. Following the last Scheduled Maturity Date of the 2022 Restructuring Bonds, if any such 2022 Restructuring Bonds remain outstanding after such Scheduled Maturity Date, the Servicer is also required to make True-Up Adjustments quarterly to ensure that Charge Collections will be sufficient to pay timely principal and interest, and all other Ongoing Financing Costs, due on the next Payment Date. Financing Order No. 6 also permits the Servicer to make True-Up Adjustments more frequently at any time as necessary to ensure the timely scheduled payments of principal and interest on the 2022 RESTRUCTURING Bonds, and all other Ongoing Financing Costs when due. Financing Order No. 6 does not cap the level of 2022 RESTRUCTURING Charges that may be imposed on Customers as a result of the True-Up Adjustments. Through the True-Up Adjustment, all Customers cross share in the liabilities of all other Customers for the payment of 2022 Restructuring Charges. See “THE FINANCING ORDER—True-Up Adjustment Mechanism” in this Official Statement.

Nonbypassable 2022 Restructuring Charges:

The Securitization Law mandates that the 2022 Restructuring Charges are irrevocable, nonbypassable consumption-based charges. “Nonbypassable” means that the 2022 Restructuring Charges shall be collected from Customers, as long as such Customer is connected to the T&D System Assets and is taking electric delivery service in the Service Area, even if such Customer also produces some of its own electricity or purchases electric generation services from a provider of electric generation services who is not the owner of the T&D System Assets and even if the T&D System Assets are no longer owned by LIPA. Certain Customers that self-generate eligible renewable power will only be responsible for paying 2022 Restructuring Charges based upon their “net-billed” consumption. See “THE FINANCING ORDER—Collection of 2022

Restructuring Charges; Nonbypassability” and “RISK FACTORS—Customer and Delivery Related Risks” in this Official Statement.

State Pledge:

The State has pledged in the Securitization Law that it will not in any way take or permit any action that limits, alters or impairs the value of the 2022 Restructuring Property, or, except as required by the True-Up Adjustment mechanism, reduce, alter, or impair the 2022 Restructuring Charges to be imposed, collected and remitted to Holders until the principal and interest in connection with the 2022 Restructuring Bonds and all other Ongoing Financing Costs have been paid and performed in full. See “THE SECURITIZATION LAW—State Pledge” and “RISK FACTORS” in this Official Statement.

Trustee:

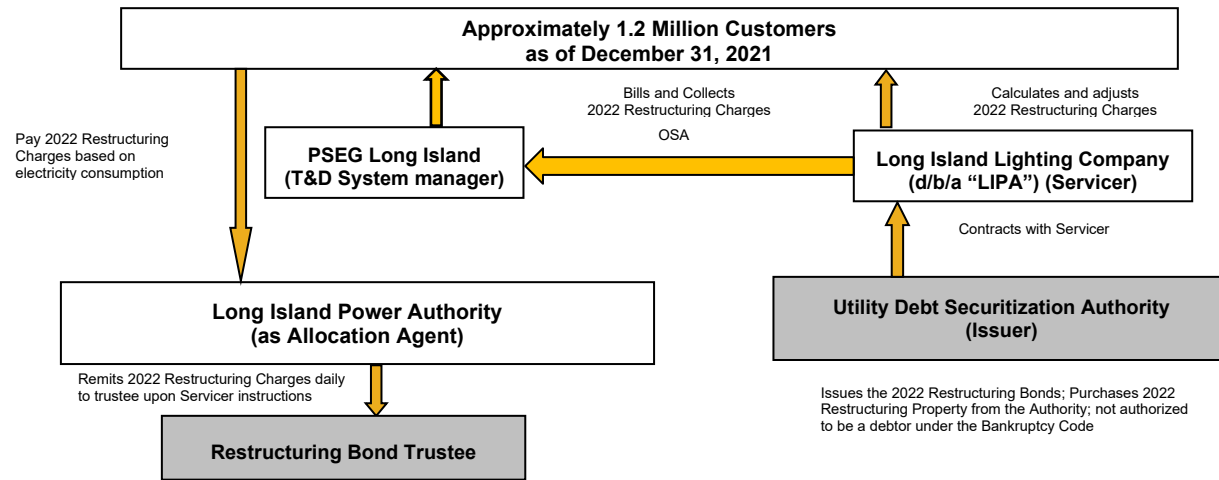

The Bank of New York Mellon. See “THE TRUSTEE” in this Official Statement for a description of the Trustee and its duties and responsibilities under the Indenture.

Servicing Fee:

The annual servicing fee (the “Servicing Fee”) relating to the 2022 Restructuring Bonds payable to LIPA, as the initial Servicer, or to any Successor Servicer affiliated with the owner of the T&D System Assets or performing similar services for the owner of the T&D System Assets, shall be 0.05% of the aggregate initial principal amount of the 2022 Restructuring Bonds. In addition, the Servicer will also be reimbursed for its expenses incurred in carrying out its obligations under the Servicing Agreement. The annual Servicing Fee for any Successor Servicer not affiliated with the owner of the T&D System Assets or performing similar services for the owner of the T&D System Assets may be higher than the Servicing Fee for LIPA; provided, however, that any Servicing Fee in excess of 0.60% of the aggregate initial principal amount of the 2022 Restructuring Bonds shall be subject to approval by the Authority and the Trustee.

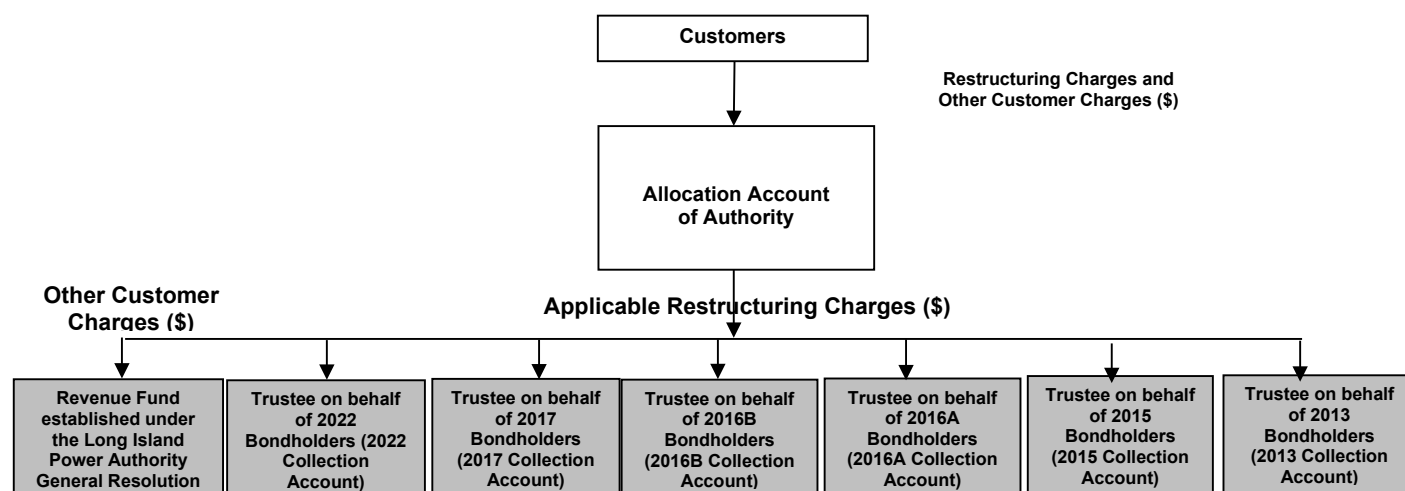

Parties to Transaction and Responsibilities:

The following chart represents a general summary of the parties to the transactions underlying the offering of the 2022 Restructuring Bonds, their roles and their various relationships to the other parties:

Flow of Funds to Bondholders:

The following chart represents a general summary of the flow of Customer payments (including 2022 Restructuring Charges as well as other charges which are not security for the 2022 Restructuring Bonds, including the Prior Restructuring Charges, which are distributed from the Allocation Account described below to the trustees for each of the Prior Restructuring Bonds).

Priority of Payments:

On each Payment Date, or for any amount payable under clauses (i) through (iv) below, on any Business Day upon which the Trustee receives a written request from the Administrator stating that any of such Operating Expenses payable by the Issuer will become due and payable prior to the next succeeding Payment Date, the Trustee shall pay or allocate all amounts on deposit in the Collection Account (other than amounts on deposit in the Debt Service Reserve Subaccount, which shall be applied solely to amounts payable under clauses (v) through (vii) below), including all earnings thereon, to pay the following amounts, in accordance with the Semi-annual Servicer Certificate, in the following priority:

- (i) all fees, costs, expenses (including legal fees and expenses) and, to the extent not in excess of \$800,000 in each calendar year, indemnity amounts owed by the Issuer to the Trustee under the applicable Basic Documents shall be paid to the Trustee,
- (ii) the Servicing Fee for such Payment Date and all unpaid Servicing Fees from prior Payment Dates, to the extent of Servicing Fees not in excess of 0.60% of the aggregate initial principal amount of the 2022 Restructuring Bonds in each calendar year, shall be paid to the Servicer,
- (iii) the Administration Fee and all unpaid Administration Fees from prior Payment Dates shall be paid to the Administrator,
- (iv) the payment of all other Operating Expenses (other than as provided in clauses (viii) and (ix) below) for such Payment Date shall be paid to the Persons entitled to such payment,
- (v) (A) first, any overdue interest (together with, to the extent lawful, interest on such overdue interest at the applicable Bond

Interest Rate) and (B) second, interest due on such Payment Date shall be paid to the Holders,

- (vi) principal due and payable on the 2022 Restructuring Bonds as a result of an Event of Default (assuming the 2022 Restructuring Bonds have been declared immediately due and payable) or on the Final Maturity Date of a tranche of the 2022 Restructuring Bonds shall be paid to the Holders,
- (vii) principal for such Payment Date will be paid to the Holders in accordance with the priorities described in “THE 2022 RESTRUCTURING BONDS—Principal of the 2022 Restructuring Bonds” in this Official Statement,
- (viii) indemnity amounts owed by the Issuer to the Trustee to the extent in excess of \$800,000 in each calendar year shall be paid to the Trustee and premiums for directors’ and officers’ liability insurance for trustees and officers of the Issuer shall be paid to the provider of such insurance, or, if such premium is paid by the Administrator pursuant to the Administration Agreement, the amount of such premium shall be paid to the Administrator in reimbursement thereof,
- (ix) the Servicing Fee for such Payment Date, and all unpaid Servicing Fees from prior Payment Dates, to the extent of Servicing Fees in excess of 0.60% of the aggregate initial principal amount of the 2022 Restructuring Bonds in each calendar year, shall be paid to the Servicer,
- (x) the amount, if any, by which the Required Debt Service Reserve Level (as defined herein) exceeds the amount in the Debt Service Reserve Subaccount (as defined herein) as of such Payment Date will be paid or allocated to the Debt Service Reserve Subaccount,
- (xi) the amount, if any, by which the Required Operating Reserve Level (as defined herein) exceeds the amount in the Operating Reserve Subaccount (as defined herein) as of such Payment Date will be paid or allocated to the Operating Reserve Subaccount,
- (xii) the amount, if any, by which the amount in the Debt Service Reserve Fund exceeds the Required Debt Service Reserve Level on any Payment Date shall be retained in the Debt Service Reserve Fund until the next Payment Date, at which time such excess amount in the Debt Service Reserve Fund shall be applied to the payment of amounts then due under clauses (v) through (vii) above prior to any other monies available for such purpose and, to the extent that such excess amount exceeds amounts then due under such clause on such next Payment Date, such excess amount shall continue to be held in the Debt Service Reserve Fund and shall be applied under such clauses (v) through (vii) above prior to any other monies available for such purpose on succeeding Payment Dates until fully applied, and
- (xiii) the balance, if any, will be paid or allocated to the Excess Funds Subaccount (as defined herein) for distribution on subsequent Payment Dates.

See “SECURITY FOR THE 2022 RESTRUCTURING BONDS—How Funds in the Collection Account Will Be Allocated” in this Official Statement.

Security:

The 2022 Restructuring Bonds are secured only by the 2022 Collateral, consisting primarily of the 2022 Restructuring Property and funds on deposit in the Collection Account for the 2022 Restructuring Bonds and related subaccounts (except for the Upfront Financing Costs Subaccount). The 2022 Collateral does not include the Prior Restructuring Properties, including any of the Prior Restructuring Charges, or any other restructuring property created or any other restructuring charges imposed by any financing orders other than Financing Order No. 6.

The 2022 Restructuring Property consists primarily of the irrevocable contract right to impose, bill, and collect the nonbypassable consumption-based 2022 Restructuring Charges from all existing and future retail electric customers taking electric transmission or distribution service within the Service Area (as defined herein) from LIPA, the Authority or any of its successors or assignees (“Customers”). For a description of the 2022 Restructuring Property and the 2022 Restructuring Charges, see “THE 2022 RESTRUCTURING PROPERTY” in this Official Statement.

Credit Ratings:

The Issuer expects the 2022 Restructuring Bonds will receive credit ratings of “Aaa (sf)” by Moody’s and “AAA (sf)” by S&P. It is a condition to the issuance of the 2022 Restructuring Bonds that such ratings are received.

Minimum Denomination:

For 2022T Restructuring Bonds, \$100,000 or any whole multiple of \$1,000 in excess thereof; for 2022TE Restructuring Bonds, \$5,000 or any integral multiples thereof.

Reports to Bondholders:

Pursuant to the Servicing Agreement and the Continuing Disclosure Agreement, the Servicer will provide regular reports prepared by the Servicer containing information concerning, among other things, the Issuer and the 2022 Collateral. See “CONTINUING DISCLOSURE.”

*Payment Dates and Interest
Accrual:*

Semi-annually, each June 15 and December 15, and September 15, 2052. Interest will be calculated on a 30/360 basis. The first scheduled Payment Date is December 15, 2022. If a Payment Date is not a Business Day, then payment will be made on the next Business Day without additional interest.

*Scheduled Maturity Dates and
Final Maturity Dates:*

A scheduled principal payment amount of the 2022 Restructuring Bonds is payable on each Payment Date, as shown herein. Failure to pay a scheduled principal payment on any Payment Date or the entire outstanding amount of the 2022 Restructuring Bonds of any tranche by the final Scheduled Maturity Date will not result in a default with respect to that tranche. The failure to pay the entire outstanding principal balance of the 2022 Restructuring Bonds of any tranche will result in a default only if such payment has not been made by the Final Maturity Date for the tranche.

Tax Treatment:

Interest on the 2022T Restructuring Bonds is included in gross income for federal income tax purposes. Interest on the 2022TE Restructuring Bonds is excluded from gross income for federal income tax purposes. Interest on the 2022 Restructuring Bonds is exempt from personal income taxes imposed by the State of New York or any political subdivision thereof.

*Restructuring Charges as a
Portion of Customers’ Total
Electric Bill:*

The initial 2022 Restructuring Charge for the 2022 Restructuring Bonds is expected to represent approximately 2.33% of the total bill received by a 1,000 kWh per month residential Customer. Combined with the Prior Restructuring Charges, the restructuring charges are expected to represent approximately 12.55% of the total bill received by 1,000 kWh per month residential Customer.

Expected Settlement:

The closing will be on or about September 29, 2022, settling flat through DTC.

Legality for Investment:

Pursuant to the Securitization Law, the 2022 Restructuring Bonds are legal investments for all governmental units, financial institutions, insurance companies, fiduciaries, and other persons located in the State that require statutory authority regarding legal investment.

Risk Factors:

Potential investors should consider carefully the risk factors beginning on page 61 of this Official Statement before investing in the 2022 Restructuring Bonds.

UTILITY DEBT SECURITIZATION AUTHORITY
RESTRUCTURING BONDS, SERIES 2022

Consisting of:

\$53,585,000	\$787,290,000	\$94,780,000
Restructuring Bonds, Series 2022T (Federally Taxable)	Restructuring Bonds, Series 2022TE-1 (Federally Tax-Exempt)	Restructuring Bonds, Series 2022TE-2 (Federally Tax-Exempt) (Green Bonds)

INTRODUCTORY STATEMENT

This Official Statement is provided to furnish information in connection with the issuance by the Issuer of its \$935,655,000 Restructuring Bonds, consisting of \$53,585,000 2022T Restructuring Bonds, \$787,290,000 2022TE-1 Restructuring Bonds and \$94,780,000 2022TE-2 Restructuring Bonds (Green Bonds). The 2022 Restructuring Bonds will be issued pursuant to the Indenture. Terms not defined elsewhere herein are used as defined in Appendix B hereto.

The 2022 Restructuring Bonds will be secured primarily by the 2022 Restructuring Property, which will primarily consist of the Authority's irrevocable right to impose, bill and collect a nonbypassable consumption-based 2022 Restructuring Charge from Customers. See "THE 2022 RESTRUCTURING PROPERTY." 2022 Restructuring Charges are set and periodically adjusted, as discussed below, to collect amounts sufficient to pay principal of and interest on the 2022 Restructuring Bonds on a timely basis and all other Ongoing Financing Costs. See "THE FINANCING ORDER—True-Up Adjustment Mechanism."

The 2022 Restructuring Charges will be collected by (or on behalf of) LIPA, as the initial Servicer, pursuant to the terms of a Servicing Agreement between LIPA and the Issuer. As described herein, the Authority and LIPA have entered into operating agreements, the purpose of which is to provide the Authority and LIPA with the operating personnel and a significant portion of the power supply resources necessary for LIPA to provide electric service in the Service Area. Since January 1, 2014, PSEG Long Island has been the T&D System manager pursuant to the OSA (as defined herein). As used herein, the term "OSA" means the Second Amended and Restated Operations Services Agreement by and between LIPA and PSEG Long Island, as may be further amended and in effect from time to time. As T&D System manager, PSEG Long Island performs a number of the functions that would otherwise be performed by the Servicer as described in more detail herein. See "SERVICER AND ADMINISTRATOR—Servicing the 2022 Restructuring Bonds" in this Official Statement.

Brief descriptions of the Issuer, the Authority, LIPA, the Securitization Law, Financing Order No. 6, the 2022 Restructuring Bonds, the Sale Agreement, the Servicing Agreement, the Administration Agreement, and the Indenture are included in this Official Statement. Those descriptions and summaries do not purport to be comprehensive or definitive. Certain information relating to DTC and the book-entry only system has been furnished by DTC. Appendix C, Appendix D, and Appendix E contain the proposed forms of certain opinions to be delivered in connection with the issuance and delivery of the 2022 Restructuring Bonds. The descriptions of the 2022 Restructuring Bonds and other documents are qualified in their entirety by reference to them. Copies of documents relating to the 2022 Restructuring Bonds may be obtained at the designated office of the Trustee, 101 Barclay Street-Floor 7-West, New York, New York 10286.

PLAN OF FINANCE AND USE OF PROCEEDS

The proceeds of the 2022 Restructuring Bonds will be used by the Issuer to pay to the Authority the purchase price of the 2022 Restructuring Property and to pay certain Upfront Financing Costs. The Authority will use the monies received from the sale of the 2022 Restructuring Property to facilitate the purchase, redemption, repayment or defeasance of the Refunded Debt.

Upfront Financing Costs incurred in connection with the issuance and sale of the 2022 Restructuring Bonds and the creation and acquisition of the 2022 Restructuring Property, net of underwriting discounts and commissions of \$3,872,633.11, net of the deposit to the Operating Reserve Subaccount of \$4,678,275 and net of the deposit to the Debt Service Reserve Subaccount of \$14,518,414.63, are estimated to be approximately \$3,750,013.03. The Operating Reserve Subaccount will be funded directly by a deposit made by Authority from its own available moneys to the Trustee. In addition, to the extent actual Upfront Financing Costs exceed the amount of proceeds of the 2022

Restructuring Bonds available to pay such Upfront Financing Costs, the Authority will make an additional contribution to pay such amount.

This issuance of the 2022 Restructuring Bonds by the Issuer will enable (i) the Authority to retire certain of its outstanding indebtedness, (ii) the Issuer to refund certain of its restructuring bonds and (iii) the Authority to finance System Resiliency Costs.

Certain of the Issuer's restructuring bonds are not currently callable. On August 25, 2022, the Issuer released an Invitation to Tender Bonds (the "Invitation") inviting owners of the restructuring bonds set forth in the Invitation (the "Target Bonds") to tender Target Bonds for purchase (the "Tender Offer"), on the terms and conditions set forth in the Invitation. The purpose of the Tender Offer was to give the Issuer the opportunity to retire the Target Bonds on the date of issuance of the 2022 Restructuring Bonds (the "Settlement Date").

Pursuant to the Tender Offer as set forth in the Invitation, the owners of Target Bonds may tender such Bonds for cash and, subject to the conditions set forth therein, the Issuer expects to effectuate the purchase of restructuring bonds that have been accepted for purchase per the terms and at the purchase prices set forth in the Invitation. On September 12, 2022, the Issuer released the Notice of Results and Acceptance of Offers (the "Notice of Acceptance"). Pursuant to the terms and conditions set forth in the Invitation and as set forth in the Notice of Acceptance, the Issuer accepted for purchase \$659,290,000 of the Restructuring Bonds, Series 2013TE (Federally Tax-Exempt) tendered pursuant to the Invitation (the "Tendered Bonds"), which Tendered Bonds are listed in Schedule 1 attached hereto.

The Tendered Bonds purchased pursuant to the Tender Offer will be cancelled on the Settlement Date and shall no longer be deemed "Outstanding" within the meaning of the applicable indenture pursuant to which such Tendered Bonds were issued. Funds to pay the purchase price of the Tendered Bonds tendered for purchase, and to pay the costs of the Tender Offer, are expected to be provided by the Authority from the proceeds of the 2022 Restructuring Bonds it receives in exchange for the sale of the Restructuring Property to the Issuer.

This section is not intended to summarize all of the terms of the Invitation and Notice of Acceptance and reference is made to each for a discussion of the terms of the Tender Offer and the conditions for settlement of the Tendered Bonds validly tendered and accepted for purchase. The Issuer and/or the Authority may conduct additional tender and/or exchange offers in the future.

Additional 2022 Obligations of the Authority. In addition to the issuance of the 2022 Restructuring Bonds by the Issuer, the Authority issued \$380.360 million of its Electric System General Revenue Bonds, Series 2022A, Series 2022B and Series 2022C (the "Authority Series 2022 Bonds") on August 30, 2022. The proceeds of the Authority's Series 2022 Bonds will be used to (i) fund certain system improvements and (ii) refund certain other outstanding bonds of the Authority. Following the issuance of the 2022 Restructuring Bonds by the Issuer and the Authority Series 2022 Bonds, the Authority also expects to issue either public market or direct placement debt in an amount up to approximately \$625 million to refund other outstanding indebtedness of the Authority, subject to market conditions and the requisite approvals (the "Authority 2022 Variable Rate Debt" and together with the 2022 Restructuring Bonds and the Authority Series 2022 Bonds, the "2022 Obligations").

The Authority Series 2022 Bonds and the Authority 2022 Variable Rate Debt will not be obligations of the Issuer and are not secured by the 2022 Collateral described herein. The Issuer's restructuring bonds, including the 2022 Restructuring Bonds, are not secured by the collateral securing indebtedness of the Authority, including Authority Series 2022 Bonds and the Authority 2022 Variable Rate Debt.

Designation of 2022TE-2 Restructuring Bonds as Green Bonds

Green Bonds Designation. Per the International Capital Market Association ("ICMA"), Green Bonds are any type of bond instrument where the proceeds will be exclusively applied to finance or re-finance, in part or in full, new and/or existing eligible Green Projects and which are aligned with the four core components of the Green Bond Principles. The four core components are: 1. Use of Proceeds; 2. Process for Project Evaluation and Selection; 3. Management of Proceeds; and 4. Reporting.

Kestrel Verifiers has determined that the 2022TE-2 Restructuring Bonds (Green Bonds) are in conformance with the four core components of the ICMA Green Bond Principles, as described in Kestrel Verifiers' "Second Party Opinion," which is attached hereto as Schedule 3.

Independent Second Party Opinion on Green Bond Designation and Disclaimer. For over 20 years, Kestrel Verifiers has been consulting in sustainable finance. Kestrel Verifiers, a division of Kestrel 360, Inc. is an Approved Verifier accredited by the Climate Bonds Initiative (“CBI”) and an Observer for the ICMA Green Bond Principles and Social Bond Principles. Kestrel Verifiers reviews transactions in all asset classes worldwide for alignment with ICMA Green Bond Principles, Social Bond Principles, Sustainability Bond Guidelines and the Climate Bonds Initiative Standards and criteria.

The Second Party Opinion issued by Kestrel Verifiers does not and is not intended to make any representation or give any assurance with respect to any other matter relating to the 2022TE-2 Restructuring Bonds (Green Bonds). Designations by Kestrel Verifiers are not a recommendation to any person to purchase, hold, or sell the 2022TE-2 Restructuring Bonds (Green Bonds) and such labeling does not address the market price or suitability of these bonds for a particular investor and does not and is not in any way intended to address the likelihood of timely payment of interest or principal when due.

In issuing the Second Party Opinion, Kestrel Verifiers has assumed and relied upon the accuracy and completeness of the information made publicly available by the Authority or the Issuer, or that was otherwise made available to Kestrel Verifiers.

THE SECURITIZATION LAW

Background

On June 21, 2013, the New York State Assembly and Senate passed the LIPA Reform Act, codified as Chapter 173, Laws of New York. The Securitization Law is Part B of the LIPA Reform Act. The Securitization Law was signed on July 29, 2013, and on August 28, 2013, the time for filing any challenges to the LIPA Reform Act expired and no such challenges were filed. On March 30, 2015, the New York State Assembly and Senate adopted Chapter 58 of the Laws of New York, 2015 to permit, among other things, the adoption by the Authority Trustees of additional restructuring resolutions and the issuance by the Issuer of additional restructuring bonds in an aggregate principal amount not to exceed \$4.5 billion less any previously issued restructuring bonds. On April 13, 2015, the Governor signed such Chapter 58 into law. On May 13, 2015, the time for filing any challenges to the LIPA Reform Act, as amended by such Chapter 58, expired and no such challenges were filed. On June 8, 2021, the New York State Assembly and Senate adopted Chapter 369 of the Laws of New York, 2021, which further amended the Securitization Law to allow for additional issuances of restructuring bonds in an aggregate amount not to exceed \$8.0 billion (inclusive of the Prior Restructuring Bonds (defined below)) and permitting the issuance of such restructuring bonds to refund bonds issued by the Issuer and to finance System Resiliency Costs.

The Authority, acting through LIPA, provides electric service in its service area which includes two counties on Long Island, New York (“Long Island”) – Nassau County (“Nassau County”) and Suffolk County (“Suffolk County”) (except for the Nassau County villages of Freeport and Rockville Centre and the Suffolk County village of Greenport, each of which has its individually-owned municipal electric system) – and a portion of the Borough of Queens of The City of New York known as the Rockaways (the “Service Area”). For purposes of the 2022 Restructuring Bond financing, the “Service Area” is defined by the Securitization Law and is set as the service area of LIPA as of July 29, 2013.

Purpose of Securitization Law

The Securitization Law created the Issuer. The purpose of the Securitization Law is to provide a legislative foundation for its issuance of restructuring bonds to allow the Authority to retire a portion of the outstanding indebtedness of the Authority and the Issuer and to finance System Resiliency Costs. The issuance of restructuring bonds, including the 2022 Restructuring Bonds, for such purposes is expected to result in savings to Customers on a net present value basis.

Authorization of Restructuring Bonds Pursuant to Irrevocable Financing Orders

The Securitization Law authorizes the Authority to adopt financing orders approving the issuance of restructuring bonds. The Securitization Law also provides that any financing order will be irrevocable after the time for any appeal to such financing order has lapsed. The Securitization Law requires that the proceeds of the restructuring bonds be used by the Issuer to purchase restructuring property from the Authority and to pay or fund upfront financing costs. It also requires that the Authority use the proceeds of the restructuring bonds it receives from its sale of the restructuring property to the Issuer only to pay approved restructuring costs which include, according to

Financing Order No. 6, the costs of repurchasing, redeeming, repaying or defeasing certain of the outstanding indebtedness of the Authority and the Issuer and upfront financing costs, and if funds remain after the approved restructuring costs are paid, to refund or credit to consumers any such surplus, to the extent practical.

Prior Transactions

As authorized by the Securitization Law, as amended by Chapter 58 of the Laws of New York 2015, the Issuer has previously issued six series of restructuring bonds (the “Prior Restructuring Bonds”) pursuant to five restructuring cost financing orders (the “Prior Financing Orders”) adopted by the Authority. The Issuer used the proceeds of the Prior Restructuring Bonds authorized by the Prior Financing Orders to purchase the restructuring property created by the related Prior Financing Order (each restructuring property created pursuant to each Prior Restructuring Order is a “Prior Restructuring Property” and all are collectively referred to herein as the “Prior Restructuring Properties”), including related restructuring charges (the restructuring charges related to the Prior Restructuring Property created by each Prior Restructuring Order being referred to herein as “Prior Restructuring Charges”). The Prior Restructuring Property created by each Prior Financing Order was pledged by the Issuer to the payment of the related Prior Restructuring Bonds. The Authority used the net proceeds from the sale of each Prior Restructuring Property to retire debt and other obligations of the Authority. **The Prior Restructuring Property created pursuant to each Prior Financing Order secures only the related Prior Restructuring Bonds and does not secure the other Prior Restructuring Bonds or the 2022 Restructuring Bonds.**

Pursuant to the Prior Financing Orders, the Issuer issued approximately \$4.5 billion aggregate principal amount of restructuring bonds. The Outstanding Principal Amounts reflected below do not reflect any purchase, redemption, repayment, or defeasance in connection with the issuance of the 2022T and 2022TE Bonds

<u>Prior Financing Order and Date of Adoption</u>	<u>Related Prior Restructuring Bonds</u>	<u>Original Principal Amount</u>	<u>Outstanding Principal Amount</u>
Financing Order No. 1, adopted October 3, 2013	Series 2013T and Series 2013TE	\$2,022,324,000	\$1,468,220,000
Financing Order No. 2, adopted June 26, 2015	Series 2015 (the “2015 Restructuring Bonds”)	\$1,002,115,000	\$978,535,000
Financing Order No. 3, adopted June 26, 2015	Series 2016A (the “2016A Restructuring Bonds”)	\$636,770,000	\$636,770,000
Financing Order No. 4, adopted June 26, 2015	Series 2016B (the “2016B Restructuring Bonds”)	\$469,320,000	\$199,745,000
Financing Order No. 5, adopted June 26, 2015	Series 2017 (the “2017 Restructuring Bonds”)	\$369,465,000	\$332,345,000

2022 Restructuring Property

The Securitization Law authorizes the creation and sale of restructuring property which will include the irrevocable right to impose, bill and collect restructuring charges from Customers. The 2022 Restructuring Bonds are secured by and payable from the restructuring property created by Financing Order No. 6 (the “2022 Restructuring Property”).

True-Up Adjustment Mechanism

The Securitization Law requires the Authority to include in any financing order a mechanism requiring that restructuring charges be reviewed and adjusted at least annually and if determined to be necessary, semi-annually or more frequently, to ensure that the expected collection of the restructuring charges is adequate to timely pay all scheduled payments of principal and interests on the applicable restructuring bonds and all other ongoing financing costs when due. The Securitization Law provides that, once restructuring bonds are issued, any adjustments to the related restructuring charge may only be challenged as to mathematical errors in the calculation. See “THE FINANCING ORDER—True-Up Adjustment Mechanism” and “THE SERVICING AGREEMENT—True-Up Adjustment Process” herein.

2022 Restructuring Charges are Nonbypassable

The Securitization Law provides that the 2022 Restructuring Charges are irrevocable and nonbypassable. “Nonbypassable” as set forth in the Securitization Law and Financing Order No. 6 means that a Customer is obligated to pay 2022 Restructuring Charges and may not avoid payment of such charges as long as such Customer is connected to the T&D System Assets and is taking electric delivery service in the Service Area, even if such Customer produces its own electricity or purchases electric generation services from a provider of electric generation services who is not the owner of the T&D System Assets and even if the T&D System Assets are no longer owned by LIPA. Customers that self-generate eligible renewable power will only be responsible for paying 2022 Restructuring Charges based upon their “net-billed” consumption. See “THE 2022 RESTRUCTURING PROPERTY” in this Official Statement.

No Right of Set-Off; Partial Payment of Customer Charges

The obligation to pay the restructuring charges, including the 2022 Restructuring Charges, is not subject to any right of set-off in connection with the bankruptcy of the Servicer or any other entity. If any Customer does not pay the full amount of any bill to the Servicer, the amount paid by the Customer will be applied pro rata between the restructuring charges and the other charges, based on the percentage of the overall bill of such charges, unless the Customer specifies that a greater proportion of such payment is to be allocated to the restructuring charges, except that other charges are to be reduced by the amount of any set-off, counterclaim, surcharge or defense.

State Pledge

As a provision of the Securitization Law, the State has pledged to and agreed with the Issuer, the Authority, the Holders, and other Financing Parties that, until the 2022 Restructuring Bonds and any Ancillary Agreements have been paid and performed in full, the State shall not:

- (1) take or permit any action that limits, alters or impairs the value of the 2022 Restructuring Property,
- (2) in any way impair the rights and remedies of the Authority, the Issuer, LIPA, the Holders or any other Financing Parties or the security for such 2022 Restructuring Bonds or Ancillary Agreements, or
- (3) except as permitted in connection with a true-up adjustment mechanism authorized by the Securitization Law and set forth in Financing Order No. 6, reduce, alter, or impair 2022 Restructuring Charges that are to be imposed, collected, and remitted for the benefit of the Authority, the Issuer, the Holders and other Financing Parties, as applicable, until any and all principal and interest, all other Ongoing Financing Costs and all amounts to be paid to any assignee or Financing Party under any Ancillary Agreement in connection with the 2022 Restructuring Bonds have been fully paid or performed in full. See “RISK FACTORS.”

Trustee’s Lien on 2022 Restructuring Property Protected

The Securitization Law provides that the lien on the 2022 Restructuring Property will be perfected, valid and binding from the time when the pledge is made. The pledge is made in favor of the Trustee for the benefit of the Bondholders. The security interest will attach without any physical delivery of collateral or other act and such security interest shall (i) be valid, binding and perfected against all parties having claims of any kind in tort, contract or otherwise, regardless of whether the parties have notice of the lien and (ii) constitute a continuously perfected security interest and have priority over any other lien, created by operation of law or otherwise, that may subsequently attach to the 2022 Restructuring Property or those rights or interests.

The Securitization Law provides that the priority of security interests in the 2022 Restructuring Property will not be affected by:

- commingling of funds arising from 2022 Restructuring Charges with other funds, or
- any application of the True-Up Adjustment under Financing Order No. 6.

See “RISK FACTORS—Risks Associated with the Unusual Nature of the 2022 Restructuring Property.”

Right of Sequestration

The Securitization Law provides that if the Authority, LIPA or any third-party biller defaults in the required payment of 2022 Restructuring Charges collected by it, a New York court, upon application by an interested party and without limiting any other remedies available to that applicant, is required to order the sequestration and payment of the collections for the benefit of Bondholders, any assignee, and any Financing Party.

Transfer Characterized as True Sale

The Securitization Law provides that, if the governing documentation in a transaction approved in a financing order states that the transfer is a sale or other absolute transfer, the Authority's transfer of the 2022 Restructuring Property to the Issuer is a "true sale" under New York law and not a pledge or other financing (other than for federal, state and local income and franchise tax purposes). See "THE SALE AGREEMENT" and "RISK FACTORS—Risks Associated with Potential Bankruptcy Proceedings." The Securitization Law also provides that the characterization of the sale, assignment or transfer as an absolute transfer and true sale and the corresponding characterization of the property interest of the Issuer shall not be adversely affected or impaired by, among other things, the occurrence of any of the following:

- commingling of revenues or other proceeds from 2022 Restructuring Charges with other amounts,
- retention by the Seller of a partial or residual interest in the 2022 Restructuring Property or the right to recover costs associated with taxes, payments in lieu of taxes, franchise fees or license fees imposed on the collection of 2022 Restructuring Charges,
- any recourse that the Issuer may have against the Seller,
- any indemnification rights, obligations or repurchase rights made or provided by the Seller,
- the obligation of the Seller to collect 2022 Restructuring Charges on behalf of an assignee,
- the treatment of the sale, assignment or transfer for tax, financial reporting or other purposes,
- any subsequent order of the Seller amending Financing Order No. 6, or
- any application of the True-Up Adjustment mechanism provided in the Securitization Law.

Transfer and Ownership of 2022 Restructuring Property is Tax Exempt

The Securitization Law provides that the transfer and ownership of 2022 Restructuring Property and the imposition, billing, and collection of 2022 Restructuring Charges are exempt from all taxes and similar charges imposed by the State or any county, municipal corporation, school district, local authority or other subdivision.

THE FINANCING ORDER

General; Creation of 2022 Restructuring Property; Irrevocability

The 2022 Restructuring Bonds will be issued pursuant to Financing Order No. 6. Financing Order No. 6 permits the Issuer to issue, in one or more series, additional restructuring bonds in an aggregate amount not to exceed \$8 billion less the original principal amount of the restructuring bonds previously issued pursuant to the Securitization Law (the "Order Cap"). Financing Order No. 6 authorizes: (a) the creation of the 2022 Restructuring Property, (b) the sale of the 2022 Restructuring Property by the Authority to the Issuer, (c) the imposition, billing and collection of the 2022 Restructuring Charges on, to and from the Customers in the Service Area, (d) the issuance and sale of restructuring bonds in an aggregate principal amount not to exceed the Remaining Authorized Amount, (e) the use by the Issuer of the proceeds from the sale of the 2022 Restructuring Bonds to pay the purchase price of the 2022 Restructuring Property and the Upfront Financing Costs, and (f) the use by the Authority of the proceeds of the sale of the 2022 Restructuring Property to facilitate the purchase, redemption, repayment, or defeasance of the Refunded Debt. The Securitization Law required the Authority to submit Financing Order No. 6 to the PACB for its approval. The PACB approved Financing Order No. 6 on May 18, 2022. The PACB has no authority to reconsider Financing Order No. 6. Pursuant to the Securitization Law, Financing Order No. 6 became irrevocable, final and non-appealable on June 17, 2022.

Under Financing Order No. 6, the Servicer has the right to impose, bill and collect (on behalf of the Issuer) 2022 Restructuring Charges, which right is included in the 2022 Restructuring Property sold to the Issuer. As provided in the Securitization Law, Financing Order No. 6 is irrevocable and is not subject to modification or termination, and acknowledges that the State of New York has pledged not to take or permit any action that limits, alters or impairs the value of the 2022 Restructuring Property or, except as required by the true-up adjustment mechanism, reduce, alter or impair the 2022 Restructuring Charges that are imposed, billed or collected for the benefit of the Bondholders, any assignee, and any Financing Parties until all principal of and interest on the 2022 Restructuring Bonds, all other Ongoing Financing Costs, and all amounts to be paid to an assignee or Financing Party under certain agreements entered into in connection with the 2022 Restructuring Bonds are paid or performed in full.

Concurrent with the adoption of Financing Order No. 6, the Authority adopted, and the PACB approved, the Additional Restructuring Financing Orders authorizing the issuance of additional Restructuring Bonds in an amount not to exceed the Order Cap (inclusive of the Prior Restructuring Bonds and the 2022 Restructuring Bonds, when, as and if issued). Consistent with the Securitization Laws and the other restructuring orders, the Authority intends to issue additional Restructuring Bonds pursuant to the Additional Restructuring Financing Orders. See “SECURITY FOR THE 2022 RESTRUCTURING BONDS – Additional Bonds” and “RISK FACTORS – *Risks Associated with the Unusual Nature of the 2022 Restructuring Property – LIPA intends to sell additional Recovery Property and the Issuer intends to issue additional Restructuring Bonds.*”

Collection of 2022 Restructuring Charges; Nonbypassability

Financing Order No. 6 provides that the Customers are responsible for paying the 2022 Restructuring Charges as long as such Customer is connected to the T&D System Assets and is taking electric delivery service in the Service Area, even if such Customer produces its own electricity or purchases electric generation services from a provider of electric generation services other than the owner of the T&D System Assets and even if the T&D System Assets are no longer owned by LIPA. Financing Order No. 6 authorizes the Servicer to collect 2022 Restructuring Charges from such Customers. See “SERVICER AND ADMINISTRATOR—Revenues, LIPA’s Customer Bases and Electric Energy Consumption—Electricity Delivered to Customers, Total Electricity Delivery Service Revenues and Customers.” Certain Customers that self-generate eligible renewable power will only be responsible for paying 2022 Restructuring Charges based upon their “net-billed” consumption.

The Authority’s tariff provides for net metering of certain residential and nonresidential customer-generators of renewable power, such as solar, wind, farm waste, micro-combined heat and power, fuel cells, micro-hydroelectric and hybrids. The net meters measure only the net electricity provided to or by the customer-generator using the T&D System. On March 9, 2017, the PSC adopted the first phase of its net metering successor plan (*see* Order on Net Energy Metering Transition, Phase One of Value of Distributed Energy Resources, And Related Matters, New York Public Service Commission Case 15-E-0751 (the “Phase One Order”)), which provides a new mechanism for utility compensation of certain distributed energy resources interconnected after March 9, 2017. Under the Phase One Order, large commercial customers will be compensated with a value stack comprising values for energy, capacity, environmental, and demand reduction costs. Notwithstanding the fact that the Authority is not subject to PSC jurisdiction, the Authority implemented the PSC’s net metering successor plan within the Service Area, including value stack compensation for large commercial customers, on January 1, 2018. Under Phase Two, the PSC has ordered the investor-owned utilities to establish a Customer Benefits Contribution (“CBC”) charge, payable by new net metered systems connecting after January 1, 2022, to recover the costs of certain programs that benefit customers and support state policy goals, such as the cost of low-income customer discounts and energy efficiency incentives. The Authority Board adopted a similar CBC in December 2021. The Authority’s CBC includes a two-year phase-in, which began on January 1, 2022 and will be complete on January 1, 2024. As of the May 31, 2022, the Authority has net metering arrangements with eligible customer-generators in the Service Area equal to approximately 10.6% of the Authority’s reference year (2005) peak load. In addition, net metered community-distributed-generation is now closed to new applications.

Financing Order No. 6 does not cap any of the ongoing costs that may be recovered through the 2022 Restructuring Charge, and there is no cap on the level of 2022 Restructuring Charges that may be imposed on Customers through the true-up adjustment mechanism, which is designed to assure the expected collection of amounts required to pay scheduled principal and interest on the 2022 Restructuring Bonds and all other Ongoing Financing Costs on a timely basis. Accordingly, such 2022 Restructuring Charges may continue to be imposed, billed and collected until the 2022 Restructuring Bonds and all Ongoing Financing Costs are paid in full, without any specified time limit. Financing Order No. 6 contains a conclusion of law that the 2022 Restructuring Charges are “Transition Charges” as defined in the Authority’s Electric System General Revenue Bond Resolution adopted on May 13, 1998 (the “General Resolution”), and that they are not subject to the lien of the General Resolution. In addition, the Authority will make a representation in the Sale Agreement to the effect that it is transferring the 2022 Restructuring Property free of any Liens. Hawkins Delafield & Wood LLP expects to render an opinion in connection with the issuance of the 2022 Restructuring Bonds to the effect that the 2022 Restructuring Charges are not subject to the lien of the General Resolution or the Subordinated General Resolution.

Terms of the 2022 Restructuring Bonds

Financing Order No. 6 provides certain parameters for the issuance of the 2022 Restructuring Bonds, including that there will be a Scheduled Maturity Date and a Final Maturity Date for each tranche (that will not be

more than two years following the Scheduled Maturity Date). With respect to 2022 Restructuring Bonds issued to finance System Resiliency Costs, no Final Maturity Date will be later than 30 years from the date of issuance. With respect to 2022 Restructuring Bonds issued to purchase, redeem, repay or defease the Refunded Debt, the final scheduled maturity shall be no later than the final scheduled maturity date of the Refunded Debt to be purchased, redeemed, repaid or defeased with the proceeds of such 2022 Restructuring Bonds. As described below, the Issuance Advice Letter will confirm the final interest rates and certain other terms for the 2022 Restructuring Bonds.

2022 Restructuring Charges on Customer Bills

The Servicer will disclose on each Customer's monthly bill by a footnote or other description the amount of the 2022 Restructuring Charge or the amount of the 2022 Restructuring Charge per kWh. Such description will include a statement that the 2022 Restructuring Charge is payable to the Issuer. The calculation of the initial 2022 Restructuring Charge will be set forth in the Issuance Advice Letter. See "THE 2022 RESTRUCTURING PROPERTY—2022 Restructuring Charges."

True-Up Adjustment Mechanism

During the life of the 2022 Restructuring Bonds, the Servicer will calculate and adjust the 2022 Restructuring Charges at least annually (each, an "Annual True-Up Adjustment"), effective each November 15, commencing with November 15, 2022, to correct for any over-collections or under-collections to the end of the then current Annual Calculation Period (the next succeeding December 15) and to ensure that the 2022 Restructuring Charge during the period commencing on each November 15 and ending on the following November 14 is adequate to pay timely principal and interest on the 2022 Restructuring Bonds when due pursuant to the Expected Amortization Schedule and to make timely payment on all other Ongoing Financing Costs due during the period beginning on the next December 16 and ending on the following December 15 (each an "Annual Calculation Period"). Before April 15, 2023 and April 15 of each year thereafter, the Servicer is also required to perform a mid-year review (each, a "Mid-Year Review") to ensure that the expected collections of 2022 Restructuring Charges are adequate to pay timely principal and interest on the 2022 Restructuring Bonds when due and to make timely payment on all other Ongoing Financing Costs to the end of the then current Annual Calculation Period (the next succeeding December 15). If a Mid-Year Review results in a projection that the Charge Collections will be insufficient to make such payments, the Servicer must file a notice of adjustment (the "Mandatory Mid-Year True-Up Adjustment") to ensure that the 2022 Restructuring Charge during the period beginning on May 15 and ending on the following May 14 is adequate to pay timely principal and interest on the 2022 Restructuring Bonds when due pursuant to the Expected Amortization Schedule and to make timely payment on all other Ongoing Financing Costs due during the period beginning on the next June 16 and ending on the following June 15 (each such period a "Mid-Year Calculation Period"). If it is determined that a Mandatory Mid-Year True-Up is not required, the Servicer may nevertheless voluntarily elect to file a notice of adjustment (i) to correct for any over-collections to date and anticipated to be experienced up to the end of the then current Mid-Year Calculation Period and (ii) to ensure that the 2022 Restructuring Charge during the period beginning on May 15 and ending on the following May 14 is adequate to pay timely principal and interest on the Bonds when due pursuant to the Expected Amortization Schedule and to make timely payment on all other Ongoing Financing Costs due during the next Mid-Year Calculation Period (a "Voluntary Mid-Year True-Up Adjustment"). Any such notice of adjustment for a Mandatory Mid-Year True-Up or a Voluntary Mid-Year True-Up shall be filed no later than April 15 of such calendar year, to be effective on May 15 of such calendar year.

The Servicer may file a true-up adjustment more frequently at any time to ensure that the expected collections of the 2022 Restructuring Charges are adequate to pay timely principal and interest on the 2022 Restructuring Bonds when due pursuant to the Expected Amortization Schedule and to make timely payment on all other Ongoing Financing Costs (each, an "Optional True-Up Adjustment"). In addition, following the last Scheduled Maturity Date of the 2022 Restructuring Bonds, if and so long as any such 2022 Restructuring Bonds remain outstanding after such Scheduled Maturity Date, the Servicer is also required to make such true-up adjustments quarterly to ensure that Charge Collections will be sufficient to pay timely principal and interest, and all other Ongoing Financing Costs due on the next Payment Date (each, a "Quarterly True-Up Adjustment" and, together with Annual True-Up Adjustments, Mandatory Mid-Year True-Up Adjustments, Voluntary Mid-Year True-Up Adjustments, and Optional True-Up Adjustments, a "True-Up Adjustment"). The Quarterly True-Up Adjustments will be set at levels estimated to generate revenues sufficient to pay all principal and interest on the 2022 Restructuring Bonds on the next Payment Date, together with all other Ongoing Financing Costs.

The adjustments to the 2022 Restructuring Charges will continue until principal of and interest on the 2022 Restructuring Bonds and all other Ongoing Financing Costs have been paid or performed in full.

There is no cap on the amount of 2022 Restructuring Charges that may be imposed on Customers as a result of a True-Up Adjustment.

The Servicer must file with the Authority and the Issuer, approximately 30 days before the effective date of an adjustment, an Adjustment Notice to the 2022 Restructuring Charge during which period the Authority may confirm the mathematical accuracy of the Servicer's adjustment. Each True-Up Adjustment will go into effect on a bills rendered basis on a date which is no earlier than 30 days subsequent to the date of submission of the Adjustment Notice. In the event any correction is necessary to a True-Up Adjustment due to mathematical errors in the calculation of the adjustment or otherwise is necessary, the adjustment to the mathematically incorrect 2022 Restructuring Charge adjustment will take effect no sooner than the billing cycle in the month that begins at least five days after the Authority notifies the Servicer of its determination that the calculation of such True-Up Adjustment is mathematically inaccurate.

Issuance Advice Letter

By no later than three Business Days following the pricing date for the 2022 Restructuring Bonds and prior to their issuance, the Servicer will, as required under Financing Order No. 6, file with the Authority and the Issuer an Issuance Advice Letter, pursuant to which the Servicer will:

- calculate the aggregate expected savings to Customers from the financing,
- estimate the Ongoing Financing Costs,
- determine and specify the initial 2022 Restructuring Charge, and
- evidence the final terms on which the 2022 Restructuring Bonds will be issued.

A designee of the Authority is authorized under Financing Order No. 6 to review and approve the Issuance Advice Letter for the purpose of confirming that the stated terms are consistent with Financing Order No. 6. This designee's approval and confirmation shall constitute the Authority's approval and confirmation, and will be final and incontestable, without need for further action by the Authority.

Servicing Agreement

In Financing Order No. 6, the Issuer and LIPA were authorized to enter into the Servicing Agreement described under "The Servicing Agreement" in this Official Statement. Pursuant to the OSA, PSEG Long Island is the T&D System manager and performs, among other things, the billing and collection, meter reading and forecasting required by the Servicing Agreement on behalf of the Servicer. LIPA is responsible for taking all necessary action in connection with True-Up Adjustments and certain reporting requirements. See "SERVICER AND ADMINISTRATOR—Servicing the 2022 Restructuring Bonds" and "THE SERVICING AGREEMENT—Servicing Procedures" in this Official Statement.

Binding on Successors

Financing Order No. 6 and the 2022 Restructuring Charges authorized in Financing Order No. 6 are binding on the Authority, LIPA, any successor to the Authority or LIPA and any Successor Servicer to LIPA.

THE 2022 RESTRUCTURING PROPERTY

Overview

The 2022 Restructuring Property of the Authority consists generally of its property, rights and interests under Financing Order No. 6, including the Authority's irrevocable right:

- to impose, bill and collect irrevocable, nonbypassable 2022 Restructuring Charges from each Customer, and
- to adjust those 2022 Restructuring Charges, in accordance with the true-up adjustment mechanism set forth in Financing Order No. 6, in an amount sufficient to pay principal and interest on its 2022 Restructuring Bonds and all other Ongoing Financing Costs approved under Financing Order No. 6.

The 2022 Restructuring Property also includes all revenues, collections, claims, payments, money or proceeds from the 2022 Restructuring Charges.

The Issuer will purchase the 2022 Restructuring Property from the Seller. The 2022 Restructuring Bonds are secured primarily by the 2022 Restructuring Property. The 2022 Restructuring Property is not a receivable and, as

the primary collateral securing the 2022 Restructuring Bonds, is not a pool of receivables. Charge Collections from the 2022 Restructuring Charges, as such charges may be adjusted pursuant to the True-Up Adjustment mechanism, will be used to pay principal of and interest on the 2022 Restructuring Bonds and all other Ongoing Financing Costs approved under Financing Order No. 6. These irrevocable nonbypassable charges will be included in the Customers' bills, and will be collected until the 2022 Restructuring Bonds and all Ongoing Financing Costs are paid in full. 2022 Restructuring Charges may not be reduced, altered or impaired except for periodic adjustments, in accordance with the True-Up Adjustment mechanism, to correct over-collections or under-collections to ensure the recovery of amounts sufficient to timely pay principal of and interest on the 2022 Restructuring Bonds and all other Ongoing Financing Costs. All revenues and collections from 2022 Restructuring Charges provided for in Financing Order No. 6 are part of the 2022 Restructuring Property.

Creation of 2022 Restructuring Property

Under Financing Order No. 6, the 2022 Restructuring Property is created simultaneous with its sale to the Issuer. The 2022 Restructuring Property is a property right consisting generally of the irrevocable right to impose, bill and collect 2022 Restructuring Charges from Customers, the right to adjust those 2022 Restructuring Charges and the right to all revenues, collections, claims, payments, money or proceeds of or arising from the 2022 Restructuring Charges and the property, rights and interests created under Financing Order No. 6. The 2022 Restructuring Bonds will be secured by the 2022 Restructuring Property, as well as the other 2022 Collateral described under "THE SECURITY FOR THE 2022 RESTRUCTURING BONDS—Pledge of 2022 Collateral."

2022 Restructuring Charges

The 2022 Restructuring Charges will be set and adjusted thereafter as necessary to generate revenues required:

- to pay fees and expenses related to the servicing and collection and retirement of the 2022 Restructuring Bonds including, without limitation, fees and expenses related to Trustee costs, rating agency surveillance fees, legal and accounting fees which are included in the Ongoing Financing Costs, as well as adjustments for dealing with estimated and actual costs,
- to pay interest on the 2022 Restructuring Bonds,
- to pay principal of each tranche of such 2022 Restructuring Bonds according to the Expected Amortization Schedule,
- to replenish the Operating Reserve Subaccount and the Debt Service Reserve Subaccount to the Required Operating Reserve Level and the Required Debt Service Reserve Level, respectively, and
- to pay all additional fees, costs and charges and all other Ongoing Financing Costs approved under Financing Order No. 6.

THE 2022 RESTRUCTURING BONDS

General

The 2022 Restructuring Bonds will be dated the Issuance Date and interest thereon will be payable on the dates set forth on the inside cover page of this Official Statement. The initial principal amount, Scheduled Maturity Dates, Final Maturity Dates and Interest Rate of each tranche of 2022 Restructuring Bonds is set forth on the inside cover page of this Official Statement.

The 2022T Restructuring Bonds will be issued in authorized denominations of \$100,000 or any whole multiple of \$1,000 in excess thereof, and the 2022TE Restructuring Bonds will be issued in denominations of \$5,000 or any integral multiple thereof.

The 2022 Restructuring Bonds originally will be issued solely in book-entry only form to DTC or its nominee, Cede & Co., to be held in DTC's book-entry only system. So long as the 2022 Restructuring Bonds are held in the book-entry only system, DTC or its nominee will be the registered owner of the 2022 Restructuring Bonds for all purposes of the Indenture, the 2022 Restructuring Bonds and this Official Statement. For purposes of this Official Statement, DTC or its nominee, and its successors, are referred to as the "Securities Depository." See "—Securities Depository" below.

The Bank of New York Mellon is the Trustee under the Indenture and also is the Bond Registrar, Authenticating Agent and Paying Agent for the 2022 Restructuring Bonds.

Payments on the 2022 Restructuring Bonds will be made to the holders of the 2022 Restructuring Bonds as of the Record Date, or special record date, as established in the Indenture. If any Payment Date or special payment date specified for any payments to Bondholders is not a Business Day, the Trustee will make payments scheduled to be made on the next succeeding Business Day and no interest will accrue during the intervening period.

Interest on the 2022 Restructuring Bonds

Interest on the 2022 Restructuring Bonds will be calculated on the basis of a 360-day year of twelve 30-day months and will be paid to the Holder as of the Business Day preceding each Payment Date, beginning December 15, 2022, in immediately available funds by wire transfer as long as the Securities Depository is the Holder and otherwise subject to a minimum holding on the Payment Date. If any interest on the 2022 Restructuring Bonds is due on a non-Business Day, it will be made on the next Business Day, and no additional interest will accrue as a result.

The failure to pay accrued interest on any Payment Date (even if the failure is caused by a shortfall in 2022 Restructuring Charges received) will result in an Event of Default for the 2022 Restructuring Bonds unless such failure is cured within five Business Days. Any interest not paid when due (plus interest on the defaulted interest at the applicable interest rate to the extent lawful) will be payable to the Bondholders on a special record date as provided in the Indenture and the Administration Agreement.

Principal of the 2022 Restructuring Bonds

Scheduled payments of principal on each tranche of the 2022 Restructuring Bonds are reflected on the Expected Amortization Schedule below.

To the extent funds are available in the Collection Account (other than funds in the Upfront Financing Costs Subaccount), principal payments shall be made on each Payment Date in accordance with the priority of payment set forth below under the heading “SECURITY FOR THE BONDS—How Funds in the Collection Account Will Be Allocated,” with scheduled payments of principal of the Bonds being made to the Holders of the 2022T Restructuring Bonds and 2022TE Restructuring Bonds in order of their Final Maturity Dates.

No principal payment on any tranche of Bonds shall be made on any Payment Date prior to the payment in full of all of the principal of all tranches of such Bonds with an earlier Final Maturity Date and no principal payments on any tranche of Bonds shall be made until interest due on all Bonds on such Payment Date is paid in full. No principal payment shall be made on any 2022TE-1 Restructuring Tranche-1 through 2022TE-1 Restructuring Tranche-20 Bonds prior to the Scheduled Maturity Date for such Bonds. Notwithstanding the foregoing, if an Event of Default under the Indenture should occur and be continuing, the unpaid principal amount of all Bonds and the accrued interest thereon may be declared immediately due and payable (see “THE INDENTURE—Events of Default” and “THE INDENTURE—Remedies—Acceleration”). In addition, the 2022TE Restructuring Bonds subject to optional redemption may be optionally redeemed (see “—Redemption—Optional Redemption” below).

Partial payments of any scheduled payments will be allocated within 2022 Restructuring Bonds of a particular tranche pro rata. Partial payments of any scheduled payments will be allocated between tranches of 2022 Restructuring Bonds with the same Final Maturity Date on a pro rata basis.

The entire unpaid principal balance of each tranche of the 2022 Restructuring Bonds will be due and payable on the Final Maturity Date for the tranche. It shall not constitute an Event of Default if Bonds are not paid earlier in accordance with the Expected Amortization Schedule (so long as all available amounts held under the Indenture are applied in accordance with its provisions).

The Trustee will make each payment other than the final payment with respect to any 2022 Restructuring Bonds to the holders of record of the 2022 Restructuring Bonds of the applicable tranche on the Record Date for that Payment Date. The Trustee will make the final payment for each tranche of 2022 Restructuring Bonds, however, only upon presentation and surrender of the 2022 Restructuring Bonds of that tranche at the office or agency of the Trustee specified in the notice given by the Trustee of the final payment. The Trustee will mail notice of the final payment to the Bondholders no later than five days prior to the final Payment Date, specifying the date set for the final payment and the amount of the payment.

The Expected Amortization Schedule is set forth below for each tranche of the 2022 Restructuring Bonds.

Expected Amortization Schedule

Tranche	Initial Principal Amount	Scheduled Maturity Date**	Final Maturity Date**
Series T-1*	\$20,945,000	December 15, 2023	December 15, 2025
Series T-2*	11,650,000	December 15, 2029	December 15, 2031

Series TE-2-7*	27,550,000	December 15, 2050	September 15, 2052

* Subject to Sinking Fund Payments. See “—Redemption-Mandatory Sinking Fund Redemption; Expected Sinking Fund Schedules” below

** If such date is not a Business Day, the next Business Day without additional interest

The rate of principal payments on each tranche of the 2022 Restructuring Bonds, the aggregate amount of each interest payment on each tranche of the 2022 Restructuring Bonds and the actual final Payment Date of each tranche of the 2022 Restructuring Bonds will depend on the timing of the Servicer’s receipt of 2022 Restructuring Charges from Customers. Changes in the expected actual final payment of the tranches of the 2022 Restructuring Bonds in relation to variances in actual energy consumption levels (retail electricity delivery service sales) from forecast levels, are shown below.

Tranche	Scheduled Maturity Date	Maturity Sensitivity		Forecast Error of 15%	
		Forecast Error of 5%		Forecast Error of 15%	
		Actual Final Payment	Change (days)*	Actual Final Payment	Change (days)*

* Number is rounded to whole days

** Subject to Sinking Fund Payments. See “—Redemption—Mandatory Sinking Fund Redemption; Expected Sinking Fund Schedules”

Assumptions. For the purposes of preparing the chart above, the following assumptions, among others, have been made: (i) the forecast error stays constant over the life of the 2022 Restructuring Bonds and is equal to an overestimate of electricity consumption of 5% (2.19 standard deviations from the mean) or 15% (6.28 standard deviations from the mean) as stated in the chart above, (ii) the Servicer makes timely and accurate filings to true-up the 2022 Restructuring Charge semi-annually through the Scheduled Maturity Date, (iii) Customers remit all 2022 Restructuring Charges an average of 42 days after such charges are billed, (iv) Customer charge-off rates are held constant at 0.28%, (v) aggregate Trustee fee and Administrator fee is \$900,000 annually, Servicing Fee is 0.05% of initial principal amount of the 2022 Restructuring Bonds and there are no other costs or expense reimbursements, (vi) there is no acceleration of the Final Maturity Date of the 2022 Restructuring Bonds, (vii) none of the 2022 Restructuring Bonds that are subject to optional redemption prior to maturity are optionally redeemed, and (viii) the closing date is September 29, 2022.

The rate of principal payments, the amount of each interest payment and the actual final Payment Date of each tranche of the 2022 Restructuring Bonds will depend primarily on the timing of receipt of collected 2022 Restructuring Charges by the Trustee as adjusted by the True-Up Adjustment mechanism. The aggregate amount of collected 2022 Restructuring Charges and the rate of principal amortization on the 2022 Restructuring Bonds will depend, in part, on actual energy usage and the rate of delinquencies and write-offs. The 2022 Restructuring Charges are required to be adjusted from time to time based in part on the actual rate of collected 2022 Restructuring Charges. However, there is no assurance that the Servicer or its subcontractor will be able to forecast accurately actual electricity usage and the rate of delinquencies and write-offs or implement adjustments to the 2022 Restructuring Charges that will cause collected 2022 Restructuring Charges to be received at any particular rate. See “RISK FACTORS—Servicing and Operating Risks” and “THE FINANCING ORDER—True-Up Adjustment Mechanism.”

The 2022 Restructuring Bonds may be retired later than expected. Except in the event of an acceleration of the Final Maturity Date of the 2022 Restructuring Bonds after an Event of Default, however, the 2022 Restructuring Bonds will not be paid at a rate faster than that contemplated in the Expected Amortization Schedule for each tranche of the 2022 Restructuring Bonds even if the receipt of collected 2022 Restructuring Charges is accelerated. Instead, receipts in excess of the amounts necessary to amortize the 2022 Restructuring Bonds in accordance with the Expected Amortization Schedule, to pay interest and redemption price, if any, and all other Ongoing Financing Costs and any other related fees and expenses and to fund deficiencies in the Operating Reserve Subaccount and the Debt Service Reserve Subaccount will be allocated to the Excess Funds Subaccount. Amounts on deposit in the Excess Funds

Subaccount will be taken into consideration in calculating the next True-Up Adjustment. Acceleration of the Final Maturity Date after an Event of Default in accordance with the terms thereof will result in payment of principal earlier than the related Scheduled Maturity Dates.

Fees and Expenses

As set forth in the table below, the following annual fees and expenses will be payable from Charge Collections and Investment Earnings before debt service payments are made on the 2022 Restructuring Bonds.

<u>Recipient</u>	<u>Fees and Expenses Payable</u>
Trustee	Trustee fees, indemnity payments (to the extent not in excess of \$800,000 in each calendar year) and expense reimbursements
Servicer	Servicing Fees not in excess of (i) 0.05% of the aggregate initial principal amount of the 2022 Restructuring Bonds (plus reimbursement for costs and expenses incurred in carrying out its obligations under the Servicing Agreement) or (ii) 0.60% for a Successor Servicer not affiliated with the owner of the T&D System Assets or performing similar services for the owner of the T&D System Assets
Administrator	\$100,000 annually
Issuer	Indemnity payments and expense reimbursements

That portion of the annual Servicing Fee payable to any Servicer not affiliated with the owner of the T&D System Assets or performing similar services for the owner of the T&D System Assets in excess of 0.60% of the aggregate initial principal amount of the 2022 Restructuring Bonds shall be paid after debt service payments are made on the 2022 Restructuring Bonds. Indemnity amounts due to the Trustee in excess of \$800,000 in each calendar year shall also be paid after debt service payments are made on the 2022 Restructuring Bonds.

Redemption

Optional Redemption.

2022T Restructuring Bonds. The 2022T Restructuring Bonds are subject to redemption prior to their Scheduled Maturity Date, at the option of the Issuer, as a whole or in part (and, if in part, from such maturities as the Issuer shall direct), on any date, at the Make-Whole Redemption Price for such 2022T Restructuring Bonds. The Make-Whole Redemption Price will be calculated by an independent banking institution or independent financial advisor appointed by the Issuer.

“Make-Whole Redemption Price” means for each maturity of the 2022T Restructuring Bonds the greater of (i) 100% of the principal amount of the 2022T Restructuring Bonds of such maturity to be redeemed or (ii) the sum of the present value of the remaining scheduled payments of principal of and interest on the 2022T Restructuring Bonds of such maturity to be redeemed, not including any portion of those payments of interest accrued and unpaid as of the date on which the 2022T Restructuring Bonds are to be redeemed, discounted on a semi-annual basis to the date on which the 2022T Restructuring Bonds of such maturity are to be redeemed, assuming a 360-day year containing twelve 30-day months, at the Treasury Rate, (i) plus 10 basis points (0.10%) for Tranche 1 of the 2022T Restructuring Bonds (ii) plus 20 basis points (0.20%) for Tranche 2 of the 2022T Restructuring Bonds, and (iii) plus 25 basis points (0.25%) for Tranche 3 of the 2022T Restructuring Bonds, plus in each case accrued interest on the 2022T Restructuring Bonds of such Tranche to be so redeemed to the redemption date.

“Treasury Rate” means, with respect to any redemption date of any maturity of the 2022T Restructuring Bonds of a particular maturity, the rate per annum, expressed as a percentage of the principal amount, equal to the semi-annual equivalent yield to maturity or yield to theoretical maturity (calculated in such case as the linear interpolation between the yields of two U.S. Treasury securities) of the Comparable Treasury Issue, assuming that the Comparable Treasury Issue is purchased on the redemption date for a price equal to the Comparable Treasury Price, as calculated by the Designated Investment Banker.

“Comparable Treasury Issue” means, with respect to any redemption date for a 2022T Restructuring Bond of a particular maturity, the United States Treasury security or securities selected by the Designated Investment Banker that has an actual or theoretical maturity comparable to the remaining average life of the 2022T Restructuring Bond of the maturity to be redeemed, and that would be utilized in accordance with customary financial practice in pricing new issues of debt securities of comparable maturity to the remaining average life of the 2022T Restructuring Bond

to be redeemed. For purposes of determining the Comparable Treasury Issue for a theoretical maturity, the U.S. Treasury securities to be utilized in the calculation of the Treasury Rate shall be (1) an actively traded U.S. Treasury security or U.S. Treasury Index whose maturity is closest to but no later than the date corresponding to the remaining average life of the 2022T Restructuring Bonds to be redeemed, and (2) an actively traded U.S. Treasury security or U.S. Treasury Index whose maturity is closest to but no earlier than the date corresponding to the remaining average life of the 2022T Restructuring Bonds to be redeemed.

“Comparable Treasury Price” means, with respect to any redemption date for a 2022T Restructuring Bond of a particular maturity.

2022TE Restructuring Bonds. The 2022TE Restructuring Bonds with a Final Maturity Date on or prior to December 15, 2034 are not subject to optional redemption prior to maturity at the option of the Issuer. The 2022TE Restructuring Bonds with a Final Maturity Date on or after December 15, 2035 are subject to redemption at the option of the Issuer in whole or in part, in any order, from time to time on any Business Day on and after December 15, 2032 upon payment of the redemption price of 100% of the principal amount of the 2022TE Restructuring Bonds to be redeemed, together with accrued interest to the redemption date.

Mandatory Sinking Fund Redemption; Expected Sinking Fund Schedules. The Term Bonds under the Indenture shall be subject to redemption, on and after the applicable dates set forth below from Sinking Fund Payments, at a redemption price of 100% of the principal amount of the applicable Term Bonds to be redeemed, together with accrued interest to the redemption date. On each Scheduled Sinking Fund Redemption Date, the applicable Term Bonds shall be redeemed, from and to the extent of funds available for such purpose, until the Outstanding Amount of such Term Bonds has been reduced to an amount equal to the Minimum Remaining Outstanding Amount for such Term Bonds for such date. As used herein, the Minimum Remaining Outstanding Amount for the applicable Term Bonds shall mean the amount shown below as the Minimum Remaining Outstanding Amount, subject to the next succeeding sentence. In the event that a portion of such Term Bonds shall no longer be outstanding on a Scheduled Sinking Fund Redemption Date by reason other than mandatory sinking fund redemption, the Minimum Remaining Outstanding Amount for such each date shown below shall be reduced pro rata to the extent practicable given the Minimum Denominations permitted for such Term Bonds to reflect the remaining Outstanding Amount of the applicable Term Bonds. The reduced Minimum Remaining Outstanding Amount for each Scheduled Sinking Fund Redemption Date shown below shall be conclusively evidenced by delivery of an Officer's Certificate to the Trustee setting forth such amount. Any amounts paid on the Term Bonds on the Final Maturity Date shall be applied as a payment of a maturity of such Term Bonds and not as a redemption. The Expected Sinking Fund Schedules below set forth the Scheduled Sinking Fund Redemption Dates, the scheduled Outstanding Amount as of each such date, the scheduled Sinking Fund Payment for each such date and the Minimum Remaining Outstanding Amount as of such date for each Term Bond.

12/15/2050	\$4,880,000	\$4,880,000	\$0

Notwithstanding the foregoing, if an Event of Default under the Indenture shall have occurred and be continuing, the unpaid principal amount of all 2022 Restructuring Bonds and accrued interest thereon may be declared due and payable (see “THE INDENTURE—Events of Default” and “THE INDENTURE—Remedies—Acceleration”). In addition, the 2022 Restructuring Bonds subject to optional redemption may be optionally redeemed (see “—Redemption—Optional Redemption” above).

Selection of 2022 Restructuring Bonds for Redemption. If less than all of the 2022 Restructuring Bonds of a tranche are to be redeemed, DTC and the direct participant and, where appropriate, indirect participants will determine the particular eligible 2022 Restructuring Bonds of a tranche to be redeemed in accordance with their procedures as from time to time in effect. If the 2022 Restructuring Bonds are not registered in book-entry only form, the particular 2022 Restructuring Bonds of a tranche to be redeemed will be determined by the Trustee, using such method as it deems fair and appropriate. See “Book-Entry-Only System” in Schedule 2 to this Official Statement.

Notice of Redemption. If any of the 2022 Restructuring Bonds are to be redeemed, notice of such redemption is to be mailed by the Trustee to Holders of such 2022 Restructuring Bonds to be redeemed not less than 30 days preceding each redemption date. Any notice of optional redemption may provide that such redemption is conditioned on, among other things, the availability of sufficient moneys on the redemption date.

The Trustee, so long as a book-entry-only system is used for determining ownership of the 2022 Restructuring Bonds, shall send the notice to DTC or its nominee, or its successor. Any failure of DTC or a direct participant or, where appropriate, indirect participants to do so, or to notify a Beneficial Owner of a 2022 Restructuring Bond of such

redemption, will not affect *the* sufficiency or the validity of the redemption of such 2022 Restructuring Bond. The Issuer can make no assurances that DTC, direct participants, indirect participants or other nominees of the Beneficial Owners of the 2022 Restructuring Bonds to be redeemed will distribute such notices to the Beneficial Owners of such 2022 Restructuring Bonds, or that they will do so on a timely basis. See “Book-Entry-Only System” in Schedule 2 to this Official Statement.

Registration and Transfer of the 2022 Restructuring Bonds

2022 Restructuring Bonds in definitive form will be transferable and exchangeable at the office of the registrar identified in this Official Statement. The Trustee will be the initial registrar. There will be no service charge for any registration or transfer of the 2022 Restructuring Bonds, but the Trustee may require the owner to pay a sum sufficient to cover any tax or other governmental charge.

The Issuer will issue each tranche of the 2022 Restructuring Bonds in the minimum initial denominations set forth in this Official Statement.

Securities Depository

The 2022 Restructuring Bonds will be available to investors only in book-entry form. DTC will act as securities depository for the 2022 Restructuring Bonds. Bondholders may hold the 2022 Restructuring Bonds through DTC or in any other manner described in this Official Statement. See Schedule 2 to this Official Statement for a description of DTC and its book-entry-only system that will apply to the 2022 Restructuring Bonds.

As long as the book-entry system is used for the 2022 Restructuring Bonds, as to 2022 Restructuring Bonds held through DTC, the Trustee and the Issuer will give any notice required to be given owners of the 2022 Restructuring Bonds only to DTC. BENEFICIAL OWNERS SHOULD MAKE APPROPRIATE ARRANGEMENTS FOR THE DIRECT PARTICIPANT THROUGH WHOSE DTC ACCOUNT THEIR BENEFICIAL OWNERSHIP INTEREST IS RECORDED TO RECEIVE NOTICES THAT MAY BE CONVEYED TO DIRECT PARTICIPANTS AND INDIRECT PARTICIPANTS.

Access of Bondholders

Upon written request of any Bondholder or group of Bondholders, each of whom has held its 2022 Restructuring Bond for at least six months, the Trustee will afford the Bondholder or Bondholders making such request a copy of a current list of Bondholders for purposes of communicating with other Bondholders with respect to their rights under the Indenture unless the Trustee agrees to mail the desired communication, on behalf of and at the expense of the requesting Bondholders, to all Bondholders.

SECURITY FOR THE 2022 RESTRUCTURING BONDS

The 2022 Restructuring Bonds issued under the Indenture will be non-recourse obligations and are payable solely from and secured solely by a pledge of and lien on the 2022 Restructuring Property and the other 2022 Collateral as provided in the Indenture. No collateral securing the Prior Restructuring Bonds, or future restructuring bonds issued pursuant to separate financing orders, if any, shall be collateral for the 2022 Restructuring Bonds. If and to the extent the 2022 Restructuring Property and the other 2022 Collateral are insufficient to pay all amounts owing with respect to the 2022 Restructuring Bonds, then the Bondholders will have no claim in respect of such insufficiency against the Issuer, the Authority, LIPA or any other person. By the acceptance of the 2022 Restructuring Bonds, the Bondholders waive any such claim.

The Indenture securing the 2022 Restructuring Bonds is separate and distinct from the indentures securing the Prior Restructuring Bonds.

Pledge of 2022 Collateral

To secure the payment of principal of and interest on the 2022 Restructuring Bonds, the Issuer will pledge to the Trustee all of its right, title and interest (whether owned on the Issuance Date or thereafter acquired or arising) in and to the following:

- the 2022 Restructuring Property transferred by the Seller to the Issuer pursuant to the Sale Agreement and all proceeds thereof, including the 2022 Restructuring Charges as estimated, determined and adjusted from time to time pursuant to the Servicing Agreement in accordance with Financing Order No. 6,

- the statutory lien pursuant to the Securitization Law,
- the Sale Agreement,
- the Servicing Agreement,
- the Administration Agreement,
- the Collection Account, all subaccounts thereof (except for the Upfront Financing Costs Subaccount) and all amounts or investment property on deposit therein or credited thereto from time to time,
- the security interest with respect to the 2022 Restructuring Property granted by the Seller to the Issuer in the Sale Agreement,
- all present and future claims, demands, causes and choses in action in respect of any or all of the foregoing and all payments on or under and all proceeds of every kind and nature whatsoever in respect of any or all of the foregoing, including all proceeds of the conversion thereof, voluntary or involuntary, into cash or other liquid property, all cash proceeds, accounts, accounts receivable, notes, drafts, acceptances, chattel paper, checks, deposit accounts, securities accounts, insurance proceeds, condemnation awards, rights to payment of any and every kind, and other forms of obligations and receivables, instruments and other property which at any time constitute all or part of or are included in the proceeds of any of the foregoing, and
- all proceeds in respect of any or all of the foregoing.

The foregoing assets in which the Issuer, as assignee of the Seller, will grant the Trustee a security interest are referred to herein as the “2022 Collateral.” See “—How Funds in the Collection Account Will Be Allocated.”

The 2022 Collateral does not include:

- any amounts required to be released pursuant to or contemplated by the terms of the Indenture,
- proceeds from the sale of the 2022 Restructuring Bonds required to pay the purchase price of the 2022 Restructuring Property pursuant to the Sale Agreement and the Upfront Financing Costs related to the 2022 Restructuring Bonds as deposited into the Upfront Financing Costs Subaccount (together with any interest earnings thereon), and
- the Prior Restructuring Properties, or any restructuring property that may be created pursuant to any future financing order other than Financing Order No. 6, including the Additional Financing Orders.

Security Interest in 2022 Collateral

As provided in the Securitization Law, a valid and enforceable lien and security interest in 2022 Restructuring Property will attach and be perfected at the time the pledge is made. The lien and security interest attach without any physical delivery of 2022 Collateral or other act. The lien and security interest will be valid, binding, and perfected against all parties having claims of any kind in tort, contract or otherwise against the Seller, regardless of whether the parties have notice of the lien and will be superior to any judicial lien or other lien obtained by such parties. The Securitization Law provides that the pledge is continuously perfected and has priority over any other lien created by the operation of law or otherwise that may be created subsequently. Any pledge of the 2022 Restructuring Property will have a perfected security interest in the revenues and proceeds of the 2022 Restructuring Property that are deposited in an account even if those revenues or proceeds are commingled with other funds. The Securitization Law also provides that any other security interest that may apply to the revenues or proceeds of the 2022 Restructuring Property will be terminated when such funds are transferred to a segregated account for the benefit of the Trustee or the Bondholders. Similarly, Financing Order No. 6 provides that the 2022 Restructuring Property may be pledged to secure the payment of the 2022 Restructuring Bonds, all other Ongoing Financing Costs, and other amounts owed pursuant to the transaction documents relating to the 2022 Restructuring Bonds.

Certain items of the 2022 Collateral may not constitute 2022 Restructuring Property and the perfection of the Trustee’s security interest in those items of 2022 Collateral would therefore be subject to the UCC or common law and not the Securitization Law. These items consist of the Issuer’s rights in:

- the Sale Agreement, the Servicing Agreement, the Administration Agreement and any other Basic Documents,

- the Operating Reserve Subaccount, the Debt Service Reserve Subaccount, or any other funds on deposit in the Collection Account which do not constitute 2022 Restructuring Charge collections together with all instruments, investment property or other assets on deposit therein or credited thereto and all financial assets and securities entitlements carried therein or credited thereto which do not constitute Charge Collections,
- all accounts, chattel paper, deposit accounts, documents, general intangibles, goods, instruments, investment property, letters-of-credit, letter-of-credit rights, money, commercial tort claims and supporting obligations and all of its other property to the extent not 2022 Restructuring Property, and
- proceeds of the foregoing items.

Additionally, any contractual rights the Issuer has against retail electric delivery customers (other than the irrevocable right to impose 2022 Restructuring Charges and rights otherwise included in the definition of 2022 Restructuring Property) would be collateral to which the UCC applies.

As a condition to the issuance of the 2022 Restructuring Bonds, the Issuer must make all filings and take any other action required by the UCC or common law to perfect the lien of the Trustee in all the items included in 2022 Collateral which do not constitute 2022 Restructuring Property. The Issuer will also covenant to take all actions necessary to maintain or preserve the lien and security interest on a first priority basis. Under the Indenture, the Trustee is required to file any necessary UCC continuation statements. The Issuer will represent, along with the Seller, at the time of issuance of the 2022 Restructuring Bonds, that no prior filing has been made with respect to that party under the terms of the UCC, other than a filing which provides the Trustee with a lien and first priority perfected security interest in the 2022 Collateral.

Lien on 2022 Restructuring Property

Pursuant to the Indenture, the Issuer will pledge to the Trustee all of the Issuer's right, title and interest in and to the 2022 Restructuring Property. Pursuant to the Securitization Law, this pledge will constitute a first priority statutory lien on the 2022 Restructuring Property.

Under the Financing Agreement (described below), LIPA previously transferred to the Authority all of its right, title and interest in and to its revenues to provide security for the Authority's indebtedness. See "THE SELLER – Relationship of the Authority to LIPA." Pursuant to the Authority's General Resolution and the Authority's Electric System General Subordinated Revenue Bond Resolution adopted on May 20, 1998 (the "Subordinated General Resolution"), the Authority issues bonds and other obligations (including swap or other interest rate hedging obligations) that are secured by a lien upon substantially all of the revenues of the Authority. The revenues that are subject to the lien of the Authority's General Resolution and Subordinated General Resolution include, among other things, revenues, rates, fees, charges, and other income and receipts from the operations of any subsidiary of the Authority (including LIPA). The Authority's General Resolution specifically excludes from the revenues that are subject to the lien, amounts constituting "Transition Charges." "Transition Charges," under the General Resolution, are defined as any rates, fees, charges or surcharges relating to the Authority's transmission and distribution system or its customers that are established by an irrevocable rate order or other action in connection with the issuance of debt or other securities other than under the Authority's General Resolution to the extent that those rates, fees, charges or surcharges are pledged as security for such debt or other securities. The Subordinated General Resolution imposes a lien on the same revenues as the General Resolution. Financing Order No. 6 contains a conclusion of law that the 2022 Restructuring Charges are "transition charges" as defined in the General Resolution and that they are not subject to the lien thereof. In addition, the Authority will make a representation in the Sale Agreement to the effect that it is transferring the 2022 Restructuring Property free of any Liens. Hawkins Delafield & Wood LLP expects to render an opinion in connection with the issuance of the 2022 Restructuring Bonds to the effect that the 2022 Restructuring Charges are not subject to the lien of the General Resolution or the Subordinated General Resolution.

Indenture Accounts

Prior to the Issuance Date, the Issuer will open or cause to be opened, at the Trustee's office located at the Corporate Trust Office, or at another Eligible Institution, the Collection Account, which shall be one or more segregated trust accounts in the Trustee's name for the deposit of Charge Collections and all other amounts received with respect to the 2022 Collateral or under the Servicing Agreement. The Collection Account will consist of four Subaccounts: the General Subaccount, the Excess Funds Subaccount, the Reserve Subaccount, and the Upfront Financing Costs Subaccount. The Reserve Subaccount will consist of two subaccounts: the Operating Reserve

Subaccount and the Debt Service Reserve Subaccount. Unless the context indicates otherwise, a reference in this Official Statement to the Collection Account means the Subaccounts (including the Subaccounts within the Reserve Subaccount) contained therein. For administrative purposes, the Subaccounts may be established by the Trustee as separate accounts.

The Servicer will remit 2022 Restructuring Charge payments to the Collection Account in the manner described under “THE 2022 RESTRUCTURING BONDS—How Funds in the Collection Account Will Be Allocated.”

Collection Account. Prior to the initial Payment Date, all amounts in the Collection Account (other than funds deposited into the Operating Reserve Subaccount up to the Required Operating Reserve Level, in the Debt Service Reserve Subaccount up to the Required Debt Service Reserve Level, and in the Upfront Financing Costs Subaccount up to the amount initially deposited therein) shall be allocated to the General Subaccount.

General Subaccount. The General Subaccount will hold all funds held in the Collection Account that are not held in the other three subaccounts. The Allocation Agent will transfer to the General Subaccount, on each Business Day, and to the extent that funds are available in the Allocation Account, the estimated amount of Charge Collections and the Remittance Shortfall from the Allocation Account. On each Payment Date, the Trustee will draw on amounts in the General Subaccount to pay the Issuer’s expenses and to pay interest and make scheduled payments on the 2022 Restructuring Bonds, and to make other payments and transfers in accordance with the terms of the Indenture.

Excess Funds Subaccount. The Trustee, at the direction of the Servicer, will allocate to the Excess Funds Subaccount Charge Collections available with respect to any Payment Date in excess of amounts necessary to make the payments specified on such Payment Date. The Excess Funds Subaccount will also hold all Investment Earnings on the Collection Account in excess of such amounts.

Reserve Subaccount. In connection with the issuance of the 2022 Restructuring Bonds:

- the Authority will deliver to the Trustee for deposit into the Operating Reserve Subaccount an amount equal to the Required Operating Reserve Level, which will be an amount equal to 0.5% of the initial aggregate principal amount of the 2022 Restructuring Bonds; and
- the Issuer will deliver to the Trustee for deposit into the Debt Service Reserve Subaccount an amount from the 2022 Restructuring Bond proceeds equal to the Required Debt Service Reserve Level.

Upfront Financing Costs Subaccount. The Upfront Financing Costs Subaccount is to be funded by the proceeds of the 2022 Restructuring Bonds in the amount expected to be used for Upfront Financing Costs as provided in the Issuance Advice Letter. Any amounts in the Upfront Financing Costs Subaccount not required to pay Upfront Financing Costs may be used to pay Ongoing Financing Costs.

The Trustee shall have sole dominion and exclusive control over all money in the Collection Account and shall apply such money as provided in the Indenture. Each account shall remain at all times with a securities intermediary (within the meaning of Section 8-102(a)(14) of the UCC).

Withdrawals from and deposits to each of the foregoing Subaccounts of the Collection Account shall be made as set forth in “—How Funds in the Collection Account Will Be Allocated.”

The Collection Account shall at all times be maintained in an Eligible Account and only the Trustee shall have access to the Collection Account for the purpose of making deposits in and withdrawals from the Collection Account in accordance with the Indenture. Funds in the Collection Account shall not be commingled with any other moneys. Funds in the Collection Account may be invested only in “Eligible Investments” that mature or are redeemable at the option of the holder on or prior to the Business Day next preceding the next Payment Date. The Indenture prohibits Eligible Investments credited to the Collection Account from being sold, liquidated or otherwise disposed of at a loss prior to the maturity or redemption date thereof.

Except as provided in the Indenture as described under “General Provisions Regarding the Collection Account,” all money deposited from time to time in the Collection Account, all deposits therein pursuant to the Indenture, and all investments made in Eligible Investments with such money, including all income or other gain from such investments, shall be held by the Trustee in the Collection Account as part of the 2022 Collateral (except for amounts in the Upfront Financing Costs Subaccount). The Trustee shall have no liability in respect of losses incurred

as a result of the liquidation of any Eligible Investment prior to its stated maturity or its date of redemption or the failure of the Issuer to provide timely written investment direction. All amounts in the Collection Account (except for amounts in the Upfront Financing Costs Subaccount) must be used, to the extent practical, to make the final payments of principal and interest on the 2022 Restructuring Bonds and all other Ongoing Financing Costs or to make refunds to Customers to the same extent such Customers would have been required to pay 2022 Restructuring Charges. When no 2022 Restructuring Bonds remain Outstanding and all Ongoing Financing Costs (including any rebate or other amounts payable to the United States of America under Section 148 of the Code) have been paid, or their payment provided for, in full, then the balance, if any, in the Collection Account (including all subaccounts therein) shall be deposited in the Operating Reserve Subaccount and paid to or at the direction of the Issuer and applied to customer refunds in accordance with Financing Order No. 6. In the event the Issuer issues additional restructuring bonds as permitted by Securitization Law and the Indenture and as described below under “—Additional Bonds” to refund any 2022 Restructuring Bonds, amounts may be withdrawn from the Operating Reserve Subaccount to pay the 2022 Restructuring Bonds to be refunded; provided, however, that immediately after such withdrawal, an amount at least equal in the aggregate to the Required Operating Reserve Level then applicable to the remaining 2022 Restructuring Bonds must remain on deposit in the Operating Reserve Subaccount.

How Funds in the Collection Account Will Be Allocated

On each Payment Date, or for any amount payable under clauses (i) through (iv) below, on any Business Day upon which the Trustee receives a written request from the Administrator stating that any of such Operating Expenses payable by the Issuer will become due and payable prior to the next succeeding Payment Date, the Trustee shall pay or allocate all amounts on deposit in the Collection Account (other than amounts on deposit in the Debt Service Reserve Subaccount, which shall be applied solely to amounts payable under clauses (v) through (vii) below), including all earnings thereon, to pay the following amounts, in accordance with the Semi-annual Servicer Certificate, in the following priority:

(i) all fees, costs, expenses (including legal fees and expenses) and, to the extent not in excess of \$800,000 in each calendar year, indemnity amounts owed by the Issuer to the Trustee under the applicable Basic Documents shall be paid to the Trustee,

(ii) the Servicing Fee for such Payment Date and all unpaid Servicing Fees from prior Payment Dates, to the extent of Servicing Fees not in excess of 0.60% of the aggregate initial principal amount of the 2022 Restructuring Bonds in each calendar year, shall be paid to the Servicer,

(iii) the Administration Fee and all unpaid Administration Fees from prior Payment Dates shall be paid to the Administrator,

(iv) the payment of all other Operating Expenses (other than as provided in clauses (viii) and (ix) below) for such Payment Date shall be paid to the Persons entitled to such payment,

(v) (A) first, any overdue interest (together with, to the extent lawful, interest on such overdue interest at the applicable Bond Interest Rate) and (B) second, interest for such Payment Date shall be paid to the Holders,

(vi) principal due and payable on the 2022 Restructuring Bonds as a result of an Event of Default (assuming the 2022 Restructuring Bonds have been declared immediately due and payable) or on the Final Maturity Date of a tranche of the 2022 Restructuring Bonds shall be paid to the Holders,

(vii) principal for such Payment Date will be paid to Holders in accordance with the priorities described in “THE 2022 RESTRUCTURING BONDS—Principal of the 2022 Restructuring Bonds” above,

(viii) indemnity amounts owed by the Issuer to the Trustee to the extent in excess of \$800,000 in each calendar year, shall be paid to the Trustee and premiums for directors’ and officers’ liability insurance for trustees and officers of the Issuer shall be paid to the provider of such insurance, or, if such premium is paid by the Administrator pursuant to the Administration Agreement, the amount of such premium shall be paid to the Administrator in reimbursement thereof,

(ix) the Servicing Fee for such Payment Date, and all unpaid Servicing Fees from prior Payment Dates, to the extent of Servicing Fees in excess of 0.60% of the aggregate initial principal amount of the 2022 Restructuring Bonds in each calendar year, shall be paid to the Servicer,

(x) the amount, if any, by which the Required Debt Service Reserve Level exceeds the amount in the Debt Service Reserve Subaccount as of such Payment Date will be paid or allocated to the Debt Service Reserve Subaccount,

(xi) the amount, if any, by which the Required Operating Reserve Level exceeds the amount in the Operating Reserve Subaccount as of such Payment Date will be paid or allocated to the Operating Reserve Subaccount,

(xii) the amount, if any, by which the amount in the Debt Service Reserve Fund exceeds the Required Debt Service Reserve Level on any Payment Date shall be retained in the Debt Service Reserve Fund until the next Payment Date, at which time such excess amount in the Debt Service Reserve Fund shall be applied to the payment of amounts then due under clauses (v) through (vii) above prior to any other monies available for such purpose and, to the extent that such excess amount exceeds amounts then due under such clause on such next Payment Date, such excess amount shall continue to be held in the Debt Service Reserve Fund and shall be applied under such clauses (v) through (vii) above prior to any other monies available for such purpose on succeeding Payment Dates until fully applied; and

(xiii) the balance, if any, will be paid or allocated to the Excess Funds Subaccount for distribution on subsequent Payment Dates.

If on any Payment Date, or for any amounts payable under clauses (i) through (iv) above, on any Business Day, funds on deposit in the General Subaccount are insufficient to make the payments contemplated in clauses (i) through (ix) above, the Trustee shall (i) first, draw from amounts on deposit in the Excess Funds Subaccount and (ii) second, draw from amounts on deposit in the Operating Reserve Subaccount, in each case, up to the amount of such shortfall in order to make the payments contemplated by clauses (i) through (ix) above; provided, however, that if on the December 15, 2022, Payment Date, funds on deposit in the General Subaccount are insufficient to make the payments contemplated by clause (v) above, then the Bond Trustee shall (i) first draw from amounts on deposit in the Excess Funds Subaccount and (ii) second, draw from amounts on deposit in the Debt Service Reserve Account, up to the amount of such shortfall in order to make the payments contemplated by clause (v) above. In addition, except as described in the preceding sentence, if on any Payment Date, funds on deposit in the General Subaccount, together with moneys available in the Excess Funds Subaccount and the Operating Reserve Subaccount, are insufficient to make the payments contemplated by clauses (v) through (vii) above, the Trustee shall then draw from amounts on deposit in the Debt Service Reserve Subaccount, up to the amount of such shortfall in order to make the payments contemplated by such clauses (v) through (vii) above. In addition, if on any Payment Date funds on deposit in the General Subaccount are insufficient to make the allocations contemplated by clause (x) above, the Trustee shall draw from amounts on deposit in the Excess Funds Subaccount to make such allocations. If on any Payment Date funds on deposit in the Collection Account are insufficient to make the transfers contemplated by clause (v), (vi) or (vii) above, the Trustee will allocate the funds drawn pursuant to the first and second sentences of this paragraph among the tranches pro rata as provided above.

Limited Obligation of Issuer

The 2022 Restructuring Bonds are not an obligation of the Authority, LIPA or any Successor Servicer. The 2022 Restructuring Bonds are not a debt, general obligation or a pledge of the faith and credit or taxing power of the State of New York or of any county, municipality or any other subdivision, agency or instrumentality of the State of New York. The 2022 Restructuring Bonds are limited obligations of the Issuer payable solely from the 2022 Collateral including the 2022 Restructuring Charges. The issuance of the 2022 Restructuring Bonds does not obligate the State of New York or any county, municipality or other political subdivision, agency or instrumentality of the State of New York to levy any tax or make any appropriation for the payments of the 2022 Restructuring Bonds. The Issuer has no taxing power.

Legality for Investment

With respect to the 2022 Restructuring Bonds, the Securitization Law provides that the 2022 Restructuring Bonds are securities in which all public officers and bodies of the State and all municipalities, all insurance companies and associations, banks, trust companies, savings banks and savings associations, investment companies and other persons carrying on a banking business, all trusts, estates and guardianships and all other persons who are authorized to invest obligations of the State, may properly and legally invest. The 2022 Restructuring Bonds are also securities which may be deposited with public officers and bodies of the State and all municipalities for any purpose for which such obligations of the State are authorized.

Additional Bonds

The Indenture provides that the Issuer may issue or incur additional bonds, notes or other obligations, for any purpose and secured as provided by the Laws of the State, other than by the 2022 Collateral, provided that the Rating Agency Condition has been satisfied. See “THE SECURITIZATION LAW — Prior Transactions.”

THE ISSUER

Introduction

The Issuer is a special purpose corporate municipal instrumentality of the State of New York created by subdivision 1 Section 4 of the Securitization Law and further described in Financing Order No. 6. The Securitization Law restricts the Issuer from engaging in activities other than those described in this section. The Issuer does not have any employees.

The Issuer’s assets consist or will consist of:

- the Prior Restructuring Properties (which secures only the applicable Prior Restructuring Bonds authorized by the related Prior Financing Order that created such Prior Restructuring Property) and all rights and interests under the documents relating to such Prior Restructuring Properties,
- the 2022 Restructuring Property,
- its rights under the Sale Agreement, under the Administration Agreement and under the bill of sale delivered by the Authority pursuant to the Sale Agreement,
- its rights under the Servicing Agreement and any subservicing, agency, administration, intercreditor or collection agreements executed in connection with such Servicing Agreement,
- the Collection Account and all subaccounts of such Collection Account,
- all present and future claims, demands, causes and choses in action in respect of any or all of the foregoing, and
- all payments on or under and all proceeds in respect of any or all of the foregoing.

The Indenture provides that the 2022 Restructuring Property will be pledged by the Issuer to the Trustee to secure its obligations in respect of the 2022 Restructuring Bonds. Pursuant to the Indenture, the collected 2022 Restructuring Charges remitted to the Trustee by the Servicer must be used to pay principal and interest on the 2022 Restructuring Bonds, all other Ongoing Financing Costs and the Issuer’s other obligations specified in the Indenture.

Restricted Purpose

The Issuer is authorized only to:

- (i) issue restructuring bonds and use the proceeds thereof to purchase or acquire, and to own, hold and use restructuring property or to pay or fund upfront financing costs,
- (ii) contract for the servicing of restructuring property and restructuring bonds and for administrative services, and
- (iii) pledge restructuring property to secure restructuring bonds and pay all ongoing financing costs relating to the restructuring property and restructuring bonds.

The Securitization Law does not permit the Issuer to engage in any activities not directly related to these purposes, including issuing securities (other than restructuring bonds), borrowing money or making loans to other persons.

Under the Securitization Law, the Issuer is expressly prohibited from filing a petition for relief under chapter 9 of the Bankruptcy Code, which, as discussed elsewhere in this Official Statement, is the only chapter of the Bankruptcy Code potentially available for the Issuer. With respect to the Issuer, its status as a municipality and the state law prohibition against its filing of a case under chapter 9 would result in the Issuer having no access to relief under the Bankruptcy Code. It would remain subject to applicable state law concerning debtors and creditors.

Management and Fees

The Issuer's business is managed by a board consisting of three trustees appointed by the Governor of the State of New York. There is currently one vacancy. The trustees may not be trustees, directors, officers or employees of the Authority, LIPA or any successor owner of the T&D System Assets. However, officers and employees of the Authority or LIPA may be officers or employees of the Issuer. The Issuer has appointed the Chief Executive Officer, Chief Financial Officer and the General Counsel and Secretary of the Authority to the positions of Chief Executive Officer, Chief Financial Officer and the General Counsel and Secretary, respectively, with the Issuer.

The trustees have staggered terms of six years. All successor trustees shall serve for terms of six years. In the event of a vacancy, the Governor of the State of New York shall appoint a successor to serve the remainder of the unexpired term.

The trustees do not receive any salary or other compensation except for reimbursement for actual and necessary expenses incurred in the performance of official duties.

Under the Securitization Law, each trustee has a fiduciary duty to act in the best interest of the Issuer and the Governor may remove any trustee for inefficiency, neglect of duty or misconduct in office.

Relationship of the Issuer to the Authority and LIPA

The Securitization Law requires the Issuer to keep its assets and liabilities separate and distinct from the Authority, LIPA, and any other entity.

Administration Agreement

LIPA will, pursuant to an Administration Agreement between LIPA and the Issuer, provide administrative services to the Issuer, including services relating to the preparation of documents it might be required to file under applicable law. The Issuer will pay LIPA an annual administration fee of \$100,000 payable in semi-annual installments on each Payment Date. In addition to the Administration Fee, the Issuer will reimburse the Administrator for expenses it incurs in connection with services it performs under the Administration Agreement.

THE SELLER

General

The Authority will be the seller of the 2022 Restructuring Property, which the Issuer will pledge to secure the 2022 Restructuring Bonds. The Authority is a corporate municipal instrumentality and a political subdivision of the State of New York, exercising essential governmental and public powers. As such, the Authority should be found to constitute a "municipality" eligible for bankruptcy relief only under chapter 9 of the Bankruptcy Code. Among the requirements for a municipality to commence a case under chapter 9 is the requirement that it be specifically authorized by state law to be a debtor under chapter 9. The Authority is explicitly authorized to file a petition under chapter 9 pursuant to its enabling legislation. See "RISK FACTORS—Bankruptcy-Related Risks."

Service Area

The Service Area consists of Nassau and Suffolk Counties in Long Island (except for the Nassau County villages of Freeport and Rockville Centre and the Suffolk County village of Greenport, each of which has an individually owned municipal electric system that supplies and distributes electricity to ultimate consumers within those municipalities) and a portion of Queens County in the City of New York known as the Rockaways. According to Bureau of Census data, the population of the Service Area was approximately 3.0 million as of July 1, 2021, which represents a slight increase since July 1, 2016. As of December 31, 2021, the Authority had approximately 1.2 million customers in the Service Area, which was a small increase from December 31, 2016.

Long Island is a significant regional economy that benefits from its proximity to Manhattan, but also generates its own income, employment, and regional output. Long Island has a highly skilled labor force, close proximity to New York City, over 20 colleges, universities and core research institutions, such as Brookhaven National Laboratory, Cold Spring Harbor Laboratory, and the technology and science developmental centers at Stony Brook and Farmingdale Universities that specialize in the areas of biotechnology, computer sciences, wireless and internet technologies, and energy. Long Island also has a highly desirable suburban lifestyle that attracts many individuals to live, work and vacation within the area.

The Long Island economy benefits from high average personal income and a service-based economy. According to 5-year estimate data published by the United States Bureau of the Census, Nassau and Suffolk Counties had median household incomes of \$120,036 and \$105,362 (in 2020 dollars), respectively, compared to a national median of \$64,994.

The table below shows Long Island’s unemployment rate as compared with the national and State unemployment rates for the periods shown (as described above under “RECENT DEVELOPMENTS – Impacts from the Coronavirus and COVID-19 Pandemic,” United States, State and Service Area unemployment rates were severely impacted by COVID-19):

Service Area Unemployment – Average Annual

Year	US ^[1]	NY ^[1]	Nassau-Suffolk ^[1]
2017	4.4%	4.7%	4.3%
2018	3.9%	4.1%	3.7%
2019	3.7%	3.8%	3.6%
2020	8.1%	10.0%	8.2%
2021	5.4%	6.9%	4.5%

Sources:

^[1] Bureau of Labor Statistics: <http://www.bls.gov/data/> (not seasonally adjusted data)

In the year ending December 31, 2021, approximately 54.2% of LIPA’s annual retail revenues were received from residential customers, 44.2% from commercial customers and 1.5% from street lighting, public authorities and certain others. The largest customer in the Service Area (the Long Island Rail Road) accounted for less than 1.5% of total sales and less than 1% of revenue. In addition, the ten largest customers in the Service Area accounted for approximately 7.3% of total sales and 6.1% of revenue.

Retail Choice. The Authority has taken several actions to promote an orderly transition to greater competition in power supply and retail customer choice in the power supply markets in the Service Area. The Authority fosters wholesale competition by offering Open Access Transmission Service to generators that wish to provide power to the NYISO or to other wholesale customers. This service is offered on a comparable basis to the regulated transmission utilities in the State that are also members of the NYISO. Retail choice (sometimes called customer choice, retail wheeling, or retail open access) refers to a process by which retail customers choose among competitive suppliers for electric capacity, energy, and ancillary services. The delivery of capacity and energy is provided by the owner and operator of the local transmission and distribution system.

Under current law, customers may purchase energy from third party providers. In 1998, the Authority adopted a retail choice program (called “Long Island Choice”), which offers electric customers the opportunity to choose an electric energy supplier other than LIPA. The program is available to all customers in the Service Area. The enabling legislation for the New York State budget passed April 1, 2019, included the repeal of the sales tax exemption under New York Tax Law §1105-C on the sale of transportation, transmission, or distribution of gas and electricity where it is sold separately from the commodity. As a result, effective June 1, 2019, non-residential customers purchasing from energy service companies must now pay sales tax on the unbundled delivery portion of their bill. This change resulted in declining customer participation in retail choice programs statewide, including the Authority’s Long Island Choice program. As of May 2022, other suppliers were selling electricity to 20 customers in the Service Area representing a total coincident peak load of 2.6 MW. 2022 Restructuring Charges will be collected from Customers in the Service Area that enroll in the Long Island Choice program. The Authority cannot make a prediction as to the effect, if any, new or revised State or federal laws addressing retail and commercial competition will have on ongoing implementation of retail competition.

On May 20, 2020, the Board approved a proposal to allow Community Choice Aggregation (“CCA”), a program that enables a municipal government to enroll customers within its jurisdiction in Long Island Choice and engage an energy service company to supply their energy. A customer whose municipal government chooses CCA will be enrolled by default, unless the customer chooses to “opt-out” of the CCA and remain a full-service Authority customer. Several municipal governments in the Service Area have taken steps to form CCAs. The Authority cannot predict how many customers will enroll. 2022 Restructuring Charges will be collected from Customers in the Service Area that enroll in a municipal government’s CCA program.

The DPS conducted a stakeholder collaborative proceeding to examine the potential benefits and challenges of retail competition on Long Island.^[1] In that proceeding, the Authority proposed changes to the Long Island Choice rate structure for purposes of simplification and transparency, which received a positive recommendation from the DPS, were adopted by the Board, and became effective on January 1, 2022. The modified rate structure will continue to ensure that the Authority recovers all its unavoidable power supply costs on an equitable basis from both bundled service customers and retail choice customers. As modified, the Authority's Power Supply Charge consists of the Market Supply Charge, which recovers LIPA's bypassable costs from its bundled customers, and the Local Supply Charge, which recovers LIPA's non-bypassable costs from its bundled and retail choice customers.

Municipalization. In addition, local governments may consider municipalization as a means to lower the cost of electric service. If municipalization were to occur, it would likely require condemnation of the T&D System Assets or construction of duplicate electric transmission and distribution facilities. Since the acquisition of LIPA by the Authority in 1998, no municipalizations have occurred in the Service Area.

Relationship of the Authority to LIPA

LIPA is a State corporation and a wholly-owned subsidiary of the Authority. Pursuant to LIPA's organizational documents, the Authority conducts and manages LIPA's business and affairs. Accordingly, LIPA is controlled by the Authority. The Authority is governed by a Board of Trustees (the "Board") as described herein.

The Authority and LIPA are parties to a Financing Agreement (the "Financing Agreement") providing for their respective duties and obligations relating to the financing and operation of the retail electric business in the Service Area, which is included herein by specific cross-reference.

Pursuant to the terms of the Financing Agreement, the Authority is to issue all debt for the Authority and LIPA. This debt includes all Bonds and Subordinated Indebtedness issued and to be issued. The proceeds of all such debt are to be treated as loaned from the Authority to LIPA, which will repay such loans from the revenues it receives from its electric business. To secure the loans, LIPA has pledged all of its revenues to the Authority, which has, in turn, pledged such revenues as security for such debt.

Pursuant to the terms of the Financing Agreement, LIPA conducts the electric business in the Service Area and provides service to customers in the Service Area. The Authority and LIPA are also parties to an Administrative Services Agreement described below under which the Authority provides personnel, personnel-related services and other services necessary for LIPA to provide electric service in the Service Area. See "LONG ISLAND POWER AUTHORITY - Management and Operation of the System."

Proposed Changes to the Authority-LIPA Relationship and Resolution. Prior to its acquisition by the Authority, LILCO was an investor-owned utility. To effectuate the acquisition, the Authority adopted the Resolution (defined below) and purchased all of the outstanding common stock of LILCO with the proceeds of the initial issuance of bonds under the Resolution. That acquisition was the subject of an Internal Revenue Service letter ruling which confirmed that the acquisition would not result in a federal tax liability to the Authority. The Authority's staff recently proposed to simplify the Authority's operations by consolidating the Authority and its subsidiary, and has successfully sought a letter ruling from the Internal Revenue Service to confirm that there would be no federal tax liability to the Authority or LIPA as a result of the merger of LIPA into the Authority. The timing of the merger is not certain but is expected to be this year or next. In addition, in light of the proposed consolidation, the staff proposed amending and restating the Resolution (as so amended and restated, the "Amended and Restated Bond Resolution"), which Amended and Restated Bond Resolution was approved and adopted by the Authority's Board on July 22, 2020. There are conditions to the effectiveness of such amendments as described below.

The Consolidation Amendments In connection with effectuating the potential consolidation, the Amended and Restated Bond Resolution contains amendments that: (i) reflect the consolidation of LIPA with the Authority and the termination of agreements between the Authority and LIPA in connection with such consolidation; (ii) delete references to agreements between the Authority and LIPA; (iii) delete references to debt of LIPA which is no longer outstanding; (iv) provide for adjustments in flow of funds provisions related to the foregoing; and (v) modify other provisions which would no longer be necessary upon the consolidation of LIPA into the Authority and the assumption of all liabilities of LIPA by the Authority (collectively, the "Consolidation Amendments").

^[1] DPS Matter No. 15-02754, *In the matter of examining the potential benefits of retail competition on Long Island*.

The Additional Amendments. In addition to the Consolidation Amendments, the Authority's staff proposed other amendments unrelated to the proposed consolidation that are generally intended to update the Resolution by (i) amending the definition of Operating Expenses and related flow of funds provisions to permit Payments in Lieu of Taxes to be paid as Operating Expense on the same basis as taxes, (ii) including an enhanced debt service coverage ratio in the Authority's rate covenant (from 100% to 110% of Debt Service, and amounts under all Parity Contract Obligations, payable by the Authority in the applicable fiscal year), (iii) including a debt service coverage ratio as a condition to issuance of Bonds, and (iv) amending various other provisions of the existing Resolution, without regard to whether the proposed merger of LIPA occurs (collectively, the "Additional Amendments" and together with the Consolidation Amendments, the "Proposed Amendments").

Effectiveness. The Proposed Amendments are subject to the consent or deemed consent of the holders of a majority in principal amount of all Outstanding Bonds. As of the date hereof, the holders of approximately 36% of the Outstanding Bonds have consented to the Proposed Amendments set forth in the Amended and Restated Resolution. However, such Proposed Amendments may become effective at a later date as a result of consents or deemed consents of holders of additional Bonds, consents solicited from other Bondholders, or the retirement or defeasance of Bonds which may reduce the principal amount of Bonds Outstanding for purposes of computing the percentage of Bondholders consenting to the proposed amendment.

The Amended and Restated Resolution will be effective upon the filing with the Trustee of consents (which have not been revoked), executed by Holders (or, to the extent provided by the Supplemental Resolution authorizing any series of Bonds, bond insurers or others deemed to be Holders or the underwriters of any series of Bonds), or upon the deemed consent of the Holders, of not less than a majority in principal amount of the Bonds then-Outstanding. The Amended and Restated Resolution provides that following its effectiveness, the Authority will mail notice of such amendment to the Holders of the Bonds as provided in the Resolution. The Resolution provides that, upon the filing of certain proofs with the Trustee as to such consent and the giving of required notice to the Holders of Bonds, the Amended and Restated Resolution and the Amendments set forth therein shall be deemed conclusively binding upon the Authority, the Trustee and the Holders of all Bonds.

Partial Effectiveness. The Authority's Board also authorized staff to file an amended and restated Resolution reflecting only the Proposed Amendments as are consented to, in the event that all Proposed Amendments do not receive the consent of a majority of the holders of Bonds outstanding, or an amended and restated Resolution reflecting only the Additional Amendments, in the event that the consolidation is not accomplished. Certain of the Proposed Amendments may not require the consent of the Holders of Bonds. Notwithstanding inclusion in the Amended and Restated Bond Resolution, the Authority reserves the right to implement any such Proposed Amendments which do not require the consent of the Holders of Bonds in accordance with the terms of the existing Resolution.

System Operation by the Authority and LIPA

To assist the Authority (acting through LIPA) in providing electric service in the Service Area, the Authority and LIPA have entered into operating agreements, the purpose of which is to provide the Authority and LIPA with the operating personnel and a significant portion of the power supply resources necessary for LIPA to provide electric service in the Service Area. Below is a summary of certain of LIPA's basic operating agreements.

T&D System management including, among other functions, the management of day-to-day operation and maintenance, customer service, billing and collection and meter reading. Commencing January 1, 2014, a wholly-owned subsidiary of Public Service Enterprise Group Incorporated ("PSEG") dedicated to the operations of the T&D System ("PSEG Long Island") became the service provider pursuant to the Amended and Restated Operations Services Agreement (the "2014 OSA"). The PSEG Long Island management company consists of 19 employees at the director level and higher. The PSEG Long Island service company consists of approximately 2,500 employees. PSEG Long Island is also the retail brand for electric service on Long Island. Further information about PSEG and PSEG Long Island can be found at <http://www.psegliny.com>. No information on that website is included herein by specific cross-reference.

On December 15, 2021, the 2014 OSA was further amended and restated, effective April 1, 2022 (the "OSA" or "reformed OSA"). The OSA has a base term of 12 years, expiring December 31, 2025. See "RECENT DEVELOPMENTS" and "THE OSA" below.

Each year, the Authority and PSEG Long Island, with involvement of the Department of Public Service (the “DPS,” which is the staff arm of the New York Public Service Commission (the “PSC”)), develop operating and capital budgets and related Performance Metrics for the services provided by PSEG Long Island. The Authority retains the ultimate authority and control over the T&D System assets and certain responsibilities, including: to determine all T&D System rates and charges; to review and approve the Authority’s consolidated budget; to represent the Authority’s interests in industry and regulatory institutions and organizations; to approve PSEG Long Island’s appointment or replacement of its senior executive team, including the president/chief operating officer; and to review and approve power and fuel supply agreements. Additionally, the Authority has the right to undertake such actions, receive additional information, consult with the representatives of PSEG Long Island and make recommendations to PSEG Long Island in order to perform the Authority’s oversight responsibilities and obligations. See “THE OSA” below.

Authority to Set Electric Rates

The Authority’s Board is empowered to set rates for electric service in the Service Area subject only to review and recommendation by the DPS under certain conditions. The LIPA Reform Act mandated that the Authority and PSEG Long Island submit to the DPS any rate proposal that seeks to increase rates above 2.5% of aggregate revenues annually, for review by the DPS and recommendation to the Board. The Board retains final rate-setting power to accept or reject any particular DPS recommendation associated with a rate proposal if the Board determines in its discretion the DPS recommendation is inconsistent with the Authority’s sound fiscal operating practices, any existing contractual or operating obligations, or the provision of safe and adequate service. The Authority did not submit a rate proposal that would have increased rates in excess of 2.5% of aggregate revenues in 2019, 2020, 2021 or 2022 and currently does not expect to file such a rate proposal in 2023.

The Authority uses the “Public Power Model” of rate-setting, which makes use of the debt service coverage method in determining revenue requirements. For the Authority this entails an annual fixed obligation coverage ratio on Authority-issued debt and leases of 1.35x for Authority debt and leases and 1.15x for Authority and UDSA debt and leases. The Authority exceeded its target in 2021 by achieving a fixed obligation ratio of 1.40x. With UDSA’s restructuring bonds included, the coverage ratio achieved was approximately 1.26x. Depreciation expense, amortization of the acquisition adjustment and of other regulatory assets, and the difference between the accrual expense and actual required cash contributions to PSEG Long Island OPEBs, are non-cash expenses excluded from the Authority’s methodology for coverage calculation.

The Authority’s coverage ratio targets were codified in a policy on Debt and Access to the Credit Markets, which can be found on its website at <https://www.lipower.org/purpose/> under the caption “Board Policies.” Such information on the website is not included herein by specific cross-reference. Achieving these financial targets involves risks and uncertainties, and therefore the Authority’s actual results may differ from the targets. See “RECENT DEVELOPMENTS “– Board Policy on Debt and Access to the Credit Markets” and “Impacts from the Coronavirus and COVID-19 Pandemic” in Appendix A.

Where to Find Information about the Authority

The Authority periodically files documents with the Electronic Municipal Market Access system (“EMMA”). In addition, for convenience, further information about the Authority can be found on the Authority’s website (www.lipower.org). No documents filed with EMMA or information on the Authority’s website is included by specific cross-reference herein.

Relationship between the 2022 Restructuring Bonds and the Authority’s Indebtedness

The Authority’s secured indebtedness is secured by a lien on all of its revenues, rates, fees, charges, and other income and receipts from the operations of any of its subsidiaries; provided, however, that, among other things, “Transition Charges” are not subject to that lien. Financing Order No. 6 contains a conclusion of law that the 2022 Restructuring Charges are “Transition Charges” and that they are not subject to the lien of the General Resolution. In addition, the Authority will make a representation in the Sale Agreement to the effect that it is transferring the 2022 Restructuring Property free of any Liens. See “SECURITY FOR THE 2022 RESTRUCTURING BONDS – Lien on 2022 Restructuring Property” in this Official Statement. Hawkins Delafield & Wood LLP expects to render an opinion in connection with the issuance of the 2022 Restructuring Bonds to the effect that the 2022 Restructuring Charges are not subject to the lien of the General Resolution or the Subordinated General Resolution.

SERVICER AND ADMINISTRATOR

General

As described herein, LIPA is a wholly-owned subsidiary of the Authority, which owns and operates the electric transmission and distribution system located in the Service Area, and the Authority and LIPA have entered into operating agreements with third parties, which provide the Authority and LIPA with the operating personnel and resources necessary for LIPA to continue to provide electric service in the Service Area. LIPA is a New York corporation and is eligible to be the subject of a voluntary or involuntary petition in a liquidation case under chapter 7 of the Bankruptcy Code or a reorganization case under chapter 11 of the Bankruptcy Code.

Servicing the 2022 Restructuring Bonds

LIPA will, pursuant to a Servicing Agreement between LIPA and the Issuer, provide services to the Issuer in connection with the servicing of the 2022 Restructuring Property, 2022 Restructuring Charges, and the 2022 Restructuring Bonds. The Issuer will pay LIPA, as Servicer, the Servicing Fee which shall be 0.05% of the aggregate initial principal amount of the 2022 Restructuring Bonds and is intended to be the estimated incremental cost of performing the Services required by the Servicing Agreement. The Servicing Fee for any Successor Servicer not affiliated with the owner of the T&D System Assets or performing similar services for the owner of the T&D System Assets may be higher than the Servicing Fee for LIPA; provided, however, that any Servicing Fee in excess of 0.60% of the aggregate initial principal amount of the 2022 Restructuring Bonds shall be subject to approval by the Authority and the Trustee. In addition to the Servicing Fee, the Issuer will reimburse the Servicer for expenses it incurs in connection with the services it performs under the Servicing Agreement. As described herein, pursuant to the OSA, PSEG Long Island will provide many of the Servicer functions on behalf of LIPA, including, among other things, billing and collection, meter reading and forecasting. See “RECENT DEVELOPMENTS - Tropical Storm Isaias and Options Analysis” in Appendix A for additional information about the relationship between the Authority and PSEG Long Island.

OSA Reforms

On June 27, 2021, the Authority reached a tentative settlement agreement with PSEG Long Island, the terms of which provided improvements to the 2014 OSA (as defined herein) in the areas outlined by the Phase II Options Analysis and prescribed by the Authority’s Board of Trustees. As of December 15, 2021, PSEG Long Island and LIPA entered into the OSA, which became effective on April 1, 2022 upon approval by the New York State Attorney General and Office of the State Comptroller. See “THE OSA” below and see “RECENT DEVELOPMENTS - Tropical Storm Isaias and Options Analysis” in Appendix A for additional information about the relationship between the Authority and PSEG Long Island. In addition, further information about PSEG and PSEG Long Island can be found at <http://www.psegliny.com>. No information on that website is included herein.

The OSA

The following is a summary of certain provisions of the OSA. This summary is not complete and reference is made to the OSA for full and complete statements of such agreement and all provisions. The OSA has been filed with the Municipal Securities Rulemaking Board’s (“MSRB”) EMMA and is included by specific cross-reference herein. For convenience, a copy of the OSA can also be found on the Authority’s website (<https://www.lipower.org/about-us/contracts-reports/>) under the caption “Major Contracts and Procurement Reports.” In addition, see “RECENT DEVELOPMENTS – Tropical Storm Isaias and Options Analysis” above.

Compensation Paid to PSEG Long Island and its Affiliates. Through 2021, the 2014 OSA provided for an annual fixed management services fee (approximately \$68.0 million in 2021) and an annual incentive compensation pool (approximately \$10.2 million in 2021), both indexed for inflation. The incentive compensation pool was earned based on favorable performance relative to approximately 26 Performance Metrics. Any revisions to the Performance Metrics included in the 2014 OSA were subject to mutual consent of LIPA and PSEG Long Island. PSEG Long Island’s incentive compensation for 2020 was \$9.1 million, which PSEG Long Island waived in consideration of the resolution of disputes with the Authority following Tropical Storm Isaias. The 2021 incentive compensation was approximately \$9.4 million.

The reformed OSA effective April 1, 2022, provides for an annual fixed management services fee (approximately \$39.9 million in 2022), a variable compensation pool (approximately \$21.0 million in 2022) and a compensation pool subject to DPS reduction (approximately \$16.6 million in 2022), all indexed for inflation. The variable compensation pool is earned based on performance relative to up to 110 Scope Function-specific Performance

Metrics set annually by the Authority (with a recommendation to the Authority's Board by DPS) and certain Gating Performance Metrics (as such terms are defined in the OSA). The compensation pool subject to DPS reduction is paid to PSEG Long Island unless the Board accepts a DPS recommendation to reduce the pool after a DPS determination that PSEG Long Island failed to follow its Emergency Response Plan or failed to provide safe, adequate and reliable service to LIPA customers.

Generally, costs and expenses (with no mark-up or profit) incurred by PSEG Long Island while providing operations services are treated as Pass-Through Expenditures and are paid by the Authority under the OSA rather than from management services fees.

In addition to management services fees, the Authority pays PSEG Long Island for services provided by PSEG affiliate companies as Pass-Through Expenditures. The majority of services provided by PSEG affiliates (approximately \$21 million annually) are for certain information technology systems and services, with other costs related to human resources, procurement, payroll, accounts payable, enterprise risk management, legal, treasury, and other miscellaneous services. The reformed OSA adds senior manager positions dedicated to the Authority's operations, including a Chief Information Officer, Chief Information Security Officer, Vice President of Business Services, Director of Human Resources, and Director of Emergency Services. These new senior manager positions are primarily dedicated to services previously managed by PSEG affiliates. Under the OSA, LIPA and PSEG Long Island have further agreed to establish and maintain information technology systems that are separate and distinct from the systems, data, reports, and information of PSEG Long Island's affiliates based in New Jersey, led by a cross-functional team and pursuant to a plan submitted on July 29, 2022 to separate all information technology systems. Additionally, the reformed OSA requires PSEG Long Island to demonstrate cost savings or improved service for hiring or retaining PSEG affiliates to perform services for the Authority. The Authority expects these actions to significantly reduce the services provided by PSEG affiliate companies over time.

Additionally, a PSEG Long Island affiliate, PSEG ER&T, provides power supply and fuel management services to LIPA under a separate contract from the OSA at a cost of approximately \$19 million per year, indexed for inflation.

Performance and Gating Performance Metrics. The variable compensation pool paid to PSEG Long Island each year is determined by performance relative to Performance Metrics and Gating Performance Metrics. The goal of the Performance Metrics is to achieve the strategic direction defined by the Authority's Board of Trustees for service to customers and industry best practices. Prior to 2022, any revisions to the Performance Metrics included in the 2014 OSA were subject to mutual consent of the Authority and PSEG Long Island. Starting in 2022, Performance Metrics are proposed annually by the Authority for final recommendation to the Board by DPS after consideration of PSEG Long Island's comments. Additionally, Gating Performance Metrics are intended to discourage singularly poor performance. Failure to achieve Gating Performance Metrics, which relate to cost management, emergency preparation and response, customer satisfaction and reliability, can reduce the variable compensation pool by 15% to 100%, depending on the metric.

PSEG Long Island and ServCo Employees. Under the OSA, PSEG Long Island provides 19 of the 33 senior managers at the director level or higher and executes management services generally as an independent contractor for the T&D System on behalf of LIPA in accordance with the standards set forth in the OSA.

ServCo, a subsidiary service company of PSEG Long Island, provides 14 of the senior managers at the director level or higher (and currently five of the 19 PSEG Long Island senior manager positions) and substantially all the operations services under the OSA. ServCo consists of approximately 2,500 employees, including the legacy LILCO and National Grid employees that transitioned employment to ServCo upon the effectiveness of the 2014 OSA. The salary and benefit costs of ServCo employees are a Pass-Through Expenditures paid by the Authority. Upon the termination of the OSA, PSEG Long Island will transfer all Membership Interests in ServCo to LIPA or, at LIPA's direction, its designee, at no cost.

Management Services. Under the OSA, except for certain rights and responsibilities reserved to LIPA, PSEG Long Island assumes and undertakes the rights and responsibilities for management of the T&D System and the establishment of programs and procedures with respect thereto, including: all electric transmission, distribution and load servicing activities for the safe and reliable operation and maintenance of the T&D System; day-to-day operation of the T&D System; power supply and planning and implementation of clean energy programs; engineering activities; preparation of recommended capital plan; preparation of long- and short-range planning analyses and forecasts; customer services; maintaining information technology and cyber-security of the T&D System; finance, accounting,

budgeting, longer-term financial forecasting and treasury operations related to the T&D System; and other general activities such as information technology, human resources, procurement, communications, environmental health and safety compliance, enterprise risk management, and implementation of emergency response and reporting.

LIPA has policy-making and oversight responsibilities and obligations for the operation and maintenance of the T&D System consistent with the LIPA Reform Act and OSA. The OSA now also requires PSEG Long Island to adhere to Board recommendations related to operations services that are also recommended by DPS. LIPA's specific rights and responsibilities with respect to the T&D System include: the right to determine all T&D System rates and charges and establish policies that govern those rates and charges; the right to review and approve the consolidated budget; the right to review and make recommendations with respect to all planning studies and load forecasts; the right to approve all power supply procurements and wholesale contracts; the right and responsibility to establish the vision and strategic directions pursuant to which PSEG Long Island will develop strategic plans; the right to guide the strategic planning and policy with respect to wholesale markets, integrated resource plan, and clean energy programs; the right to approve changes to LIPA's small generator interconnection process; the responsibility for financing the business and operations of the Authority and LIPA; the right to conduct governmental relations, external affairs, and communications related to the interests, operations, and responsibilities of LIPA; access to and ownership of T&D System information systems; responsibility for compliance with any financing documents and administration of debt service for all debt of the Authority and LIPA; overall responsibility for the Authority's and LIPA's legal matters, including reporting and related legal compliance; and the right to approve (which approval shall not be unreasonably withheld or delayed) PSEG Long Island's decisions regarding the appointment or replacement of PSEG Long Island's President and Chief Operating Officer, the four most senior executive managers responsible for operations, customer care, power supply/wholesale marketing, and administration, the Chief Information Officer, the Chief Information Security Officer, the Director of Emergency Management, the Vice President of Business Services, the Vice President of Legal, the Director of Human Resources and any other Senior Manager who is a Vice President level, Managing Director level, or above.

Termination of OSA. The OSA contains customary events of default, including bankruptcy, payment failures and failure to perform material obligations under the agreement, as well as cure rights. The OSA may be terminated upon an event of default that has not been timely cured. If a bankruptcy-related event of default occurs under the OSA, the OSA terminates immediately without further action by the non-defaulting party. For payment defaults or, in the case of PSEG Long Island and certain of its affiliates only, credit support-related defaults, the non-defaulting party may terminate upon not less than 15 Business Days' written notice to the other party. For other events of default, generally, LIPA may terminate no later than 18 months after written notice and PSEG Long Island may terminate no earlier than 18 months after written notice. Immediately upon the expiration or any earlier termination of the OSA, PSEG Long Island will transfer the membership interests in ServCo and all corporate books and records to LIPA or, at LIPA's direction, its designee at no cost to LIPA or its designee. LIPA and PSEG Long Island will mutually agree upon such instruments, agreements and other documents as may be reasonably necessary to effect such transfer.

Additional LIPA Termination Rights. LIPA may also terminate the OSA at any time upon not less than six months' notice in the event (i) the T&D System is sold, transferred or assigned, in whole or in part, to a federal, state or municipal governmental entity or to a private entity (a "LIPA Privatization") or (ii) LIPA has determined to operate and maintain the T&D System with its own employees (a "LIPA Municipalization"). In addition, if a Change of Control (as defined in the OSA) of PSEG Long Island or certain affiliated entities occurs, LIPA may terminate the OSA upon not less than thirty days' notice. The OSA contains Default Metrics related to PSEG Long Island's performance on emergency preparedness and response, customer satisfaction, and cyber security. PSEG Long Island's failing any of the Default Metrics (as defined in the OSA) gives LIPA the right to terminate the OSA. Furthermore, the OSA also contains a Duty of Candor (as defined in the OSA), which gives LIPA the right to terminate the OSA if PSEG Long Island fails to fully and accurately respond to LIPA or DPS requests or to voluntarily disclose known matters that may materially impair its performance.

Additional Service Provider Termination Rights. Under the OSA, PSEG Long Island may terminate the agreement in the event of either a (i) LIPA Privatization, (ii) LIPA Municipalization or (iii) Change in Regulatory Law (as defined in the OSA). In the event of a termination of the OSA by PSEG Long Island as a result of a LIPA Privatization, the termination date would be the closing date of the sale, transfer or assignment of the T&D System. In the event of a termination of the OSA by PSEG Long Island by reason of a LIPA Municipalization, the termination date would be the effective date of LIPA's employment of the T&D System operating and maintenance personnel or LIPA's acquisition of PSEG Long Island service company, whichever first occurs. PSEG Long Island is required to

provide LIPA with no less than six months' prior written notice of termination by reason of a LIPA Privatization or LIPA Municipalization unless PSEG Long Island receives less than six months' notice from LIPA of such event. If PSEG Long Island exercises its right to terminate the OSA by reason of a Change in Regulatory Law, the termination notice period would generally extend for 12 or 14 months. In the case of a Change in Regulatory Law that subjects PSEG Long Island (or any of its affiliates that provides Operation Services under the OSA) to rate or other substantive regulation by the DPS or any other state utility commission, the OSA will automatically terminate without notice or further action of the Parties one day prior to the effective date of such Change in Regulatory Law, unless PSEG Long Island agrees in writing to waive its termination right relating thereto. Under the OSA, LIPA has the option to extend the effective date of any termination by reason of Change in Regulatory Law on a month-to-month basis for up to a maximum of six months upon payment of an extension fee calculated in accordance with the OSA. In addition, in the case of a termination of the OSA by PSEG Long Island by assertion of Federal Energy Regulatory Commission ("FERC") jurisdiction over the OSA or PSEG Long Island, the OSA permits LIPA to submit to arbitration the question of whether a delay in the termination of the OSA would be in the public interest and fair and equitable to the LIPA and PSEG Long Island, and should, therefore, be permitted.

Service Provider as LIPA's Agent. The OSA designates PSEG Long Island as LIPA's agent to enter into (a) purchase, rental and other contracts on behalf of and for the account of LIPA to properly operate and maintain the T&D System, to maintain the records of LIPA, to make such additions and extensions to the T&D System and, as may be needed from time to time by LIPA, to enter into contracts for support and back office services related to LIPA, the T&D System, and/or LIPA's assets provided that entering into such contracts is consistent with applicable law under the OSA, and (b) to enter into contracts under LIPA's tariff with retail customers and wholesale customers/generators under LIPA's tariff. The designation as agent enhances the financial benefits and relationship between the parties under the agreement, including the ability to achieve certain sales and use tax savings.

DPS Rate Proceeding and Budgeting. The OSA establishes a process for proceedings for rate proposals that seek to increase rates above 2.5% of aggregate revenues annually, for review by the DPS and recommendation to the Board. The Authority did not submit a rate proposal that would have increased rates in excess of 2.5% of aggregate revenues in 2019, 2020, 2021 or 2022 and currently does not expect to file such a rate proposal in 2023. The OSA specifically acknowledges the Board's sole right to set final and interim rates.

The OSA provides that in any DPS rate proceeding, LIPA will provide evidentiary and other support and submit its views regarding the LIPA portion of the rate plan, and PSEG Long Island will be responsible for the rest of the rate plan, and both parties may submit their own views on the filing. If the DPS proposes a draft recommendation to either party, the parties must work together to determine if the proposed recommendation is consistent with the OSA and LIPA's statutory obligations. If the parties cannot agree on such a conclusion, but the recommendation is presented to the Trustees for approval, PSEG Long Island may present its views about the recommendation to the Trustees at any Board meeting prior to a vote. Upon receipt of a final recommendation from the DPS, the parties have 21 days to negotiate and finalize an updated budget, during which time the Board would not take final action on the DPS recommendation unless necessary to comply with bond covenants or applicable law. If agreement on the budget is not reached within 21 days, then the parties would submit the matter for resolution through expedited binding arbitration. See "RATES AND CHARGES – Authority to Set Electric Rates."

Customer Rate Changes. The OSA allows either party to propose to the other, a rate change deemed necessary, upon the same basis as stated above. Following negotiations, PSEG Long Island will prepare a proposal within 30 days for LIPA's review and within 30 days thereafter, the parties will engage in good faith discussions to agree on the rate change proposal. Following this process, the Authority can implement a change in rates or charges provided it is consistent with the OSA and the LIPA Reform Act.

Voluntary DPS Rate Filing. For any rate filing permitted, but not required under the LIPA Reform Act, the OSA sets forth that the process described above will be followed for a DPS proceeding.

Overall Cap on Certain Service Provider Liabilities. The OSA limits to \$40 million the total amount of damages and reductions in variable compensation and in the compensation pool subject to DPS reduction that can be sustained by PSEG Long Island in a year or from a single event or circumstance. Damages for willful misconduct and bad faith breach are not subject to the overall cap.

Servicing Experience

LIPA has acted as servicer of the Prior Restructuring Property created in accordance with each of the Prior Financing Orders, commencing in January 2014 in connection with the Prior Restructuring Properties securing the 2013 Restructuring Bonds. To date, the Servicer has complied with its obligations under each of the servicing agreements relating to Prior Restructuring Properties, including timely performance of its obligations relating to the True-Up Adjustment Process.

In addition, the Prior Restructuring Bonds have been paid in accordance with the expected amortization schedules therefor. For the first four months of 2016, billings and collections of the restructuring charges securing the 2013 Restructuring Bonds and the 2015 Restructuring Bonds, respectively, were approximately 5.2% below forecast principally due to unseasonably warm winter weather and greater than expected energy efficiency. On April 15, 2016, the Servicer in its capacity as servicer for such restructuring bonds, issued notices of adjustment applicable to those restructuring charges, which adjustments reflected the lower than expected billings and collections. Those adjustments were effective on May 15, 2016. In order to pay a portion of the June 15, 2016 debt service payment obligation relating to the 2013 Restructuring Bonds, \$2,422,557.92 from the then-current reserve balance of \$10,128,254.86 was withdrawn from the reserve subaccount. In order to pay a portion of the June 15, 2016 debt service payment obligation relating to the 2015 Restructuring Bonds, \$863,695.48 from the then-current 2015 reserve balance of \$20,054,812.42 was withdrawn from the operating reserve subaccount. The notices of adjustment issued on April 15, 2016 contemplated the lower than forecast sales and the need to replenish the amounts then projected to be withdrawn from the reserves with amounts to be collected from the adjusted restructuring charges. Those reserves were replenished from such adjusted restructuring charges.

Allocation Account; Remittance of 2022 Restructuring Charges; Reconciliation

Allocation Account; Daily Remittances. The Authority has established an Allocation Account that holds all Customer payments until the checks clear and allocations can be made. The Allocation Account is administered by an Allocation Agent designated by the Authority for the benefit of the Trustee, the trustees for each of the Prior Restructuring Bonds, and the trustee under the Authority's General Resolution (as defined herein). The Authority itself will continue to act as the Allocation Agent.

The Servicer is required to cause all payments from Customers (including Charge Collections) to be deposited into the Allocation Account. Customer revenues which are not directly paid into the Allocation Account by Customers and are otherwise received by the Servicer must be deposited into the Allocation Account within two Business Days' receipt by the Servicer or the Authority. On each Business Day, the Allocation Agent is required to transfer to the Trustee for deposit into the Collection Account the amount of Charge Collections estimated to have been received and deposited into the Allocation Account. Such amount is referred to as "Daily Remittances." The remaining funds in the Allocation Account on each such Business Day will be transferred to the Authority's revenue account.

Reconciliation of Actual versus Estimated Charges

Pursuant to the Servicing Agreement, within fifteen days prior to the date on which it files an Adjustment Notice with the Authority, the Servicer is required to calculate and report the amount of Actual Charge Collections during the prior Reconciliation Period as compared to the Estimated Charge Collections in that period. The Servicer is also required to calculate the amount of any Excess Remittance or Remittance Shortfall for that prior Reconciliation Period.

If a Remittance Shortfall exists, the Servicer will cause the Allocation Agent to make a supplemental remittance from the Allocation Account to the Collection Account within two Business Days after such calculation. If an Excess Remittance exists, the Servicer will cause the Excess Remittance to be corrected as soon as practicable by either (1) reducing the amount of each Daily Remittance from the Allocation Account until the balance of the Excess Remittance has been reduced to zero, or (2) causing payment of the amount of the Excess Remittance to the Servicer (for deposit in the revenue fund established under the Authority's General Resolution) from the General Subaccount or the Excess Funds Subaccount, if necessary.

Where to Find Information About LIPA

LIPA periodically files information with EMMA. In addition, for convenience, further information about LIPA can be found on LIPA's website (www.lipower.org). No documents filed with EMMA or information on LIPA's website is included by specific cross-reference herein.

Where to Find Information regarding PSEG and PSEG Long Island

Further information about PSEG and PSEG Long Island can be found at its website at <http://www.pseg.com>. No information on PSEG's website is included by specific cross-reference herein.

THE TRUSTEE

The Trustee for the 2022 Restructuring Bonds is The Bank of New York Mellon. The address of the principal office of the Trustee is 101 Barclay Street-Floor 7-West, New York, New York 10286.

The Trustee may resign at any time by so notifying the Issuer; provided, however, that no such resignation shall be effective until either (a) the 2022 Collateral has been completely liquidated and the proceeds distributed to the Holders or (b) a successor trustee having certain qualifications set forth in the Indenture has been designated and has accepted such trusteeship. The Holders of a majority in Outstanding Amount of the 2022 Restructuring Bonds may remove the Trustee by so notifying the Trustee and may appoint a successor Trustee. The Issuer will remove the Trustee if the Trustee (i) ceases to satisfy certain credit standards set forth in the Indenture, (ii) becomes a debtor in a bankruptcy Proceeding or is adjudicated insolvent or a receiver or other public officer takes charge of the Trustee or its property, or (iii) becomes incapable of acting. If the Trustee resigns or is removed or a vacancy exists in the office of Trustee for any reason, the Issuer will be obligated promptly to appoint a successor Trustee.

The Trustee shall not be liable for any action it takes or omits to take in good faith in accordance with a direction it received by the Holders; provided that its conduct does not constitute willful misconduct or negligence. The Issuer has agreed to indemnify, defend and hold harmless the Trustee and its officers, directors, employees and agents from and against any and all loss, liability or expense (including reasonable attorney's fees and expenses) incurred by it in connection with the performance of its duties under the Indenture, provided that the Issuer is not required to pay any expense or indemnify against any loss, liability or expense incurred by the Trustee through the Trustee's own willful misconduct or negligence.

RATING AGENCY CONDITION

The Basic Documents provide that certain actions are subject to the "Rating Agency Condition." In each such case, the "Rating Agency Condition" means, with respect to any action, not less than ten Business Days' prior written notification to each Rating Agency of such action, and written confirmation from each of Standard & Poor's and Moody's to the Servicer, the Trustee and the Issuer that such action will not result in a suspension, reduction or withdrawal of the then current rating by such Rating Agency of any tranche of the 2022 Restructuring Bonds and that prior to the taking of the proposed action no other Rating Agency shall have provided written notice to the Issuer that such action has resulted or would result in the suspension, reduction or withdrawal of the then current rating of any tranche of 2022 Restructuring Bonds; provided, however, that if within such ten Business Day period, any Rating Agency (other than Standard & Poor's) has neither replied to such notification nor responded in a manner that indicates that such Rating Agency is reviewing and considering the notification, then (i) the Issuer shall be required to confirm that such Rating Agency has received the Rating Agency Condition request, and if it has, promptly request the related Rating Agency Condition confirmation and (ii) if the Rating Agency neither replies to such notification nor responds in a manner that indicates it is reviewing and considering the notification within five Business Days following such second request, the applicable Rating Agency Condition requirement shall not be deemed to apply to such Rating Agency. For the Rating Agency Condition, any confirmation, request, acknowledgment or approval that is required to be in writing may be in the form of electronic mail or a press release (which may contain a general waiver of a Rating Agency's right to review or consent).

THE INDENTURE

In addition to the description of certain provisions of the Indenture contained elsewhere herein, the following is a brief summary of certain provisions of the Indenture and does not purport to be comprehensive or definitive. All references herein to the Indenture are qualified in their entirety by reference to the Indenture for the detailed provisions thereof.

Reports to Holders

So long as the Trustee is the Bond Registrar and Paying Agent, upon the written request of any current or former Holder or the Issuer, the Trustee shall deliver to such Holder, within the prescribed period of time for tax reporting purposes after the end of each calendar year, such information in its possession as may be required to enable such Holder to prepare its federal income and any applicable local or state tax returns. If the Bond Registrar and

Paying Agent is other than the Trustee, such Bond Registrar and Paying Agent, within the prescribed period of time for tax reporting purposes after the end of each calendar year, shall deliver to each relevant current or former Holder such information in its possession as may be required to enable such Holder to prepare its federal income and any applicable local or state tax returns.

On or prior to each Payment Date, the Trustee will deliver to each Holder on such Payment Date a statement prepared by the Servicer and provided to the Trustee which will include (to the extent applicable) the following information as to the 2022 Restructuring Bonds with respect to such Payment Date or the period since the previous Payment Date, as applicable:

- (a) the amount of the payment to Holders allocable to principal,
- (b) the amount of the payment to Holders allocable to interest,
- (c) the Outstanding Amount of each tranche, before and after giving effect to payments allocated to principal reported under clause (a) above,
- (d) the difference, if any, between the Outstanding Amount of each tranche and the projected principal balance as of such Payment Date, after giving effect to payments to be made on such Payment Date,
- (e) the amounts on deposit in the Operating Reserve Subaccount as of such Payment Date,
- (f) the amounts on deposit in the Debt Service Reserve Subaccount as of such Payment Date,
- (g) the amounts, if any, on deposit in the Excess Funds Subaccount as of the Payment Date,
- (h) the amounts paid to the Trustee since the previous Payment Date,
- (i) the amounts paid to the Servicer since the previous Payment Date,
- (j) the amounts paid to the Administrator since the previous Payment Date, and
- (k) any other transfers and payments to be made pursuant to the Indenture since the previous Payment Date.

Covenants of Issuer

Affirmative Covenants. The Issuer agrees to:

- duly and punctually pay principal of and redemption price, if any, and interest on the 2022 Restructuring Bonds when due in accordance with the terms of the 2022 Restructuring Bonds and the Indenture,
- appoint the Trustee as its agent to receive all 2022 Restructuring Bonds that are surrendered for registration of transfer or exchange,
- make all payments of amounts due and payable from amounts in the Collection Account and no amounts so withdrawn from the Collection Account for payments of the 2022 Restructuring Bonds shall be paid to the Issuer except as provided in the Indenture,
- cause each Paying Agent other than the Trustee to execute and deliver to the Trustee an instrument in which such Paying Agent agrees to:
 - hold all sums held by it for the payment of amounts due with respect to the 2022 Restructuring Bonds in trust for the benefit of the Persons entitled thereto until such sums shall be paid to such Persons or otherwise disposed of as herein provided and pay such sums to such Persons as herein provided,
 - give the Trustee notice of any occurrence that is, or with notice or the lapse of time or both would become, an Event of Default (a “Default”) by the Issuer of which it has actual knowledge in the making of any payment required to be made with respect to the 2022 Restructuring Bonds,
 - at any time during the continuance of any such Default, upon the written request of the Trustee, forthwith pay to the Trustee all sums so held in trust by such Paying Agent,

- immediately resign as a Paying Agent and forthwith pay to the Trustee all sums held by it in trust for the payment of the 2022 Restructuring Bonds if at any time it ceases to meet the standards required to be met by a Paying Agent at the time of its appointment, and
- comply with all requirements of the Internal Revenue Code with respect to the withholding from any payments made by it on any 2022 Restructuring Bonds of any applicable withholding taxes imposed thereon and with respect to any applicable reporting requirements in connection therewith,
- direct any Paying Agent to pay to the Trustee all sums held in trust by such Paying Agent and upon such payment by any Paying Agent to the Trustee, such Paying Agent shall be released from all further liability with respect to such money,
- make (except to the extent required to be made by the Seller or Servicer) all such filings pursuant to the Securitization Law or Financing Order No. 6, instruments of further assurance and other instruments, and will take such other action necessary or advisable to maintain and preserve the 2022 Collateral,
- execute and deliver all such supplements and amendments thereto,
- diligently pursue any and all actions to enforce its rights under each instrument or agreement included in the 2022 Collateral and not take any action and use its reasonable efforts not to permit any action to be taken by others that would release any Person from any of such Person's covenants or obligations under any such instrument or agreement or that would result in the amendment, hypothecation, subordination, termination or discharge of, or impair the validity or effectiveness of, any such instrument or agreement, except, in each case, as expressly permitted in the Basic Documents or such other instrument or agreement,
- punctually perform and observe all of its obligations and agreements contained in the Indenture, in the Basic Documents and in the instruments and agreements included in the 2022 Collateral,
- not waive, amend, modify, supplement or terminate any Basic Document or any provision thereof without the written consent of (a) the Trustee (which consent shall not be withheld if (i) the Trustee shall have received an Officer's Certificate stating that such waiver, amendment, modification, supplement or termination shall not adversely affect in any material respect the interests of the Bondholders or the holders of Certificates and (ii) the Rating Agency Condition shall have been satisfied with respect thereto) or (b) the Holders of at least a majority of the Outstanding Amount of 2022 Restructuring Bonds,
- if it has knowledge of the occurrence of a Servicer Default under the Servicing Agreement, promptly give written notice thereof to the Trustee and the Rating Agencies, and shall specify in such notice the action, if any, the Issuer is taking with respect of such default and if a Servicer Default shall arise from the failure of the Servicer to perform any of its duties or obligations under the Servicing Agreement with respect to the 2022 Restructuring Property, including the 2022 Restructuring Charge, the Issuer shall take all reasonable steps available to it to remedy such failure,
- as required by the Servicing Agreement, appoint a Successor Servicer with the Trustee's prior written consent thereto (which consent shall not be unreasonably withheld and shall be given upon the written direction of Holders of not less than a majority of the Outstanding Amount of the 2022 Restructuring Bonds), and such Successor Servicer shall accept its appointment by a written assumption in a form acceptable to the Issuer and the Trustee. If within 30 days after the delivery of the notice referred to above, the Issuer shall not have obtained such a new Successor Servicer, the Trustee, at the expense of the Issuer, may petition a court of competent jurisdiction to appoint a Successor Servicer. In connection with any such appointment, the Issuer may make such arrangements for the compensation of such Successor Servicer as it and such Successor Servicer shall agree, subject to the limitations set forth below and in the Servicing Agreement, and in accordance and in compliance with the Servicing Agreement, the Issuer shall enter into an agreement with such Successor Servicer for the servicing of the 2022 Restructuring Property (such agreement to be in form and substance satisfactory to the Trustee),
- upon any termination of the Servicer's rights and powers pursuant to the Servicing Agreement, the Trustee shall promptly notify the Issuer, the Bondholders and the Rating Agencies, and as soon as a Successor Servicer is appointed, the Issuer shall notify the Trustee, the Bondholders and the Rating

Agencies of such appointment, specifying in such notice the name and address of such Successor Servicer,

- not, without the prior written consent of the Trustee or the Holders of at least a majority in Outstanding Amount of the 2022 Restructuring Bonds, amend, modify, waive, supplement, terminate or surrender, or agree to any amendment, modification, supplement, termination, waiver or surrender of, the terms of any 2022 Collateral or the Basic Documents, or waive timely performance or observance of any material term by the Seller or the Servicer under the Sale Agreement or the Servicing Agreement, respectively; provided, however, that if the Rating Agency Condition is met, no such consent shall be required with respect to any agreements, to accommodate the issuance of any additional bonds, notes or other obligations issued by the Issuer as permitted by the laws of the State of New York and the Indenture,
- enforce the Servicer's compliance with all of the Servicer's obligations under the Servicing Agreement to the extent material to the payment and security of the 2022 Restructuring Bonds,
- give the Trustee and the Rating Agencies prompt written notice of each Event of Default thereunder as provided in the Indenture, or waiver thereof and each default on the part of the Seller or the Servicer of its obligations under the Sale Agreement or the Servicing Agreement, respectively, materially and adversely affecting the 2022 Restructuring Bonds,
- upon request of the Trustee, the Issuer will execute and deliver such further instruments and do such further acts as may be reasonably necessary or proper to carry out more effectively the purpose of the Indenture and maintain a first priority perfected security interest in the 2022 Collateral in favor of the Trustee,
- comply with the applicable provisions of the Internal Revenue Code relating to the exclusion of the interest on the 2022 Restructuring Bonds from gross income for federal income taxation purposes, and
- comply with the tax agreements executed and delivered by it and the letter of instructions, if any, delivered by Bond Counsel, in connection with the issuance of the 2022 Restructuring Bonds as to compliance with applicable provisions of the Internal Revenue Code, as such tax covenants and agreements and letter may be amended from time to time, as a source of guidance for achieving compliance with the Internal Revenue Code, including, without limitation, timely payments of all rebate or other amounts to the United States Department of the Treasury under Section 148 of the Internal Revenue Code.

Negative Covenants. So long as any 2022 Restructuring Bonds are Outstanding, the Issuer shall not:

- except as expressly permitted by the Indenture, sell, transfer, exchange or otherwise grant or dispose of any of, or assign any interest in, the 2022 Collateral, unless directed to do so by the Trustee in accordance with the Indenture,
- claim any credit on, or make any deduction from the principal or interest payable in respect of, the 2022 Restructuring Bonds (other than amounts properly withheld from such payments under the Internal Revenue Code or other tax law) or assert any claim against any present or former Bondholder by reason of the payment of the taxes levied or assessed upon any part of the 2022 Collateral,
- voluntarily consent to the termination of its existence or its dissolution or liquidation in whole or in part,
- permit the validity or effectiveness of the Indenture to be impaired, or permit the Lien of the Indenture to be amended, hypothecated, subordinated, terminated or discharged, or permit any Person to be released from any covenants or obligations with respect to the 2022 Restructuring Bonds under the Indenture except as may be expressly permitted hereby,
- permit any Lien, charge, excise, claim, security interest, mortgage or other encumbrance (other than the Lien of the Indenture and the Lien created by the Securitization Law) to be created by the Issuer on or extend to or otherwise arise upon or burden the 2022 Collateral or any part thereof or any interest therein or the proceeds thereof,
- subject to the Lien created by the Securitization Law, permit the Lien of the Indenture not to constitute a valid first priority security interest in the 2022 Collateral,

- take any action which is subject to a Rating Agency Condition without satisfying the Rating Agency Condition,
- issue, incur, assume, guarantee or otherwise become liable, directly or indirectly, for any indebtedness except for the 2022 Restructuring Bonds and except as permitted in the Indenture,
- issue any additional restructuring bonds, except pursuant to the Securitization Law and consistent with the Indenture,
- except as otherwise contemplated by the Sale Agreement, the Servicing Agreement or the Indenture, make any loan or advance or credit to, or guarantee (directly or indirectly or by an instrument having the effect of assuring another's payment or performance on any obligation or capability of so doing or otherwise), endorse or otherwise become contingently liable, directly or indirectly, in connection with the obligations, stocks or dividends of, or own, purchase, repurchase or acquire (or agree contingently to do so) any stock, obligations, assets or securities of, or any other interest in, or make any capital contribution to, any other Person,
- other than expenditures in connection with the Issuer's purchase of the 2022 Restructuring Property from the Seller, make any expenditure (by long-term or operating lease or otherwise) for capital assets (either realty or personalty), and
- take or cause to be taken, or permit to be taken, any action or actions with respect to the application and investment of any proceeds of the 2022 Restructuring Bonds or any other funds from whatever source derived which would cause the 2022 Restructuring Bonds to be "arbitrage bonds" within the meaning of Section 148 of the Internal Revenue Code or "private activity bonds" within the meaning of Section 141 of the Internal Revenue Code. The Issuer will not consent to any amendment to, or waive performance of, any covenant of the Authority or the Servicer relating to the use, ownership or management of the projects or any portion thereof financed or refinanced by the 2022 Restructuring Bonds in the tax agreements or certificates entered into by the Authority and the Servicer in connection with the 2022 Restructuring Bonds unless the Issuer has received an Opinion of Counsel from a nationally recognized bond counsel to the effect that such amendment or waiver would not, by itself, cause the 2022 Restructuring Bonds to be "private activity bonds" within the meaning of Section 141 of the Internal Revenue Code or otherwise cause interest on the 2022 Restructuring Bonds to be included in gross income for federal income tax purposes.

Events of Default

The Indenture provides that each of the following will constitute "Events of Default" thereunder:

- (a) default in the payment of any interest or redemption premium on any Bond when the same becomes due and payable, and such default shall continue for a period of 5 Business Days,
- (b) default in the payment of the then unpaid principal of any tranche of 2022 Restructuring Bonds on the Final Maturity Date for such tranche,
- (c) default in the observance or performance in any material respect of any covenant or agreement of the Issuer made in the Indenture (other than a covenant or agreement, a default in the observance or performance of which is specifically described elsewhere in this section) or any representation or warranty of the Issuer made in the Indenture or in any certificate or other writing delivered pursuant to the Indenture or in connection therewith proving to have been incorrect in any material respect as of the time when the same shall have been made, and such default shall continue or not be cured or the circumstances or condition in respect of which such misrepresentation or warranty was incorrect shall not have been eliminated or otherwise cured, as the case may be, for a period of 30 days after the earlier of (i) the date that there shall have been given, by registered or certified mail, to the Issuer by the Trustee or to the Issuer and the Trustee by the Holders of at least 25% of the Outstanding Amount of the 2022 Restructuring Bonds, a written notice specifying such default and requiring it to be remedied and stating that such notice is a "Notice of Default" under the Indenture or (ii) the date that the Issuer has actual knowledge of the default,
- (d) the filing of a decree or order for relief by a court having jurisdiction in the premises in respect of the Issuer or any substantial part of the 2022 Collateral in an involuntary case or Proceeding under

any applicable federal or state bankruptcy, insolvency or other similar law now or hereafter in effect, or appointing a receiver, liquidator, assignee, custodian, trustee, sequestrator or similar official of the Issuer or for any substantial part of the 2022 Collateral, or ordering the winding-up or liquidation of the Issuer's affairs, and such decree or order shall remain unstayed and in effect for a period of 90 consecutive days,

- (e) the commencement by the Issuer of a voluntary case or Proceeding under any applicable federal or state bankruptcy, insolvency or other similar law now or hereafter in effect, or the consent by the Issuer to the entry of an order for relief in an involuntary case or Proceeding under any such law, or the consent by the Issuer to the appointment or taking possession by a receiver, liquidator, assignee, custodian, trustee, sequestrator or similar official of the Issuer or for any substantial part of the 2022 Collateral, or the making by the Issuer of any general assignment for the benefit of creditors, or the failure by the Issuer generally to pay its debts as such debts become due, or the taking of action by the Issuer in furtherance of any of the foregoing, or
- (f) any act or failure to act by the State or any of its agencies (including the Authority), officers or employees which violates or is not in accordance with Financing Order No. 6 or the State Pledge.

Failure to pay principal or the redemption price in accordance with the Expected Amortization Schedule because collections from Customers were not sufficient to make such payments shall not constitute an Event of Default under the Indenture; provided, however, that failure to pay the entire unpaid principal amount of the 2022 Restructuring Bonds of a tranche upon the Final Maturity Date of the tranche shall constitute an Event of Default, and the entire unpaid principal amount of the 2022 Restructuring Bonds shall be due and payable, if not previously paid, on any other date on which an Event of Default shall have occurred and be continuing, if the Trustee or the Holders representing not less than a majority of the Outstanding Amount of the 2022 Restructuring Bonds have declared the 2022 Restructuring Bonds to be immediately due and payable on acceleration.

Remedies—Acceleration

If an Event of Default under the Indenture should occur and be continuing, then and in every such case the Trustee or the Holders representing not less than a majority of the Outstanding Amount of the 2022 Restructuring Bonds may declare all the 2022 Restructuring Bonds to be immediately due and payable, by a notice in writing to the Issuer (and to the Trustee if given by Holders), and upon any such declaration the unpaid principal amount of the 2022 Restructuring Bonds, together with accrued and unpaid interest thereon through the date of acceleration, shall become immediately due and payable.

At any time after such declaration of acceleration of maturity has been made and before a judgment or decree for payment of the money due has been obtained by the Trustee, the Holders representing a majority of the Outstanding Amount of the 2022 Restructuring Bonds, by written notice to the Issuer and the Trustee, may rescind such declaration and its consequences if:

- (i) the Issuer has paid or deposited with the Trustee a sum sufficient to pay (A) all sums paid or advanced by the Trustee thereunder and the reasonable compensation, expenses, disbursements and advances of the Trustee and its agents and counsel and (B) all payments of principal of and interest on all 2022 Restructuring Bonds and all other amounts that would then be due thereunder or upon such 2022 Restructuring Bonds if the Event of Default giving rise to such acceleration had not occurred, and
- (ii) all Events of Default under the Indenture, other than the nonpayment of the principal of the 2022 Restructuring Bonds that has become due solely by such acceleration, have been cured or waived as provided in the Indenture.

No such rescission shall affect any subsequent default or impair any right consequent thereto.

Remedies—Trustee's Rights

If an Event of Default under the Indenture shall have occurred and be continuing, the Trustee may do one or more of the following (subject to the provisions of the Indenture):

- (a) institute Proceedings in its own name and as trustee of an express trust for the collection of all amounts then payable on the 2022 Restructuring Bonds or under the Indenture with respect thereto, whether by declaration of acceleration or otherwise, enforce any judgment obtained, and collect from the Issuer and any other obligor upon such 2022 Restructuring Bonds moneys adjudged due,

- (b) institute Proceedings from time to time for the complete or partial foreclosure of the Indenture with respect to the 2022 Collateral,
- (c) exercise any remedies of a secured party under the Securitization Law or other applicable law and take any other appropriate action to protect and enforce the rights and remedies of the Trustee and the Holders of the 2022 Restructuring Bonds,
- (d) sell the 2022 Collateral or any portion thereof or rights or interest therein, at one or more public or private sales called and conducted in any manner permitted by law, and
- (e) exercise all rights, remedies, powers, privileges and claims of the Issuer against the Servicer under or in connection with, and pursuant to the terms of, the Servicing Agreement;

provided, however, that the Trustee may not sell or otherwise liquidate any portion of the 2022 Collateral following an Event of Default, other than an Event of Default described in clauses (a) and (b) under “Events of Default” above, unless (A) the Holders of 100% of the Outstanding Amount of the 2022 Restructuring Bonds consent thereto, (B) the proceeds of such sale or liquidation distributable to the Holders are sufficient to discharge in full all amounts then due and unpaid upon such 2022 Restructuring Bonds for principal and interest after taking into account payment of all amounts due prior thereto pursuant to the priorities set forth above under “Collection Account and Subaccounts,” or (C) the Trustee determines that the 2022 Collateral will not continue to provide sufficient funds for all payments on the 2022 Restructuring Bonds as they would have become due if the 2022 Restructuring Bonds had not been declared immediately due and payable, and the Trustee obtains the written consent of Holders of at least a majority of the Outstanding Amount of the 2022 Restructuring Bonds. In determining such sufficiency or insufficiency with respect to clause (B) or (C), the Trustee may, but need not, obtain and conclusively rely upon an opinion of an Independent investment banking or accounting firm of national reputation as to the feasibility of such proposed action and as to the sufficiency of the 2022 Collateral for such purpose.

If the Trustee collects any money, it shall pay out such money in accordance with the priorities set forth in “SECURITY FOR THE 2022 RESTRUCTURING BONDS—Description of Indenture Accounts.”

The rights and remedies conferred upon or reserved to the Trustee or the Bondholders by the Indenture is not exclusive to any right or remedy and is cumulative and in addition to every other right or remedy.

Remedies—Optional Possession of 2022 Collateral

If the 2022 Restructuring Bonds have been declared to be due and payable under the Indenture following an Event of Default and such declaration and its consequences have not been rescinded and annulled, the Trustee may, but need not, elect to maintain possession of the 2022 Collateral. In determining whether to maintain possession of the 2022 Collateral or sell or liquidate the same, the Trustee may, but need not, obtain and conclusively rely upon an opinion of an Independent investment banking or certified public accounting firm of national reputation as to the feasibility of such proposed action and as to the sufficiency of the 2022 Collateral for such purpose.

Remedies—Limitation of the Rights of Holders

No Holder of any 2022 Restructuring Bond shall have any right to institute any Proceeding, judicial or otherwise, with respect to the Indenture, or to avail itself of any remedies provided in the Securitization Law or to utilize or enforce the statutory lien or to avail itself of the right to foreclose on the 2022 Collateral or otherwise enforce the Lien and the security interest on the 2022 Collateral with respect to the Indenture, or for the appointment of a receiver or trustee, or for any other remedy hereunder, unless:

- (a) such Holder previously has given written notice to the Trustee of a continuing Event of Default under the Indenture,
- (b) the Holders of not less than a majority of the Outstanding Amount of the 2022 Restructuring Bonds have made written request to the Trustee to institute such Proceeding in respect of such Event of Default under the Indenture in its own name as Trustee under the Indenture,
- (c) such Holder or Holders have offered to the Trustee indemnity satisfactory to it against the costs, expenses and liabilities to be incurred in complying with such request,
- (d) the Trustee for 60 days after its receipt of such notice, request and offer of indemnity has failed to institute such Proceedings, and

- (e) no direction inconsistent with such written request has been given to the Trustee during such 60-day period by the Holders of at least a majority of the Outstanding Amount of the 2022 Restructuring Bonds;

it being understood and intended that no one or more Holders shall have any right in any manner whatever by virtue of, or by availing of, any provision of the Indenture to affect, disturb or prejudice the rights of any other Holders or to obtain or to seek to obtain priority or preference over any other Holders or to enforce any right under the Indenture, except in the manner therein provided.

In the event the Trustee shall receive conflicting or inconsistent requests and indemnity from two or more groups of Holders, each representing less than a majority of the Outstanding Amount of the 2022 Restructuring Bonds, the Trustee in its sole discretion may determine what action, if any, shall be taken, notwithstanding any other provisions of the Indenture.

Voting of the 2022 Restructuring Bonds; Control of Proceedings by Holders

The Holders of a majority of the Outstanding Amount of the 2022 Restructuring Bonds (or, if less than all tranches are affected, the affected tranche or tranches) have the right to direct the time, method and place of conducting any Proceeding for any remedy available to the Trustee with respect to the 2022 Restructuring Bonds of such tranche or tranches or exercising any trust or power conferred on the Trustee with respect to such tranche or tranches; provided that:

- (a) such direction shall not be in conflict with any rule of law or with the Indenture,
- (b) subject to the express terms of the Indenture, any direction to the Trustee to sell or liquidate any 2022 Collateral shall be by the Holders representing 100% of the Outstanding Amount of the 2022 Restructuring Bonds,
- (c) if the conditions set forth in the Indenture have been satisfied and the Trustee elects to retain the 2022 Collateral, then any direction to the Trustee by Holders representing less than 100% of the Outstanding Amount of the 2022 Restructuring Bonds to sell or liquidate the 2022 Collateral shall be of no force and effect, and
- (d) the Trustee may take any other action deemed proper by the Trustee that is not inconsistent with such direction;

provided, however, that the Trustee's duties shall be subject to the terms of the Indenture, and the Trustee need not take any action that it determines might involve it in liability or might materially adversely affect the rights of any Holders not consenting to such action. Furthermore and without limiting the foregoing, the Trustee shall not be required to take any action for which it reasonably believes that it will not be indemnified to its satisfaction against any cost, expense or liability.

Waiver of Past Defaults

Prior to the declaration of the acceleration of the maturity of the 2022 Restructuring Bonds, Holders representing a majority of the Outstanding Amount of the 2022 Restructuring Bonds (or, if less than all tranches are affected, the Holders of a majority of the 2022 Restructuring Bonds of the affected tranches in the aggregate) may, by written notice to the Trustee, waive any past default or event of default under the Indenture and its consequences, except a default (a) in payment of principal of or interest on any of the 2022 Restructuring Bonds or (b) in respect of a covenant or provision hereof which cannot be modified or amended without the consent of the Holder of each Bond of all tranches affected. In the case of any such waiver, the Issuer, the Trustee and the Holders shall be restored to their former positions and rights hereunder, respectively, but no such waiver shall extend to any subsequent or other default or event of default under the Indenture or impair any right consequent thereto.

Upon any such waiver, such default shall cease to exist and be deemed to have been cured and not to have occurred, and any Event of Default arising therefrom shall be deemed to have been cured and not to have occurred, for every purpose of the Indenture; but no such waiver shall extend to any subsequent or other default or event of default under the Indenture or impair any right consequent thereto.

Modifications of Indenture that Do Not Require the Consent of Holders

Without the consent of the Holders of any 2022 Restructuring Bonds but with prior notice to the Rating Agencies, the Issuer and the Trustee, when authorized by an Issuer Order, at any time and from time to time, may

enter into one or more indentures supplemental to the Indenture in form reasonably satisfactory to the Trustee, for any of the following purposes:

- (i) to correct or amplify the description of any property, including, without limitation, the 2022 Collateral, at any time subject to the Lien of the Indenture, or better to assure, convey and confirm unto the Trustee any property subject or required to be subjected to the Lien of the Indenture, or to subject to the Lien of the Indenture additional property,
- (ii) to evidence the succession, in compliance with the applicable provisions thereof, of another person to the Issuer, and the assumption by any such successor of the covenants of the Issuer in the Indenture and in the 2022 Restructuring Bonds,
- (iii) to add to the covenants of the Issuer, for the benefit of the Holders, or to surrender any right or power conferred upon the Issuer by the Indenture,
- (iv) to convey, transfer, assign, mortgage or pledge any property to or with the Trustee,
- (v) to cure any ambiguity, to correct or supplement any provision in the Indenture or in any supplemental indenture, which may be inconsistent with any other provision of the Indenture or in any supplemental indenture, or to make any other provisions with respect to matters or questions arising under the Indenture or in any supplemental indenture; provided, however, that such action shall not adversely affect the interests of the Holders of the 2022 Restructuring Bonds,
- (vi) to evidence and provide for the acceptance of the appointment under the Indenture by a successor Trustee with respect to the 2022 Restructuring Bonds and to add or change any of the provisions of the Indenture as shall be necessary to facilitate the administration of the trusts thereunder by more than one Trustee, pursuant to the requirements set forth in the Indenture,
- (vii) to modify, eliminate or add to the provisions of the Indenture to such extent as shall be necessary to effect the qualification of the Indenture under the Trust Indenture Act or under any similar federal statute hereafter enacted and to add to the Indenture such other provisions as may be expressly required by the Trust Indenture Act,
- (viii) to qualify the 2022 Restructuring Bonds of any tranche for listing on a securities exchange or registration with a Clearing Agency, or
- (ix) to satisfy any Rating Agency requirements or to maintain, or improve upon, the existing ratings on the 2022 Restructuring Bonds.

The Issuer and the Trustee, when authorized by an Issuer Order, may, also without the consent of any of the Holders of the 2022 Restructuring Bonds enter into an indenture or indentures supplemental to the Indenture for the purpose of adding any provisions to, or changing in any manner or eliminating any of the provisions of, the Indenture or of modifying in any manner the rights of the Holders under the Indenture; provided, however, that (i) such action shall not, as evidenced by an Officer's Certificate, adversely affect in any material respect the interests of the Holders and (ii) the Rating Agency Condition shall have been satisfied with respect thereto.

Modifications of Indenture that Require the Consent of Holders

The Issuer and the Trustee, when authorized by an Issuer Order, also may, with prior notice to the Rating Agencies and with the consent of the Holders of not less than a majority of the Outstanding Amount of the 2022 Restructuring Bonds of each tranche to be affected, by act of such Holders delivered to the Issuer and the Trustee, enter into an indenture or indentures supplemental to the Indenture for the purpose of adding any provisions to, or changing in any manner or eliminating any of the provisions of, the Indenture or of modifying in any manner the rights of the Holders under the Indenture; provided, however, that no such supplemental indenture shall, without the consent of the Holder of each Outstanding Bond of each tranche affected thereby:

- (i) change the date of payment of any installment of principal of or interest on any 2022 Restructuring Bond, or reduce the principal amount thereof, or the interest rate thereon, change the provisions of the Indenture relating to the application of collections on, or the proceeds of the sale of, the 2022 Collateral to payment of principal of or interest on the 2022 Restructuring Bonds, or change any place of payment where, or the coin or currency in which, any Bond or the interest thereon is payable, or impair the right to institute suit for the enforcement of the provisions of the Indenture requiring

- the application of funds available therefor, as provided in the Indenture, to the payment of any such amount due on the 2022 Restructuring Bonds on or after the respective due dates thereof,
- (ii) reduce the percentage of the Outstanding Amount of the 2022 Restructuring Bonds or of a tranche thereof, the consent of the Holders of which is required for any such supplemental indenture, or the consent of the Holders of which is required for any waiver of compliance with certain provisions of the Indenture or certain defaults thereunder and their consequences provided for in the Indenture,
 - (iii) modify or alter the provisions of the proviso to the definition of “Outstanding,”
 - (iv) reduce the percentage of the Outstanding Amount of the 2022 Restructuring Bonds required to direct the Trustee to direct the Issuer to sell or liquidate the 2022 Collateral pursuant to the Indenture,
 - (v) modify any provision of the Indenture relating to supplemental indentures requiring Holders’ consent except to increase any percentage specified therein or to provide that certain additional provisions of the Indenture or the other Basic Documents cannot be modified or waived without the consent of the Holder of each Outstanding Bond affected thereby,
 - (vi) modify any of the provisions of the Indenture in such manner as to affect the calculation of the amount of any payment of interest or principal due on any Bond on any Payment Date (including the calculation of any of the individual components of such calculation) or change the Expected Amortization Schedule, Scheduled Sinking Fund Redemption Date or Final Maturity Dates of any tranche of 2022 Restructuring Bonds,
 - (vii) decrease the Required Operating Reserve Level or the Required Debt Service Reserve Level,
 - (viii) modify the provisions of the Indenture regarding the voting of the 2022 Restructuring Bonds held by the Issuer, the Servicer or any Affiliate of any of the foregoing Persons,
 - (ix) decrease the percentage of the aggregate principal amount of 2022 Restructuring Bonds or affected tranche required to amend the sections of the Indenture which specify applicable percentages of the aggregate principal amount of the 2022 Restructuring Bonds necessary to amend any Basic Document,
 - (x) cause a violation of the tax covenants of the Issuer, or
 - (xi) permit the creation of any Lien ranking prior to or on a parity, other than as specifically contemplated in the Indenture, with the Lien of the Indenture with respect to any part of the 2022 Collateral or, except as otherwise permitted or contemplated herein, terminate the Lien of the Indenture on any property at any time or deprive the Holder of any Bond of the security provided by the Lien of the Indenture.

It shall not be necessary for any consent of Holders under the Indenture to approve the particular form of any proposed supplemental indenture, but it shall be sufficient if such Holders shall approve the substance thereof.

Promptly after the execution by the Issuer and the Trustee of any supplemental bond indenture, the Issuer shall send to the Rating Agencies and the Holders to which such amendment or supplemental bond indenture relates either a copy of such supplemental indenture or a notice setting forth in general terms the substance of such supplemental bond indenture.

Satisfaction and Discharge of Indenture

The Indenture shall cease to be of further effect with respect to the 2022 Restructuring Bonds and the Trustee, on reasonable written demand of and at the expense of the Issuer, shall execute such instruments as the Issuer reasonably requests acknowledging satisfaction and discharge of the Indenture with respect to the 2022 Restructuring Bonds, when:

- (i) either:
 - (A) all 2022 Restructuring Bonds theretofore authenticated and delivered (other than (1) 2022 Restructuring Bonds that have been destroyed, lost or stolen and that have been replaced or paid as provided in the Indenture and (2) 2022 Restructuring Bonds for whose payment money has theretofore been deposited in trust or segregated and held in trust by the Issuer

and thereafter repaid to the Issuer or discharged from such trust as provided in the Indenture) have been delivered to the Trustee for cancellation, or

- (B) the Final Maturity Date has occurred with respect to all 2022 Restructuring Bonds not theretofore delivered to the Trustee for cancellation and the Issuer has irrevocably deposited or caused to be irrevocably deposited in trust with the Trustee cash in an amount sufficient to pay principal and to discharge the entire indebtedness on such 2022 Restructuring Bonds not theretofore delivered to the Trustee for cancellation on the Final Maturity Date,
- (ii) the Issuer has paid or caused to be paid all other sums payable thereunder by the Issuer, and
- (iii) the Issuer has delivered to the Trustee an Officer's Certificate, an Opinion of Counsel of Independent counsel and (if required by the Trustee) an Independent Certificate from a firm of certified public accountants, each meeting the requirements of the Indenture and each stating that all conditions precedent therein provided for relating to the satisfaction and discharge of the Indenture with respect to the 2022 Restructuring Bonds have been complied with.

Legal Defeasance

Subject to the provisions of the Indenture, including those detailed in "Conditions to Defeasance" below, the Issuer at any time may terminate all its obligations under the Indenture with respect to the 2022 Restructuring Bonds (a "Legal Defeasance"). In the event of a Legal Defeasance, the maturity of the 2022 Restructuring Bonds defeased pursuant to such Legal Defeasance may not be accelerated because of an Event of Default.

Upon satisfaction of the conditions set forth in the Indenture to a Legal Defeasance, the Trustee, on reasonable written demand of and at the expense of the Issuer, shall execute such instruments as Issuer reasonably requests acknowledging satisfaction and discharge of the obligations that are terminated pursuant to such exercise.

Conditions to Defeasance. The Issuer may exercise a Legal Defeasance only if:

- (a) the Issuer has irrevocably deposited or caused to be irrevocably deposited in trust with the Trustee cash or noncallable defeasance securities for the payment of principal or redemption price of and interest on each such 2022 Restructuring Bonds to the Scheduled Maturity Date (or, if applicable, at the election of the Issuer, any earlier optional redemption date) or the Scheduled Sinking Fund Redemption Date (or, if applicable, any optional redemption date), or with respect to the 2022 Restructuring Bonds of any tranche subject to optional redemption, cash or non-callable defeasance securities for the payment of principal or the redemption price of and interest on each such 2022 Restructuring Bonds as set forth in the written notice provided by the Issuer,
- (b) the Issuer delivers to the Trustee a certificate from a nationally recognized firm of Independent certified public accountants expressing its opinion that the payments of principal and interest when due and without reinvestment of the deposited Defeasance Securities plus any deposited cash without investment will provide cash at such times and in such amounts (but not substantially more than such amounts) as will be sufficient to pay in respect of the 2022 Restructuring Bonds (i) principal on the Scheduled Maturity Date in accordance with the Expected Amortization Schedule therefor (or, if applicable, at the election of the Issuer, any earlier optional redemption date) or redemption price on the Scheduled Sinking Fund Redemption Date in accordance with the Expected Sinking Fund Schedule therefor (or, if applicable, at the election of the Issuer, any earlier optional redemption date), as applicable, and (ii) interest when due,
- (c) if an election is made to redeem any such 2022 Restructuring Bonds prior to maturity, the Issuer irrevocably designates such 2022 Restructuring Bonds for redemption on the redemption date and proper notice of redemption has been made or provision satisfactory to the Trustee has been irrevocably made for the giving of such notice,
- (d) no Default has occurred and is continuing on the day of such deposit and after giving effect thereto,
- (e) in the case of an exercise of a Legal Defeasance with respect to the Series TE Bonds, the Bond Issuer shall have delivered to the Bond Trustee an Opinion of Counsel stating that the Holders of such Bonds will not recognize income, gain or loss for federal or New York income tax purposes as a result of such legal defeasance and will be subject to federal or New York income tax on the same

amounts, in the same manner and at the same times as would have been the case if such legal defeasance had not occurred,

- (f) in the case of an exercise of a Legal Defeasance with respect to the Series T Bonds, the Bond Issuer shall have delivered to the Bond Trustee an Opinion of Counsel stating that (i) the Bond Issuer has received from, or there has been published by, the Internal Revenue Service a ruling, or (ii) since the date of execution of this Bond Indenture, there has been a change in the applicable federal income tax law, in either case to the effect that, and based thereon such opinion shall confirm that, the Holders of such Bonds will not recognize income, gain or loss for federal or New York income tax purposes as a result of such legal defeasance and will be subject to federal or New York income tax on the same amounts, in the same manner and at the same times as would have been the case if such legal defeasance had not occurred, and
- (g) the Issuer delivers to the Trustee an Officer's Certificate and an Opinion of Counsel, each stating that all conditions precedent to the satisfaction and discharge of the 2022 Restructuring Bonds to the extent contemplated by the provisions governing defeasance contained in the Indenture have been complied with.

No Recourse to Others

No recourse may be taken, directly or indirectly, by the Holders with respect to the obligations of the Issuer or the Trustee on the 2022 Restructuring Bonds or under the Indenture or any certificates or other writing delivered in connection therewith, against (i) any trustee, director, officer, employee, agent or attorney of the Issuer or (ii) any shareholder, partner, owner, beneficiary, agent, officer, director or employee of the Trustee. Each Holder by accepting a 2022 Restructuring Bond specifically confirms the nonrecourse nature of these obligations and waives and releases all such liability. These waivers and releases are part of the consideration for the issuance of the 2022 Restructuring Bonds.

Notwithstanding any provision of the Indenture or any supplemental bond indenture to the contrary, Holders and the Trustee shall have no recourse against the credit or any assets of the Authority, LIPA or the Issuer (other than in the case of the Issuer, the 2022 Collateral), with respect to any amounts due to the Holders under the Indenture and under the 2022 Restructuring Bonds and to the Trustee. Each Holder by accepting a 2022 Restructuring Bond, and the Trustee, specifically confirms the nonrecourse nature of these obligations and waives and releases all such liability. These waivers and releases are part of the consideration for issuance of the 2022 Restructuring Bonds.

THE SALE AGREEMENT

In addition to the description of certain provisions of the Sale Agreement contained elsewhere herein, the following is a brief summary of certain provisions of the Sale Agreement and does not purport to be comprehensive or definitive. All references herein to the Sale Agreement are qualified in their entirety by reference to the Sale Agreement for the detailed provisions thereof.

Sale of the 2022 Restructuring Property

In exchange for an amount equal to the net proceeds of the sale of the 2022 Restructuring Bonds, the Seller will irrevocably sell, transfer, assign, set over and otherwise convey to the Issuer the 2022 Restructuring Property. The 2022 Restructuring Property will include the assignment of all revenues, collections, claims, payments, money or proceeds of or arising from the 2022 Restructuring Charges.

Under the Securitization Law, the sale of 2022 Restructuring Property will constitute an absolute transfer and true sale under state law, effective and perfected against all third parties, and will not be affected or impaired by, among other things, the occurrence of any of the following:

- the commingling of collections of 2022 Restructuring Charges with other accounts,
- the retention by the Seller of either of the following:
 - a partial or residual interest, including an equity interest, in the 2022 Restructuring Property, whether direct or indirect, or whether subordinate or otherwise,
 - the right to recover costs associated with taxes, payments in lieu of taxes, franchise fees, or license fees imposed on the collection of 2022 Restructuring Charges,

- any recourse that the Issuer may have against the Seller,
- any indemnification rights, obligations, or repurchase rights made or provided by the Seller,
- the obligation of the Seller to collect 2022 Restructuring Charges on behalf of the Issuer,
- the treatment of the sale, assignment, or transfer by the Seller to the Issuer for tax, financial reporting, or other purposes,
- any subsequent order of the Authority amending Financing Order No. 6 pursuant to the Securitization Law, or
- any application of the True-Up Adjustment mechanism under Financing Order No. 6.

Upon the issuance of Financing Order No. 6 and the transfer of the 2022 Restructuring Property, the transfer will be perfected as against the Authority, all parties having claims of any kind against the Authority, and all other transferees of the Authority, including subsequent judicial or other lien creditors.

Seller Representations and Warranties

In the Sale Agreement, the Seller will represent and warrant to the Issuer, as of the Issuance Date, to the effect, among other things, that:

- the Seller is duly organized and validly existing as a corporate municipal instrumentality, body corporate and politic and a political subdivision of the State of New York, in good standing under the laws of the State of New York, with the requisite power and authority to own its properties and conduct its business as currently owned or conducted, and has the requisite power and authority to own the 2022 Restructuring Property,
- the Seller is duly qualified to do business and has obtained all necessary licenses and approvals, in all jurisdictions in which the ownership or lease of property or the conduct of its business shall require qualifications, licenses or approvals (except where the failure to so qualify or obtain such licenses and approvals would not be reasonably likely to have a material adverse effect on the Seller's business, operations, assets, revenues or properties),
- the Seller has the requisite power and authority to execute and deliver the Sale Agreement and to carry out its terms, and the execution, delivery and performance of the Sale Agreement have been duly authorized by all necessary action on the part of the Seller,
- the Sale Agreement constitutes a legal, valid and binding obligation of the Seller, enforceable against it in accordance with its terms, subject to customary exceptions relating to bankruptcy, creditor's rights and equitable principles,
- the sale of the 2022 Restructuring Property and the consummation of the transactions contemplated by the Securitization Law and the Sale Agreement and the fulfillment of the terms thereof do not (a) conflict with or result in a breach of any of the terms and provisions of nor constitute (with or without notice or lapse of time) a default under the Seller's organizational documents or any material indenture, agreement or other instrument to which the Seller is a party or by which it is bound, (b) result in the creation or imposition of any lien upon any of the Seller's properties pursuant to the terms of any such indenture, agreement or other instrument (other than any Lien that may be granted under the Basic Documents) or (c) violate any existing law or any existing order, rule or regulation applicable to the Seller of any government authority having jurisdiction over the Seller or its properties,
- no proceedings or investigation is pending and, to the Seller's knowledge, no Proceeding or investigation is threatened, before any Governmental Authority having jurisdiction over the Seller or its properties involving or relating to the Seller or to the Issuer or, to the Seller's knowledge, any other Person:
 - asserting the invalidity of the Securitization Law, Financing Order No. 6, or the Sale Agreement,
 - seeking to prevent the consummation of any of the transactions contemplated by the Sale Agreement or any of the other Basic Documents,

- seeking any determination or ruling that might materially and adversely affect the performance by the Seller of its obligations under, or the validity or enforceability of, the Securitization Law, Financing Order No. 6, the 2022 Restructuring Bonds, the Sale Agreement or the other Basic Documents, or
- seeking to adversely affect the federal income tax or state income tax classification of the 2022 Restructuring Bonds as debt,
- no approvals, authorizations, consents, orders or other actions of, or filings with, any Governmental Authority are required for the Seller to execute, deliver, perform and fulfill its obligations under the Sale Agreement except those which have been obtained, waived or made and are in full force and effect, and
- no portion of the 2022 Restructuring Property has been sold, transferred, assigned or pledged by the Seller to any Person other than the Issuer. Upon the sale, the Seller has transferred, sold and conveyed the 2022 Restructuring Property to the Issuer, free and clear of all Liens, except for any Lien that may be granted under the Basic Documents.

The Seller will not be in breach of any representation or warranty as a result of any change in law by means of any legislative enactment, constitutional amendment or otherwise that renders any of the representations or warranties untrue.

Covenants of the Seller

In the Sale Agreement, the Seller makes the following covenants:

- Subject to its right to assign its rights and obligations to a successor utility under the Sale Agreement, so long as any of the 2022 Restructuring Bonds are outstanding, the Seller will (a) keep in full force and effect its existence, rights and franchises as a corporate municipal instrumentality, body corporate and politic and a political subdivision of the State of New York, and (b) obtain and preserve its qualification to do business, in each case to the extent that in each such jurisdiction such existence or qualification is or shall be necessary to protect the validity and enforceability of the Sale Agreement, the other Basic Documents to which the Seller is a party and each other instrument or agreement to which the Seller is a party necessary or appropriate to the proper administration of the Sale Agreement and the transactions contemplated thereby.
- Except for the conveyances under the Sale Agreement or the Back-Up Security Interest, the Seller will not sell, pledge, assign or transfer, or grant, create or incur any Lien on, any of the 2022 Restructuring Property, or any interest therein, and the Seller will defend the right, title and interest of the Issuer and of the Trustee, in, to and under the 2022 Restructuring Property against all claims of third parties claiming through or under the Seller. The Seller, also covenants that, in its capacity as Seller as defined in the Sale Agreement, it will not at any time assert any Lien against, or with respect to, any of the 2022 Restructuring Property.
- If the Seller receives any payments in respect of the 2022 Restructuring Charges or the proceeds thereof when it is acting as the Servicer, the Seller agrees to pay all those payments to the Servicer as soon as practicable after receipt thereof.
- The Seller will notify the Issuer and the Trustee promptly after becoming aware of any Lien on any of the 2022 Restructuring Property, other than the conveyances under the Sale Agreement, or any Lien under the Basic Documents or for the benefit of Issuer.
- The Seller agrees to comply with its organizational and governing documents and all laws, treaties, rules, regulations and determinations of any governmental instrumentality applicable to it, except to the extent that failure to so comply would not materially adversely affect the Issuer's or the Trustee's interests in the 2022 Restructuring Property or under any of the other Basic Documents to which the Seller is a party or the Seller's performance of its obligations under the Sale Agreement or under any of the Basic Documents to which the Seller is a party.
- So long as any of 2022 Restructuring Bonds are outstanding, the Seller will:
 - treat the 2022 Restructuring Bonds as debt of the Issuer and not the Seller, except for financial, accounting or tax reporting purposes,

- indicate in its financial statements that it is not the owner of the 2022 Restructuring Property and will disclose the effects of all transactions between the Seller and the Issuer in accordance with generally accepted accounting principles, and
 - not own or purchase any 2022 Restructuring Bonds.
- The Seller agrees that, upon the transfer and sale by the Seller of the 2022 Restructuring Property to the Issuer pursuant to the Sale Agreement:
 - to the fullest extent permitted by law, including any applicable Seller regulations, the Issuer will have all of the rights originally held by the Seller with respect to the 2022 Restructuring Property, including the right (subject to the terms of the Servicing Agreement) to exercise any and all rights and remedies to collect any amounts payable by any Customer in respect of the 2022 Restructuring Property, notwithstanding any objection or direction to the contrary by the Seller, and
 - any payment by any Customer to the Issuer will discharge that Customer's obligations, if any, in respect of the 2022 Restructuring Property to the extent of that payment, notwithstanding any objection or direction to the contrary by the Seller.
- So long as any of the 2022 Restructuring Bonds are outstanding, the Seller will not:
 - make any statement or reference in respect of the 2022 Restructuring Property that is inconsistent with the ownership thereof by the Issuer (other than for financial, accounting or tax reporting purposes), and
 - take any action in respect of the 2022 Restructuring Property except as otherwise contemplated by the Basic Documents.
- The Seller will execute and file the filings required by law to fully preserve, maintain, protect the ownership interest of the Issuer, and the Trustee's lien on the 2022 Restructuring Property and the Back-Up Security Interest, including all filings required under the Securitization Law and the UCC relating to the transfer of the ownership interest in the 2022 Restructuring Property by the Seller to the Issuer, the granting of the security interest in the 2022 Restructuring Property by the Issuer to the Trustee, and the Back-Up Security Interest, and the continued perfection of such ownership interest, security interest and the Back-Up Security Interest. The Seller will deliver or cause to be delivered to the Trustee (with copies to the Issuer) file-stamped copies of, or filing receipts for any document so filed, as soon as available following such filing. The Seller has agreed to institute any action or Proceeding necessary to compel performance by the Authority or the State of New York of any of their obligations or duties under the Securitization Law or Financing Order No. 6. The Seller also will take those legal or administrative actions, including defending against or instituting and pursuing legal actions and appearing or testifying at hearings or similar Proceedings, in each case, as may be reasonably necessary (i) to protect the Issuer, the Holders and the Trustee or their respective affiliates, officials, directors, employees and agents from claims, state actions or other actions or Proceedings of third parties which, if successfully pursued, would result in a breach of any representation of the Authority in the Sale Agreement or (ii) to block or overturn any attempts to cause a repeal of, modification of or supplement to the Securitization Law, Financing Order No. 6, the Issuance Advice Letter, any other adjustment notice or the rights of Holders by executive action, legislative enactment or constitutional amendment that would be adverse to the Issuer, the Trustee or the Holders.
- Even if the Sale Agreement or the Indenture is terminated, the Seller will not, prior to the date which is one year and one day after the termination of the Indenture, petition or otherwise invoke or cause the Issuer to invoke the process of any court or government authority for the purpose of commencing or sustaining an involuntary case against the Issuer under any federal or state bankruptcy, insolvency or similar law, appointing a receiver, liquidator, assignee, trustee, custodian, sequestrator or other similar official of the Issuer or any substantial part of the property of the Issuer, or ordering the winding up or liquidation of the affairs of the Issuer.
- So long as any of the 2022 Restructuring Bonds are outstanding, the Seller shall, and shall cause each of its subsidiaries to, pay all material taxes, assessments and governmental charges imposed upon it or any of its properties or assets or with respect to any of its franchises, business, income or property before

any penalty accrues thereon if the failure to pay any such taxes, assessments and governmental charges would, after any applicable grace periods, notices or other similar requirements, result in a Lien on the 2022 Restructuring Property unless such tax is being contested and properly reserved.

- So long as any of the 2022 Restructuring Bonds are outstanding, the Seller shall not sell any restructuring property to secure another issuance of restructuring bonds if it would cause the then existing ratings on the 2022 Restructuring Bonds from the Rating Agencies to be downgraded, withdrawn or suspended.
- The Seller covenants that it shall comply with the tax certificates to be executed and delivered by it in connection with the issuance of the 2022 Restructuring Bonds and with letters of instruction, if any, delivered by Bond Counsel in connection with the issuance of the 2022 Restructuring Bonds, as such tax certificates and letters may be amended from time to time.

Indemnification

The Seller will indemnify the Issuer, its trustees, officers, employees and agents, the Holders and the Trustee for, and defend and hold harmless each such Person from and against, (i) any and all taxes (other than taxes imposed on the Holders solely as a result of their ownership of 2022 Restructuring Bonds) that may at any time be imposed on or asserted against any such Person under existing law as of the Issuance Date as a result of the sale of 2022 Restructuring Property to the Issuer, and (ii) any and all taxes that may be imposed on or asserted against any such Person under existing law as of the Issuance Date as a result of the issuance and sale by the Issuer of the 2022 Restructuring Bonds or the other transactions contemplated by the Sale Agreement, in each case including any sales, gross receipts, general corporation, tangible personal property, privilege or license taxes; provided, however, that the Holders shall be entitled to enforce their rights against the Seller under this indemnification solely through a cause of action brought for their benefit by the Trustee.

In addition, the Seller shall indemnify and hold harmless the Issuer, the Holders, the Trustee and any of the Trustee's affiliates, officials, officers, directors, employees and agents, against any and all Losses incurred by any of such Persons as a result of (i) the Seller's willful misconduct or negligence in the performance of its duties or observance of its covenants under the Sale Agreement or (ii) the Seller's breach in any material respect of any of its representations and warranties contained in the Sale Agreement, except in the case of both clauses (i) and (ii) to the extent of Losses either resulting from the willful misconduct or negligence of such party or resulting from a breach of a representation or warranty made by such party in any of the Basic Documents that gives rise to the Seller's breach; provided, however, that the Holders shall be entitled to enforce their rights under this indemnification against the Seller solely through a cause of action brought for their benefit by the Trustee. The Seller shall not be required to indemnify any person otherwise indemnified under the Sale Agreement for any amount paid or payable by such person in the settlement of any action, proceeding or investigation without the prior written consent of the Seller, which consent shall not be unreasonably withheld.

Successors to the Seller

Any Person which becomes successor by merger, conversion, or consolidation or by otherwise succeeding to all of the assets and properties of the Seller substantially as a whole, may assume the rights and obligations of the Seller under the Sale Agreement. So long as the conditions of any such assumption are met, the Seller will automatically be released from its obligations under the Sale Agreement. The conditions include that:

- the Person in any of the foregoing cases executes an agreement of assumption to perform every obligation of the Seller under the Sale Agreement,
- if the Seller is the Servicer, no Servicer Default, and no event which, after notice or lapse of time, or both, would become a Servicer Default shall have occurred and be continuing,
- Officer's Certificates and Opinions of Counsel specified in the Sale Agreement will have been delivered to the Issuer and the Trustee, and
- the Rating Agencies specified in the Sale Agreement will have received prior written notice of the transaction.

Amendment

The Sale Agreement may be amended by the Seller and the Issuer with ten Business Days' prior written notice given to the Rating Agencies, the prior written consent of the Trustee, and if any amendment would adversely

affect in any material respect the interests of any Holder, the prior written consent of a majority of the Outstanding Amount of the 2022 Restructuring Bonds affected thereby.

THE SERVICING AGREEMENT

In addition to the description of certain provisions of the Servicing Agreement contained elsewhere herein, the following is a brief summary of certain provisions of the Servicing Agreement and does not purport to be comprehensive or definitive. All references herein to the Servicing Agreement are qualified in their entirety by reference to the Servicing Agreement for the detailed provisions thereof.

General

Pursuant to the Servicing Agreement, the Servicer is required, among other things, to collect the 2022 Restructuring Charges for the benefit and account of the Holders, to make the periodic True-Up Adjustments of the 2022 Restructuring Charges required or allowed by Financing Order No. 6, and to account for and remit the 2022 Restructuring Charges to or for the account of the Trustee in accordance with the remittance procedures contained in the Servicing Agreement without any charge, deduction or surcharge of any kind (other than the Servicing Fee specified in the Servicing Agreement). Under the terms of the Servicing Agreement, if the Servicer or any Successor Servicer fails to perform its servicing obligations in any material respect, the Trustee may, or shall, upon the written instruction of the Authority (acting on behalf of Customers) or the Holders of a majority of Outstanding Amount of the 2022 Restructuring Bonds, may terminate the rights and obligations of the Servicer under the Servicing Agreement. Upon the termination of the Servicer, the Authority shall appoint, subject to the consent of Holders of a majority of the Outstanding Amount of the 2022 Restructuring Bonds, a Successor Servicer to perform the obligations of the Servicer under the Servicing Agreement. The rights of the Issuer under the Servicing Agreement will be included in the collateral pledged to the Issuer under the Indenture, and these rights will be included in the Collateral.

The obligations to continue to collect and account for 2022 Restructuring Charges will be binding upon the Servicer and any other entity that provides transmission and distribution electric services or, in the event that transmission and distribution electric services are not provided by a single entity, any other entity providing electric distribution services to the Customers.

Servicing Procedures

The Servicer, as agent for the Issuer, will manage, service and administer, and bill and collect payments in respect of the 2022 Restructuring Charge according to the terms of the Servicing Agreement. The Servicer's duties will include: (i) obtaining meter reads calculating electricity usage, billing the 2022 Restructuring Charges and collecting the 2022 Restructuring Charges from Customers and third parties, as applicable, (ii) responding to inquiries of Customers, the Authority, third-party entities who bill and collect the charge, or any Governmental Authority regarding the 2022 Restructuring Charge, (iii) delivering bills to Customers and third parties, accounting for Charge Collections, investigating and handling delinquencies, processing and depositing collections and making periodic remittances, (iv) furnishing periodic reports and statements to the Issuer, the Authority, the Rating Agencies and to the Trustee, (v) selling, as agent for the Issuer, as its interests may appear, defaulted or written off accounts, and (vi) taking all necessary action in connection with True-Up Adjustments as set forth in the Servicing Agreement.

The Servicer is required to notify the Issuer, the Authority, the Trustee and the Rating Agencies in writing of any laws or regulations promulgated after the execution of the Servicing Agreement that have a material adverse effect on the Servicer's ability to perform its duties under the Servicing Agreement.

In addition, upon the reasonable request of the Issuer, the Authority, the Administrator, the Trustee or any Rating Agency, the Servicer will provide to the Issuer, the Authority, the Administrator, the Trustee or the Rating Agency, public financial information about the Servicer or any material information about the 2022 Restructuring Property that is reasonably available, as may be reasonably necessary and permitted by law to enable the Issuer, the Authority, the Administrator, the Trustee or the Rating Agency to monitor the Servicer's performance, and, so long as any 2022 Restructuring Bonds are outstanding, within a reasonable time after written request thereof, any information available to the Servicer or reasonably obtainable by it that is necessary to calculate the 2022 Restructuring Charges.

Servicing Standards and Covenants

The Servicing Agreement requires the Servicer to, on behalf of the Issuer (i) manage, service, administer and make collections in respect of the 2022 Restructuring Property with reasonable care in material compliance with

applicable law, including all regulations applicable to the Authority, using the same degree of care and diligence that the Servicer exercises with respect to billing and collection activities that the Servicer conducts for itself and others, (ii) follow customary standards, policies and procedures in performing its duties as Servicer that are customary in the electric distribution industry, (iii) use all reasonable efforts, consistent with its customary servicing procedures, to enforce and maintain the Issuer's and the Trustee's rights in respect of the 2022 Restructuring Property, (iv) calculate 2022 Restructuring Charges in compliance with the Securitization Law and Financing Order No. 6, and (v) invoice Customers in accordance with the procedures set forth in the Servicing Agreement. The Servicer shall follow such customary and usual practices and procedures as it shall deem necessary or advisable in its servicing of the 2022 Restructuring Property, which, in the Servicer's judgment, may include the taking of legal action pursuant to the Servicing Agreement or otherwise. The Servicer will not change such customary and usual practices and procedures in any manner that would materially and adversely affect the Issuer's or the Trustee's interest in the 2022 Restructuring Property unless the Servicer provides the Rating Agencies with prior written notice.

The Servicer is responsible for instituting and maintaining any action or proceeding necessary to compel performance by the Authority or the State of New York of any of their obligations or duties under the Securitization Law or Financing Order No. 6 with respect to the 2022 Restructuring Property, and the Servicer agrees to take such legal or administrative actions, including defending against or instituting and pursuing legal actions and appearing or testifying at hearings or similar proceedings, as may be reasonably necessary to block or overturn any attempts to cause a repeal of, modification of or supplement to the Securitization Law or Financing Order No. 6, as the case may be, or the rights of holders of 2022 Restructuring Property that would be adverse to Holders. The Servicing Agreement also designates the Servicer as the servicing agent and custodian for the Issuer with respect to the 2022 Restructuring Property Documentation.

True-Up Adjustment Process

Among other things, the Servicing Agreement requires the Servicer to calculate and implement the True-Up Adjustments to the 2022 Restructuring Charges. These adjustments are to be based on actual Charge Collections and updated assumptions by the Servicer as to projected future Charge Collections, projected uncollectibles and loss in collection of billed charges, and future payments and expenses relating to the 2022 Restructuring Property and the 2022 Restructuring Bonds. See "THE FINANCING ORDER—True-Up Adjustment Mechanism."

Servicing Compensation

The Issuer will pay the Servicer a Servicing Fee in exchange for all obligations to be performed by the Servicer under the Servicing Agreement. The annual Servicing Fee for the 2022 Restructuring Bonds payable to LIPA, as the initial Servicer or any Successor Servicer that is affiliated with the owner of the T&D System Assets or performing similar services for the owner of the T&D System Assets, while it is acting as Servicer shall be 0.05% of the aggregate initial principal amount of the 2022 Restructuring Bonds. The annual Servicing Fee for any Successor Servicer that is not affiliated with the owner of the T&D System Assets or not performing similar services for the owner of the T&D System Assets shall be an amount agreed upon by the Issuer and the Successor Servicer, provided that any amount in excess of 0.60% of the initial aggregate principal amount of the 2022 Restructuring Bonds shall be approved by the Authority and the Trustee, and provided, further, that if the Authority fails to approve or disapprove any such Servicing Fee within 30 days following its receipt of a written request to approve the same, the Authority shall be deemed to have approved such Servicing Fee. The Issuer shall also pay all expenses incurred by the Servicer in connection with its activities under the Servicing Agreement (including any fees to and disbursements by accountants, counsel or any other Person, any taxes or payments in lieu of taxes imposed on the Servicer (other than taxes based on the Servicer's net income) and any expenses incurred in connection with reports to Holders, subject to the priorities set forth in the Indenture).

Servicer Representations and Warranties

In the Servicing Agreement, the Servicer will represent and warrant, as of the Issuance Date, among other things, that:

- the Servicer is a corporation, duly organized and is in good standing in the state of its organization, with the requisite corporate or other power and authority to own its properties and to conduct its business as such properties are currently owned and such business is presently conducted by it, and has, the requisite corporate power and authority to service the 2022 Restructuring Property and hold the 2022 Restructuring Property and the 2022 Restructuring Property Documentation as custodian,

- the Servicer is duly qualified to do business and has obtained all necessary licenses and approvals in all jurisdictions in which the ownership or lease of property or the conduct of its business (including the servicing of the 2022 Restructuring Property as required by the Servicing Agreement) shall require such qualifications, licenses or approvals (except where the failure to qualify or to obtain such licenses and approvals would not be reasonably likely to have a material adverse effect on the Servicer's business, operations, assets, revenues or adversely affect the servicing of the 2022 Restructuring Property),
- the Servicer has the requisite corporate power and authority to execute and deliver the Servicing Agreement and carry out the terms of the Servicing Agreement; and the execution, delivery and performance of the terms of the Servicing Agreement have been duly authorized by all necessary corporate action on the part of the Servicer,
- the Servicing Agreement constitutes a legal, valid and binding obligation of the Servicer, enforceable against it in accordance with its terms, subject to applicable insolvency, bankruptcy, receivership, reorganization, moratorium, fraudulent transfer and other laws relating to or affecting creditors' rights generally from time to time in effect and to general principles of equity (including concepts of materiality, reasonableness, good faith and fair dealing), regardless of whether considered in a proceeding in equity or at law,
- the consummation of the transactions contemplated by the Servicing Agreement and the fulfillment of the terms thereof do not conflict with, or result in any breach of any of the terms and provisions of, nor constitute (with or without notice or lapse of time) a default under the organizational documents of the Servicer or any material indenture or other agreement or instrument to which the Servicer is a party or by which it is bound; nor result in the creation or imposition of any Lien upon any of its properties pursuant to the terms of any such indenture, agreement or other instrument; nor violate any existing law or any existing order, rule or regulation applicable to the Servicer of any federal or state court or regulatory body, administrative agency or other governmental instrumentality having jurisdiction over the Servicer or its properties,
- no approval, authorization, consent, order or other action of, or filing with, any federal or state court or regulatory body, administrative agency or other governmental instrumentality is required in connection with the execution and delivery by the Servicer of the Servicing Agreement, the performance by the Servicer of the transactions contemplated thereby or the fulfillment by the Servicer of the terms thereof, except those that have been obtained or made and those that the Servicer is required to make in the future,
- there are no Proceedings pending or, to the Servicer's knowledge, threatened, and no investigations pending or threatened, before any federal or state court or regulatory body, administrative agency or other governmental instrumentality having jurisdiction over the Servicer or its properties involving or relating to the Servicer or, to the Servicer's knowledge, any other Person: (i) asserting the invalidity of the Servicing Agreement, (ii) seeking to prevent the consummation of any of the transactions contemplated by the Servicing Agreement, or (iii) seeking any determination or ruling that might materially adversely affect the performance by the Servicer of its obligations under, or the validity or enforceability of, the Servicing Agreement, and
- each report and certificate delivered in connection with the Issuance Advice Letter or delivered in connection with any filing made to the Authority by the Servicer with respect to the 2022 Restructuring Charges or True-Up Adjustments will constitute a representation and warranty by the Servicer that each such report and certificate, as the case may be, is true and correct in all material respects; but to the extent any such report or certificate is based in part upon or contains assumptions, forecasts or other predictions of future events, the representation and warranty of the Servicer with respect thereto will be limited to the representation and warranty that such assumptions, forecasts or other predictions of future events are reasonable based upon historical performance (and facts known to the Servicer on the date such report or certificate is delivered).

Certificates by Servicer

Monthly Servicer Certificates. On or before the 13th Business Day of each calendar month commencing with January 2023, the Servicer will deliver to the Allocation Agent, the Issuer, the Authority, each Rating Agency and the Trustee a monthly certificate in substantially the form provided in the Servicing Agreement (the "Monthly

Servicer Certificate”), stating the amount of 2022 Restructuring Charges deposited into the Allocation Account during the preceding calendar month, the estimated amount of Charge Collections transferred to the Collection Account during the preceding calendar month, the amount of any transfers or reductions in respect of Excess Remittances or the Remittance Shortfalls occurring during the preceding calendar month, and the amount of any transfers or reductions in respect of Excess Remittances or Remittance Shortfalls required to occur on any Remittance Date during the current month pursuant to the Servicing Agreement.

Semi-annual Servicer Certificates. At least one Business Day before each Payment Date, the Servicer shall provide to the Issuer, the Trustee, each Rating Agency and the Authority, a certificate in substantially the form in the Servicing Agreement (the “Semi-annual Servicer Certificate”) indicating:

1. the amount to be paid to the Holders of each tranche in respect of principal on such Payment Date in accordance with the Indenture,
2. the amount to be paid to the Holders of each tranche in respect of interest on such Payment Date in accordance with the Indenture,
3. the projected bond balance and the bond balance for each tranche as of that Payment Date (after giving effect to the payments on such Payment Date),
4. the amounts on deposit in the Reserve Subaccount (including the Operating Reserve Subaccount and the Debt Service Reserve Subaccount) as of that Payment Date (after giving effect to the transfers to be made from or into the Reserve Subaccount on such Payment Date),
5. the amounts, if any, on deposit in the Excess Funds Subaccount as of that Payment Date (after giving effect to the transfers to be made from or into the Excess Funds Subaccount on such Payment Date),
6. the amounts paid to the Trustee since the preceding Payment Date pursuant to the Indenture,
7. the amounts paid to the Servicer since the preceding Payment Date pursuant to the Indenture, and
8. the amount of any other transfers and payments to be made on such Payment Date pursuant to the Indenture.

Annual Certificates. The Servicer shall provide the annual compliance certificate required by the Servicing Agreement in substantially the form provided in the Servicing Agreement (the “Servicer Compliance Certificate”).

Servicer Will Indemnify Issuer in Limited Circumstances

The Servicer will indemnify the Issuer and the Trustee (for itself and for on behalf of the Bondholders) and each of their respective trustees, members, managers, officers, directors, employees and agents for, and defend and hold harmless each such Person from and against, any and all Losses arising as a result of:

- the Servicer’s willful misconduct or negligence in the performance of its duties or observance of its covenants under the Servicing Agreement or the Servicer’s reckless disregard of its obligations and duties under the Servicing Agreement,
- the Servicer’s breach of any of its representations or warranties under the Servicing Agreement, and
- litigation and related expenses relating to its status and obligations as Servicer.

The Servicer will not be liable, however, for any Losses resulting from the willful misconduct or gross negligence of the party seeking indemnification, or resulting from a breach of a representation or warranty made by any such person in any of the Basic Documents that give rise to the Servicer’s breach.

Except to the extent expressly provided for in the Basic Documents (including the Servicer’s claims with respect to the Servicing Fees), the Servicing Agreement provides that the Servicer releases and discharges the Issuer (including its trustees, officers, employees and agents, if any), and the Trustee (including its respective officers, directors and agents) from any and all actions, claims and demands which the Servicer may have against those parties relating to the 2022 Restructuring Property or the Servicer’s activities with respect to the 2022 Restructuring Property, other than actions, claims and demands arising from the willful misconduct, bad faith or gross negligence of the parties.

The Servicing Agreement further provides that the Servicer will not be liable to the Issuer or to the Trustee, except as provided under the Servicing Agreement, for taking any action or for refraining from taking any action under

the Servicing Agreement or for errors in judgment. However, the Servicer will not be protected against any liability that would otherwise be imposed by reason of willful misconduct, bad faith or negligence in the performance of its duties or by reason of reckless disregard of obligations and duties under the Servicing Agreement. The Servicer and any of its directors, officers, employees or agents may rely in good faith on the advice of counsel reasonably acceptable to the Trustee or on any document submitted by any person respecting any matters under the Servicing Agreement. In addition, the Servicing Agreement provides that the Servicer is under no obligation to appear in, prosecute, or defend any legal action incidental to its duties to service the 2022 Restructuring Property in accordance with the Servicing Agreement or related to its obligation to pay indemnification, and that in its reasonable opinion may cause it to incur any expense or liability, except as provided in the Servicing Agreement.

Matters Regarding Servicer

The Servicing Agreement provides that LIPA may not resign from its obligations and duties as Servicer thereunder, except upon a determination that LIPA's performance of its duties under the Servicing Agreement is no longer permissible under applicable law. No resignation by LIPA as Servicer will become effective until a Successor Servicer has assumed LIPA's servicing obligations and duties under the Servicing Agreement.

Under the circumstances specified in the Servicing Agreement, any Person which becomes the successor by merger, sale, transfer, lease, management contract or otherwise to all or substantially all of the T&D Systems Assets may assume all of the rights and obligations of the Servicer under the Servicing Agreement. The following are conditions to the transfer of the duties and obligations to a Successor Servicer:

- the successor to the Servicer must execute an agreement of assumption to perform every obligation of the Servicer under the Servicing Agreement,
- immediately after the transfer, no representation or warranty made by the Servicer in the Servicing Agreement will have been breached and no Servicer default or event which after notice of, lapse of time or both, would become a Servicer default, has occurred and is continuing,
- the Servicer has delivered to the Issuer and to the Trustee an Officer's Certificate stating that the transfer complies with the Servicing Agreement and all conditions to the transfer under the Servicing Agreement have been complied with,
- the Servicer has delivered to the Issuer and to the Trustee an Opinion of Counsel stating either that all necessary filings to preserve, perfect and maintain the priority of the Issuer's interests in and the Trustee's lien on the 2022 Restructuring Property, have been made or that no filings are required to preserve and protect such interests,
- the Servicer has given prior written notice to the Rating Agencies, and
- the Servicer has delivered to the Issuer, the Trustee and the Authority an opinion of independent tax counsel to the effect that, for federal income tax purposes, such transaction will not result in a material federal income tax consequence to the Issuer, the Trustee, or the then existing Holders.

So long as the conditions of any such assumptions are met, then the prior Servicer will automatically be released from its obligations under the Servicing Agreement.

The Servicing Agreement permits the Servicer to contract with a subservicer to perform all or any portion of its obligations. However, the contract must satisfy the Rating Agency Condition and the Servicer must remain obligated and liable to the Issuer, the Trustee and the Bondholders for the servicing and administering of the 2022 Restructuring Property in accordance with the Servicing Agreement. The Servicing Agreement provides that the OSA, as amended from time to time, is deemed to satisfy the Rating Agency Condition.

Annual Accountant's Report

The Servicer shall cause a firm of Independent registered public accountants (which may provide other services to the Servicer or its affiliates) to prepare annually, and the Servicer shall deliver annually to the Issuer, the Trustee, the Rating Agencies and the Authority on or before March 31 of each year, commencing with 2023 to and including the March 31st succeeding the Final Maturity Date of the 2022 Restructuring Bonds, a report addressed to the Servicer (the "Annual Accountant's Report"), to the effect that such firm has performed certain procedures, agreed between the Servicer and such accountants, in connection with the Servicer's compliance with its obligations under the Servicing Agreement during the preceding twelve months ended December 31 (or, in the case of the first Annual

Accountant's Report to be delivered on or before March 31, 2023, the period of time from the date of the Servicing Agreement until December 31, 2022), identifying the results of such procedures and including any exceptions noted. In the event such accounting firm requires the Trustee or the Issuer to agree or consent to the procedures performed by such firm, the Issuer shall direct the Trustee in writing to so agree; it being understood and agreed that the Trustee will deliver such letter of agreement or consent in conclusive reliance upon the direction of the Issuer, and the Trustee will not make any independent inquiry or investigation as to, and shall have no obligation or liability in respect of, the sufficiency, validity or correctness of such procedures.

The Annual Accountant's Report shall also indicate that the accounting firm providing such report is independent of the Servicer in accordance with the New York Public Authorities Law or the Code of Professional Ethics of the American Institute of Certified Public Accountants, as then in effect.

Servicer Defaults and Remedies

If any one or more of the following events (a "Servicer Default") shall occur and be continuing:

- (a) any failure by the Servicer to cause payments by or on behalf of Customers received by the Servicer from 2022 Restructuring Charges to be deposited into the Allocation Account as provided in the Servicing Agreement or any failure to cause the Allocation Agent to transfer to the Trustee any required remittance and cause other amounts received from 2022 Collateral to be deposited to the Collection Account pursuant to the Servicer Agreement that shall continue unremedied for a period of 5 Business Days after written notice of such failure is received by the Servicer from the Issuer or the Trustee,
- (b) any failure on the part of the Servicer duly to observe or to perform in any material respect any covenants or agreements of the Servicer set forth in the Servicing Agreement, which failure (i) materially and adversely affects the 2022 Restructuring Property or the rights of the Holders and (ii) continues unremedied for a period of 60 days after the date on which (A) written notice of such failure shall have been given to the Servicer by the Issuer, the Authority, the Allocation Agent, the Administrator, or the Trustee, or (B) after discovery of such failure by an officer of the Servicer,
- (c) any representation or warranty made by the Servicer in the Servicing Agreement proves to have been incorrect when made, which has a material adverse effect on the Issuer or the Holders and which material adverse effect continues unremedied for a period of 60 days after the date on which (A) written notice thereof shall have been delivered to the Servicer by the Issuer, or the Authority, or the Trustee, or (B) after discovery of such failure by an officer of the Servicer, as the case may be, or
- (d) an Insolvency Event occurs with respect to the Servicer;

then, and in each and every case, so long as the Servicer Default shall not have been remedied, either the Trustee may, or shall upon the instruction of the Authority (acting on behalf of Customers) or the Holders of a majority of the outstanding principal amount of the 2022 Restructuring Bonds, by notice then given in writing to the Servicer (and to the Trustee if given by the Holders) (a "Termination Notice"), may terminate all the rights and obligations (other than the indemnity obligations and the obligation to continue performing its functions as Servicer until a Successor Servicer is appointed) of the Servicer under the Servicing Agreement. In addition, upon a Servicer Default, any interested person shall be entitled to apply to any court in New York for sequestration and payment of revenues arising with respect to the 2022 Restructuring Property. On or after the receipt by the Servicer of a Termination Notice, all authority and power of the Servicer under the Servicing Agreement, whether with respect to the 2022 Restructuring Property, the 2022 Restructuring Charge, or otherwise, shall, upon appointment of a Successor Servicer pursuant to the Servicing Agreement, without further action, pass to and be vested in such Successor Servicer; and, without limitation, the Trustee is thereby authorized and empowered to execute and deliver, on behalf of the predecessor Servicer, as attorney-in-fact or otherwise, any and all documents and other instruments, and to do or accomplish all other acts or things necessary or appropriate to effect the purposes of such Termination Notice, whether to complete the transfer of the 2022 Restructuring Property Documentation and related documents, or otherwise. The predecessor Servicer shall cooperate with the Successor Servicer, the Issuer, the Allocation Agent and the Trustee in effecting the termination of the responsibilities and rights of the predecessor Servicer under the Servicing Agreement, including the transfer to the Successor Servicer for administration by it of all cash amounts that shall at the time be held by the predecessor Servicer for remittance, or shall thereafter be received by it with respect to the 2022 Restructuring Property or the 2022 Restructuring Charge. As soon as practicable after receipt by the Servicer of such Termination

Notice, the Servicer shall deliver the 2022 Restructuring Property Documentation to the Successor Servicer. All reasonable costs and expenses (including attorneys' fees and expenses) incurred in connection with transferring the 2022 Restructuring Property Documentation to the Successor Servicer and amending the Servicing Agreement to reflect such succession as Servicer pursuant to the Servicing Agreement shall be paid by the predecessor Servicer upon presentation of reasonable documentation of such costs and expenses.

Successor Servicer. Upon the Servicer's receipt of a Termination Notice or the Servicer's resignation or removal in accordance with the terms of the Servicing Agreement, the predecessor Servicer shall continue to perform its functions as Servicer and shall be entitled to receive the requisite portion of the Servicing Fee and reimbursement of expenses, until a Successor Servicer shall have assumed in writing the obligations of the Servicer. In the event of the Servicer's removal or resignation, and upon application of the Trustee, the Authority will appoint a Successor Servicer. Any appointment of a Successor Servicer requires the consent of the Holders of a majority of the outstanding principal amount of the 2022 Restructuring Bonds, and the Successor Servicer shall accept its appointment by a written assumption in a form reasonably acceptable to the Issuer and the Trustee. If within 30 days after the delivery of the Termination Notice, a new Servicer has not been appointed and accepted such appointment, the Trustee may petition the Authority or a court of competent jurisdiction to appoint a Successor Servicer. A Person shall qualify as a Successor Servicer only if (i) such Person is permitted under the Securitization Law, the regulations of the Authority, Financing Order No. 6 and the Servicing Agreement to perform the duties of the Servicer, (ii) the Rating Agency Condition shall have been satisfied, and (iii) such Person enters into a servicing agreement with the Issuer having substantially the same provisions as the Servicing Agreement.

Upon appointment, the Successor Servicer shall be the successor in all respects to the predecessor Servicer and shall be subject to all the responsibilities, duties and liabilities arising thereafter relating thereto placed on the predecessor Servicer and shall be entitled to the Servicing Fee and all the rights granted to the predecessor Servicer by the Servicing Agreement.

The Successor Servicer may resign only if it is prohibited from serving as such by applicable law.

Waiver of Past Defaults. The Trustee, with the consent of the Authority and the Holders of the majority of the outstanding principal amount of the 2022 Restructuring Bonds, on behalf of all Holders, may waive in writing any default by the Servicer in the performance of its obligations except a default in making any required deposits to the Allocation Account in accordance with the Servicing Agreement. The Servicer is required to provide notice of any such waivers to each Rating Agency, promptly after its receipt thereof from the Trustee. Upon any such waiver of a past default, such default shall cease to exist, and any Servicer Default arising therefrom shall be deemed to have been remedied for every purpose of the Servicing Agreement. No such waiver shall extend to any subsequent or other default or impair any right consequent thereto.

Notice of Servicer Default. The Servicer shall deliver to the Issuer, the Authority, the Administrator, the Trustee, the Allocation Agent and the Rating Agencies, promptly after having obtained knowledge thereof, but in no event later than 5 Business Days thereafter, written notice in an Officer's Certificate of any event which with the giving of notice or lapse of time, or both, would become a Servicer Default under the Servicing Agreement.

Amendment to Servicing Agreement. The Servicing Agreement may be amended by the Servicer and the Issuer, with the consent of the Trustee and the satisfaction of the Rating Agency Condition. Promptly after the execution of any such amendment or consent, the Issuer shall furnish written notification of the substance of such amendment or consent to each of the Rating Agencies.

Prior to the execution of any amendment to the Servicing Agreement, the Issuer and the Trustee shall be entitled to receive and rely upon an Opinion of Counsel stating that the execution of such amendment is authorized or permitted by the Servicing Agreement and the Opinion of Counsel referred to in the Servicing Agreement. The Issuer and the Trustee may, but shall not be obligated to, enter into any such amendment which affects their own rights, duties or immunities under the Servicing Agreement or otherwise.

To amend or modify the Servicing Agreement, the following conditions must be met:

- (a) At least fifteen days prior to the effectiveness of any such amendment or modification and after obtaining the other necessary approvals described above (except that the consent of the Trustee may be subject to the consent of the Holders if such consent is required or sought by the Trustee in connection with such amendment or modification), the Servicer shall have delivered to the Authority written notification of any proposed amendment,

- (b) If the Authority, within fifteen days (subject to extension as provided in clause (c) below) of receiving a notification complying with the necessary approvals as described above, delivers to the office of the person to whom responses are to be delivered a written statement that the Authority might object to the proposed amendment or modification, then such proposed amendment or modification shall not be effective unless and until the Authority subsequently delivers a written statement that it does not object to the proposed amendment or modification,
- (c) If the Authority, within fifteen days of receiving a notification complying with the necessary approvals described above, delivers to the office of the person to whom responses are to be delivered a written statement requesting additional time (up to thirty days) in which to consider the proposed amendment or modification, then such proposed amendment or modification shall not be effective if, within the extended period, the Authority delivers to the office of the person to whom responses are to be delivered a written statement that it does not object to the proposed amendment or modification,
- (d) If the Authority has not delivered written notice that the Authority might object to the proposed amendment or modification within the relevant time period described above, then the Authority shall be deemed not to have any objection and such amendment or modification may become effective upon satisfaction of the other conditions specified above, and
- (e) Following the delivery of a notice to the Authority by the Servicer under clause (b) above, the Servicer and the Issuer shall have the right at any time to withdraw any proposed amendment from consideration.

The Servicer may, with the prior written consent of the Authority, amend the billing procedures in Annex 2 to the Servicing Agreement in writing with prior written notice given to the Trustee, the Issuer and the Rating Agencies, but without the consent of the Trustee, the Issuer, any Rating Agency or any Holder, solely to address changes to the Servicer's method of calculating the 2022 Restructuring Charges as a result of changes to the Servicer's (or its subservicer's) current computerized customer information system, including changes which would replace the remittances contemplated by the estimation procedures set forth in Annex 2 with remittances of Charge Collections determined to have been actually received; provided that any such amendment shall not have a material adverse effect on the Holders.

The Servicer shall promptly provide each of the Rating Agencies and the Authority with a copy of any amendment to the Servicing Agreement.

Cooperation with Successor. The Servicer will, on an ongoing basis, cooperate with the Successor Servicer and provide whatever information is, and take whatever actions are, reasonably necessary to assist the Successor Servicer in performing its obligations under the Servicing Agreement.

ADMINISTRATION AGREEMENT

In addition to the description of certain provisions of the Administration Agreement contained elsewhere herein, the following is a brief summary of certain provisions of the Administration Agreement and does not purport to be comprehensive or definitive. All references herein to the Administration Agreement are qualified in their entirety by reference to the Administration Agreement for the detailed provisions thereof.

Duties of the Administrator

To the extent not required to be performed by the Servicer, the Administrator shall perform the Issuer's obligations under each of the Basic Documents and shall prepare or cause any and all documents, reports, filings, instruments, notices, certificates and opinions to be prepared on behalf of the Issuer. These obligations include:

- (a) confirmation that any non-responding Rating Agency has received the Rating Agency Condition request and request the related Rating Agency Condition confirmation,
- (b) the preparation of or obtaining of the documents required for the authentication of the 2022 Restructuring Bonds and delivery of the same to the Trustee and such other actions on behalf of the Issuer as are necessary for the issuance and delivery of the 2022 Restructuring Bonds,
- (c) causing a Bond Register to be kept and to give the Trustee notice of any changes to the Bond Register,

- (d) the fixing of any special record date and the notification of Holders of any special record dates, Payment Dates and the amount of defaulted interest to be paid, if any,
- (e) advising the Trustee of an election to terminate the book-entry system through a Clearing Agency with respect to the 2022 Restructuring Bonds,
- (f) maintenance of an office or agency in the Borough of Manhattan, the City of New York, New York where 2022 Restructuring Bonds may be surrendered for registration of transfer or exchange, which may be the Trustee,
- (g) causing any newly appointed Paying Agents to deliver to the Trustee instruments regarding funds held in trust,
- (h) directing the Paying Agents to pay to the Trustee all sums held in trust by such Paying Agents,
- (i) preparing all supplements and amendments to the Indenture, filings pursuant to the Securitization Law or Financing Order No. 6, instruments of further assurance and other instruments, in accordance with the Indenture, necessary to protect the 2022 Collateral,
- (j) identifying to the Trustee in an Officer's Certificate any Person that the Issuer has contracted to perform its duties under the Indenture,
- (k) delivering a notice to the Trustee and the Rating Agencies of each Event of Default under the Administration Agreement and each default by the Servicer or Seller of its obligations under the Servicing Agreement or the Sale Agreement, respectively,
- (l) notifying the Trustee and the Authority of the appointment of any Successor Servicer,
- (m) preparing and filing of all documents required under the Securitization Law relating to the transfer of the ownership or security interest in the 2022 Restructuring Property,
- (n) preparing the Officer's Certificate and Independent Certificate relating to the satisfaction and discharge of the Indenture or a Legal Defeasance under the Indenture,
- (o) sending a copy of each certificate of compliance delivered to it pursuant to the Servicing Agreement and Annual Accountant's Report delivered to it pursuant to the Servicing Agreement to the Trustee, the Holders and the Rating Agencies and to the Servicer,
- (p) furnishing the Trustee with each Record Date and the names and addresses of Holders during any period when the Trustee is not the Registrar,
- (q) the opening of one or more segregated trust accounts in the Trustee's name, the preparation of orders, and the obtaining of Opinions of Counsel and the taking of all other actions necessary with respect to investment and reinvestment of funds in the Collection Account including transfer of the Collection Account to an Eligible Institution if it ceases to be maintained at an Eligible Institution,
- (r) preparing, obtaining or filing of the instruments, opinions and certificates and other documents required for the release of 2022 Collateral,
- (s) appointing Independent registered public accountants for purposes of preparing and delivering the reports or certificates required by the Indenture and, upon any resignation by such firm, providing written notice thereof to the Trustee and promptly appointing a successor thereto that shall also be a firm of Independent registered public accountants,
- (t) preparing the Issuer orders and the obtaining of Officer's Certificates with respect to the execution of supplemental bond indentures,
- (u) the preparation of new 2022 Restructuring Bonds conforming to any supplemental bond indenture,
- (v) in the case of any redemption of 2022 Restructuring Bonds at the direction of the Issuer, giving written notice to the Trustee of the Issuer's direction to redeem such 2022 Restructuring Bonds,
- (w) notifying the Trustee of any notice received by the Issuer from the Holders, and
- (x) interacting with the Allocation Agent with respect to Excess Remittances and Remittance Shortfalls.

The Administrator shall also furnish the Issuer with ordinary clerical, bookkeeping and other administrative services necessary and appropriate for the Issuer.

In addition to the duties of the Administrator described above, the Administrator shall undertake such other administrative services as may be appropriate, necessary or requested by the Issuer and provide such other services as are incidental to those set forth above or in this paragraph or as the Issuer and Administrator may agree. As part of its administrative services, the Administrator shall obtain and maintain a directors and officers insurance policy covering the trustees of the Issuer (which policy may cover the officers of the Issuer as well), and the Administrator shall pay the premiums therefor as a reimbursable expense under the Administration Agreement to the extent there are insufficient funds on deposit in the Collection Account to pay such premiums when due in accordance with the priorities specified in the Indenture. The Administrator shall not take any non-ministerial action unless the Administrator notifies the Issuer of the proposed action and the Issuer consents to such action.

Administrator Compensation

The Administration Agreement provides that the Administrator shall be entitled to an annual fee (the “Administration Fee”) of \$100,000 in equal semi-annual installments on each Payment Date.

The Issuer will also reimburse the Administrator for all filing fees and expenses, legal fees, fees of outside auditors and other out-of-pocket expenses incurred by the Administrator in the course of performing its duties thereunder. The Administrator’s compensation and other expenses payable thereunder shall be paid from the Collection Account in accordance with the Collection Account priorities as stated in the Indenture, and the Administrator shall have no recourse against the Issuer for payment of such amounts other than in accordance with the Collection Account priorities as stated in the Indenture.

Resignation and Removal of the Administrator

The Administrator may resign its duties thereunder by providing the Issuer with at least sixty days’ prior written notice. The Issuer may remove the Administrator without cause by providing the Administrator with at least sixty days’ written notice. At the sole option of the Issuer, the Administrator may be removed immediately upon written notice of termination from the Issuer to the Administrator if the Administrator is in default of the performance of its duties under the Administration Agreement and such default is not cured in accordance with the Administration Agreement, or is party to a voluntary or involuntary case under any applicable bankruptcy, insolvency or other similar law now or hereafter in effect or appoints a receiver, liquidator, assignee, custodian, trustee, sequestrator or similar official for the Administrator or any substantial part of its property or order the winding-up or liquidation of its affairs.

No resignation or removal of the Administrator shall be effective until a successor Administrator shall have been appointed by the Issuer and shall have agreed in writing to be bound by the terms of the Administration Agreement. The appointment of any successor Administrator shall be effective only after the satisfaction of the Rating Agency Condition with respect to the proposed appointment.

Promptly upon the effective date of its resignation or removal, the Administrator shall be entitled to be paid all fees accrued to it and expenses accrued by it in performance of its duties thereunder through the date of such resignation or removal and to the extent permitted under the Administration Agreement.

Amendment of the Administration Agreement

The Administration Agreement may be amended in writing by the Administrator and the Issuer with the written consent of the Trustee, but without the consent of any of the Holders, to cure any ambiguity, to correct or supplement any provisions in the Administration Agreement or for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions in the Administration Agreement or of modifying in any manner the rights of the Holders; provided, that such action shall not, as evidenced by an Officer’s Certificate delivered to the Trustee, adversely affect in any material respect the interests of any Holder.

The Administration Agreement may also be amended in writing from time to time by the Administrator and the Issuer with the written consent of the Trustee and, subject to the paragraph directly above, the written consent of the Holders evidencing a majority of the Outstanding Amount of the 2022 Restructuring Bonds, for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions of the Administration Agreement or of modifying in any manner the rights of the Holders; provided, however, that no such amendment shall increase, reduce, accelerate or delay the timing of Charge Collections without the consent of the Holders of all the outstanding Bonds.

Indemnification by the Administrator

The Administrator shall indemnify the Issuer, the Trustee and their respective trustees, officers, officials, directors, employees and agents for, and defend and hold harmless each such Person from and against, any and all liabilities, obligations, actions, suits, claims, losses, damages, payments, costs or expenses of any kind whatsoever that may be imposed on, incurred by or asserted against such Person as a result of the Administrator's willful misconduct or negligence in the performance of its duties or observance of its covenants arising out of the Agreement.

The indemnification obligations of the Administrator under the Administration Agreement shall survive the termination of the Administrator Agreement and the resignation or removal of the Trustee.

Administrator's Liability

Except as provided in the Administration Agreement, the Administrator does not assume any liability other than to render or stand ready to render the services called for in the Administration Agreement and neither the Administrator nor any of its directors, officers, employees, subsidiaries or affiliates shall be responsible for any action of the Issuer or any of the trustees, officers, employees, subsidiaries or affiliates of the Issuer (other than the Administrator itself).

AFFILIATIONS AND CERTAIN RELATIONSHIPS

Each of the Authority and LIPA may maintain banking relationships in the ordinary course with The Bank of New York Mellon.

RISK FACTORS

Please carefully consider all the information included in this Official Statement, including the risks described below before deciding to invest in the 2022 Restructuring Bonds.

Servicing and Operating Risks

Repayment of the 2022 Restructuring Bonds Depends on Performance of LIPA and PSEG Long Island or any Successors

As Servicer, LIPA will be responsible for monitoring the 2022 Collateral, taking all necessary action in connection with True-Up Adjustments and certain reporting requirements. In its role as T&D System manager under the OSA, PSEG Long Island is responsible for performing a number of functions that are otherwise provided by the Servicer including, among other things, billing and collecting the 2022 Restructuring Charges from Customers, meter reading and forecasting. The Trustee's receipt of Charge Collections, which will be used to make payments on the 2022 Restructuring Bonds, will depend in part on the skill and diligence of PSEG Long Island and LIPA or any successors in performing these functions.

The base term of the OSA expires on December 31, 2025, which is prior to the Final Maturity Date for certain of the 2022 Restructuring Bonds. In addition, the OSA is subject to early termination. See "SERVICER AND ADMINISTRATOR—The OSA" and "—The LIPA Reform Act and the OSA."

If PSEG Long Island ceases to perform the billing and collection functions on behalf of the Servicer pursuant to the terms of the OSA, it might be difficult to find a replacement T&D System manager or a Successor Servicer. Also, any Successor Servicer (or T&D System manager performing servicing functions) might have less experience and ability than PSEG Long Island and might experience difficulties in collecting 2022 Restructuring Charges, in determining appropriate adjustments to the 2022 Restructuring Charges, and billing and/or payment arrangements may change, resulting in delays or disruptions of Charge Collections. A Successor Servicer might charge fees that, while permitted under Financing Order No. 6, are substantially higher than the fees paid to LIPA as the initial Servicer. In the event of the commencement of a case by or against the Servicer or PSEG Long Island under the United States Bankruptcy Code or similar laws, the Servicer and the Trustee might be prevented from effecting a transfer of servicing due to operation of the Bankruptcy Code. Any of these factors and others might delay the timing of payments and may reduce the value of the 2022 Restructuring Bonds.

If LIPA or any successor, or PSEG Long Island or any successor, fails to collect or remit sufficient Charge Collections for any reason, then the Servicer's payments to the Trustee in respect of the 2022 Restructuring Charges might be delayed or reduced. In that event, payments on the 2022 Restructuring Bonds might be delayed or reduced. In addition, the successor owner of all or substantially all, or part, of the T&D System Assets of LIPA serving its Customers may assume the role of Servicer, subject only to the satisfaction of the conditions set forth in the Servicing

Agreement. These conditions do not include either Holder consent or, so long as the successor entity assumes the ownership of all of the distribution system business assets of LIPA serving its Customers, satisfaction of the Rating Agency Condition.

Failure by the Authority and PSEG Long Island or a successor to undertake programs intended to maintain and/or improve the T&D System Assets could induce Customers to reduce or avoid 2022 Restructuring Charges by seeking alternatives to purchasing electricity through LIPA's T&D System Assets. That may reduce the total number of Customers paying the 2022 Restructuring Charges and change the relative amounts of 2022 Restructuring Charges on such Customers, all of which would increase the amount and share of 2022 Restructuring Charges billed to the remaining Customers. Such increase may reduce the collectability of the 2022 Restructuring Charges.

Inaccurate Consumption Forecasting or Unanticipated Delinquencies or Charge-offs Might Reduce Scheduled Payments on the 2022 Restructuring Bonds

The 2022 Restructuring Charges are calculated based upon forecasted Customer usage, including the effect of delinquencies and charge offs. Under the OSA, PSEG Long Island does the forecasting of electricity consumption. The amount and the rate of Charge Collections will depend in part on actual electricity usage and the amount of collections and write-offs for each rate class. If PSEG Long Island or a successor inaccurately forecasts electricity consumption or uses inaccurate Customer delinquency or charge-off data when setting or adjusting the 2022 Restructuring Charges, there could be a shortfall or material delay in Charge Collections, which might result in missed or delayed payments of principal and interest and lengthened weighted average lives of the 2022 Restructuring Bonds. See "THE FINANCING ORDER—True-Up Adjustment Mechanism" and "THE SERVICING AGREEMENT — True-Up Adjustment Process."

The Servicer's use of inaccurate delinquency or charge-off rates might result also from, among other things, unexpected deterioration of the economy or changes to law and regulations governing the termination of electric service to Customers in the event of extreme weather, either of which could cause greater delinquencies or charge-offs than expected or force LIPA to grant additional payment relief to more Customers; or the introduction into New York of alternative electricity suppliers who collect the 2022 Restructuring Charges from the Customers, but who may fail to remit Customer charges to the Servicer in a timely manner; or the failure of alternative electricity suppliers to submit accurate and timely information to the Servicer regarding their collections and charge-offs; or any other unanticipated change in law that makes it more difficult for LIPA to terminate service to nonpaying Customers or that requires LIPA to apply more lenient credit standards in accepting Customers. See "THE SERVICER AND ADMINISTRATOR – Billing and Collection Policies."

Changes to Billing and Collection Practices May Reduce the Amount of Funds Available for Payments on the 2022 Restructuring Bonds

The methodology of determining the amount of the 2022 Restructuring Charge billed to each Customer is specified in Financing Order No. 6. Neither LIPA, nor PSEG Long Island as it performs its billing and collection functions on LIPA's behalf, may change this methodology. However, subject to applicable law, tariff and regulatory requirements, billing and collection arrangements with each Customer may be changed in a manner that delays or reduces the Servicer's payments to the Trustee in respect of the 2022 Restructuring Charges. For example, to recover part of an outstanding electricity bill, LIPA may agree to extend a Customer's payment schedule or to write off the remaining portion of the bill. In that event, collection of 2022 Restructuring Charges may be delayed or reduced until an adjustment is made. See "SERVICER AND ADMINISTRATOR—Billing and Collection Policies."

Limits on Rights to Terminate Service to Customers Might Make it More Difficult to Collect the 2022 Restructuring Charges

To the extent that Customers do not pay for their electric service, LIPA will not be able to collect 2022 Restructuring Charges from these Customers. HEFPA provides some limitations on the Authority's right to terminate service of Customers who fail to pay their bills. Historical rates of non-payment are included in the calculations of the 2022 Restructuring Charges, but increases in the rates of non-payment would reduce the Charge Collections of 2022 Restructuring Charges until such 2022 Restructuring Charges are adjusted. See "RECENT DEVELOPMENTS – Impacts from the Coronavirus and COVID-19 Pandemic" above.

The Servicer's Indemnification Obligations Under the Servicing Agreement are Limited and Might Not Be Sufficient to Protect the Investments in the 2022 Restructuring Bonds

The Servicer is obligated under the Servicing Agreement to indemnify the Issuer and the Trustee (for itself and on behalf of the Holders) only in limited circumstances. See "THE SERVICING AGREEMENT—Servicer Will Indemnify Issuer in Limited Circumstances." Neither the Trustee nor the Holders will have the right to accelerate payments on the 2022 Restructuring Bonds as a result of a breach under the Servicing Agreement, absent an event of default under the Indenture as described in "THE INDENTURE—Events of Default." If the Servicer incurs indemnification obligations, it is not clear where such obligations would rank with other Servicer obligations. Furthermore, the Servicer might not have sufficient funds available to satisfy its indemnification obligations under the Servicing Agreement. The Servicer would get funds to pay indemnification obligations from the T&D System rates and other charges. In the event of substantial Servicer indemnification obligations, payments on the 2022 Restructuring Bonds might be delayed or reduced.

Delinquent or Partial Payments of Customer Bills May Make Principal Payments on the 2022 Restructuring Bonds Occur Later than Expected

The amount and the rate of collection of the 2022 Restructuring Charges, together with the related 2022 Restructuring Charge adjustments, will impact whether there is a delay in the scheduled repayments of 2022 Restructuring Bond principal. If the 2022 Restructuring Charges are collected at a slower rate than expected, the Servicer might have to request adjustments of the 2022 Restructuring Charges. If those adjustments are not timely and accurate, there may be a delay in payments of principal and interest and a decrease in the value of the 2022 Restructuring Bonds.

Storm Damage to LIPA's Operations Could Impair Payment of the 2022 Restructuring Bonds

The Service Area experiences seasonal conditions typical of the northeast United States. Summers are usually hot with high temperatures in excess of 90°F. Winters include snow and icing conditions that can be damaging to overhead power lines. In addition, the Service Area experiences severe storms, including hurricanes, which can be particularly damaging due to Long Island's coastal location. LIPA's operations have been disrupted by severe weather several times recently. Future storms could have similar or more drastic effects. Transmission and/or distribution and generation facilities could be damaged or destroyed and usage of electricity could be interrupted temporarily, reducing the Charge Collections. There could be longer-lasting weather-related adverse effects on residential and commercial development and economic activity among the Customers, which could cause the 2022 Restructuring Charge to be greater than expected as a percentage of Base Rate Revenues. Legislative action adverse to the Holders might be taken in response, and such legislation, if challenged as violative of the State Pledge, might be defended on the basis of public necessity.

Terrorist Attacks, Cyber Attacks or Data Breaches of LIPA, PSEG Long Island or its Vendors' Technology Systems Could Limit LIPA's Ability to Service the 2022 Restructuring Property

LIPA and PSEG Long Island operates in a business environment that requires evolving and sophisticated information technology systems. The ability of LIPA and PSEG Long Island to safeguard and protect data, including personally identifiable data, and information, and assets from inappropriate use, improper disclosure and unauthorized release depends on its own and its suppliers' and their contractors' technology. Any significant failure or malfunction of such information technology systems could result in loss of data or disruptions of operations.

There have been attacks and threats of attacks on energy infrastructure by cyber actors, including those associated with foreign governments. As an operator of critical infrastructure, LIPA faces heightened risk of an act or threat of terrorism, cyber attacks, and data breaches, whether as a direct or indirect act against LIPA's generation, transmission or distribution facilities, operations centers, infrastructure, or information technology systems used to manage, monitor, and transport power to customers and perform day-to-day business functions. PSEG Long Island has made LIPA aware of certain cyber-ransom attacks and other suspicious network activity that, to date, have not impacted LIPA or PSEG information technology systems shared with PSEG Long Island and used to provide operational services to LIPA. However, a successful attack could affect LIPA's ability to operate, including its ability to operate the information technology systems and network infrastructure on which it relies to conduct business.

Any such attacks, failures or data breaches could have a material effect on LIPA's business, financial condition, results of operations or reputation. Moreover, such events may also expose LIPA to an increased risk of litigation (and associated damages and fines). Consequently, such attacks, failure or data breaches could impact

LIPA's ability to service the 2022 Restructuring Property, including its ability to bill, collect and remit the 2022 Restructuring Charges and, therefore, might delay the timing of payments on the 2022 Restructuring Bonds and may reduce the value of your investment.

Customer and Delivery Related Risks

Alternatives to Purchasing Electricity Through LIPA's Distribution Facilities or Technological Change Might Make Substitute Energy Sources More Attractive in the Future, and Effect of Net Metering

Technological developments might result in the introduction of economically attractive alternatives to purchasing electricity through LIPA's T&D System Assets for increasing numbers of Customers. Manufacturers of self-generation facilities may develop smaller-scale, more fuel-efficient and/or more environmentally friendly generating units that can be cost-effective sources of energy for a greater number of Customers. Self-generation is most attractive to Customers who are high load factor energy users, such as hospitals, or manufacturers with multiple shift operations. Currently, there are few such Customers of significant size in the Service Area.

Over time, technological developments might allow greater numbers of Customers to reduce or avoid 2022 Restructuring Charges, which may reduce the total number of Customers paying the 2022 Restructuring Charges and change the relative amounts of 2022 Restructuring Charges on such Customers, all of which would increase the amount and share of 2022 Restructuring Charges billed to the remaining Customers. Such increase may reduce the collectability of the 2022 Restructuring Charges.

LIPA's tariff provides for net metering of certain residential and nonresidential customer-generators of renewable power, such as solar, wind, farm waste, micro-combined heat and power, fuel cells, micro-hydroelectric and hybrids. See "THE FINANCING ORDER – Collection of 2022 Restructuring Charges; Nonbypassability." Subject to the limitations imposed by the Securitization Law (including the State Pledge) and other applicable law, the Authority has from time to time increased the net billing limitation and may in the future make other changes to its tariff that could impact the amount of the 2022 Restructuring Charges that would have to be billed per kilowatt hour. The PSC commenced a proceeding to identify changes to the methodology for compensating customer-generators of renewable power so as to limit the loss of delivery revenue from such transactions. The Authority intends to make comparable changes to its tariff. Nevertheless, over time, net metering could reduce the total number of Customers paying the 2022 Restructuring Charges and change the relative amounts of 2022 Restructuring Charges on such Customers, all of which would increase the amount and share of 2022 Restructuring Charges billed to the paying Customers. Such increase may reduce the collectability of the 2022 Restructuring Charges.

Judicial, Legislative or Regulatory Risks

Future Legislative Action to Change the Securitization Law Could Reduce the Value of the 2022 Restructuring Bonds

New York does not have a referendum or initiative process by which the Securitization Law may be challenged. Therefore, the only way for the Securitization Law to be changed would be through a legislative action which would be subject to the State Pledge. Constitutional protections against actions that violate the State Pledge should apply to legislation that is passed by the New York State legislature. However, to date, no federal or New York cases addressing the repeal or amendment of securitization provisions such as those contained in the Securitization Law have been decided; consequently, no judicial precedent is directly on point.

There have been cases in which federal courts have applied the Contract Clause of the United States Constitution to strike down legislation regarding similar or analogous matters, such as legislation reducing or eliminating taxes, public charges or other sources of revenues which support bonds issued by public instrumentalities or private issuers, or which otherwise reduces or eliminates the security for bonds. Based upon this case law, Hawkins Delafield & Wood LLP, expects to deliver an opinion in connection with the closing of the offering of the 2022 Restructuring Bonds to the effect that the Holders (or the Trustee acting on their behalf) could successfully challenge under the Contract Clause of the United States Constitution the constitutionality of any repeal or amendment of the Securitization Law or any other action or failure to take any action required by the State Pledge that substantially limits, alters or reduces the value of the 2022 Restructuring Property or the Charges prior to the time that the 2022 Restructuring Bonds are fully paid and discharged, unless such action is necessary to further a significant and legitimate public purpose.

It may be possible for the New York legislature to repeal or further amend the Securitization Law, or for the Authority to amend or revoke Financing Order No. 6, notwithstanding the State Pledge if the legislature or the

Authority acts in order to serve a significant and legitimate public purpose, such as protecting the public health and safety or responding to a national or regional catastrophe affecting the Service Area, or if the legislature otherwise acts in the valid exercise of the State's police power. Any such action, as well as the litigation that likely would ensure, might adversely affect the price and liquidity, the dates of payment of interest and principal and the weighted average lives of the 2022 Restructuring Bonds. Moreover, the outcome of any litigation cannot be predicted. Accordingly, the Holders might incur a loss on or delay in recovery of their investment in the 2022 Restructuring Bonds.

In addition, any action of the New York legislature adversely affecting the 2022 Restructuring Property or the ability to impose, charge or collect Charges may be considered a "taking" under the United States or New York Constitutions. Hawkins Delafield & Wood LLP expects to render an opinion in connection with the closing of the offering of the 2022 Restructuring Bonds to the effect that, under the federal and New York Constitutions, respectively, assuming the applicable court determines that the Takings Clause and not the Contract Clause applies, the State would be required to pay just compensation to the Holders if the State undertook a repeal or amendment of the Securitization Law or took any other action or failed to take any action required by the State Pledge after the 2022 Restructuring Bonds are issued but before they are fully paid that (i) constituted a permanent appropriation of a substantial property interest of the Holders in the 2022 Restructuring Property or denied all economically beneficial or productive use of the 2022 Restructuring Property, (ii) destroyed the 2022 Restructuring Property, other than in response to so-called emergency conditions, or (iii) substantially reduced, altered or impaired the value of the 2022 Restructuring Property so as to unduly interfere with the reasonable expectations of the Holders arising from their investment in the 2022 Restructuring Bonds. In examining whether action of the New York legislature amounts to a regulatory taking, both federal and New York State courts will consider the character of the governmental action, the economic impact of the governmental action on the Holders, and the extent to which the governmental action interferes with reasonable investment-backed expectations. There can be no assurance, however, that any award of compensation would be sufficient to pay the full amount of principal of and interest on the 2022 Restructuring Bonds.

The Takings Clauses do not preclude any limitation or alteration of the Securitization Law or Financing Order No. 6 if just compensation is made by law for the protection of the 2022 Restructuring Charges collected pursuant to Financing Order No. 6 and of the Holders. It is unclear what "just compensation" would be afforded to Holders by the State if such limitation or alteration were attempted. Accordingly, no assurance can be given that any such provision would not adversely affect the market value of the 2022 Restructuring Bonds, or the timing or receipt of payments with respect to the 2022 Restructuring Bonds.

The foregoing opinion notes that issues relating to the Contract Clause of the United States and the Takings Clauses of the United States and New York Constitutions are essentially decided on a case by case basis and that the courts' determinations, in most cases, appear to be strongly influenced by the facts and circumstances of the particular case. The opinion described above will be subject to the qualifications included in them. The degree of impairment necessary to meet the standards for relief under a Takings Clause analysis or Contract Clause analysis could be substantially in excess of what a Bondholder would consider material. A form of such opinion is included as Appendix D to this Official Statement.

In addition, the enforcement of any rights against the State under the State Pledge may be subject to the exercise of judicial discretion in appropriate cases and to the limitations on legal remedies against state and local governmental entities in New York. These limitations might include, for example, the necessity to exhaust administrative remedies prior to bringing suit in a court, or limitations on type and locations of courts in which the State may be sued.

Future Judicial Action Could Reduce the Value of the Holder's Investment in the 2022 Restructuring Bonds

The 2022 Restructuring Property is the creation of the Securitization Law and Financing Order No. 6. There is uncertainty associated with investing in bonds payable from an asset that depends for its existence on legislation because there is limited juridical or regulatory experience implementing and interpreting the legislation. Because the 2022 Restructuring Property is a creation of the Securitization Law, any judicial determination affecting the validity of or interpreting the Securitization Law, the 2022 Restructuring Property or the Customer's ability to make payments securing the 2022 Restructuring Bonds might have an adverse effect on the 2022 Restructuring Bonds.

Other states and the District of Columbia have passed securitization laws, and some of these laws have been challenged by judicial actions. To date, none of these challenges has succeeded, but future judicial challenges might be made. An unfavorable decision regarding another state's securitization law would not automatically invalidate the Securitization Law or Financing Order No. 6, but, whether or not the statute was specifically tailored to a public entity

issuer, such an unfavorable decision might provoke a challenge to the Securitization Law, establish a legal precedent for a successful challenge to the Securitization Law or heighten awareness of the political and other risks of the 2022 Restructuring Bonds, and in that way may limit the liquidity and value of the 2022 Restructuring Bonds. Therefore, legal activity in other states may indirectly affect the value of a Holder's investment in the 2022 Restructuring Bonds.

The Issuer Will Not be in Breach of Any Representation or Warranty as a Result of a Change in Law

The Issuer will not be in breach of any representation or warranty as a result of a change in the law by means of a legislative enactment or constitutional amendment. The Seller will not agree in the Sale Agreement and the initial Servicer and any Successor Servicer will not agree in its Servicing Agreement to institute any action or Proceeding to block or overturn any attempts to cause a repeal, modification or supplement to the Securitization Law that would be adverse to the Issuer, Trustee or Holder. See "THE SALE AGREEMENT—Covenants of the Seller" and "THE SERVICING AGREEMENT—Servicing Procedures." In addition, there are no assurances that if either the Seller or Servicer choose to take such an action, any such action would be successful.

The Issuer is Not Obligated to Indemnify the Holders for Changes in Law

Neither the Issuer, the Authority nor the Servicer will indemnify the Holders for any changes in the law, including any federal preemption or repeal or amendment of the Securitization Law, that may affect the value of the 2022 Restructuring Bonds. Except as described above with respect to an action or Proceeding that would be adverse to the Issuer, Trustee or Holder, pursuant to the Servicing Agreement, at the request of the Trustee, the Servicer will take such legal or administrative actions, including without limitation defending against or instituting and pursuing legal actions and appearing or testifying at hearings or similar Proceedings, as may be reasonably necessary to block or overturn any attempts to cause a repeal of, modification of or supplement to the Securitization Law or Financing Order No. 6, or the Issuance Advice Letter that would be materially adverse to the Trustee or the Holders. However, there are no assurances that the Servicer would be able to take this action or that any such action would be successful.

Challenges to the Transaction

While the time for filing any challenges to the LIPA Reform Act expired and no such challenges were filed, it is possible that interested parties may still seek to find some basis to challenge the LIPA Reform Act, the issuance of the 2022 Restructuring Bonds or specific aspects of the transaction. For example, notwithstanding that (a) Financing Order No. 6 contains a conclusion of law that the 2022 Restructuring Charges are "transition charges" as defined in the General Resolution and that they are not subject to the lien thereof, (b) Hawkins Delafield & Wood LLP expects to render an opinion in connection with the issuance of the 2022 Restructuring Bonds to the effect that the 2022 Restructuring Charges are not subject to the lien of the General Resolution or the Subordinated General Resolution, and (c) the Authority will make a representation in the Sale Agreement to the effect that it is transferring the 2022 Restructuring Property free of any Liens, it is possible that holders of bonds issued by the Authority or other creditors or stakeholders may nonetheless attempt to assert that the 2022 Restructuring Charges are subject to the lien of the General Resolution or the Subordinated General Resolution. Though no such claims have been raised to date, any litigation making such assertion could affect the market price of the 2022 Restructuring Bonds.

Bankruptcy-Related Risks

Bankruptcy Relief is Not Available to the Issuer, but it is Available to the Authority and to the Servicer

With respect to the Issuer, its status as a municipality and the state law prohibition against its filing of a case under chapter 9 would result in the Issuer having no access to relief under the Bankruptcy Code. It would remain subject to applicable state law concerning debtors and creditors. The Authority is a corporate municipal instrumentality and a political subdivision of the State of New York and is explicitly authorized to file a petition under chapter 9 pursuant to its enabling legislation. Also as described elsewhere in this Official Statement, LIPA is a corporation eligible to be the subject of a voluntary or involuntary petition in a liquidation case under chapter 7 of the Bankruptcy Code or a reorganization case under chapter 11 of the Bankruptcy Code.

If the Servicer Were a Debtor in a Bankruptcy Proceeding, the Servicer Could Elect to Reject the Servicing Agreement and Any Resulting Delay in the Appointment of a Replacement or Successor Servicer Could Disrupt the Billing and Collection of the 2022 Restructuring Charges, Thus Delaying the Payment on the 2022 Restructuring Bonds

Among the powers given to a debtor in such a bankruptcy case is the right to "assume" or "reject" any unexpired lease or "executory contract." While not defined in the Bankruptcy Code, an "executory contract" is

generally said to be a bilateral agreement as to which material performance remains for both parties at the time the bankruptcy case is commenced. The Servicing Agreement would likely be found to be an executory contract. If LIPA, as debtor, elected to reject the Servicing Agreement as permitted under the Bankruptcy Code, the Servicing Agreement would no longer be enforceable against LIPA, as Servicer, and the Issuer, or the Trustee as the Issuer's assignee, would have only general unsecured claims against LIPA for the damages resulting from such rejection. Such claims would be subject to being discharged in the bankruptcy case and no assurance can be given as to what percentage of their claims unsecured creditors would receive in the bankruptcy case.

In the event of a bankruptcy of the Servicer, the Servicing Agreement provides for the appointment of a Successor Servicer. However, the automatic stay in effect during a Servicer bankruptcy might delay or prevent a Successor Servicer's replacement of the Servicer. Even if a Successor Servicer is permitted to be appointed to replace the Servicer, a successor may be difficult to obtain and may not be capable of performing all of the duties that LIPA as Servicer was capable of performing. Furthermore, should the Servicer enter into bankruptcy, it may be permitted to stop acting as Servicer.

The Authority Will Commingle the 2022 Restructuring Charges with Other Revenues That Are Collected For It, Which Might Make Such Commingled Amounts Unavailable to Pay Amounts Owning on the 2022 Restructuring Bonds

PSEG Long Island, on behalf of the Servicer, bills and collects all charges due from Customers and payable to the Authority, as well as restructuring charges, including the 2022 Restructuring Charges and the Prior Restructuring Charges. The Servicer is required to deposit, or cause to be deposited, into the Allocation Account, created by the Authority, the Charge Collections and the other amounts due on account of their customer bills, where they are commingled with other revenues collected that are not 2022 Restructuring Charges, as well as the Prior Restructuring Charges. On each Business Day, to the extent that funds are available in the Allocation Account, the Allocation Agent will transfer the estimated amount of Charge Collections from the Allocation Account to the Collection Account.

The Securitization Law provides that the relative priority of a lien created under the Securitization Law is not affected by the commingling of 2022 Restructuring Charges arising with respect to the 2022 Restructuring Property with other amounts. In the event of a bankruptcy of the Authority, a party in interest in the bankruptcy might assert, and a court might rule, that the 2022 Restructuring Charges commingled with the Authority's own funds prior to and as of the date of bankruptcy were property of the Authority as of that date, rather than the Issuer's property. If the court so rules, then the court might also rule that the Trustee has only a general unsecured claim against the Authority for the amount of commingled 2022 Restructuring Charges held as of that date and could not recover the commingled 2022 Restructuring Charges held as of the date of the bankruptcy.

The Sale of 2022 Restructuring Property Might Be Construed as a Financing and Not a Sale in the Authority's Bankruptcy Case, Which Conclusion Might Delay or Limit Payments on the 2022 Restructuring Bonds

The Authority will represent and warrant that the transfer of the 2022 Restructuring Property in accordance with the Sale Agreement constitutes a true and valid sale and assignment of that 2022 Restructuring Property by the Authority to the Issuer. It will be a condition of closing for the sale of the 2022 Restructuring Property pursuant to the Sale Agreement that the Issuer will take the appropriate actions under the Securitization Law, including an informational filing of a UCC financing statement with the Secretary of State of New York. According to the Securitization Law, any pledge of the 2022 Restructuring Property or proceeds thereof shall be perfected, valid and binding from the time when the pledge is made. The description of the 2022 Restructuring Property in any security agreement and any financing statement must refer to the Securitization Law and Financing Order No. 6. No instrument needs to be recorded in order to perfect the lien on the 2022 Restructuring Property. However, as described herein, the Issuer will cause a financing statement and any necessary continuation statements, which in the case of the 2022 Restructuring Property shall be for informational purposes only, describing the pledge and referring to Financing Order No. 6 and the 2022 Restructuring Property under Article 9 of the UCC.

A bankruptcy court generally follows state property law on issues such as those addressed by the state law provisions referred to above. However, a bankruptcy court does not follow state law if it determines that the state law is contrary to a paramount federal bankruptcy policy or interest. In the event of a bankruptcy filing by the Authority, if a party in interest in the bankruptcy were to take the position that the transfer of the 2022 Restructuring Property to the Issuer pursuant to that Sale Agreement was a financing transaction and not a true sale under applicable creditors' rights principles, there can be no assurance that a court would not adopt this position.

The parties have attempted to mitigate the impact of a possible recharacterization of a sale of 2022 Restructuring Property as a financing transaction under applicable creditors' rights principles. The Sale Agreement will provide that if the transfer of the applicable 2022 Restructuring Property is thereafter recharacterized by a court as a financing transaction and not a true sale, the transfer by the Authority will be deemed to have granted to the Issuer and the Trustee a first priority security interest in all the Authority's right, title and interest in and to the 2022 Restructuring Property and all proceeds thereof. As a result of the Issuer causing a UCC financing statement to be filed, the Issuer would, in the event of a recharacterization, be a secured creditor of the Authority with a lien on the 2022 Restructuring Property and all proceeds thereof.

If the Issuer were determined to have only a security interest in the 2022 Restructuring Property, the Issuer would be subject to the risks of a secured creditor in a bankruptcy case. As a result, repayment of the 2022 Restructuring Bonds might be significantly delayed and a plan of reorganization in the bankruptcy might permanently modify the amount and timing of payments to the Issuer of the Charge Collections and therefore the amount and timing of funds available to the Issuer to pay the Holders. However, the law does provide that the value of the creditor's perfected lien must be maintained.

If the transaction is recharacterized as a financing rather than a true sale and if the Issuer fails to otherwise perfect its interest in the 2022 Restructuring Property sold pursuant to the Sale Agreement, the Issuer would be an unsecured creditor of the Authority whose claims would be subject to being discharged in the bankruptcy case. No assurance can be given as to what percentage of their claims unsecured creditors would receive in any bankruptcy case involving the Authority.

In a Proceeding in Which the Authority is a Debtor, the Bankruptcy Court Could Conclude that the 2022 Restructuring Property Comes Into Existence Only as Customers Take Delivery of Electricity, Which Could Impair the Issuer's Interest in Such 2022 Restructuring Property, Thus Impacting the Collection of the 2022 Restructuring Charges

The Authority will represent in the Sale Agreement, and the Securitization Law provides, that the 2022 Restructuring Property sold pursuant to such Sale Agreement constitutes an existing, present property right on the date that it is first transferred and pledged in connection with the issuance of the 2022 Restructuring Bonds. Further, as described above, a bankruptcy court generally follows state property law on issues such as those addressed by the state law provisions referred to above. Nevertheless, no assurance can be given that, in the event of a bankruptcy of the Authority, a court would not rule that the applicable 2022 Restructuring Property comes into existence only as Customers use electricity.

If a court were to accept the argument that the applicable 2022 Restructuring Property comes into existence only as Customers use electricity, no assurance can be given that a security interest in favor of the Bondholders would attach to the 2022 Restructuring Charges in respect of electricity consumed after the commencement of the bankruptcy case or that the 2022 Restructuring Property has been sold to the Issuer. If it were determined that the 2022 Restructuring Property had not been sold to the Issuer, and the security interest in favor of the Bondholders did not attach to the applicable 2022 Restructuring Charges in respect of electricity consumed after the commencement of the bankruptcy case, then the Issuer would have an unsecured claim against the Authority. If so, there would be delays and/or reductions in payments on the 2022 Restructuring Bonds. Whether or not a court determined that 2022 Restructuring Property had been sold to the Issuer pursuant to a Sale Agreement, no assurances can be given that a court would not rule that any 2022 Restructuring Charges relating to electricity consumed after the commencement of the bankruptcy could not be transferred to the Issuer or the Trustee.

Regardless of whether the Authority is the debtor in a bankruptcy case, if a court were to accept the argument that 2022 Restructuring Property sold pursuant to the Sale Agreement comes into existence only as customers take delivery of electricity, a tax or government lien or other nonconsensual lien on property of the Authority arising before that 2022 Restructuring Property came into existence could have priority over the Issuer's interest in that 2022 Restructuring Property. Adjustments to the 2022 Restructuring Charges may be available to mitigate this exposure, although there may be delays in implementing these adjustments.

The Financing Structure Would Present a Case of First Impression under the Bankruptcy Code

No court has ever considered this type of financing in the context of a petition brought under the Bankruptcy Code. If the Authority or LIPA were to become a debtor in a bankruptcy case, a court could conclude that the remittance of the restructuring charges by the Authority to the Trustee is subordinate to the payment of certain expenses of the Authority or LIPA.

Certain Contractual Claims Against the Authority Might be Limited in Case of a Bankruptcy of the Authority

If the Authority were to become a debtor in a bankruptcy case, claims, including indemnity claims, by the Issuer or the Trustee against the Authority as Seller under the Sale Agreement and the other documents executed in connection therewith would be unsecured claims that would be subject to being discharged in the bankruptcy case. In addition, a party in interest in the bankruptcy may request that the bankruptcy court estimate any contingent claims that the Issuer or the Trustee have against the Authority. That party may then take the position that these claims should be estimated at zero or at a low amount because the contingency giving rise to these claims is unlikely to occur. If a court were to hold that the indemnity provisions were unenforceable, the Issuer would be left with a claim for actual damages against the Authority based on breach of contract principles. The actual amount of these damages would be subject to estimation and/or calculation by the court.

No assurances can be given as to the result of any of the above-described actions or claims. Furthermore, no assurance can be given as to what percentage of their claims, if any, unsecured creditors would receive in any bankruptcy case involving the Authority.

The Bankruptcy of the Authority Might Limit the Remedies Available to the Trustee

Upon an event of default under the Indenture, the Securitization Law permits the Trustee to enforce the security interest in the 2022 Restructuring Property sold pursuant to the Sale Agreement in accordance with the terms of the Indenture. In this capacity, the Trustee is permitted to request a New York court to order the sequestration and payment to Holders of the 2022 Restructuring Bonds of all revenues arising from the applicable 2022 Restructuring Charges. There can be no assurance, however, that a New York court judge would issue this order after a Seller bankruptcy in light of the automatic stay provisions of Section 362 of the United States Bankruptcy Code. In that event, the Trustee may under the Indenture seek an order from the bankruptcy court lifting the automatic stay with respect to this action by a New York court judge and an order requiring an accounting and segregation of the revenues arising from the 2022 Restructuring Property sold pursuant to the Sale Agreement.

A Bankruptcy of LIPA and/or the Authority Might Result in Consolidation of LIPA's or the Authority's Assets and Liabilities with Those of the Issuer, Potentially Causing Losses or Delays in Payments on the 2022 Restructuring Bonds

If LIPA and/or the Authority were to become a debtor in a bankruptcy case, a party in interest might attempt to substantively consolidate the assets and liabilities of LIPA, the Authority and the Issuer. The Issuer and the Authority have taken steps to attempt to minimize this risk. See "THE ISSUER – Relationship of the Issuer to the Authority and LIPA" in this Official Statement. However, no assurance can be given that if LIPA and/or the Authority were to become a debtor in a bankruptcy case, a court would not order that the Issuer's assets and liabilities be substantively consolidated with those of LIPA and/or the Authority. Such substantive consolidation could cause payment of the claims of the beneficial owners of the 2022 Restructuring Bonds to be subject to substantial delay and to adjustment in timing and amount under a plan of reorganization in the bankruptcy case.

In a Bankruptcy of the Authority, the Remittances of the 2022 Restructuring Charges by Servicer Prior to the Date of the Bankruptcy Should Not Constitute Preferences, But Resolution of Such Issues Could Delay the Payments on the 2022 Restructuring Bonds

In most bankruptcy cases, a payment by the debtor on account of antecedent debt may constitute a preference under bankruptcy law. Any payment within 90 days of the filing of the bankruptcy petition (or within one year if the remittance was on account of antecedent debt owed to an insider) that constitutes a preference could be avoidable, and the funds could be required to be returned to the bankruptcy estate of the debtor.

Transfers to a secured creditor of collateral in which the creditor has a perfected first lien are not subject to recovery as a preference. Moreover, in a chapter 9 case, transfers made to or for the benefit of a holder of a note or a bond, and on account of such note or bond, are not recoverable as a preference. As a result, notwithstanding a chapter 9 filing by the Authority, payments received by the Trustee or the Holders prior to the filing of the bankruptcy case should not be recoverable as preferences. However, any such action could result in a delay of the recovery of the 2022 Restructuring Charges.

Risks Associated with the Unusual Nature of the 2022 Restructuring Property

The Holders May Experience Material Payment Delays Because the Source of Funds for Payment is Limited.

The 2022 Restructuring Bonds will be solely the obligation of the Issuer and will not be a debt of or a pledge of the faith and credit of the State or any political or governmental unit thereof, including the PSC or the Public Authorities Control Board. The 2022 Restructuring Bonds shall be nonrecourse to the credit or any assets of the State and to the credit or, except for the 2022 Restructuring Property, any assets of the Issuer. The 2022 Restructuring Bonds shall be limited obligations of the Issuer, payable solely out of the 2022 Restructuring Property, including the rights to bill and collect 2022 Restructuring Charges, derived from or in connection with the Sale Agreement (including all sums deposited in any Collection Account from time to time pursuant to the Sale Agreement or the Indenture, except for amounts in the Upfront Financing Costs Subaccount) and, in certain events, out of amounts obtained through the exercise of any remedy provided for in the Indenture. The 2022 Restructuring Bonds shall never be paid out of any other funds of the Issuer except such 2022 Restructuring Property. No recourse under the 2022 Restructuring Bonds shall be had against any past, present or future officer or director of the Issuer. The 2022 Restructuring Bonds shall never be paid in whole or in part out of any funds raised or to be raised by taxation or out of any other revenues or assets of the Issuer or the State except the collateral pledged by the Indenture. The principal of and interest on the 2022 Restructuring Bonds and all other amounts owing under the Indenture are secured, as set forth in the Indenture, by an assignment by the Issuer of certain of its rights under the Sale Agreement, including a pledge of certain of the revenues derived from and in connection with the Sale Agreement.

The 2022 Restructuring Bonds are not insured or guaranteed by LIPA, including in its capacity as the Servicer, or by any of its affiliates, the Trustee or by any other person or entity. Thus, Holders must rely for payment solely upon the Securitization Law, Financing Order No. 6 and state and federal constitutional rights to enforcement of the Securitization Law and Financing Order No. 6, the 2022 Restructuring Property, including the rights to bill and collect the 2022 Restructuring Charges, and Charge Collections and funds on deposit under the Indenture held by the Trustee.

Foreclosure of the Trustee's Lien on the 2022 Restructuring Property Securing the 2022 Restructuring Bonds Might Not be Practical, and Acceleration of the 2022 Restructuring Bonds Before Maturity Might have Little Practical Effect

Under the Securitization Law and the Indenture, the Trustee or the Holders have the right to foreclose or otherwise enforce the lien on the 2022 Restructuring Property securing the 2022 Restructuring Bonds. However, in the event of foreclosure, there is likely to be a limited market, if any, for the 2022 Restructuring Property. Therefore, foreclosure might not be a realistic or practical remedy. Moreover, although principal of the 2022 Restructuring Bonds will be due and payable upon acceleration of the 2022 Restructuring Bonds before maturity, the 2022 Restructuring Charges may not be accelerated and the nature of the 2022 Collateral will result in principal of the 2022 Restructuring Bonds being paid as funds become available. If there is an acceleration of the 2022 Restructuring Bonds, all tranches of the 2022 Restructuring Bonds will be paid pro rata; therefore some tranches might be paid earlier than expected and some tranches might be paid later than expected.

The Credit Ratings Are Not an Indication of the Expected Rate of Payment of Principal on the 2022 Restructuring Bonds

The 2022 Restructuring Bonds are expected to receive credit ratings from three nationally recognized statistical rating organizations ("NRSROs"). A rating is not a recommendation to buy, sell or hold the 2022 Restructuring Bonds. The ratings merely analyze the probability that the Issuer will repay the principal amount of the 2022 Restructuring Bonds at each Final Maturity Date (which is later than the related Scheduled Maturity Date) and will make timely interest payments. The ratings are not an indication that the rating agencies believe that principal payments are likely to be paid on time according to the Expected Amortization Schedule.

Under Rule 17g-5 of the Securities Exchange Act of 1934, NRSROs providing the sponsor of a security with the requisite certification will have access to all information posted on a website by the sponsor for the purpose of determining the initial rating of such security and monitoring the rating after the Issuance Date in respect of the 2022 Restructuring Bonds. As a result, an NRSRO other than the NRSRO hired by the sponsor (the "hired NRSRO") may issue ratings on the 2022 Restructuring Bonds ("Unsolicited Ratings"), which may be lower, and could be significantly lower, than the ratings assigned by the hired NRSROs. The Unsolicited Ratings may be issued prior to, or after, the Issuance Date in respect of the 2022 Restructuring Bonds. Issuance of any Unsolicited Rating will not affect the issuance of the 2022 Restructuring Bonds. Issuance of an Unsolicited Rating lower than the ratings assigned by the hired NRSRO on the 2022 Restructuring Bonds might adversely affect the value of the 2022 Restructuring Bonds and,

for regulated entities, could affect the status of the 2022 Restructuring Bonds as a legal investment or the capital treatment of the 2022 Restructuring Bonds. Investors in the 2022 Restructuring Bonds should consult with their legal counsel regarding the effect of the issuance of a rating by a non-hired NRSRO that is lower than the rating of a hired NRSRO. None of the Authority, the Issuer, the Underwriters or any of their affiliates will have any obligation to inform the Holders of any Unsolicited Ratings assigned after the date of this Official Statement. In addition, if the Issuer or the Authority fail to make available to a non-hired NRSRO any information provided to any hired rating agency for the purpose of assigning or monitoring the ratings on the 2022 Restructuring Bonds, a hired NRSRO could withdraw its ratings on the 2022 Restructuring Bonds, which could adversely affect the market value of the 2022 Restructuring Bonds and/or limit the Holder's ability to resell its Bonds.

If the Ratings on the 2022 Restructuring Bonds are Withdrawn or Revised, the Value of your Bonds may be Adversely Affected

The ratings on the 2022 Restructuring Bonds may be withdrawn or revised, which may have an adverse effect on the market price of the 2022 Restructuring Bonds. A security rating is not a recommendation to buy, sell or hold the 2022 Restructuring Bonds. The ratings are assessments by the respective Rating Agencies of the likelihood that interest and principal on the 2022 Restructuring Bonds will be paid on a timely basis. Ratings on the 2022 Restructuring Bonds may be lowered, qualified or withdrawn at any time without notice.

The Absence of a Secondary Market for the 2022 Restructuring Bonds Might Limit the Ability to Resell the 2022 Restructuring Bonds

The Underwriters for the 2022 Restructuring Bonds might assist in resales of the 2022 Restructuring Bonds, but they are not required to do so. A secondary market for the 2022 Restructuring Bonds might not develop. If a secondary market does develop, it might not continue or it might not be sufficiently liquid to allow a Holder to resell any of its 2022 Restructuring Bonds.

LIPA intends to issue additional Restructuring Bonds

The Issuer has previously issued five series of Prior Restructuring Bonds in an original aggregate principal amount of \$4,499,944,000. The Securitization Law, as amended by Chapter 369 of the Laws of New York, 2021, authorizes the issuance of additional Restructuring Bonds in an original aggregate principal amount not to exceed \$8 billion, inclusive of the Prior Restructuring Bonds. Concurrent with the adoption of Financing Order No. 6, the Authority adopted, and the PACB approved, the Additional Restructuring Financing Orders authorizing the issuance of additional Restructuring Bonds with an aggregate order cap of \$8 billion. Consistent with the Securitization Laws and the other restructuring orders, the Authority intends to issue additional Restructuring Bonds pursuant to the Additional Restructuring Financing Orders.

The Indenture provides that the Issuer may not issue additional Restructuring Bonds if the issuance would result in the credit ratings on the 2022 Restructuring Bonds being reduced or withdrawn. In addition, in the event a customer does not pay in full all amounts owed under any bill, including the 2022 Restructuring Charges, LIPA, as servicer, is required to allocate any resulting shortfalls in Restructuring Charges ratably based on the amounts of system restoration charges owing in respect of the 2022 Restructuring Bonds, amounts owing in respect of Prior Restructuring Bonds issued by Issuer, and any amounts owing in respect of additional Restructuring Bonds. However, there can be no assurance that any new issuance would not cause reductions or delays in payment of the 2022 Restructuring Bonds.

UNDERWRITING

The Underwriters listed on the cover page of this Official Statement, for which Goldman Sachs & Co. LLC is acting as the lead book-running manager, have agreed, jointly and severally and subject to certain conditions, including satisfaction of the rating agency conditions with respect to the Prior Restructuring Bonds, to purchase the 2022 Restructuring Bonds from the Issuer at an underwriters' discount of \$3,872,633.11. The initial public offering prices of the 2022 Restructuring Bonds may be changed from time to time by the Underwriters.

The 2022 Restructuring Bonds may be offered and sold to certain dealers (including the Underwriters and other dealers depositing 2022 Restructuring Bonds into investment trusts) at prices lower than such public offering prices.

The issuance of the 2022T Restructuring Bonds or the 2022TE Restructuring Bonds is contingent upon the issuance of the other Series.

As described above under the heading “PLAN OF FINANCE AND USE OF PROCEEDS,” pursuant to the Invitation, the Issuer is inviting certain owners of the Target Bonds to tender their restructuring bonds for cash payment. Goldman Sachs & Co. LLC, Loop Capital Markets LLC and J.P. Morgan Securities LLC are serving as Dealer Managers (the “Dealer Managers”) for the Tender Offer. For their services as Dealer Managers, the Dealer Managers will be compensated in an amount equal to a percentage of the aggregate principal amount of Target Bonds tendered and accepted for purchase.

In addition, certain of the Underwriters have entered into distribution agreements with other broker-dealers for the distribution of the 2022 Restructuring Bonds at the initial public offering prices. Such agreements generally provide that the relevant Underwriter will share a portion of its underwriting compensation or selling concession with such broker-dealers.

The Underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include sales and trading, commercial and investment banking, advisory, investment management, investment research, principal investment, hedging, market making, brokerage and other financial and non-financial activities and services. The Underwriters and their respective affiliates have provided, and may in the future provide, a variety of these services to the Issuer and the Authority and to persons and entities with relationships with the Issuer and the Authority, for which they received or will receive customary fees and expenses.

In the ordinary course of their various business activities, the Underwriters and their respective affiliates, officers, directors and employees may purchase, sell or hold a broad array of investments and actively trade securities, derivatives, loans, commodities, currencies, credit default swaps and other financial instruments for their own account and for the accounts of their customers, and such investment and trading activities may involve or relate to assets, securities and/or instruments of the Issuer and the Authority (directly, as collateral securing other obligations or otherwise) and/or persons and entities with relationships with the Issuer and the Authority. The Underwriters and their respective affiliates may also communicate independent investment recommendations, market color or trading ideas and/or publish or express independent research views in respect of such assets, securities or instruments and may at any time hold, or recommend to clients that they should acquire, long and/or short positions in such assets, securities and instruments.

TAX MATTERS

2022TE Restructuring Bonds

Opinion of Bond Counsel

In the opinion of Bond Counsel, under existing statutes and court decisions and assuming continuing compliance with certain tax covenants described herein, (i) interest on the 2022TE Restructuring Bonds is excluded from gross income for federal income tax purposes pursuant to Section 103 of the Code, and (ii) interest on the 2022TE Restructuring Bonds is not treated as a preference item in calculating the alternative minimum tax imposed under the Code, however, for tax years beginning after December 31, 2022, interest on the 2022TE Restructuring Bonds is included in the “adjusted financial statement income” of certain corporations that are subject to the alternative minimum tax under Section 55 of the Code. In rendering its opinion, Bond Counsel has relied on certain representations, certifications of fact, and statements of reasonable expectations made by the Issuer, the Authority and LIPA in connection with the 2022TE Restructuring Bonds, and Bond Counsel has assumed compliance by the Issuer, the Authority and LIPA with certain ongoing covenants to comply with applicable requirements of the Code to assure the exclusion of interest on the 2022TE Restructuring Bonds from gross income under Section 103 of the Code.

In addition, in the opinion of Bond Counsel, under existing statutes, interest on the 2022TE Restructuring Bonds is exempt from personal income taxes imposed by the State of New York or any political subdivision thereof, and the 2022TE Restructuring Bonds are exempt from all taxation directly imposed thereon by or under the authority of the State of New York, except estate or gift taxes and taxes on transfers.

Bond Counsel expresses no opinion regarding any other federal or state tax consequences with respect to the 2022TE Restructuring Bonds. Bond Counsel renders its opinion under existing statutes and court decisions as of the issue date, and assumes no obligation to update, revise or supplement its opinion to reflect any action thereafter taken or not taken, or any facts or circumstances that may thereafter come to its attention, or changes in law or in interpretations thereof that may thereafter occur, or for any other reason. Bond Counsel expresses no opinion on the effect of any action thereafter taken or not taken in reliance upon an opinion of other counsel on the exclusion from

gross income for federal income tax purposes of interest on the 2022TE Restructuring Bonds, or under state and local tax law.

Certain Ongoing Federal Tax Requirements and Covenants

The Code establishes certain ongoing requirements that must be met subsequent to the issuance and delivery of the 2022TE Restructuring Bonds in order that interest on the 2022TE Restructuring Bonds be and remain excluded from gross income under Section 103 of the Code. These requirements include, but are not limited to, requirements relating to use and expenditure of gross proceeds of the 2022TE Restructuring Bonds, yield and other restrictions on investments of gross proceeds, and the arbitrage rebate requirement that certain excess earnings on gross proceeds be rebated to the federal government. Noncompliance with such requirements may cause interest on the 2022TE Restructuring Bonds to become included in gross income for federal income tax purposes retroactive to their issue date, irrespective of the date on which such noncompliance occurs or is discovered. The Issuer, the Authority and LIPA have covenanted to comply with certain applicable requirements of the Code to assure the exclusion of interest on the 2022TE Restructuring Bonds from gross income under Section 103 of the Code.

Certain Collateral Federal Tax Consequences

The following is a brief discussion of certain collateral federal income tax matters with respect to the 2022TE Restructuring Bonds. It does not purport to address all aspects of federal taxation that may be relevant to a particular owner of a 2022TE Restructuring Bond. Prospective investors, particularly those who may be subject to special rules, are advised to consult their own tax advisors regarding the federal tax consequences of owning and disposing of the 2022TE Restructuring Bonds.

Prospective owners of the 2022TE Restructuring Bonds should be aware that the ownership of such obligations may result in collateral federal income tax consequences to various categories of persons, such as corporations (including S corporations and foreign corporations), financial institutions, property and casualty and life insurance companies, individual recipients of Social Security and railroad retirement benefits, individuals otherwise eligible for the earned income tax credit, and taxpayers deemed to have incurred or continued indebtedness to purchase or carry obligations the interest on which is excluded from gross income for federal income tax purposes. Interest on the 2022TE Restructuring Bonds may be taken into account in determining the tax liability of foreign corporations subject to the branch profits tax imposed by Section 884 of the Code.

Original Issue Discount

“Original issue discount” (“OID”) is the excess of the sum of all amounts payable at the stated maturity of a 2022TE Restructuring Bond (excluding certain “qualified stated interest” that is unconditionally payable at least annually at prescribed rates) over the issue price of that maturity. In general, the “issue price” of a maturity means the first price at which a substantial amount of the 2022TE Restructuring Bonds of that maturity was sold (excluding sales to bond houses, brokers, or similar persons acting in the capacity as underwriters, placement agents, or wholesalers). In general, the issue price for each maturity of 2022TE Restructuring Bonds is expected to be the initial public offering price set forth on the cover page of this Official Statement. Bond Counsel further is of the opinion that, for any 2022TE Restructuring Bonds having OID (a “Discount Bond”), OID that has accrued and is properly allocable to the owners of the Discount Bonds under Section 1288 of the Code is excludable from gross income for federal income tax purposes to the same extent as other interest on the 2022TE Restructuring Bonds.

In general, under Section 1288 of the Code, OID on a Discount Bond accrues under a constant yield method, based on periodic compounding of interest over prescribed accrual periods using a compounding rate determined by reference to the yield on that Discount Bond. An owner’s adjusted basis in a Discount Bond is increased by accrued OID for purposes of determining gain or loss on sale, exchange, or other disposition of such 2022TE Restructuring Bond. Accrued OID may be taken into account as an increase in the amount of tax-exempt income received or deemed to have been received for purposes of determining various other tax consequences of owning a Discount Bond even though there will not be a corresponding cash payment.

Owners of Discount Bonds should consult their own tax advisors with respect to the treatment of original issue discount for federal income tax purposes, including various special rules relating thereto, and the state and local tax consequences of acquiring, holding, and disposing of Discount Bonds.

Bond Premium

In general, if an owner acquires a 2022TE Restructuring Bond for a purchase price (excluding accrued interest) or otherwise at a tax basis that reflects a premium over the sum of all amounts payable on the 2022TE Restructuring Bond after the acquisition date (excluding certain “qualified stated interest” that is unconditionally payable at least annually at prescribed rates), that premium constitutes “bond premium” on that Bond (a “Premium Bond”). In general, under Section 171 of the Code, an owner of a Premium Bond must amortize the bond premium over the remaining term of the Premium Bond, based on the owner’s yield over the remaining term of the Premium Bond determined based on constant yield principles (in certain cases involving a Premium Bond callable prior to its stated maturity date, the amortization period and yield may be required to be determined on the basis of an earlier call date that results in the lowest yield on such bond). An owner of a Premium Bond must amortize the bond premium by offsetting the qualified stated interest allocable to each interest accrual period under the owner’s regular method of accounting against the bond premium allocable to that period. In the case of a Premium Bond, if the bond premium allocable to an accrual period exceeds the qualified stated interest allocable to that accrual period, the excess is a nondeductible loss. Under certain circumstances, the owner of a Premium Bond may realize a taxable gain upon disposition of the Premium Bond even though it is sold or redeemed for an amount less than or equal to the owner’s original acquisition cost. Owners of any Premium Bonds should consult their own tax advisors regarding the treatment of bond premium for federal income tax purposes, including various special rules relating thereto, and state and local tax consequences, in connection with the acquisition, ownership, amortization of bond premium on, sale, exchange, or other disposition of Premium Bonds.

Information Reporting and Backup Withholding

Information reporting requirements apply to interest paid on tax-exempt obligations, including the 2022TE Restructuring Bonds. In general, such requirements are satisfied if the interest recipient completes, and provides the payor with, a Form W-9, “Request for Taxpayer Identification Number and Certification,” or if the recipient is one of a limited class of exempt recipients. A recipient not otherwise exempt from information reporting who fails to satisfy the information reporting requirements will be subject to “backup withholding,” which means that the payor is required to deduct and withhold a tax from the interest payment, calculated in the manner set forth in the Code. For the foregoing purpose, a “payor” generally refers to the person or entity from whom a recipient receives its payments of interest or who collects such payments on behalf of the recipient.

If an owner purchasing a 2022TE Restructuring Bond through a brokerage account has executed a Form W-9 in connection with the establishment of such account, as generally can be expected, no backup withholding should occur. In any event, backup withholding does not affect the excludability of the interest on the 2022TE Restructuring Bonds from gross income for federal income tax purposes. Any amounts withheld pursuant to backup withholding would be allowed as a refund or a credit against the owner’s federal income tax once the required information is furnished to the Internal Revenue Service.

Miscellaneous

Tax legislation, administrative actions taken by tax authorities, or court decisions, whether at the federal or state level, may adversely affect the tax-exempt status of interest on the 2022TE Restructuring Bonds under federal or state law or otherwise prevent beneficial owners of the 2022TE Restructuring Bonds from realizing the full current benefit of the tax status of such interest. In addition, such legislation or actions (whether currently proposed, proposed in the future, or enacted) and such decisions could affect the market price or marketability of the 2022TE Restructuring Bonds.

Prospective purchasers of the 2022TE Restructuring Bonds should consult their own tax advisors regarding the foregoing matters.

2022T Restructuring Bonds

General

In the opinion of Bond Counsel to the Authority, interest on the 2022T Restructuring Bonds (i) is included in gross income for federal income tax purposes and (ii) is exempt, under existing statutes, from personal income taxes imposed by the State or any political subdivisions thereof, including New York City, and the 2022T Restructuring Bonds are exempt from all taxation directly imposed thereon by or under the authority of the State of New York, except estate or gift taxes and taxes on transfers.

The following discussion is a brief summary of the principal United States federal income tax consequences of the acquisition, ownership and disposition of 2022T Restructuring Bonds by original purchasers of the 2022T Restructuring Bonds who are “U.S. Holders,” as defined herein. This summary (i) is based on the Code, Treasury Regulations, revenue rulings and court decisions, all as currently in effect and all subject to change at any time, possibly with retroactive effect; (ii) assumes that the 2022T Restructuring Bonds will be held as “capital assets;” and (iii) does not discuss all of the United States federal income tax consequences that may be relevant to a U.S. Holder in light of its particular circumstances or to U.S. Holders subject to special rules, such as insurance companies, financial institutions, tax-exempt organizations, dealers in securities or foreign currencies, persons holding the 2022T Restructuring Bonds as a position in a “hedge” or “straddle,” U.S. Holders whose functional currency (as defined in Section 985 of the Code) is not the United States dollar, U.S. Holders who acquire 2022T Restructuring Bonds in the secondary market, or individuals, estates and trusts subject to the tax on unearned income imposed by Section 1411 of the Code.

Certain taxpayers that are required to prepare certified financial statements and file such financial statements with certain regulatory or governmental agencies may be required to recognize income, gain and loss with respect to the 2022T Restructuring Bonds at the time that such income, gain or loss is taken into account on such financial statements instead of under the rules described below. In addition, for tax years beginning after December 31, 2022, interest on the 2022T Restructuring Bonds is included in the “adjusted financial statement income” of certain corporations that are subject to the alternative minimum tax under Section 55 of the Code.

U.S. Holders of 2022T Restructuring Bonds should consult with their own tax advisors concerning the United States federal income tax and other consequences with respect to the acquisition, ownership and disposition of the 2022T Restructuring Bonds as well as any tax consequences that may arise under the laws of any state, local or foreign tax jurisdiction.

Original Issue Discount

In general, if Original Issue Discount (“OID”) is greater than a statutorily defined *de minimis* amount, a U.S. Holder of a Series 2022T Restructuring Bond having a maturity of more than one year from its date of issue must include in federal gross income (for each day of the taxable year, or portion of the taxable year, in which such U.S. Holder holds such Series 2022T Restructuring Bond) the daily portion of OID, as it accrues (generally on a constant-yield method) and regardless of the U.S. Holder’s method of accounting. “OID” is the excess of (i) the “stated redemption price at maturity” over (ii) the “issue price.” For purposes of the foregoing: “issue price” means the first price at which a substantial amount of the Series 2022T Restructuring Bond is sold to the public (excluding bond houses, brokers, or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers); “stated redemption price at maturity” means the sum of all payments, other than “qualified stated interest,” provided by such Series 2022T Restructuring Bond; “qualified stated interest” is stated interest that is unconditionally payable in cash or property (other than debt instruments of the issuer) at least annually at a single fixed rate; and “*de minimis* amount” is an amount equal to 0.25 percent of the Series 2022T Restructuring Bond’s stated redemption price at maturity multiplied by the number of complete years to its maturity. A U.S. Holder may irrevocably elect to include in gross income all interest that accrues on a Series 2022T Restructuring Bond using the constant-yield method, subject to certain modifications.

Bond Premium

In general, if a Series 2022T Restructuring Bond is originally issued for an issue price (excluding accrued interest) that reflects a premium over the sum of all amounts payable on the Series 2022T Restructuring Bond other than “qualified stated interest” (a “Taxable Premium Bond”), that Taxable Premium Bond will be subject to Section 171 of the Code, relating to bond premium. In general, if the U.S. Holder of a Taxable Premium Bond elects to amortize the premium as “amortizable bond premium” over the remaining term of the Taxable Premium Bond, determined based on constant-yield principles (in certain cases involving a Taxable Premium Bond callable prior to its stated maturity date, the amortization period and yield may be required to be determined on the basis of an earlier call date that results in the highest yield on such bond), the amortizable premium is treated as an offset to interest income; the U.S. Holder will make a corresponding adjustment to the U.S. Holder’s basis in the Taxable Premium Bond. Any such election is generally irrevocable and applies to all debt instruments of the U.S. Holder (other than tax-exempt bonds) held at the beginning of the first taxable year to which the election applies and to all such debt instruments thereafter acquired. Under certain circumstances, the U.S. Holder of a Taxable Premium Bond may realize a taxable gain upon disposition of the Taxable Premium Bond even though it is sold or redeemed for an amount less than or equal to the U.S. Holder’s original acquisition cost.

Disposition and Defeasance

Generally, upon the sale, exchange, redemption, or other disposition (which would include a legal defeasance) of a 2022T Restructuring Bond, a U.S. Holder generally will recognize taxable gain or loss in an amount equal to the difference between the amount realized (other than amounts attributable to accrued interest not previously includable in income) and such U.S. Holder's adjusted tax basis in the 2022T Restructuring Bond. The Authority may cause the deposit of moneys or securities in escrow in such amount and manner as to cause the 2022T Restructuring Bonds to be deemed to be no longer outstanding under the General Resolution (a "defeasance"). For federal income tax purposes, such defeasance could result in a deemed exchange under Section 1001 of the Code and a recognition by such owner of taxable income or loss, without any corresponding receipt of moneys. In addition, the character and timing of receipt of payments on the 2022T Restructuring Bonds subsequent to any such defeasance could also be affected.

Information Reporting and Backup Withholding

In general, information reporting requirements will apply to non-corporate U.S. Holders of the 2022T Restructuring Bonds with respect to payments of principal, payments of interest, and the accrual of original issue discount on a 2022T Restructuring Bond and the proceeds of the sale of a 2022T Restructuring Bond before maturity within the United States. Backup withholding may apply to U.S. Holders of 2022T Restructuring Bonds under Section 3406 of the Code. Any amounts withheld under the backup withholding rules from a payment to a beneficial owner, and which constitutes over-withholding, would be allowed as a refund or a credit against such beneficial owner's United States federal income tax provided the required information is furnished to the Internal Revenue Service.

U.S. Holders

The term "U.S. Holder" means a beneficial owner of a 2022T Restructuring Bond that is: (i) a citizen or resident of the United States, (ii) a corporation, partnership or other entity created or organized in or under the laws of the United States or of any political subdivision thereof, (iii) an estate the income of which is subject to United States federal income taxation regardless of its source or (iv) a trust whose administration is subject to the primary jurisdiction of a United States court and which has one or more United States fiduciaries who have the authority to control all substantial decisions of the trust.

Miscellaneous

Tax legislation, administrative actions taken by tax authorities, or court decisions whether at the federal or State level may adversely affect the tax-exempt status of interest on the 2022T Restructuring Bonds under State law and could affect the market price or marketability of the 2022T Restructuring Bonds. Prospective purchasers of the 2022T Restructuring Bonds should consult their own tax advisors regarding the foregoing matters.

ERISA CONSIDERATIONS

The Employee Retirement Income Security Act of 1974, as amended ("ERISA"), imposes certain requirements on "employee benefit plans" (as defined in Section 3(3) of ERISA) subject to ERISA, including entities whose underlying assets include the assets of such plans pursuant to the final regulations issued by the United States Department of Labor at 29 C.F.R. Section 2510.3-101, as modified by Section 3(42) of ERISA (collectively, "ERISA Plans") and on those persons who are fiduciaries with respect to ERISA Plans. Investments by ERISA Plans are subject to ERISA's general fiduciary requirements, including the requirement of investment prudence and diversification and the requirement that an ERISA Plan's investments be made in accordance with the documents governing the ERISA Plan. The prudence of any investment by an ERISA Plan in the 2022 Restructuring Bonds must be determined by the responsible fiduciary of the ERISA Plan by taking into account the ERISA Plan's particular circumstances and all of the facts and circumstances of the investment. Certain employee benefit plans, such as governmental plans (as defined in Section 3(32) of ERISA), non-U.S. plans (as described in Section 4(b)(4) of ERISA) and, if no election has been made under Section 410(d) of the Code, church plans (as defined in Section 3(33) of ERISA), are not subject to ERISA requirements or Section 4975 of the Code, but may be subject to requirements or prohibitions under applicable federal, state, local, non-U.S. or other laws or regulations that are, to a material extent, similar to the requirements of ERISA and Section 4975 of the Code ("Similar Law").

In addition, ERISA and the Code generally prohibit certain transactions between an ERISA Plan or a qualified employee benefit plan under the Code and persons who, with respect to that plan, are fiduciaries or other "parties in interest" within the meaning of ERISA or "disqualified persons" within the meaning of the Code. In the absence of an applicable statutory, regulatory, class or administrative exemption, transactions between an ERISA Plan and a party

in interest with respect to an ERISA Plan, including the acquisition by one from the other of the 2022 Restructuring Bonds could be viewed as violating those prohibitions. In addition, Section 4975 of the Code prohibits transactions between certain tax-favored vehicles such as Individual Retirement Accounts described in Section 408(a) of the Code and disqualified persons. Section 503 of the Code includes similar restrictions with respect to governmental and church plans. In this regard, the State or any dealer of the 2022 Restructuring Bonds might be considered or might become a “party in interest” within the meaning of ERISA or a “disqualified person” within the meaning of the Code, with respect to an ERISA Plan or a plan or arrangement subject to Sections 4975 or 503 of the Code. Prohibited transactions within the meaning of ERISA and the Code may arise if the 2022 Restructuring Bonds are acquired by such plans or arrangements with respect to which the State or any dealer is a party in interest or disqualified person.

By its acceptance of 2022 Restructuring Bonds, each purchaser will be deemed to have represented and warranted that either (i) no “plan assets” of any ERISA Plan or a plan subject to Similar Law have been used to purchase such 2022 Restructuring Bonds or (ii) the purchase and holding of such 2022 Restructuring Bonds is exempt from the prohibited transaction restrictions of ERISA and Section 4975 of the Code pursuant to a statutory, regulatory, class or administrative exemption and will not violate Similar Law.

The foregoing discussion is general in nature and is not intended to be all-inclusive. In all events, fiduciaries of ERISA Plans and plans or arrangements subject to the above sections of the Code, in consultation with their advisors, should carefully consider the impact of ERISA and the Code on an investment in the 2022 Restructuring Bonds. The sale of the 2022 Restructuring Bonds to a plan is in no respect a representation by the State or the Underwriter that such an investment meets the relevant legal requirements with respect to benefit plans generally or any particular plan. Due to the complexity of these rules and the penalties that may be imposed upon persons involved in non-exempt prohibited transactions, it is particularly important that any ERISA Plan fiduciary or other person considering whether to invest in the 2022 Restructuring Bonds on behalf of an ERISA Plan should consult with its counsel to confirm that such investment is permitted under the plan documents and will not result in a non-exempt prohibited transaction and will satisfy the other requirements of ERISA, the Code and other applicable law. In addition, persons responsible for considering the purchase of 2022 Restructuring Bonds by a governmental plan, non-electing church plan or non-U.S. plan should consult with its counsel regarding the applicability of any Similar Law to such an investment.

CONTINUING DISCLOSURE

In the Continuing Disclosure Agreement, pursuant to Rule 15c2-12 under the Exchange Act (“Rule 15c2-12”), LIPA, as Servicer and designated agent for the Issuer, will covenant for the sole benefit of the Holders (and, to the extent specified in the Continuing Disclosure Agreement, the beneficial owners) of the 2022 Restructuring Bonds and subject (except to the extent expressly provided in the Servicing Agreement) to the remedial provisions of the Basic Documents, to provide the information described therein in a timely manner, to the Municipal Securities Rulemaking Board (“MSRB”) through EMMA, in the electronic form prescribed by the MSRB. A copy of the form of the Continuing Disclosure Agreement is attached hereto as Appendix F.

The Issuer has determined that no financial or operating data concerning the Issuer is material to an evaluation of the offering of the 2022 Restructuring Bonds or to any decision to purchase, hold or sell the 2022 Restructuring Bonds and the Issuer will not provide any such information. As discussed above, the Servicer, as the designated agent of the Issuer, has covenanted in the Servicing Agreement to undertake all responsibilities for providing any continuing disclosure to the Holders of the Outstanding Bonds, and the Issuer shall have no responsibility to the Holders of the 2022 Restructuring Bonds or any other person with respect to Rule 15c2-12.

RATINGS

The 2022 Restructuring Bonds are expected to be assigned ratings of “Aaa (sf)” by Moody’s and “AAA (sf)” by S&P. It is a condition to the issuance of the 2022 Restructuring Bonds that such ratings are received.

The respective ratings by Moody’s and S&P of the 2022 Restructuring Bonds reflect only the views of such organizations and any desired explanation of the significance of such ratings and any outlooks or other statements given by the Rating Agencies with respect thereto should be obtained from the Rating Agency furnishing the same, at the following addresses: Moody’s Investors Service, Inc., 7 World Trade Center, 250 Greenwich Street, New York, New York 10007; and Standard & Poor’s Ratings Services, 55 Water Street, New York, New York 10041. Generally, a Rating Agency bases its rating and outlook (if any) on the information and materials furnished to it and on investigations, studies and assumptions of its own. A credit rating is not a recommendation to buy, sell or hold securities and may be subject to revision or withdrawal at any time by the assigning Rating Agency. No person is obligated to maintain the rating on any 2022 Restructuring Bonds and, accordingly, there is no assurance that such

ratings for the 2022 Restructuring Bonds will continue for any given period of time or that any of such ratings will not be revised downward or withdrawn entirely by any of the Rating Agencies, if, in the judgment of such Rating Agency or Agencies, circumstances so warrant. Any such downward revision or withdrawal of such ratings may have an adverse effect on the liquidity and the market price of the 2022 Restructuring Bonds. In general, ratings address credit risk and do not represent any assessment of any particular rate of principal payments on the 2022 Restructuring Bonds other than the payment in full of each tranche of the 2022 Restructuring Bonds by the Final Maturity Date as well as the timely payment of interest.

Under Rule 17g-5 of the Exchange Act, NRSROs providing the sponsor with the requisite certification will have access to all information posted on a website by the sponsor for the purpose of determining the initial rating and monitoring the rating after the Issuance Date in respect of the 2022 Restructuring Bonds. As a result, an NRSRO other than a hired NRSRO may issue unsolicited ratings on the 2022 Restructuring Bonds (“Unsolicited Ratings”), which may be lower, and could be significantly lower, than the ratings assigned by the hired NRSROs. The Unsolicited Ratings may be issued prior to, or after, the Issuance Date in respect of the 2022 Restructuring Bonds. Issuance of any Unsolicited Rating will not affect the issuance of the 2022 Restructuring Bonds. Issuance of an Unsolicited Rating lower than the ratings assigned by the hired NRSRO on the 2022 Restructuring Bonds might adversely affect the value of the 2022 Restructuring Bonds and, for regulated entities, could affect the status of the 2022 Restructuring Bonds as a legal investment or the capital treatment of the 2022 Restructuring Bonds. Investors in the 2022 Restructuring Bonds should consult with their legal counsel regarding the effect of the issuance of a rating by a non-hired NRSRO that is lower than the rating of a hired NRSRO.

A portion of the fees paid by the Issuer to a NRSRO which is hired to assign a rating on the 2022 Restructuring Bonds is contingent upon the issuance of the 2022 Restructuring Bonds. In addition to the fees paid by the Issuer to a NRSRO at closing on the 2022 Restructuring Bonds, the Issuer will pay a fee to the NRSRO for ongoing surveillance for so long as the 2022 Restructuring Bonds are outstanding. However, no NRSRO is under any obligation to continue to monitor or provide a rating on the 2022 Restructuring Bonds.

FINANCIAL ADVISOR

PFM Financial Advisors LLC (“PFM”) serves as the independent financial advisor to the Issuer and the Authority, respectively, in connection with the structuring, marketing and sale of the 2022 Restructuring Bonds, including the timing and conditions of issuance, and other such financial guidance as requested by the PFM. Although PFM performed an active role in the drafting of this Official Statement and other related transaction documents, PFM has not independently verified any of the information set forth herein.

ABSENCE OF LITIGATION

The Issuer

There is not now pending, or to the knowledge of the Issuer, threatened, any litigation against the Issuer restraining or enjoining the issuance or delivery of the 2022 Restructuring Bonds or questioning the validity of the 2022 Restructuring Bonds or the Proceedings or authority under which they are issued. Neither the creation, organization or existence, nor the title of the present members and officers of the Issuer to their respective office, is being challenged or questioned. There is no litigation pending, or to the knowledge of the Issuer, threatened, against the Issuer which in any manner questions the right of the Issuer to enter into the Indenture or to secure the 2022 Restructuring Bonds in the manner provided in the Indenture or to issue the 2022 Restructuring Bonds in the manner provided in the Indenture and the Securitization Law. There is no action, suit, Proceeding or investigation, at law or in equity, before any court, public body or other body pending, or to its knowledge, threatened against or affecting the Issuer, wherein an unfavorable decision, ruling or finding would materially adversely affect the transactions under the Indenture or the performance of the obligations of the Issuer under the Indenture.

The Authority and LIPA

There is not now pending, or to the knowledge of the Authority or LIPA threatened, any litigation against the Authority or LIPA restraining or enjoining the issuance or delivery of the 2022 Restructuring Bonds or questioning the validity of the 2022 Restructuring Bonds or the Proceedings or authority under which they are issued. There is no litigation pending, or to the knowledge of the Authority or LIPA threatened, against the Authority or LIPA which in any manner questions the right of the Authority or LIPA to enter into the Basic Documents to which each is a party. There is no action, suit, Proceeding or investigation, at law or in equity, before any court, public body or other body pending, or to the knowledge of Authority or LIPA threatened, against or affecting it wherein an unfavorable decision,

ruling or finding would materially adversely affect the transactions under the Basic Documents or the performance of the obligations of the Authority or LIPA under the Basic Documents to which each is a party.

LEGAL MATTERS

Certain legal matters relating to the 2022 Restructuring Bonds, including certain federal income tax matters, will be passed on by Hawkins Delafield & Wood, LLP, Bond Counsel to the Authority and the Issuer, respectively. Certain other legal matters relating to the 2022 Restructuring Bonds will be passed on by Nixon Peabody LLP, Disclosure Counsel to the Authority and the Issuer, respectively, by Bobbi O'Connor, General Counsel to the Authority, and by Norton Rose Fulbright US LLP, Underwriters' Counsel.

MISCELLANEOUS

This Official Statement includes, among other things, descriptions of (i) the Issuer, the Authority, and LIPA and (ii) the terms of the 2022 Restructuring Bonds, the Basic Documents, and certain provisions of the Securitization Law. Such descriptions are not complete and all such descriptions and references thereto are qualified by reference to each such document, copies of which may be obtained from the Issuer.

The agreements with the Holders are fully set forth in the Indenture. This Official Statement is not to be construed as a contract with the purchasers of the 2022 Restructuring Bonds or of any other obligations of the Issuer.

[Remainder of page intentionally left blank]

This Official Statement has been executed on behalf of the Issuer.

UTILITY DEBT SECURITIZATION AUTHORITY

By: /s/ Thomas Falcone
Chief Executive Officer and Interim Chief Financial Officer

APPENDIX A

SERVICER INFORMATION

UDSA was created as a result of New York State legislation, signed into law on July 29, 2013, referred to as the LIPA Reform Act, as amended (the “Reform Act”). Part B of the Reform Act (referred to as the “Securitization Law”), which initially allowed for the retirement of certain outstanding indebtedness of the Authority through the issuance of the Restructuring Bonds by UDSA. In August 2021, legislation was enacted to permit the issuance of additional restructuring bonds by UDSA in an amount not to exceed \$8 billion (inclusive of the approximately \$4.5 billion of restructuring bonds already issued). Additional Restructuring Bonds may be issued to refund outstanding indebtedness of the Authority and UDSA for debt service savings and to fund investment in T&D System resiliency.

The Authority is the owner of the transmission and distribution system located in the Counties of Nassau and Suffolk (with certain limited exceptions) and a portion of Queens County known as the Rockaways (the “Service Area”) and is responsible for facilitating the supply of electricity to customers within the Service Area. UDSA is a special purpose corporate municipal instrumentality of the State of New York. UDSA has no commercial operations. The Securitization Law prohibits UDSA from engaging in any other activity except as specifically authorized by the Financing Orders adopted by the Authority in connection with the Restructuring Bonds and provides that UDSA is not authorized to be a debtor under any provision of the Bankruptcy Code (Title 11 of the United States Code (11 U.S.C. § 101 et seq.), as amended from time to time).

SERVICER AND ADMINISTRATOR

Billing and Collection Policies

Credit Policy

The provision of electric service to Service Area customers by the Authority is governed by the Home Energy Fair Practices Act (“HEFPA”), which is Article 2 of the New York Public Service Law. The table below indicates the numbers and dollars of deposits from residential and commercial customers held by the Authority at the beginning of the past 5 years. Approximately 9% of the average monthly revenue for 2021 was secured with a cash deposit. This calculation does not include non-cash securities, such as security bonds and letters of credit.

Deposits on Hand from Residential and Commercial Customers

<u>Beginning of:</u>	<u>Number of Deposits</u>	<u>Dollars of Deposits (in thousands)</u>
2017	35,195	\$35,676
2018	35,130	\$36,397
2019	35,025	\$37,177
2020	34,750	\$36,516
2021	30,721	\$32,394
2022	26,913	\$27,847

Billing Process

LIPA’s billing process is managed by LIPA’s service provider, PSEG Long Island. As of December 31, 2021, approximately 1,119,171 of LIPA’s meters (96.1% of customers) were read using advanced metering infrastructure, which accounted for nearly 97% of sales. LIPA currently expects to convert entirely to advance metering (less opt out customers currently at 4,524 accounts) by 2023. Additionally, non-AMI meters were read manually on a monthly cycle for 9,554 larger commercial demand-metered customers and 5,422 residential customers and read manually on a bi-monthly cycle for 28,345 residential and small commercial customers.

Once the meter readings are received, bills are calculated and generated by PSEG Long Island and transmitted to a vendor for printing and mailing or electronic mailing. The billing cycle differs from the meter reading cycle in that some residential customers that have their meters read bi-monthly receive bills on a monthly basis. As of December 31, 2021, approximately 896,333 residential customers received monthly bills which, combined with the approximately 98,710 commercial accounts that are billed monthly, results in a total of approximately 995,043 customers (85.5% of customers) that receive bills monthly. The balance receives bi-monthly bills.

Payments made by U.S. mail are mailed to a Long Island address where they are retrieved and processed by a vendor. Payments are processed to a lock-box which deposits the receipts into the Allocation Account. All other forms of payment are also deposited directly into an Authority bank account when they are processed or received.

Customer Remittance Payments Processed in 2021 by Type

Type of Payment	Items (in thousands)	Dollars (in millions)
US Mail/Lockbox	2,582	\$1,318
Internet	2,198	588
Home Banking	2,573	642
Direct Debit	1,939	526
In-house Processing	84	344
Pay Agents	1	0.4
Pay by Phone	202	90
Interactive Voice Recognition	774	189
Customer Office	36	17
Large Customers ACH	3	67
Energy Assistance	33	8
Collection Agencies	8	2
Credit Card	895	201
	11,328	\$3,992

Collection Policy

LIPA's collection process is managed by PSEG Long Island. Collection practices, including the ability to terminate (disconnect) service, are governed by HEFPA. LIPA's bills are due immediately and payable in 20 days to avoid late payment charges and other collection activities. Bill notices and outbound telephone calls may begin as early as 30 days after a bill is issued, if payment is not received. To conform to HEFPA requirements, a series of notices will appear on the bills for delinquent customers, indicating that service may be terminated if payment is not received. The customer must also be offered a deferred payment agreement for outstanding arrears. The standard deferred payment agreement requires payment of up to 15% of the bill, and monthly payments of the balance over ten months, plus the payment of all current charges going forward. Customers that do not make payment of their outstanding arrears or enter into a deferred payment agreement are subject to termination of service (disconnection) for non-payment. To execute the termination, a field visit is performed to offer a final opportunity to make the payment, evaluate the situation from a safety perspective and, if called for, immediately disconnect the customer.

The ability to terminate is also restricted by weather conditions, in accordance with HEFPA. During warm weather (i.e. summer) conditions, residential service cannot be terminated when the temperature-humidity (heat) index has reached 95 degrees for two consecutive days or the temperature has been 100 degrees for any length of time or heat advisory or excessive heat warnings have been issued. During cold weather (winter) conditions, residential service will not be terminated if the high temperature of the day does not rise above 32 degrees. Between November 1st and April 15th, PSEG Long Island must attempt to contact the customer via telephone or in person 72 hours prior to termination and the field staff must recheck the location on the following day if there was no contact made at the time of termination.

Significant efforts are made through the collections process to avoid both customer termination, if possible, and write-offs, to the extent practical. PSEG Long Island performs significant outbound calling efforts and field collection visits to give customers every opportunity to make payment on outstanding balances. Larger commercial customers are also visited by collections and key account representatives to explore other possible avenues for bringing the account up-to-date. Payment agreements and referrals to the appropriate social service agencies are also used to maximize the payment of outstanding arrears for residential customers. In the event that a final bill is issued (either because the customer left the premises without paying their outstanding balances or PSEG Long Island terminated service), an effort is made to identify any new location within the Service Area where the customer may have moved, and have the outstanding arrears transferred there, and the balance due may be assigned to an outside collection agency for early action. Final accounts are written off to bad debt expense approximately 150-180 days after the final bill has been issued. Once the account is written off, the unpaid balances are generally assigned to one of PSEG Long Island's collection agencies that pursue additional collection activities in exchange for a percentage share of the recovery. Net recoveries are returned to LIPA and credited against bad debt expense. See "RECENT DEVELOPMENTS – Impacts from the Coronavirus and COVID-19 Pandemic" below.

RECENT DEVELOPMENTS

Tropical Storm Isaias, Options Analysis and OSA Reforms

The Task Force Reports

On Tuesday, August 4, 2020, Tropical Storm Isaias landed on Long Island and the Rockaways with rain and wind gusts up to 70 miles per hour. The resulting damage to the electrical system caused approximately 646,000 customer outages, making it the third-most damaging storm to affect the T&D System. The Authority currently estimates approximately \$300 million in response and restoration costs associated with Tropical Storm Isaias. It took PSEG Long Island five days to restore power to 75% of customers and eight days to restore power to 99% of customers. Significantly, on the afternoon of the storm, both PSEG Long Island's Outage Management System ("OMS") and telephone system failed. The OMS and its feeder systems are complex, mission-critical information technologies used to report power outages, assess damage, estimate customer restoration times, dispatch trucks, and communicate with customers. After delays, PSEG Long Island redeployed the OMS in February 2022 and reported that it was functioning properly. To date, the Authority has been unable to confirm by independent testing that the OMS is functioning properly. For that reason, the Authority has made a series of recommendations to PSEG Long Island relating to re-testing and remains committed to continued testing until any potential issues are remedied.

On August 5, the Authority's Chief Executive Officer initiated an independent review (the "Task Force") of the circumstances and root causes that led to the lapses in PSEG Long Island's storm response. The Task Force was charged with providing actionable recommendations and overseeing PSEG Long Island's remediation activities. The Authority committed to reporting the Task Force's findings and recommendations to the Authority Board of Trustees and the public in a 30-Day Report, 90-Day Report, and Final Report. The Task Force presented the 30-Day Report to the Authority Board of Trustees at the September 23, 2020 Board meeting and the 90-Day Report to the Authority Board of Trustees at the November 18, 2020 meeting. The 30-Day and 90-Day Reports included 85 recommendations to improve PSEG Long Island management, emergency preparation and response, and information technology systems, including a recommendation to either terminate or renegotiate the 2014 OSA.

In addition to the 85 Task Force recommendations, the Authority Board of Trustees adopted an additional 87 recommendations (the "Management Recommendations") between December 15, 2020 and March 30, 2022 to improve 15 non-storm operational areas managed by PSEG Long Island, including enterprise risk management, asset management, inventory management, work management, data and information access, budgeting, affiliate services, and information technology system modernization.

At the May 19, 2021 meeting, the Authority Board adopted a resolution replacing the Task Force Final Report with a Quarterly Reporting requirement. The Quarterly Reports address the status of each of the 85 Task Force and 87 Management recommendations based on PSEG Long Island's monthly status reporting to the Authority and describe the status of the Authority's independent verification and validation of each recommendation. The Authority Board adopted the first Quarterly Report on June 23, 2021, the second Quarterly Report on September 22, 2021, the third Quarterly Report on December 15, 2021, and the fourth Quarterly Report on March 30, 2022 (collectively, the "Quarterly Reports"). The 30-Day Report, 90-Day Report and all Quarterly Reports are available on the Authority's website at <https://www.lipower.org/reformedcontract/>. Those reports are not included herein by specific cross-reference.

The DPS Investigation

In addition to the Authority's Task Force, on August 5, 2020, the Governor directed the Department of Public Service (the "DPS," which is the staff arm of the New York Public Service Commission (the "PSC")) to conduct an investigation into utility performance across the State, including the performance of PSEG Long Island. On August 18, 2020, the DPS issued a Notice of Apparent Violations and Direction of Prompt Remedial Action letter to PSEG Long Island for its apparent failures to properly anticipate and/or respond to the weather emergency in accordance with its approved ERP.

On November 13, 2020, the DPS provided a recommendation (the "DPS Recommendation") to the Authority Board as a result of its ongoing investigation of PSEG Long Island's storm response. The DPS Staff identified more than 70 potential violations of PSEG Long Island's ERP. The DPS recommended, among other things, that the Authority:

- evaluate options to terminate PSEG Long Island as the Authority's service provider;
- declare PSEG Long Island's poor performance during Isaias as a *first* failure of the Major Storm Performance Metric as defined in the Amended and Restated Operations Services Agreement

(the “2014 OSA”) (which provides the Authority with the right to terminate the OSA without penalty if PSEG Long Island has a *second* failure of the Major Storm Performance Metric in 2021 or 2022); and

- seek to either terminate or renegotiate the 2014 OSA to enable greater oversight by the Authority and the DPS.

The Recommendations and November Resolution; Lawsuit Against PSEG Long Island

The 90-Day Report and the DPS Recommendation both recommended either termination or renegotiation of the 2014 OSA. Therefore, the Authority Board instructed the Chief Executive Officer to: (i) conduct contingency planning for the termination of the 2014 OSA and report to the Authority Board on the results; and (ii) report on action taken in response to 90-Day Report and DPS Recommendation. In addition, the Authority Board determined that PSEG Long Island’s performance was wholly unsatisfactory and directed that all potential contractual, legal, and equitable claims be investigated and pursued.

In furtherance thereof, on December 9, 2020, the Authority filed a complaint in Supreme Court, Nassau County to: (i) recover damages in the amount of not less than \$70,000,000 for PSEG Long Island’s willful breaches of material obligations under the 2014 OSA between the Authority and PSEG Long Island, and breach of the covenant of good faith and fair dealing implied under the 2014 OSA, based on PSEG Long Island’s failure to prepare for and manage restoration efforts during and following Tropical Storm Isaias; and (ii) compel PSEG Long Island to comply with its obligations under the 2014 OSA. This litigation was discontinued by LIPA upon effectiveness of the second amended and restated OSA on April 1, 2022 (the “OSA” or the “reformed OSA”).

Options Analysis

Pursuant to the Authority Board’s direction at the November 2020 meeting, the Authority’s Chief Executive Officer and staff developed the Phase I Options Analysis. The Phase I Options Analysis was the first of two reports detailing options to improve the management of the Authority’s assets. The Authority has conducted similar analyses on at least four prior occasions – in 1998, 2005, 2011, and 2013.

At the December 2020 Special Meeting, the Authority Board approved a Resolution (i) adopting the Phase I Analysis, (ii) finding that privatization was too costly for customers to merit investing additional staff time and funds to further develop the alternative, and (iii) directing the Authority’s Chief Executive Officer to further develop the other alternatives, in a Phase II Options Analysis.

At the April 2021 Meeting, the Authority Board was presented with the Phase II Options Analysis, which provided further refinement of the alternatives outlined in the Phase I Analysis including: 1. Privatization; 2. Resetting the relationship with PSEG Long Island by re-negotiating the 2014 OSA; 3. Seeking a new service provider to improve operations; and 4. Bringing T&D System operations under the Authority’s management.

OSA Reforms

On June 27, 2021, the Authority reached a tentative settlement agreement with PSEG Long Island, the terms of which provided improvements to the 2014 OSA in the areas outlined by the Phase II Options Analysis and prescribed by the Authority’s Board of Trustees. As of December 15, 2021, PSEG Long Island and LIPA entered into the OSA, which became effective on April 1, 2022 upon approval by the New York State Attorney General and Office of the State Comptroller. The following is a brief summary of certain of the provisions of the OSA.

In order to provide stronger protections for Service Area customers, the OSA:

- increases the amount of PSEG Long Island’s annual compensation at risk from \$10 million to \$40 million;
- subjects PSEG Long Island to up to 110 detailed Performance Metrics set annually by the Authority Board with a recommendation by the DPS to ensure PSEG Long Island meets the Authority Board’s strategic direction for service to customers and industry best practices;
- includes both new and strengthened termination rights and automatic compensation reductions (i.e. default and gating Performance Metrics) for failures to meet minimum emergency response, customer satisfaction, cybersecurity, and reliability standards;
- provides a new DPS investigative process to reduce compensation for failures to provide safe, adequate, and reliable service to customers;

- requires PSEG Long Island to implement plans to fix known operational issues identified by Authority staff or the DPS, with oversight by the Authority Board;
- strengthens PSEG Long Island’s dedicated management team with new positions for Chief Information Officer, Chief Information Security Officer, Vice President for Business Services, Director of Human Resources and Director of Emergency Response;
- ensures that all Long Island employees report to managers dedicated to Long Island operations and links the compensation for all PSEG Long Island employees to Service Area performance;
- includes a Duty of Candor with a termination right for failure to timely and accurately disclose significant operational issues that impair PSEG Long Island’s ability to provide reliable service, emergency response, cybersecurity, financial impairment, noncompliance with laws, or circumstances that may endanger public health, safety, and welfare;
- has new standards requiring greater long-term planning, transparency, and accountability for delivering projects and services on time and within budget;
- requires PSEG Long Island to demonstrate cost savings or improved service for hiring or retaining PSEG affiliates to perform services for LIPA;
- requires the separation of all LIPA information technology systems from those of PSEG affiliates pursuant to a plan that was filed on July 29, 2022;
- provides the Authority with new rights to independently test and validate the performance of mission-critical information technology systems, such as those that failed during Tropical Storm Isaias; and
- Lastly, the OSA eliminates PSEG Long Island’s eight-year term extension option; instead, the OSA will expire on December 31, 2025, subject to extension upon mutual agreement.

In addition, PSEG Long Island agreed to forfeit approximately \$30 million for its Tropical Storm Isaias failures including: \$19.5 million in payments and credits to the Authority towards the cost of upgrading the information technology and communication systems that failed during the storm; \$6.6 million to reimburse customers without power for more than 72 hours for food and medicine spoilage; and \$3.9 million in contributions to Long Island-based charities.

In addition to management services fees, the Authority pays PSEG Long Island for services provided by PSEG affiliate companies as Pass-Through Expenditures. As noted above, under the reformed OSA, LIPA and PSEG Long Island agreed to establish and maintain information technology systems that are separate and distinct from the systems, data, reports, and information of PSEG Long Island’s affiliates based in New Jersey and to form a cross-functional team to develop a plan by July 29, 2022 to separate all information technology systems. That plan was timely filed.

For convenience, copies of the Task Force Reports, the various Board Resolutions, and the Options Analysis Reports can be found on the Authority’s website at <https://www.lipower.org/reformedcontract/>. No statement on the Authority’s website is included by specific cross-reference herein.

Management Options Upon OSA Termination in 2025

In approving the reformed OSA in December 2021, the LIPA Board of Trustees by resolution directed the Chief Executive Officer to complete a study by year-end 2023 to evaluate the best course of action in advance of the expiration of the OSA on December 31, 2025 and to release such study for public comment. The study shall consider, among other matters, PSEG Long Island’s performance in 2022 and 2023, as well as a review of the benefits and considerations of exercising the five-year extension option in the OSA; competitively procuring a management contractor; and bringing T&D System operations under the Authority’s management.

In approving the OSA on April 1, 2022, the Office of the State Comptroller required that exercise of the 5-year extension of the PSEG Long Island contract be subject to the approval of the Office of State Comptroller and New York State Attorney General and advised in writing that its approval would only be pursuant to a competitive procurement by LIPA.

Legislative Commission on the Future of LIPA

The State’s 2022 budget enacted a Legislative Commission on the Future of LIPA (the “Commission”) to investigate and report to the State Legislature on the establishment of the public power model for management of the operations of LIPA, whereby Authority management would directly operate the utility. The Commission will report to

the State Legislature on the specific actions, legislation, and timeline necessary to restructure LIPA to bring T&D System operations under Authority management no later than December 31, 2025.

The Commission consists of eight members of the State Legislature appointed by legislative leaders in both houses and of both parties. The Commission will be assisted by an advisory committee consisting of no more than fifteen members, including representatives of business, labor, local government, Indian nations and tribes, economic development, environment, energy, social justice, consumer, civic, and school districts or higher education.

The Commission is tasked with considering in its report (a) the method of governance of the public authority, (b) improved transparency, accountability, and public involvement, (c) improved reliability of the system, (d) the impact on electric rates, (e) improved storm response, (f) the powers required by the Authority to more effectively operate the utility, (g) the oversight role of the DPS and the PSC over the Authority's operation, (h) the impact on existing bonded indebtedness, (i) improved long-term energy planning, (j) compliance with the goals of the CLCPA, (k) increased reliance on renewable energy sources to produce electricity, (l) taxation and PILOTs, (m) the special needs of communities that are or have been impacted by the siting of power generating facilities; and (n) any other matter relevant to the feasibility of establishing a public power model of management for the operation of the Authority.

The Commission is to hold public hearings on the public power model of management by September 30, 2022 and issue a draft report to members of the State Legislature no later than December 31, 2022. The State Comptroller will have the discretion to review the draft report and issue any recommendations no later than February 1, 2023. The Commission will hold additional public hearings no later than February 15, 2023 and issue a final report no later than April 1, 2023, including any legislation required to implement the public power model of management of operations.

The Phase II Options Analysis presented to the Authority's Board on April 28, 2021, described above, found that the public power model of management of operations was feasible and financially attractive, with estimated annual savings of \$75 to \$80 million per year. The Phase II Analysis concluded that LIPA would need to hire up to 12 new employees, transition 2,500 ServCo employees to LIPA management, segregate certain information technology systems on shared platforms with PSEG Long Island's New Jersey-based affiliates, and transition certain services provided by PSEG affiliate companies (the majority of which are for information technology systems and services) to the Long Island service company or other vendors.

For convenience, copies of the Phase II Options Analysis can be found on the Authority's website at <https://www.lipower.org/reformedcontract/>. No statement on the Authority's website is included by specific cross-reference herein.

Board Policy on Debt and Access to the Credit Markets

The Authority Board asked to periodically review its policy on Debt and Access to the Credits Markets (the "Board Financial Policy") first adopted in December 2015. At the November 2020 meeting, the Authority's Financial Advisors LLC, presented a Financial Policy Report reviewing the accomplishments of the Authority Board's Financial Policy over the past five years and recommending certain actions for the future. At the December 2020 meeting, the Authority Board adopted the recommendations of the Financial Policy Report, including (i) increasing the fixed obligation coverage ratio target to 1.40x in 2022; and (ii) transitioning funding of the Authority's OPEB Account with funding categorized as an operating expense in LIPA's consolidated budget in a phased-in approach beginning in 2023. These actions are intended to continue the substantial improvement the Authority has already made in its ongoing effort to reduce the Authority's debt-to-assets ratio from approximately 95% to a level below 70% by 2030. See "– Impacts from the Coronavirus and COVID-19 Pandemic - *Potential Changes in Customer Demand, Stress Testing and Potential Impact on the Authority*" below.

Impacts from the Coronavirus and COVID-19 Pandemic

Authority Response

The Authority has been taking steps as set forth below to address the ongoing pandemic of the Coronavirus and COVID-19, first, to ensure the health and safety of its employees and second, to sustain the T&D System for Service Area customers. There can be no assurances that the spread of the Coronavirus and COVID-19 or other highly contagious or epidemic diseases will not have a materially adverse impact on the Authority, its financial condition, or operations.

Customer Initiatives

On March 27, 2020, the Authority Board approved staff proposals for temporary emergency modifications to the Authority's tariff for electric service to allow PSEG Long Island, as needed to address COVID-19's impact on customers, (1) to suspend the application of customer late payment charges, (2) to suspend the application of customer reconnection

charges (including back-billed demand and service charges), and (3) to extend the grace period for customers to re-enroll in the low-income customer discount program. On May 28, 2020, the State Legislature passed a bill that amended Article 2 of the State's Public Service Law ("Article 2") to prevent residential disconnections during and including a 180-day period following the end of the COVID-19 state of emergency. Although not generally subject to the Public Service Law, the Authority is required by the State's Public Authorities Law to provide its customers the rights and protections provided in Article 2. In May 2021, an extension of the disconnection moratorium was signed into law. That extension expired on December 21, 2021. Commercial disconnections resumed in November 2021 and residential disconnects resumed in July 2022.

In April 2022, New York State's budget included \$250 million to eliminate pandemic-related utility arrears accumulated through May 1, 2022 for eligible low-income households. The State program provided \$9.8 million towards an estimated \$20.7 million of arrears forgiveness distributed by the Authority to eligible customers on or before August 5, 2022. Eligible low-income customers may continue to enroll in the program through December 31, 2022 and receive arrears forgiveness. Amounts in excess of State funds are charged against the Authority's reserve for uncollectible expense. See "– Impacts from the Coronavirus and COVID-19 Pandemic - *Potential Changes in Customer Demand, Stress Testing and Potential Impact on the Authority*" below.

Potential Changes in Customer Demand, Stress Testing and Potential Impact on the Authority

As a result of the COVID-19 crisis and the associated reduction in economic activity coupled with a shift to work-from-home for many residential customers, the Authority has experienced changes in electric consumption by service class. Based on data available from smart meters, starting with the implementation of New York State on PAUSE in response to the COVID-19 pandemic in March 2020 through the end of 2021, the Authority saw a reduction in commercial customer consumption of 9% (weather-adjusted). However, this was offset by the impacts of the stay-at-home directive and work-from-home patterns, which resulted in an increase in residential customer consumption of approximately 7% during the same period. As a result, the combined sales from March 2020 through the end of 2021 were relatively unchanged compared to pre-COVID-19 levels.

The Authority developed a 2022 budget plan that anticipated many of the COVID-19 trends would continue. In the first two quarters of 2022, commercial customer sales remain approximately 6.7% below pre-COVID-19 levels and residential customer sales are approximately 3.0% above pre-COVID-19 levels. Sales variances stemming from the change in customer's usage patterns in the wake of COVID-19 are captured in the Authority's Revenue Decoupling Mechanism ("RDM"), which allows for the recovery or refund of differences in actual revenues for delivery service compared to the approved budget. Due to a shift to work-from-home for many residential customers and the warmer than normal summer, the Authority's revenues from residential customers exceeded budget by \$50 million in 2021. As a result, the Authority is refunding approximately \$50 million to its residential customer class in 2022. However, due to the decline in commercial customer usage in 2021, the Authority will collect approximately \$37 million from its commercial customer class. To aid its commercial customers from a high bill impact, the Authority's Board elected to limit the RDM rate to a maximum of 5% of delivery service revenues for any customer class with amounts not collected carried forward to subsequent periods. As a result, the Authority will collect approximately \$27 million in 2022 and the balance in subsequent years.

As of March 31, 2022, customer arrears totaled approximately \$232 million, which is an increase of approximately \$49 million and \$119 million when compared to March 31, 2021 and March 31, 2020, respectively. To address the significant volatility in the customer receivable arrears balances, the 2022 budget continued to reflect an increase in uncollectible expense, as compared to pre-COVID-19 levels. Additionally, beginning January 2021, any variance of accrued uncollectible expense from the amount in an approved LIPA budget will be captured as a component of the Authority's Delivery Service Adjustment (or "DSA", which allows the Authority to reconcile certain projected costs to actual costs in each year). The Authority Board approved modification of the DSA to capture budget variances related to uncollectible expense during periods affected by a government-ordered or Board-authorized moratorium on service disconnections and for up to two years following the end of such moratorium. Accrued uncollectible expense in 2021 remained approximately \$12 million higher than pre-COVID-19 levels; which was consistent with amounts budgeted in 2021. Increased levels of uncollectible expense are expected to continue through 2022. In addition, lower revenues from the suspension of late payment charges continued into 2021; however, late payment charges resumed in January 2022.

The Authority's Board also modified its Board policy on Debt and Access to the Credit Markets allowing for funding capital expenditures from new debt to exceed 64% for 2021 and 2022. As a result, the Authority is currently projecting to fund 68% of its capital expenditures with debt over the three-year period 2022-2024.

The Authority, working with PSEG Long Island, continues to monitor the impacts of the COVID-19 pandemic and will update its financial projections as needed. The Authority uses these financial projections for the planning and implementation of any corrective actions.

During 2021, the Authority experienced \$7 million in increased operating and maintenance costs as a result of COVID-19 related activities and safety measures to maintain a safe work environment that were not recoverable through a recovery mechanism. A portion of these higher costs may be eligible for reimbursement from FEMA; however, the amounts of any expected FEMA grant reimbursements cannot be predicted.

In aggregate, non-recoverable costs and lower revenues resulted in an approximate \$30 million impact on the Authority's 2021 financial results. However, the higher costs to maintain a safe work environment and lower miscellaneous revenues resulting from the COVID-19 pandemic were offset by lower PSEG Long Island operating and maintenance costs, lower LIPA operating costs, as well as lower short-term debt interest costs and higher investment income earned on the OPEB dedicated account. The overall impact resulted in a fixed obligation coverage ratio of 1.40x which exceeded the 1.35x target in the budget.

Liquidity

The Authority Board Policy on Debt and Access to the Credit Markets requires the Authority to manage its liquidity position to maintain cash on hand of at least \$100 million in its operating account and \$150 million in its Rate Stabilization Fund at each month-end, as well as having cash on hand and available credit of at least 120 days of operating expenses. At June 30, 2022, the Authority had approximately 244 days of cash on hand and available credit.

The Authority's short-term borrowing program provides resources to meet interim working capital needs, cash flow requirements due to the seasonality of sales, and cash flow requirements from unforeseen circumstances such as severe weather events. The Authority was authorized to issue short-term borrowings (including its revolving credit facility) up to \$1.2 billion.

Additional Information

Additional information about the outbreak of the Coronavirus and COVID-19 and responses thereto can be found on State and local government websites, including but not limited to the Governor's office (<https://coronavirus.health.ny.gov/home>). Information on that website is not included herein by specific cross-reference.

Integrated Resource Planning and Repowering Studies

The Authority and PSEG Long Island are currently in the process of developing the Authority's 2022 Integrated Resource Plan (the "IRP"), with a report expected to be released to the public by December 2022. The IRP examines potential strategies within the Authority's control to respond to evolving developments in both electricity supply and demand. Given recent changes in law and policy initiatives (e.g., the Climate Leadership and Community Protection Act (the "CLCPA")), as well as the need to plan for the expiration of major contracts, the IRP will provide options that may ultimately result in substantially altering the profile of the Authority's current resource portfolio.

The CLCPA calls for 70% electric generation from renewable energy sources statewide by 2030, and a 100% zero-emissions electric system by 2040. Transitioning to a zero-emissions electric system means both adding new clean sources of energy and retiring older, fossil-fueled power plants. The CLCPA mandates target amounts of clean energy additions for specific technologies. In addition, the Governor has announced more aggressive targets, which have not been formally adopted to date. It is expected that the Authority's shares of these target amounts would be 1,125 of offshore wind (through bundled products or renewable attributes) by 2035, 1,310 MW of distributed solar by 2030, and 750 MW of energy storage by 2030. The IRP will build on these minimum targets and suggest additional flexible resources to complement the intermittency of the wind and solar additions.

A primary objective of the IRP is to provide guidance as to the order, amount, and timing of fossil power plant retirements. In August 2021, National Grid submitted amended compliance plans to New York State Department of Environmental Conservation ("DEC") stating its plans to postpone the retirement of five LILCO-era combustion turbines, totaling 195 MW, until May 1, 2025 so the units will continue to remain available to support near-term system reliability, as contemplated by the DEC regulations.

The 2022 IRP is expected to identify additional generating units that could be retired in the next five to seven years, with particular focus on the legacy steam turbines that are still in operation at National Grid's Barrett, Port Jefferson and Northport Generating Stations. Each of the steam turbines have been evaluated in recent years for potential repowering, most recently a study of the Northport steam turbines completed in March 2020, which concluded that: (i) repowering the Northport facility would result in increased cost to the Authority's customers; and (ii) retirement of at least one unit would achieve cost savings for the Authority customers with no expected impact on T&D System reliability.

T&D System and Power Supply Updates

Seven major transmission lines connect the T&D System with the Con Edison system to the west and with Eversource (Connecticut Light & Power) ("ES-CL&P") and United Illuminating Company to the north and Jersey Central Power & Light ("JCP&L") to the southwest. With the Sayreville to Levittown "Neptune" line (660 MW, which was de-rated to 375 MW while PSEG Long Island procured and installed a replacement transformer) returning to service, the four transmission lines that experienced whole or partial outages have all been restored.

On April 30, 2021, PSEG Long Island issued the 2021 Request for Proposals for Bulk Energy Storage to solicit bids for development of nearly 175 MW Bulk Energy storage on Long Island ("Bulk Energy Storage RFP"). The schedule for the RFP currently anticipates project selection in September 2022.

In the first half of 2022, the Authority engaged a consultant to develop a climate change vulnerability study report which is exploring, among other things, weather trends and the potential impact of higher temperatures on load forecasts, T&D System impacts, and future sea level rise. The study is currently expected to be completed in late 2022.

Suffolk County Payments in Lieu of Taxes

The Authority is exempt from payment of real property taxes. However, by statute, LIPA makes payments in lieu of taxes ("PILOTs") for each parcel of real property it acquired from LILCO. Beginning in calendar year 2015, the LIPA Reform Act capped LIPA's PILOT payments to no more than 2% higher than the prior calendar year. In 2017, the Authority received notices from Suffolk County claiming to enforce liens against certain of its properties allegedly for unpaid real estate taxes. The Authority has paid the full amount of PILOTs it is authorized by law to pay. Furthermore, Suffolk County lacks legal authority to enforce a tax lien on the Authority's property. The Authority has filed a legal action to negate any attempt by Suffolk County to enforce the alleged tax liens. LIPA has also filed suit against the towns in Suffolk County to ensure that they comply with the annual 2% limit on growth in such PILOT. After all initial pleadings were served, all sides filed motions for summary judgment.

On April 1, 2021, the Supreme Court, Suffolk County issued a Decision and Order that found: (1) LIPA's T&D properties are not exempt from real-property taxation for tax years 2014/15 through 2019/20 by reason of LIPA's failure to timely challenge its unlawful assessment as non-exempt, taxable properties by the Town Assessors during those tax years; and (2) compelling LIPA to pay to Suffolk County alleged unpaid real property taxes levied against the T&D properties for tax years 2014/15 through 2019/20 (by stipulation, the judgment includes the 2020/21 tax year). A judgment was entered on October 8, 2021. LIPA filed a notice of appeal from the judgment on October 14, 2021, and the appeal was filed on December 17, 2021. Enforcement of the judgment is stayed pending the determination of LIPA's appeal. LIPA estimates the potential exposure with penalties and interest to be approximately \$90 million, growing at a potential addition of \$22 million per year in the event of an adverse result on appeal. LIPA obtained regulatory approval from the Authority Board to defer the recovery of these costs from its customers until the conclusion of the appeal process. The Authority does not believe this litigation will have a material adverse impact on its business or the affairs of the Authority or LIPA.

Power Plant Property Tax Litigation

In connection with tax certiorari challenges by the Authority relating to certain of the power plants subject to the PSA, the Authority has entered into a series of settlement agreements with municipal entities across the Service Area including, most recently, with Nassau County. Collectively, the Authority estimates that the various settlements will produce customer savings in excess of \$550 million through 2028.

Recent Legislation

On December 24, 2020, the Governor signed into law a bill that amends the Act to provide the PSC with the ability to impose recommendations contained in a DPS comprehensive and regular management and operations audit in circumstances where the audit report indicates a finding of fraud, abuse or mismanagement by the Authority or a service provider. Prior to these amendments; (i) the DPS already possessed the power to undertake comprehensive and regular

management and operations audits of LIPA and PSEG Long Island, as it does for all investor-owned utilities in the State, every five years, and (ii) the Authority was already obligated to implement DPS audit recommendations unless the Authority's Board makes a final determination, after notice and public hearing, that a recommendation is inconsistent with the Authority's sound fiscal operating practices, any existing contractual or operating obligations, or the provision of safe and adequate service. To date, the Authority Board has not rejected any of the more than 130 audit recommendations resulting from the 2013 and 2018 audits, and the Authority and PSEG Long Island are currently in the process of implementing the most recent audit recommendations pursuant to an audit implementation plan approved by the DPS and the Authority Board. The next DPS management and operations audit is expected to commence in the fourth quarter of 2022.

Revenues, LIPA's Customer Base and Electric Energy Consumption

LIPA's customer base consists of four primary revenue reporting classes: residential, commercial, street lighting, and other public authorities.

The following tables show the electricity delivered to customers, total retail electricity delivery service revenues and the number of customers for each of the customer rate classes noted below for the year ending December 31, 2021 and each of the four preceding years. There can be no assurance that the retail electricity delivery service sales, retail electric revenues and number of customers or the composition of any of the foregoing will remain at or near the levels reflected in the following tables.

Electricity Delivered to Customers, Total Billed Retail Electricity Delivery Service Revenues and Customers

Retail Electric Usage (As Measured by Billed GWh Sales) by Customer Rate Class and Percentage Composition

Customer Rate Class	2017		2018		2019		2020		2021	
Residential	9,089	47.7%	9,539	48.7%	9,076	48.3%	9,568	51.5%	9,535	50.7%
Commercial	9,401	49.4%	9,515	48.5%	9,250	49.2%	8,522	45.9%	8,782	46.7%

Loss Experience

The following table sets forth information relating to the annual net charge-offs for LIPA, including net charge-offs of customers as part of LIPA's annual charge-off reconciliation process, prepared in accordance with the applicable metrics provided for in the 2014 OSA for all years.

Net Charge-Offs as a Percentage of Total Billed Retail Electricity Service Revenues

	2017	2018	2019	2020	2021
Electric Revenues Billed (\$000).....	3,457,210	3,659,782	3,614,157	3,812,469	4,046,947
Net Charge-Offs (\$000).....	25,217	19,479	17,974	13,928	11,271
Percentage of Revenue Billed.....	0.73%	0.53%	0.50%	0.37%	0.28%

Days Sales Outstanding

The following table sets forth information relating to the average number of days that LIPA's bills remained outstanding during each of the calendar years referred to below, prepared in accordance with the applicable metrics provided for in the 2014 OSA for all years.

Average Days Sales Outstanding

	2017	2018	2019	2020	2021
Average Days Sales Outstanding.....	36.87	34.90	34.28	35.25	41.45

Write-Off and Delinquencies Experience

The following table sets forth information relating to the delinquency experience of LIPA during each of the calendar years referred to below.

Average Monthly Delinquencies of Total Annual Billed Retail Electricity Delivery Service Revenues (in thousands)

	2017	2018	2019	2020	2021
30-59 Days.....	\$37,394	\$38,023	\$37,221	40,872	42,880
60-89 Days.....	\$18,145	\$17,610	\$16,299	20,006	22,720
90+ Days.....	\$75,380	\$67,705	\$63,116	79,822	141,606

APPENDIX B

Definitions

Terms not defined elsewhere in this Official Statement are used as defined in this Appendix B.

“2014 OSA” means the Amended and Restated Operations Services Agreement.

“2022 Restructuring Bonds” means the bonds to be issued by the Issuer pursuant to Financing Order No. 6.

“2022 Collateral” means as the context may require all of the Issuer’s right, title and interest (whether owned at the Issuance Date or thereafter acquired or arising) in and to (a) the 2022 Restructuring Property (created pursuant to Sections 5 and 7 of the LIPA Reform Act and Ordering Paragraph 11 of Financing Order No. 6) transferred by the Seller to the Issuer pursuant to the Sale Agreement and all proceeds thereof, including 2022 Restructuring Charges as estimated, determined and adjusted from time to time pursuant to the Servicing Agreement in accordance with Financing Order No. 6, (b) the statutory lien pursuant to the Securitization Law, (c) the Sale Agreement, (d) the Servicing Agreement, (e) the Administration Agreement, (f) the Collection Account (including, subject to limitation set forth below, all subaccounts thereof) and all amounts or investment property on deposit therein or credited thereto from time to time, (g) the security interest with respect to the 2022 Restructuring Property granted by the Seller to the Issuer in the Sale Agreement, (h) all present and future claims, demands, causes and choses in action in respect of any or all of the foregoing and all payments on or under and all proceeds of every kind and nature whatsoever in respect of any or all of the foregoing, including all proceeds of the conversion thereof, voluntary or involuntary, into cash or other liquid property, all cash proceeds, accounts, accounts receivable, notes, drafts, acceptances, chattel paper, checks, deposit accounts, securities accounts, insurance proceeds, condemnation awards, rights to payment of any and every kind, and other forms of obligations and receivables, instruments and other property which at any time constitute all or part of or are included in the proceeds of any of the foregoing, and (i) all proceeds of the foregoing; it being understood that the following do not constitute 2022 Collateral: (1) any amounts required to be released pursuant to or contemplated by the terms of the Indenture and (2) proceeds from the sale of the 2022 Restructuring Bonds required to pay the purchase price of the 2022 Restructuring Property paid pursuant to the Sale Agreement and the Upfront Financing costs related to the 2022 Restructuring Bonds as deposited into the Upfront Financing Costs Subaccount (together with any interest earnings thereon).

“2022 Restructuring Charge” means an irrevocable, nonbypassable charge required to be paid by the Customers.

“2022 Restructuring Property” means all of the property, rights and interests, including the irrevocable right to impose, bill and collect the 2022 Restructuring Charges, of the Authority established pursuant to Financing Order No. 6 that are transferred to the Issuer pursuant to the Sale Agreement.

“2022 Restructuring Property Documentation” means all documents relating to the 2022 Restructuring Property, including copies of Financing Order No. 6 and all documents filed with the Authority in connection with any True-Up Adjustment and computational records relating thereto.

“Acquisition Discount” means the excess of the stated redemption price of a Short-Term Bond at maturity over the holder’s tax basis therefor.

“Actual Charge Collections” means the Charge Collections actually deposited into the Allocation Account.

“Adjustment Notice” means any filing made with the Authority by the Servicer on behalf of the Issuer to set or adjust the 2022 Restructuring Charge, including the Issuance Advice Letter.

“Administration Agreement” means the Administration Agreement, expected to be dated as of the Issuance Date, between the Issuer and LIPA, as amended and supplemented from time to time.

“Administration Fee” means an annual fee of \$100,000 entitled to the Administrator under the Administration Agreement.

“Administrator” means LIPA, or any successor administrator under the Administration Agreement.

“Affiliate” means, with respect to any specified Person, any other Person controlling or controlled by or under common control with such specified Person. For the purposes of this definition, “control” when used with respect to any specified Person means the power to direct the management and policies of such Person, directly or

indirectly, whether through the ownership of voting securities, by contract or otherwise; and the terms “controlling” and “controlled” have meanings correlative to the foregoing.

“Aggregate Scheduled Debt Service” means, for any period and as of any date of calculation, an amount equal to the principal of and interest on any Outstanding 2022 Restructuring Bonds scheduled to be payable during such period, in accordance with the Expected Amortization Schedule.

“Allocation Account” means the deposit accounts or other accounts designated by the Authority from time to time and controlled by the Allocation Agent, into which all payments from or on behalf of Customers are deposited and from which transfers of estimated Charge Collections and Remittance Shortfalls are to be made to the Collection Account and transfers of Estimated Other Payments are to be made to appropriate accounts of the Authority. Initially, the Allocation Account shall refer to the clearing account[s] that have been established by the Authority with J.P. Morgan Chase Bank.

“Allocation Agent” means the entity designated by the Authority (which may be the Authority) that agrees to control the Allocation Account in trust for the benefit of the Trustee and the Authority Trustee, to accept all payments from or on behalf of Customers for deposit into the Allocation Account, to notify the Servicer on each Business Day of the amount deposited into the Allocation Account on the preceding Business Day, and, to the extent that funds are available in the Allocation Account, to transfer the estimated Charge Collections and Remittance Shortfalls from the Allocation Account to the Collection Account as instructed by the Servicer or the Trustee in writing and to transfer the Estimated Other Payments as instructed by the Authority or the Authority Trustee.

“Ancillary Agreement” means any bond, insurance policy, letter of credit, reserve account, surety bond, swap arrangement, hedging arrangement, liquidity or credit support arrangement, or other financial arrangement entered into in connection with the issuance or payment of the 2022 Restructuring Bonds.

“Annual True-Up Adjustment” means the adjustment to the 2022 Restructuring Charges that is required to be made annually pursuant to the True-Up mechanism.

“Authenticating Agent” means the Trustee and any agent appointed by the Trustee to serve in that role.

“Authority” means the Long Island Power Authority, a corporate municipal instrumentality of the State of New York, and any successor thereto.

“Authority Designee” means one or more officers of the Authority to review and approve, as and on behalf of the Authority, the Issuance Advice Letter, the pricing terms of the 2022 Restructuring Bonds, the amounts of the Restructuring Costs, expected Upfront Financing Costs and expected Ongoing Financing Costs, the net present value savings, the terms of the Basic Documents and take such other actions as are authorized in the final order.

“Authority Trustees” means the Authority’s Board of Trustees.

“Back-Up Security Interest” means a security interest in the 2022 Restructuring Property to secure a payment obligation incurred by the Seller in respect of the amount paid by the Issuer to the Seller pursuant to the Sale Agreement.

“Bankruptcy Code” or “Federal Bankruptcy Code” means Title 11 of the United States Code (11 U.S.C. § 101 et seq.), as amended from time to time.

“Base Rate Revenues” include electricity usage service charges and demand service charges.

“Basic Documents” means, collectively, the Indenture, the Servicing Agreement, the Administration Agreement, the Sale Agreement, the Continuing Disclosure Agreement, and all other documents and certificates delivered in connection therewith.

“Beneficial Owner” or “beneficial owner” of a security means any person who, directly or indirectly, through any contract, arrangement, understanding, relationship, or otherwise has or shares investment power which includes the power to dispose, or to direct the disposition of, such security, except that a person who in the ordinary course of business is a pledgee of securities under a written pledge agreement shall not be deemed to be the beneficial owner of such pledged securities until the pledgee has taken all formal steps to declare a default and determines that the power to dispose or to direct the disposition of such pledged securities will be exercised, provided that:

- (a) the pledge agreement is bona fide,
- (b) the pledgee is:

- (i) a broker or dealer registered under § 15 of the Exchange Act,
 - (ii) a bank as defined in § 3(a)(6) of the Exchange Act,
 - (iii) an insurance company as defined in § 3(a)(19) of the Exchange Act,
 - (iv) an investment company registered under § 8 of the Investment Company Act,
 - (v) an investment adviser registered under § 203 of the Investment Advisers Act of 1940,
 - (vi) an employee benefit plan, or pension fund which is subject to the provisions of ERISA or an endowment fund,
 - (vii) a parent holding company, provided the aggregate amount held directly by the parent, and directly and indirectly by its subsidiaries which are not persons specified in items (A) through (F) of this clause (2) does not exceed 1% of the securities of the subject class, or
 - (viii) a group, provided that all the members are persons specified in items (A) through (G) of this clause (2), and
- (c) the pledge agreement, prior to default, does not grant to the pledgee the power to dispose or direct the disposition of the pledged securities, other than the grant of such power(s) pursuant to a pledge agreement under which credit is extended subject to Regulation T (12 CFR 220.1 to 220.8) and in which the pledgee is a broker or dealer registered under § 15 of the Exchange Act.

“Bond Counsel” means Hawkins Delafield & Wood LLP.

“Bond Interest Rate” means, with respect to any tranche of 2022 Restructuring Bonds, the Interest Rate specified in the Indenture.

“Bond Purchase Agreement” means the Bond Purchase Agreement, dated September 16, 2022, between the Issuer and the underwriters named therein.

“Bond Register” means the register providing for the registration of the 2022 Restructuring Bonds and transfers and exchanges thereof.

“Bond Registrar” means the registrar at any time of the Bond Register. The initial Bond Registrar shall be the Trustee.

“Business Day” means any day other than a Saturday, a Sunday or a day on which banking institutions in New York, New York, are, or DTC is, authorized or obligated by law, regulation or executive order to remain closed.

“Charge Collections” means the payments of the 2022 Restructuring Charges by or on behalf of Customers.

“Clearing Agency” means an organization registered as a “clearing agency” pursuant to Section 17A of the Exchange Act.

“Collection Account” means one or more segregated trust accounts in the Trustee’s name for the deposit of 2022 Restructuring Property and all other amounts received with respect to the 2022 Collateral or under the Servicing Agreement.

“Continuing Disclosure Agreement” means the Continuing Disclosure Agreement, expected to be dated as of the Issuance Date, between the Issuer and LIPA as Servicer, a copy of a form of which is attached as Appendix F to this Official Statement.

“Corporate Trust Office” means the principal office of the Trustee at which, at any particular time, its corporate trust business shall be administered, which office as of the Issuance Date is located at The Bank of New York Mellon, 101 Barclay Street-Floor 7-West, New York, New York 10286, or at such other address as the Trustee may designate from time to time by notice to the Holders of 2022 Restructuring Bonds and the Issuer, or the principal corporate trust office of any successor trustee by like notice.

“Customers” means all existing and future retail electric customers connected to the T&D System Assets and taking electric transmission or distribution service within the Service Area from LIPA, the Authority or any of its successors or assignees in the Service Area.

“Debt Service Reserve Subaccount” means one of two subaccounts of the Reserve Subaccount.

“Discount Bond” means any 2022TE Restructuring Bonds having OID.

“DPS” means the New York Department of Public Service, the staff arm of the PSC.

“DTC” means The Depository Trust Company.

“Eligible Account” means a segregated trust account with an Eligible Institution.

“Eligible Institution” means (a) the corporate trust department of the Trustee so long as any securities of the Trustee have either a short-term credit rating from Moody’s of at least “P-1” or a long-term unsecured debt rating from Moody’s of at least “A2” and have a credit rating from each other rating agency in one of its generic categories which either signifies either “A2” or “A-1” or higher by Standard & Poor’s or “A” or “F1” or higher by Fitch, or (b) a depository institution organized under the laws of the United States of America, any state or the District of Columbia (or any domestic branch of a foreign bank), (i) which has either (A) a long-term issuer rating of “AA-” or higher by Standard & Poor’s, “A2” or higher by Moody’s, and “A” or higher by Fitch, or (B) a short-term issuer rating of “A-1+” or higher by Standard & Poor’s, “P-1” or higher by Moody’s, and “F1” or higher by Fitch, or any other long-term, short-term or certificate of deposit rating acceptable to Standard & Poor’s, Moody’s and Fitch, and (ii) whose deposits are insured by the FDIC. If so qualified under clause (b) above, the Trustee may be considered an Eligible Institution for the purposes of the definition of Eligible Account.

“Eligible Investments” means instruments and investment property denominated in United States currency which meet the criteria described below:

- (a) direct obligations of, or obligations fully and unconditionally guaranteed as to timely payment by, the United States of America,
- (b) demand deposits, time deposits or certificates of deposit and bankers’ acceptances of Eligible Institutions (including the Trustee in its commercial capacity),
- (c) commercial paper having, at the time of the investment or contractual commitment, a rating of not less than “A-1” from Standard & Poor’s, not less than “P-1” by Moody’s and not less than “F1” by Fitch (including commercial paper issued by the Trustee),
- (d) money market funds which have the highest rating from at least two of the Rating Agencies (including funds for which the Trustee or any of its Affiliates is an investment manager or advisor),
- (e) repurchase obligations with respect to any security that is a direct obligation of, or fully guaranteed by, the United States of America or certain of its agencies or instrumentalities, entered into with Eligible Institutions,
- (f) repurchase obligations with respect to any security or whole loan entered into with an Eligible Institution or a registered broker-dealer, acting as principal and that meets certain ratings criteria set forth below:
 - (i) a broker/dealer (acting as principal) registered as a broker or dealer under Section 15 of the Exchange Act (any broker/dealer being referred to in this definition as a “broker/dealer”), the unsecured short-term debt obligations of which are rated at least “P-1” by Moody’s, “A-1+” by Standard & Poor’s and, if Fitch provides a rating thereon, “F-1+” by Fitch, and the long-term debt obligations of which are rated at least “Aa3” by Moody’s, in each case at the time of entering into this repurchase obligation, or
 - (ii) an unrated broker/dealer acting as principal, that is a wholly-owned subsidiary of a non-bank or bank holding company the unsecured short-term debt obligations of which are rated at least “P-1” by Moody’s, “A-1+” by Standard & Poor’s and, if Fitch provides a rating thereon, “F-1+” by Fitch, and the long-term debt obligations of which are rated at least “Aa3” by Moody’s, in each case at the time of purchase so long as the obligations of such unrated broker/dealer are unconditionally guaranteed by such non-bank or bank holding company, and
- (g) any other investment described in an Issuer Order, upon the satisfaction of the Rating Agency Condition.

“EMMA” means the Electronic Municipal Market Access system.

“ERISA” means the Employee Retirement Income Security Act of 1974, as amended.

“Estimated Charge Collections” means the estimated Charge Collections calculated as provided in Annex 2 of the Servicing Agreement.

“Estimated Other Payments” means all payments by or on behalf of Customers other than estimated Charge Collections and any Remittance Shortfalls net of any Excess Remittance.

“Events of Default” means the following, as more fully described in this Official Statement under the heading “THE INDENTURE—Events of Default”:

- a failure to pay interest or redemption premium when due (after a cure period),
- a failure to pay principal on the Final Maturity Date,
- a failure to perform a covenant (after a cure period),
- a breach of representations or warranties (after a cure period),
- a voluntary or involuntary bankruptcy Proceeding of the Issuer, or
- an action in violation of Financing Order No. 6 or the State Pledge.

“Excess Funds Subaccount” means one of the four subaccounts of the Collection Account.

“Excess Remittance” means the amount, if any, calculated for a particular Reconciliation Period, by which all Estimated Charge Collections remitted to the Collection Account during such Reconciliation Period exceed Actual Charge Collections received by the Servicer during such Reconciliation Period.

“Exchange Act” means the Securities Exchange Act of 1934, as amended.

“Expected Amortization Schedule” means the schedule specifying for each tranche the initial principal amount, the Bond Interest Rate, Scheduled Maturity Date and Final Maturity Date, including the Expected Sinking Fund Schedule for the Term Bonds and the matters specified in the definition thereof, as each appear in this Official Statement under the heading “THE 2022 RESTRUCTURING BONDS—Expected Amortization Schedule” and/or on the inside cover page.

“Expected Sinking Fund Schedule” means a schedule specifying for the Term Bonds, the Scheduled Sinking Fund Redemption Dates, scheduled Outstanding Amounts, scheduled Sinking Fund Payments and minimum remaining Outstanding Amounts, as it appears in this Official Statement under the heading “THE 2022 RESTRUCTURING BONDS—Redemption—Mandatory Sinking Fund Redemption; Expected Sinking Fund Schedules.”

“FDIC” means the Federal Deposit Insurance Corporation or any successor thereto.

“FERC” means the Federal Energy Regulatory Commission.

“Fiduciary” means the Trustee, the Bond Registrar and each Paying Agent.

“Final Maturity Date” means, with respect to any tranche of 2022 Restructuring Bonds, the respective Final Maturity Date therefor as it appears in the Expected Amortization Schedule in, and on the inside cover page of, this Official Statement.

“Financing Costs” means the Upfront Financing Cost, Ongoing Financing Cost and any of the following:

- (a) interest, principal, and redemption premiums that are payable on the 2022 Restructuring Bonds,
- (b) any payment required under an Ancillary Agreement and any amount required to fund or replenish reserve (including the Operating Reserve Subaccount and the Debt Service Reserve Subaccount) or other accounts established under the terms of the Indenture or any Ancillary Agreement, or other financing documents pertaining to the 2022 Restructuring Bonds,
- (c) any federal, state or local taxes, payment in lieu of taxes, franchise fees or license fees imposed on transition charge revenues, and

- (d) any cost related to issuing 2022 Restructuring Bonds, administering the Issuer and servicing 2022 Restructuring Property and 2022 Restructuring Bonds, or related to the efforts to prepare or obtain approval of Financing Order No. 6, including, without limitation, costs of calculating adjustments of 2022 Restructuring Charges, Servicing Fees and expenses, Trustee fees and expenses, legal fees and expense, accounting fees and expenses, Administration Fees and expenses, placement fees, underwriting fees, fees and expenses of the Authority's advisors and outside counsel, if any, Rating Agency fees and any other related cost that is approved for recovery in Financing Order No. 6.

"Financing Order No. 6" means the restructuring cost financing order No. 6 adopted by the Authority Trustees on May 18, 2022, which became irrevocable, final and non-appealable on June 17, 2022.

"Financing Party" means any Holder, any party to or beneficiary of an Ancillary Agreement, and any Fiduciary or other Person acting for the benefit of any of the foregoing pursuant to the Indenture.

"Fitch" means Fitch Ratings or any successor thereto. References to Fitch are effective so long as Fitch is a Rating Agency.

"General Resolution" means the Authority's Electric General Bond Resolution adopted on May 13, 1998.

"General Subaccount" means one of the four subaccounts of the Collection Account.

"Governmental Authority" means any nation or government, any federal, state, local or other political subdivision thereof and any court, administrative agency or other instrumentality or entity exercising executive, legislative, judicial, regulatory or administrative function of government.

"HEFPA" means the Home Energy Fair Practices Act.

"Holder" or "Bondholder" means the Person in whose name a 2022 Restructuring Bond is registered on the Bond Register, and to the extent specified by the Indenture, the owners of bearer 2022 Restructuring Bonds.

"Indenture" or "Trust Indenture" means the Utility Debt Securitization Authority Bond Indenture dated as of the Issuance Date, by and between the Issuer and the Trustee.

"Independent" means, when used with respect to any specified Person, that the Person (a) is in fact independent of the Issuer, any other obligor upon the 2022 Restructuring Bonds, the Seller, the Servicer and any Affiliate of any of the foregoing Persons, (b) does not have any direct financial interest or any material indirect financial interest in the Issuer, any such other obligor, the Seller, the Servicer or any Affiliate of any of the foregoing Persons and (c) is not connected with the Issuer, any such other obligor, the Seller, the Servicer or any Affiliate of any of the foregoing Persons as an officer, employee, promoter, underwriter, trustee, partner, director or person performing similar functions.

"Independent Certificate" means a certificate or opinion to be delivered to the Trustee under the circumstances described in, and otherwise complying with, the applicable requirements of the Basic Documents, made by an Independent appraiser or other expert appointed by an Issuer order and consented to by the Trustee, and such opinion or certificate shall state that the signer has read the preceding definition of "Independent" and that the signer is Independent within the meaning thereof.

"Insolvency Event" means, with respect to a specified Person, (a) the filing of a decree or order for relief by a court having jurisdiction in the premises in respect of such Person or any substantial part of its property in an involuntary case under any applicable federal or state bankruptcy, insolvency or other similar law now or hereafter in effect, or appointing a receiver, liquidator, assignee, custodian, trustee, sequestrator or similar official for such Person or for any substantial part of its property, or ordering the winding-up or liquidation of such Person's affairs, and such decree or order shall remain unstayed and in effect for a period of 60 consecutive days, or (b) the commencement by such Person of a voluntary case under any applicable federal or state bankruptcy, insolvency or other similar law now or hereafter in effect, or the consent by such Person to the entry of an order for relief in an involuntary case under any such law, or the consent by such Person to the appointment of or taking possession by a receiver, liquidator, assignee, custodian, trustee, sequestrator or similar official for such Person or for any substantial part of its property, or the making by such Person of any general assignment for the benefit of creditors, or the failure by such Person generally to pay its debts as such debts become due, or the taking of action by such Person in furtherance of any of the foregoing.

"Interest Rate" means the interest rate on any Bond.

"Internal Revenue Code" means the Internal Revenue Code of 1986, as amended.

“Investment Company Act” means the Investment Company Act of 1940, as amended.

“Investment Earnings” means investment earnings on funds deposited in the Collection Account net of losses and investment expenses.

“IRS” means the Internal Revenue Service.

“Issuance Advice Letter” means the Issuance Advice Letter sent by the Servicer to the Issuer and the Authority pursuant to Financing Order No. 6.

“Issuance Costs” means any of the following:

- (a) any initial payment made on issuance of the 2022 Restructuring Bonds, and any amount required to fund any account required by the Basic Documents in the amounts specified in the Basic Documents, and
- (b) any other costs related to issuance of 2022 Restructuring Bonds, including trustees fees, legal fees and expenses, consulting fees, administrative fees, accounting fees, printing fees, financial advisor fees and expenses, issuer fees, placement and underwriter fees and expenses, capitalized interest, rating agency fees and expenses, stock exchange listing and compliance fees, and filing fees, including costs related to obtaining a financing order.

“Issuance Date” means the date the 2022 Restructuring Bonds are authenticated and delivered by the Trustee to or upon the order of the Issuer.

“Issuer” means the Utility Debt Securitization Authority, including any successor thereto.

“Issuer Order” means a written order signed in the name of the Issuer by any one of its authorized officers and delivered to the Trustee.

“Issuer’s Annual Report” means an annual report of the Issuer, including, to the extent available, audited annual financial statements.

“kWh” means kilowatt-hour.

“Legal Defeasance” means the ability of the Issuer to terminate all its obligations under the Indenture with respect to the 2022 Restructuring Bonds in certain circumstances.

“Lien” means a security interest, lien, mortgage, charge, pledge, claim, or encumbrance of any kind.

“LILCO” means the Long Island Lighting Company.

“LIPA” means the Long Island Lighting Company, d/b/a LIPA.

“LIPA Reform Act” means the whole of Chapter 173, Laws of New York, 2013, as amended.

“Long Island Choice” means a retail choice program adopted by the Authority in 1998.

“Losses” means (i) any and all amounts of principal and interest on the 2022 Restructuring Bonds not paid when due or when scheduled to be paid in accordance with their terms and the amounts of any deposits by or to the Issuer required to have been made in accordance with the terms of the Basic Documents or Financing Order No. 6 which are not made when so required and (ii) any and all other liabilities, obligations, losses, claims, damages, payments, costs or expenses of any kind whatsoever.

“Mandatory Mid-Year True-Up Adjustment” means the adjustment to the 2022 Restructuring Charges made if after the Mid-Year Review the Servicer projects that the Charge Collections will be insufficient to pay timely principal and interest on the 2022 Restructuring Bonds when due during such Mid-Year Calculation Period pursuant to the Expected Amortization Schedule and to make timely payment on all other Ongoing Financing Costs during such Mid-Year Calculation Period. The adjustment will become effective on May 15 of such year as the Servicer files its Adjustment Notice.

“Mid-Year Calculation Period” means the period beginning on the June 16 and ending on the following June 15.

“Mid-Year Review” means a mid-year review performed by the Servicer pursuant to the terms of the Servicing Agreement.

“Monthly Servicer Certificate” means the certificate delivered by the Servicer to the Allocation Agent, the Issuer, the Authority and the Bond Trustee on or before the 13th business day of each calendar month, commencing as set forth in the Servicing Agreement.

“Moody’s” means Moody’s Investors Service, Inc. or any successor to its ratings business. References to Moody’s are effective as long as Moody’s is a Rating Agency.

“MSRB” means the Municipal Securities Rulemaking Board.

“MW” means megawatt.

“MWh” means megawatt-hour.

“National Grid” means National Grid plc, a mutli-national electric and gas utility company.

“National Grid Subs” means certain of the subsidiaries of National Grid.

“Notice of Default” means either (i) written notice, by registered or certified mail, to the Issuer by the Trustee or to the Issuer and the Trustee by the Holders of at least 25 percent of the Outstanding Amount of the 2022 Restructuring Bonds, specifying such default or incorrect representation or warranty and requiring it to be remedied and stating that such notice is a “Notice of Default” hereunder or (ii) the date the Issuer has actual knowledge of the default.

“NRSRO” means a nationally recognized statistical rating organization.

“Officer’s Certificate” means a certificate signed by a Responsible Officer of the Issuer (or, if so indicated, the Borrower or another Person) under the circumstances described in, and otherwise complying with, the applicable requirements of the Basic Documents, and delivered to the Trustee.

“OID” means the excess of the sum of all amounts payable at the stated maturity of a 2022 Restructuring Bond (excluding certain “qualified stated interest” that is unconditionally payable at least annually at prescribed rates) over the issue price of that maturity.

“Ongoing Financing Costs” means all Financing Costs other than Issuance Costs.

“Operating Expenses” means all Ongoing Financing Costs other than principal (including amortization, sinking fund or redemption payments) and redemption premium, if any, and interest on the 2022 Restructuring Bonds and amounts required to replenish each of the subaccounts within the Reserve Subaccount.

“Operating Reserve Subaccount” means one of two subaccounts of the Reserve Subaccount.

“Opinion of Counsel” means one or more written opinions of legal counsel who may, except as otherwise expressly provided in the Basic Documents, be employees of or counsel to the party providing such Opinion of Counsel, which counsel shall be reasonably acceptable to the party receiving such Opinion of Counsel, and which opinion shall be in form and substance reasonably satisfactory to such party. As to any factual matters involved in an Opinion of Counsel, such counsel may rely, to the extent that they deem such reliance proper, upon a certificate or certificates setting forth such matters which have been signed by an official, officer, general partner or authorized representative of a particular Governmental Authority, corporation, firm or other Person or entity.

“Optional True-Up Adjustment” means an adjustment to the 2022 Restructuring Charges permitted to be made pursuant to the True-Up Adjustment mechanism.

“OSA” means the Second Amended and Restated Operations Services Agreement by and between LIPA and PSEG Long Island, effective April 1, 2022, as further amended from time to time.

“Outstanding” means, as of the date of determination, all 2022 Restructuring Bonds theretofore authenticated and delivered under the Indenture except:

- (a) 2022 Restructuring Bonds theretofore canceled by the Bond Registrar or delivered to the Bond Registrar for cancellation,
- (b) 2022 Restructuring Bonds or portions thereof the payment for which money in the necessary amount has been theretofore deposited with the Trustee or any Paying Agent in trust for the Holders of such 2022 Restructuring Bonds, and

- (c) 2022 Restructuring Bonds in exchange for or in lieu of other bonds which have been issued pursuant to the Indenture unless proof satisfactory to the Trustee is presented that any such bonds are held by a bona fide purchaser;

provided, however, that in determining whether the Holders of the requisite Outstanding Amount of the 2022 Restructuring Bonds or any tranche thereof have given any request, demand, authorization, direction, notice, consent or waiver under the Indenture or under any Basic Document, 2022 Restructuring Bonds owned by the Issuer, the Seller or any Affiliate of any of the foregoing Persons shall be disregarded and deemed not to be Outstanding, except that, in determining whether the Trustee shall be protected in relying upon any such request, demand, authorization, direction, notice, consent or waiver, only 2022 Restructuring Bonds that the Trustee actually knows to be so owned shall be so disregarded. 2022 Restructuring Bonds so owned that have been pledged in good faith may be regarded as Outstanding if the pledgee establishes to the satisfaction of the Trustee the pledgee's right so to act with respect to such 2022 Restructuring Bonds and that the pledgee is not the Issuer, any other obligor upon the 2022 Restructuring Bonds, the Seller or any Affiliate of any of the foregoing Persons.

"Outstanding Amount" means the aggregate principal amount of all 2022 Restructuring Bonds or, if the context requires, all 2022 Restructuring Bonds of a tranche, Outstanding at the date of determination.

"PACB" means the New York Public Authorities Control Board, and any successor thereto.

"Paying Agent" or "paying agent" means the Trustee or any successor paying agent or co-paying agent serving as such under the Indenture. If at any time there is no qualified paying agent serving as such, the Trustee shall act as paying agent under the Indenture.

"Payment Date" means, with respect to any tranche of 2022 Restructuring Bonds, the dates specified as the Scheduled Sinking Fund Redemption Date in the Indenture for the Term Bonds or the Scheduled Maturity Date or the Final Maturity Date in the Expected Amortization Schedule included in this Official Statement; or if any such date is not a Business Day, the next Business Day.

"Person" means any individual, corporation, limited liability company, estate, partnership, joint venture, association, joint stock company, trust (including any beneficiary thereof), unincorporated organization or government or any agency or political subdivision thereof, and includes successors permitted by the Basic Documents.

"Performance Metrics" mean those metrics as defined pursuant to the OSA.

"PFM" means PFM Financial Advisors LLC.

"Premium Bond" means a premium over the sum of all amounts payable on the 2022 Restructuring Bonds after the acquisition date (excluding certain "qualified stated interest" that is unconditionally payable at least annually at prescribed rates).

"Proceeding" means any suit in equity, action at law or other judicial or administrative proceeding.

"Protected Purchaser" has the meaning specified in Section 8-303 of the UCC.

"PSC" means New York State Public Service Commission.

"PSEG" means Public Service Enterprise Group Incorporated.

"PSEG Long Island" generally means PSEG Long Island LLC, the contracting party under the OSA and its wholly-owned subsidiary dedicated to LIPA's operations.

"Quarterly True-Up Adjustment" means an adjustment to the 2022 Restructuring Charges required to be made quarterly if there are any 2022 Restructuring Bonds outstanding following the last Scheduled Maturity Date of the 2022 Restructuring Bonds.

"Rating Agency" means collectively Moody's, Standard & Poor's, and Fitch, if applicable. If no such organization or successor is any longer in existence, "Rating Agency" shall be a nationally recognized statistical rating organization or other comparable Person designated by the Issuer, notice of which designation shall be given to the Trustee and the Servicer.

"Rating Agency Condition" means, with respect to any action, not less than ten Business Days' prior written notification to each Rating Agency of such action, and written confirmation from each of Standard & Poor's and Moody's to the Servicer, the Trustee and the Issuer that such action will not result in a suspension, reduction or

withdrawal of the then current rating by such Rating Agency of any tranche of the 2022 Restructuring Bonds and that prior to the taking of the proposed action no other Rating Agency shall have provided written notice to the Issuer that such action has resulted or would result in the suspension, reduction or withdrawal of the then current rating of any tranche of 2022 Restructuring Bonds; provided, however, that if within such ten Business Day period, any Rating Agency (other than Standard & Poor's) has neither replied to such notification nor responded in a manner that indicates that such Rating Agency is reviewing and considering the notification, then (i) the Issuer shall be required to confirm that such Rating Agency has received the Rating Agency Condition request, and if it has, promptly request the related Rating Agency Condition confirmation and (ii) if the Rating Agency neither replies to such notification nor responds in a manner that indicates it is reviewing and considering the notification within five Business Days following such second request, the applicable Rating Agency Condition requirement shall not be deemed to apply to such Rating Agency.

"Reconciliation Period" means the twelve-month period ending the last day of the Collection Period preceding the calculation of Remittance Shortfalls or Excess Remittances under the Servicing Agreement; provided, that the initial Reconciliation Period shall commence on the Issuance Date and may be less than twelve months.

"Record Date" means, with respect to a Payment Date, the close of business on the Business Day next preceding such Payment Date; provided, however, that if the 2022 Restructuring Bonds cease to be held in DTC's book-entry only system, the Record Date will be the last Business Day of the calendar month immediately preceding such Payment Date.

"Refunded Debt" means certain of the debt of the Authority and the Issuer that was Outstanding on the Issuance Date and that will be purchased, redeemed, repaid, or defeased with the proceeds of the sale of the 2022 Restructuring Property by the Authority.

"Remittance" means each transfer of estimated Charge Collections or Remittance Shortfalls from the Allocation Account to the Collection Account.

"Remittance Date" means each Business Day on which a Remittance is to be made by the Servicer pursuant to the Servicing Agreement.

"Remittance Shortfall" means the amount, if any, calculated for a particular Reconciliation Period, by which Actual Charge Collections received by the Servicer during such Reconciliation Period exceed all Estimated Charge Collections remitted to the Collection Account during such Reconciliation Period.

"Required Debt Service Reserve Level" means, (a) as of any date of calculation occurring on or prior to November 15, 2022, an amount equal to the greater of (i) the amount of Semiannual Interest due on the December 15, 2022, Payment Date plus 0.5% of the aggregate principal amount of 2022 Restructuring Bonds then outstanding minus the minimum principal amount of 2022 Restructuring Bonds shown as being expected to be paid on the Expected Amortization Schedule on any Payment Date subsequent to such date of calculation and (ii) \$0, and (b) as of any date of calculation occurring after November 15, 2022, an amount equal to the greater of (i) 0.5% of the aggregate principal amount of 2022 Restructuring Bonds then outstanding minus the minimum principal amount of 2022 Restructuring Bonds shown as being expected to be paid on the Expected Amortization Schedule on any Payment Date subsequent to such date of calculation and (ii) \$0. For the avoidance of doubt, to the extent that no principal amount is shown as being expected to be paid on the Expected Amortization Schedule on any Payment Date subsequent to a date of calculation, the minimum principal amount of 2022 Restructuring Bonds shown as being expected to be paid on the Expected Amortization Schedule on any Payment Date subsequent to such date of calculation for purposes of calculating the Required Debt Service Reserve Level will be \$0.

"Required Operating Reserve Level" means, as of any date of calculation, an amount equal to 0.5% of the aggregate principal amount of the 2022 Restructuring Bonds originally issued; provided, however, that if any 2022 Restructuring Bonds are refunded in advance of their maturity as permitted by the Indenture, on and after the date that provision for the payment of the 2022 Restructuring Bonds so refunded has been made pursuant to the Indenture the Required Operating Reserve Level shall be equal to 0.5% of the Outstanding Amount of the 2022 Restructuring Bonds immediately after such date.

"Required Reserve Level" means, as of any date of calculation, the sum of the Required Debt Service Reserve Level and the Required Operating Reserve Level.

"Reserve Subaccount" means one of the four subaccounts of the Collection Account, consisting of the two Subaccounts: the Operating Reserve Subaccount and the Debt Service Reserve Subaccount.

“Responsible Officer” means, with respect to (a) the Issuer, any officer of the Issuer who is authorized to act for the Issuer in matters relating to the Issuer and who is identified on the list of Responsible Officers delivered by the Issuer to the Trustee on the Issuance Date (as such list may be modified or supplemented by the Issuer from time to time thereafter), (b) the Servicer, the President, any Vice President, the Treasurer, an Assistant Treasurer or any duly authorized officer, (c) the Trustee, any officer within the Corporate Trust Office of such trustee (including the President, any Vice President, Assistant Vice President, Secretary or Assistant Treasurer, Trust Officer or any other officer of the Trustee customarily performing functions similar to those performed by persons who at the time shall be such officers, respectively, and that has direct responsibility for the administration of the Indenture and also, with respect to a particular matter, any other officer to whom such matter is referred to because of such officer’s knowledge and familiarity with the particular subject), (d) any other corporation, the Chief Executive Officer, the President, any Vice President, the Chief Financial Officer, the Treasurer, the Assistant Treasurer or any other duly authorized officer of such Person who has been authorized to act in the circumstances, (e) any partnership, any general partner thereof, and (f) any other Person (other than an individual), any duly authorized officer or member of such Person, as the context may require, who is authorized to act in matters relating to such Person.

“Restructuring Costs” means the amount of debt retirement costs and Upfront Financing Costs that the Authority proposes to pay through the sale of the 2022 Restructuring Property and the issuance of the 2022 Restructuring Bonds.

“Rule 15c2-12” or the “Rule” means Rule 15c2-12 of the SEC under the Securities Exchange Act of 1934, as amended.

“Sale Agreement” means Restructuring Property Purchase and Sale Agreement, expected to be dated as of the Issuance Date, between the Issuer and the Seller.

“Scheduled Maturity Date” means, with respect to each tranche of 2022 Restructuring Bonds, the date when all interest and principal are scheduled to be paid with respect to that tranche in accordance with the Expected Amortization Schedule, as specified in the Indenture. For the avoidance of doubt, the Scheduled Maturity Date with respect to any tranche shall be the last Scheduled Payment Date set forth in the Expected Amortization Schedule relating to such tranche.

“Scheduled Payment Date” means each Payment Date on which the principal of the 2022 Restructuring Bonds is scheduled to be paid.

“Scheduled Sinking Fund Payment” means, with respect to the Term Bonds, the Scheduled Sinking Fund Payment therefor as specified in the Expected Sinking Fund Schedule.

“Scheduled Sinking Fund Redemption Date” means, with respect to the Term Bonds, the Scheduled Sinking Fund Redemption Date therefor as specified in the Expected Sinking Fund Schedule.

“SEC” means the U.S. Securities and Exchange Commission.

“Securities Depository” means DTC, or its nominee, and its successors.

“Securitization Law” means Part B of the LIPA Reform Act, as amended.

“Seller” means the Authority in its capacity as the seller of the 2022 Restructuring Property.

“Semi-annual Servicer Certificate” means a certificate to be provided by the Servicer to the Issuer, the Trustee, each Rating Agency and the Authority, at least one Business Day before each Payment Date, and indicating:

- (a) the amount to be paid to the Holders of each tranche in respect of principal on such Payment Date in accordance with the Indenture,
- (b) the amount to be paid to the Holders of each tranche in respect of interest on such Payment Date in accordance with the Indenture,
- (c) the projected bond balance and the bond balance for each tranche as of that Payment Date (after giving effect to the payments on such Payment Date),
- (d) the amounts on deposit in the Reserve Subaccount (including the Operating Reserve Subaccount and the Debt Service Reserve Subaccount) as of that Payment Date (after giving effect to the transfers to be made from or into the Reserve Subaccount on such Payment Date)

- (e) the amounts, if any, on deposit in the Excess Funds Subaccount as of that Payment Date (after giving effect to the transfers to be made from or into the Excess Funds Subaccount on such Payment Date),
- (f) the amounts paid to the Trustee since the preceding Payment Date pursuant to the Indenture,
- (g) the amounts paid to the Servicer since the preceding Payment Date pursuant to the Indenture, and
- (h) the amount of any other transfers and payments to be made on such Payment Date pursuant to the Indenture.

“Serial Bonds” means Tranche-1 through Tranche-16 of the 2022 Restructuring Bonds, which are not Term Bonds.

“Service Area” means the two counties on Long Island — Nassau County (“Nassau County”) and Suffolk County (“Suffolk County”) (except for the Nassau County villages of Freeport and Rockville Centre and the Suffolk County village of Greenport, each of which has its individually-owned municipal electric system) — and a portion of the Borough of Queens of The City of New York known as the Rockaways where the Authority, acting through LIPA, provides electric service. For purposes of the 2022 Restructuring Bonds and the collection of the 2022 Restructuring Charges, the “Service Area” is defined by the Securitization Law as the service area of LIPA as of July 29, 2013.

“Servicer” means LIPA or any subsequent owner of the T&D Assets.

“Servicer Compliance Certificate” means the annual compliance certificate provided by the Servicer pursuant to the Servicing Agreement.

“Servicer Default” means the occurrence of any one of the following events:

- (a) any failure by the Servicer to cause payments by or on behalf of Customers received by the Servicer from 2022 Restructuring Charges to be deposited into the Allocation Account or any failure to cause the Allocation Agent to transfer to the Trustee any required Remittance and cause other amounts received from 2022 Collateral to be deposited to the Collections Account that shall continue unremedied for a period of five (5) Business Days after written notice of such failure is received by the Servicer from the Issuer or the Trustee, or
- (b) any failure by the Servicer duly to observe or perform in any material respect any other covenant or agreement of the Servicer set forth in the Servicing Agreement, which failure:
 - (i) materially and adversely affects the 2022 Restructuring Property or the rights of the Bondholders, and
 - (ii) continues unremedied for a period of 60 days after written notice of such failure has been given to the Servicer by the Issuer, the Authority, the Allocation Agent, the Administrator or the Trustee or after discovery of such failure by an officer of the Servicer, or
- (c) any representation or warranty made by the Servicer in the Servicing Agreement proves to have been incorrect when made, which has a material adverse effect on the Issuer or the Bondholders and which material adverse effect continues unremedied for a period of 60 days after the date on which written notice thereof has been given to the Servicer by the Issuer, the Authority or the Trustee or after discovery of such failure by an officer of the Servicer, as the case may be, or
- (d) an Insolvency Event occurs with respect to the Servicer.

“Servicing Agreement” means the Restructuring Property Servicing Agreement, expected to be dated as of the Issuance Date, between the Issuer and the Servicer, as the same may be amended and supplemented from time to time.

“Servicing Fee” means the annual compensation the Issuer will pay to the Servicer for all obligations of the Servicer to be performed under the Servicing Agreement. As long as LIPA is the Servicer, the Servicing Fee shall be 0.05% of the aggregate initial principal amount of the 2022 Restructuring Bonds. The Servicing Fee for any Successor Servicer not affiliated with the owner of the T&D System Assets or performing similar services for the owner of the T&D System Assets may be higher than the Servicing Fee for LIPA; provided, however, that any Servicing Fee in excess of 0.60% of the aggregate initial principal amount of the 2022 Restructuring Bonds shall be subject to approval by the Authority and the Trustee.

“Short-Term Bond” means a 2022 Restructuring Bond with a maturity not longer than one year.

“Sinking Fund Payment” means a payment upon redemption of the Term Bonds on a Payment Date as specified in the applicable Expected Sinking Fund Schedule set forth under “THE 2022 RESTRUCTURING BONDS—Redemption—Mandatory Sinking Fund Redemption; Expected Sinking Fund Schedules,” or a payment without redemption prior to maturity that reduces the Outstanding Amount of such Term Bond to zero.

“Standard & Poor’s” or “S&P” means Standard & Poor’s Financial Services LLC, a division of S&P Global, or any successor to its ratings business. References to S&P are effective so long as S&P is a Rating Agency.

“State” means the State of New York.

“State Pledge” means the pledge of the State of New York as described in “THE SECURITIZATION LAW—State Pledge” in this Official Statement.

“Subaccounts” means the subaccounts of the Collection Account, including, without limitation, the subaccounts of the Reserve Subaccount, as described in this Official Statement.

“Subordinated General Resolution” means the Authority’s Electric System General Subordinated Revenue Bond Resolution adopted on May 20, 1998.

“Successor Servicer” is a successor to the Servicer designated or appointed pursuant to the terms of the Servicing Agreement.

“System Resiliency Costs” means, to the extent approved as such under a restructuring cost financing order, the costs of rebuilding, improving or constructing transmission and distribution system assets to increase resiliency of such assets, better withstand changes in climate, absorb impacts from outage-inducing events, and recover quickly from outages including but not limited to, improvements to and replacement of poles and wires, moving power lines underground, raising substations, constructing flood barriers, and system automation and costs of purchasing, redeeming or defeasing debt of the Authority incurred to finance such costs or reimbursing the Authority for amounts already spent on such costs.

“T&D System” is the electric transmission and distribution systems retained by LIPA as part of the acquisition in 1998.

“T&D System Assets” means the physically integrated system of electric transmission and distribution facilities (and other general property and equipment in connection therewith) owned by LIPA as of July 29, 2013, or thereafter acquired for use by LIPA or its successors in providing retail electric delivery to Customers in the Service Area.

“Termination Notice” means written notice by the Trustee or the Holders of a majority of the outstanding principal amount of the 2022 Restructuring Bonds to the Servicer (and the Trustee if given by the Holders) terminating all the rights and obligations (other than the indemnity obligations and the obligation to continue performing its functions as Servicer until a Successor Servicer is appointed) of the Servicer under the Servicing Agreement.

“Term Bonds” means 2022 Restructuring Bonds the retirement of which shall be provided for from scheduled periodic redemptions prior to maturity. 2022TE Restructuring Tranche-21 through Tranche-25 Bonds and all of the 2022TE-2 Restructuring Bonds (Green Bonds) are Term Bonds.

“Tranche” means all Bonds designated as being of the same Series and tranche issued and delivered on original issuance in a simultaneous transaction, and any Bonds thereafter delivered in lieu thereof or in substitution therefor pursuant to the Indenture.

“Treasury Regulations” means the regulations, including proposed or temporary regulations, promulgated under the Internal Revenue Code. References to specific provisions of proposed or temporary regulations shall include analogous provisions of final Treasury Regulations or other successor Treasury Regulations.

“True-Up” means a mechanism required by the Securitization Law and Financing Order No. 6 whereby the Servicer will provide a notice to the Issuer and the Authority of an intention to make an adjustment to the applicable 2022 Restructuring Charges based on actual collected 2022 Restructuring Charges and updated assumptions by the Servicer as to future collections of 2022 Restructuring Charges.

“True-Up Adjustment” means each of the Annual True-Up Adjustment, the Mandatory Mid-Year True-Up Adjustment, the Voluntary Mid-Year True-Up Adjustment and the Optional True-Up Adjustment.

“Trust Estate” means the 2022 Collateral pledged to the Trustee.

“Trustee” means The Bank of New York Mellon.

“UCC” means, unless the context otherwise requires, the Uniform Commercial Code, as in effect in the State of New York, as amended from time to time.

“Underwriter” means each underwriter of the 2022 Restructuring Bonds.

“Unsolicited Ratings” means ratings on the 2022 Restructuring Bonds issued by an NRSRO other than the NRSRO hired by the seller.

“Upfront Financing Cost” means the expenses associated with preparing and obtaining approval of Financing Order No. 6, the funding of the Operating Reserve Subaccount, the Debt Service Reserve Subaccount and the fees and expenses associated with the structuring, marketing and issuance of the 2022 Restructuring Bonds, including counsel fees payable by the Authority, the Issuer or the Underwriters, advisory fees payable by the Authority, underwriting fees and expense, original issue discount, rating agency fees, Trustee fees (including counsel fees), escrow agent fees, accounting and auditing fees, printing and marketing expenses, compliance fees, filing fees, listing fees, bond issuance charges, fees and expenses of the Authority’s advisors and outside counsel, any taxes or payments in lieu of taxes payable by the Issuer or the Authority with respect to the issuance of the 2022 Restructuring Bonds or the sale of the 2022 Restructuring Property and the amounts advanced by the Authority or the Issuer for the payment of any of the foregoing.

“Upfront Financing Costs Subaccount” means one of the four subaccounts of the Collection Account.

“Voluntary Mid-Year True-Up Adjustment” means the adjustment to the 2022 Restructuring Charges made if after the Mid-Year Review the Servicer determines that a Mandatory Mid-Year True-Up is not required by nevertheless voluntarily elects to file a Notice of Adjustment (i) to correct for any over-collections to date and anticipated to be experienced up to the end of the following Mid-Year Calculation Period and (ii) to ensure that the expected collections of the Charge are adequate to pay timely principal and interest on the Bonds when due pursuant to the Expected Amortization Schedule and to make timely payment on all other Ongoing Financing Costs, in each case during such Mid-Year Calculation Period. The adjustment will become effective on May 15 of such year as the Servicer files its Adjustment Notice.

“Written Notice”, “written notice” or “notice in writing” means notice in writing which may be delivered by hand or first class mail and also means electronic transmission.

APPENDIX C

PROPOSED FORM OF APPROVING OPINION OF BOND COUNSEL

[LETTERHEAD OF HAWKINS DELAFIELD & WOOD LLP]

September __, 2022

Utility Debt Securitization Authority
c/o Long Island Power Authority
333 Earle Ovington Blvd.
Uniondale, NY 11553

Ladies and Gentlemen:

We have acted as Bond Counsel to the Utility Debt Securitization Authority (the “Bond Issuer”) in connection with the issuance of \$935,655,000 Restructuring Bonds, Series 2022 (the “Bonds”) by the Bond Issuer, a special purpose corporate municipal instrumentality of the State of New York (the “State”) constituting a body corporate and politic, a political subdivision of the State and a public benefit corporation. In such capacity, we have examined such law and such certified proceedings, certifications, and other documents as we have deemed necessary to render this letter. In such examination, we have assumed the genuineness of all signatures, the authenticity of all documents submitted to us as originals and the conformity with originals of all documents submitted to us as copies thereof.

The Bonds are authorized and issued pursuant to Part B of Chapter 173 of the Laws of New York, 2013, as amended by Chapter 58 of the Laws of New York, 2015 and as further amended by Chapter 369 of the Laws of New York, 2021 (the “Act”), a resolution of the Bond Issuer adopted May 18, 2022 (the “Resolution”), and a Bond Indenture, dated as of September __, 2022 (the “Bond Indenture”), by and between the Bond Issuer and The Bank of New York Mellon, as trustee (the “Bond Trustee”). The Bonds are dated, mature, are payable, bear interest and are subject to redemption, all as provided in the Bond Indenture.

Capitalized terms used herein and not defined herein are used as defined in the Bond Indenture.

We have relied, with your consent, upon the opinion of Buchanan Ingersoll & Rooney PC, counsel to the Trustee, as to the enforceability of the Bond Indenture against the Trustee.

Subject to the foregoing, we are of the opinion that:

1. The Bond Issuer is duly created and is validly existing as a special purpose corporate municipal instrumentality, constituting a body corporate and politic, a political subdivision of the State and a public benefit corporation, under the laws of the State, including the Act. Under the laws of the State, including the Constitution of the State, and under the Constitution of the United States, the Act is valid with respect to all provisions thereof material to the subject matters of this opinion letter.

2. Pursuant to the Act, the Bond Issuer has the power and authority to adopt the Resolution, to execute and deliver the Bond Indenture, the Sale Agreement, the Servicing Agreement and the Administration Agreement and to issue the Bonds.

3. The Resolution has been duly adopted by the Bond Issuer.

4. The Bond Indenture has been duly authorized, executed and delivered by the Bond Issuer and is a valid and binding agreement of the Bond Issuer, enforceable against the Bond Issuer in accordance with its terms.

5. The Bonds have been duly and validly authorized and issued by the Bond Issuer in accordance with provisions of the Act and the Bond Indenture and are valid and binding obligations of the

Bond Issuer, payable only out of the Collateral pledged for such payment by the Bond Issuer under the Bond Indenture, subject to the provisions of the Bond Indenture permitting the prior application of moneys held under the Bond Indenture for the purposes and on the terms and conditions set forth therein.

6. By operation of subdivision 2 of Section 7 of the Act, the provisions of the Bond Indenture create a first priority Statutory Lien on the Collateral in favor of the Bond Trustee for the benefit of the Bondholders, and the Statutory Lien is valid, perfected and enforceable against the Bond Issuer and all third parties without any further public notice. The description of the Restructuring Property in the Bond Indenture is sufficient for purposes of the Statutory Lien and the Act.

7. Pursuant to the Act, no Bond shall constitute a debt, general obligation or a pledge of the faith and credit or taxing power of the State or of any county, municipality or any other political subdivision, agency or instrumentality of the State. The Act further provides that the issuance of the Bonds does not obligate the State or any county, municipality or any other political subdivision, agency or instrumentality of the State to levy any tax or make any appropriation for payment of the principal of or interest on the Bonds.

8. The Sale Agreement, the Servicing Agreement and the Administration Agreement (the “Ancillary Agreements”) are valid and binding agreements of the Bond Issuer, enforceable against the Bond Issuer in accordance with their respective terms.

9. Any authorization by, registration with, consent of, or approval by, any governmental agency, board, or commission that is necessary for the execution, delivery and issuance by the Bond Issuer of the Bonds, and the execution and delivery by the Bond Issuer of the Bond Indenture and the Ancillary Agreements, has been obtained.

10. Under existing statutes and court decisions and assuming continuing compliance with certain tax covenants described below, (i) interest on the Bonds is excluded from gross income for federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the “Code”), and (ii) interest on the Bonds is not treated as a preference item in calculating the alternative minimum tax imposed under the Code; however, for tax years beginning after December 31, 2022, interest on the Bonds is included in the “adjusted financial statement income” of certain corporations that are subject to the alternative minimum tax under section 55 of the Code. In rendering the opinions in this paragraph 10, we have relied upon and assumed (i) the material accuracy of the representations, statements of intention and reasonable expectations, and certifications of fact, contained in the Tax Certificates delivered on the date hereof by the Bond Issuer, the Authority and LIPA with respect to the use of proceeds of the Bonds and the investment of certain funds, and other matters affecting the exclusion of interest on the Bonds from gross income for federal income tax purposes under Section 103 of the Code, and (ii) compliance by the Bond Issuer, the Authority and LIPA with procedures and covenants set forth in such Tax Certificates and with the tax covenants set forth in the Bond Indenture, the Sale Agreement and the Servicing Agreement as to such matters. Under the Code, failure to comply with such procedures and covenants may cause the interest on the Bonds to be included in gross income for federal income tax purposes, retroactive to the date of issuance of the Bonds, irrespective of the date on which such noncompliance occurs or is ascertained.

11. Under existing statutes, interest on the Bonds is exempt from personal income taxes imposed by the State or any political subdivision thereof (including The City of New York), and the Bonds are exempt from all taxation directly imposed thereon by or under the authority of the State, except estate or gift taxes and taxes on transfers.

We call your attention to the fact that the enforceability of rights and remedies with respect to the Bonds, the Bond Indenture and the Ancillary Agreements may be limited by bankruptcy, insolvency, reorganization, moratorium, fraudulent transfer and other laws relating to or affecting the rights of creditors generally, whether heretofore or hereafter enacted, and general principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or at law), including that the availability of specific performance or injunctive relief is subject to the discretion of the court before which any such proceeding is brought.

Except as stated in paragraphs 10 and 11 above, we express no opinion regarding any other federal or state tax consequences with respect to the Bonds. We express no opinion on the effect of any action hereafter taken or not taken in reliance upon an opinion of other counsel on the exclusion from gross income for federal income tax purposes of interest on the Bonds, or under state and local tax law.

We express no opinion herein as to the accuracy, adequacy, sufficiency or completeness of any financial or other information that has been or will be supplied to purchasers or prospective purchasers of the Bonds.

This letter is rendered solely with regard to the matters expressly opined on above and does not consider or extend to any documents, agreements, representations or other material or matters of any kind not specifically opined on above. No other opinions are intended nor should they be inferred.

This letter is issued as of the date hereof, and we assume no obligation to update, revise or supplement this letter to reflect any facts or circumstances that may hereafter come to our attention, or any changes in law, or in interpretations thereof, that may hereafter occur, or for any other reason whatsoever.

Very truly yours,

[THIS PAGE INTENTIONALLY LEFT BLANK]

APPENDIX D
PROPOSED FORM OF OPINION OF BOND COUNSEL
RELATING TO NEW YORK AND FEDERAL CONSTITUTIONAL MATTERS

[LETTERHEAD OF HAWKINS DELAFIELD & WOOD LLP]

September __, 2022

To Each Person Listed on
the Attached Schedule I

Re: Utility Debt Securitization Authority Restructuring Bonds;
 Certain Federal and New York State Constitutional and Statutory Issues

Ladies and Gentlemen:

We have acted as bond counsel to the Utility Debt Securitization Authority (the “Bond Issuer”) and the Long Island Power Authority (the “Authority”) in connection with the issuance of the Bond Issuer’s Utility Debt Restructuring Bonds, Series 2022 (the “Bonds”) described below, the proceeds of which will be used by the Bond Issuer to purchase from the Authority all of the Authority’s right, title and interest in certain restructuring property (as so transferred, the “Restructuring Property”), as more fully described below, and the other related transactions referred to and described below.

The Bonds will be secured by a statutory lien on and a security interest in the Restructuring Property, together with certain other property of the Bond Issuer. Generally, “restructuring property” is a property right created under Part B of Chapter 173 of the Laws of New York, 2013, as amended by Chapter 58 of the Laws of New York, 2015 and as further amended by Chapter 369 of the Laws of New York, 2021 (the “Statute”), pursuant to a restructuring cost financing order adopted by the Authority. The Authority approved and adopted Restructuring Cost Financing Order No. 6 on May 18, 2022 (the “Financing Order No. 6”), that, among other things, authorized the creation and sale of the Restructuring Property, which includes the irrevocable right to impose, bill, collect and receive certain non-bypassable transition charges (as adjusted from time to time pursuant to Financing Order No. 6, the “Charges”) from all individuals and legally-recognized entities taking electric delivery service in the geographic area within which Long Island Lighting Company, doing business under the name LIPA (“LIPA”), provided electric transmission and distribution service as of July 29, 2013 (such individuals and entities, the “Customers,” and such geographic area, the “Service Area”).

The Bond Issuer was created by Section 4 of the Statute on July 29, 2013, as a special purpose corporate municipal instrumentality, body corporate and politic, political subdivision and public benefit corporation of the State of New York (the “State”).

THE TRANSACTION

On the date hereof, the Authority is selling the Restructuring Property to the Bond Issuer under the Restructuring Property Purchase and Sale Agreement dated as of September __, 2022, between the Authority and the Bond Issuer and the related Bill of Sale dated September __, 2022 (such Sale Agreement and Bill of Sale, together, the “Sale Agreement”), for an amount in cash. Under the Restructuring Property Servicing Agreement dated as of September __, 2022, between the Authority, in its capacity as Servicer, and the Bond Issuer (the “Servicing Agreement”), the Authority has agreed to service the Restructuring Property. Under the Administration Agreement dated as of September __, 2022, between LIPA, as Administrator (the “Administrator”), and the Bond Issuer, the Administrator has agreed to perform certain administrative services on behalf of the Bond Issuer (the “Administration Agreement”).

On the date hereof, the Bond Issuer is issuing the Bonds under the Bond Indenture dated as of September __, 2022 (the “Indenture”), between the Bond Issuer and The Bank of New York Mellon, as Indenture Trustee (the

“Indenture Trustee”). The Charges are the only source of payment of debt service on the Bonds under the Indenture other than a debt service reserve fund initially funded with Bond proceeds.

Pursuant to the Bond Purchase Agreement dated September 16, 2022 (the “Bond Purchase Agreement”), between the Bond Issuer and Goldman Sachs & Co. LLC, as representative of the several underwriters named therein, such underwriters have agreed to purchase the Bonds from the Bond Issuer.

As used herein, the term “Transaction Documents” means, collectively, the Sale Agreement, the Servicing Agreement, the Administration Agreement, the Bonds, the Indenture and the Bond Purchase Agreement, and “Transaction” means the transactions contemplated by the Transaction Documents. Capitalized terms used herein that are not otherwise defined shall have the meanings assigned to them in the Indenture.

FACTS AND ASSUMPTIONS

In connection with the opinions set forth below, we have examined and relied upon originals or copies, certified or otherwise identified to our satisfaction, of the following:

- a) the Statute;
- b) Financing Order No. 6;
- c) the Transaction Documents; and
- d) such other documents relating to the Transaction as we have deemed necessary or advisable as a basis for such opinions.

We have also examined originals or copies, certified or otherwise identified to our satisfaction, of such records of the Authority, LIPA and the Bond Issuer, agreements, certificates of public officials, certificates of officers, trustees or other representatives of the Authority, LIPA, the Bond Issuer and others, and such other documents, certificates and records as we have deemed necessary or appropriate as a basis for the opinions set forth herein. We have made no independent investigation of the facts referred to herein, and with respect to such facts, we have relied, for the purpose of rendering the opinions set forth herein and except to the extent any such information constitutes a statement of legal conclusion expressed in such opinions or as otherwise stated herein, exclusively on the factual statements contained and matters provided for in the documents referenced above, including the factual representations, warranties and covenants contained therein as made by the respective parties thereto and on certificates of the Authority, LIPA and the Bond Issuer and their respective directors or trustees, as the case may be, officers and other representatives and of public officials.

In our examination, we have assumed the legal capacity of all natural persons, the genuineness of all signatures, the authenticity of all documents submitted to us as originals, the conformity to original documents of all documents submitted to us as certified or photostatic copies and the authenticity of the originals of such latter documents. In making our examination of these documents, we have assumed: that each of the parties to such documents is duly organized and validly existing under the laws of its jurisdiction of organization and each party to the Transaction Documents is authorized to do business and is in good standing in each other jurisdiction in which it is required to be authorized to do business; that the parties to such documents had the power, corporate or other, to enter into and perform all obligations thereunder; and the due authorization by all requisite action, corporate or other, the due execution and delivery by the parties of the Transaction Documents, and the validity and binding effect thereof upon such parties and the enforceability thereof against such parties.

We express no opinion herein as to the laws of any jurisdiction other than the federal laws of the United States of America and the laws of the State.

OPINIONS REQUESTED

The Authority has requested that we furnish to you our opinions as to:

- (1) whether a court would find a compensable taking under the takings clause of the Fifth Amendment of the United States Constitution (the “Federal Takings Clause”) if (a) it concludes that the rights of the Bondholders to the Restructuring Property (hereinafter, the “Rights”) are property of a type protected by the Federal Takings Clause and (b) the State undertook a repeal or amendment of the Statute or took any other action or failed to take any action required by the New York State Pledge (as defined below) (any such repeal, amendment, action or inaction is herein referred to as an “Impairment Action”) after the Bonds are issued but before they are fully paid that, without paying just compensation to the Bondholders, (i) permanently appropriates the Rights or denies all economically productive use of the Rights; or (ii) destroys the Rights, other than in response to emergency conditions; or (iii) substantially reduces, alters or impairs the value of the Rights, if the law unduly interferes with the Bondholders’ reasonable investment-backed expectations;
- (2) whether a court would find a compensable taking under the takings clause of Article 1, Section 7 (the “State Takings Clause”) of the Constitution of the State (the “State Constitution”) if (a) it concludes that the Rights are property of a type protected by the State Takings Clause and (b) the State engages in an Impairment Action that, without paying just compensation to the Bondholders, (i) permanently appropriates the Rights or denies all economically productive use of the Rights; or (ii) destroys the Rights, other than in response to emergency conditions; or (iii) substantially reduces, alters or impairs the value of the Rights, if the law unduly interferes with the Bondholders’ reasonable investment-backed expectations;
- (3) whether the New York State Pledge (as defined below) and the State Bankruptcy Pledge (as defined below) create a contractual relationship between the State and the Bondholders;
- (4) whether the Bondholders could successfully challenge under the Contract Clause of the United States Constitution the constitutionality of (i) an Impairment Action that limits, alters, impairs or reduces the value of the Restructuring Property or the Charges prior to the time that the Bonds are fully paid and discharged or (ii) any action by the State that limits or alters the denial of authority to the Bond Issuer to be a debtor under chapter 9 of the United States Bankruptcy Code or any other provision of the United States Bankruptcy Code (any such action is herein referred to as a “Bankruptcy Authority Action”);
- (5) whether preliminary injunctive relief would be available under federal law to delay implementation of (i) an Impairment Action that limits, alters, impairs or reduces the value of the Restructuring Property or the Charges pending final adjudication of a claim challenging such Impairment Action under the Contract Clause, or (ii) a Bankruptcy Authority Action, and assuming a favorable final adjudication of such claim, whether relief would be available to prevent permanently the implementation of such Impairment Action or Bankruptcy Authority Action;
- (6) whether a court would conclude that the New York State Pledge (as defined below) creates rights which are considered to be property within the meaning of the due process clause, Article 1, § 6 (the “State Due Process Clause”) of the State Constitution;
- (7) whether a court would conclude that Bondholders (or the Bond Trustee on their behalf) could successfully challenge under the State Due Process Clause an Impairment Action, that after the Bonds are issued, but before they are fully paid, (i) permanently appropriates the Rights or denies all economically productive use of the Rights; or (ii) destroys the Rights, other than in response to emergency conditions; or (iii) substantially reduces, alters or impairs the value of the Rights, if the law unduly interferes with the Bondholders’ reasonable investment-backed expectations (other than a law passed by the Senate and Assembly of the State (the “State Legislature”) in the valid exercise of the State’s police power necessary to safeguard the public, health, safety and welfare);

- (8) whether preliminary injunctive relief would be available under State law to delay implementation of an Impairment Action that limits, alters, impairs or reduces the value of the Restructuring Property or the Charges pending final adjudication of a claim challenging such Impairment Action under the State Due Process Clause and assuming a favorable final adjudication of such claim, whether relief would be available to prevent permanently the implementation of such Impairment Action;
- (9) whether the provisions of the Statute are severable; and
- (10) whether voters in the State have authority to amend or repeal the Statute by voter initiatives or referenda.

PLEDGE AND AGREEMENT OF THE STATE

The Statute provides in Section 9 that the State “pledges to and agrees with” the holders of restructuring bonds, which includes the Bondholders:

that the state will not in any way take or permit any action that limits, alters or impairs the value of restructuring property or, except as required by the adjustment mechanism described in the restructuring cost financing order, reduce, alter or impair transition charges that are imposed, collected and remitted for the benefit of the owners of restructuring bonds, any assignee, and all financing entities, until any principal, interest and redemption premium in respect of restructuring bonds, all ongoing financing costs and all amounts to be paid to an assignee or financing party under an ancillary agreement are paid or performed in full.

(The above-quoted provisions are herein referred to as the “New York State Pledge.”) Section 9 also permits any issuer of restructuring bonds “to include the [New York State] pledge ... in the restructuring bonds, ancillary agreements and documentation related to the issuance and marketing of the restructuring bonds.” We note that the New York State Pledge is set forth in the Bonds and in the Indenture, that the existence of the New York State Pledge is disclosed in the preliminary and final Official Statements for the Bonds furnished to prospective investors and that the obligation of the Underwriters to purchase the Bonds is conditioned upon the inclusion of the New York State Pledge in the Bonds and in the Indenture.

The Statute also provides in Section 4(3) that “[t]he restructuring bond issuer shall not be authorized to be a debtor under chapter 9 of the United States Bankruptcy Code or any other provision of the United States Bankruptcy Code” and that the State “pledges, contracts and agrees with owners of restructuring bonds issued by restructuring bond issuer that the state will not limit or alter the denial of authority to the restructuring bond issuer to be a debtor under chapter 9 of the United States Bankruptcy Code or any other provision of the United States Bankruptcy Code.” The foregoing pledge is herein referred to as the “State Bankruptcy Pledge”.

THE FEDERAL TAKINGS CLAUSE

Discussion of the Federal Takings Clause

The Federal Takings Clause of the Fifth Amendment of the United States Constitution states, “nor shall private property be taken for public use, without just compensation.” The Fourteenth Amendment of the United States Constitution makes the Fifth Amendment, including the Federal Takings Clause, applicable to any state action, *Chicago, Burlington & Quincy Railroad Co. v. City of Chicago*, 166 U.S. 226, 240 (1897), which would include actions of both the New York Legislature and the New York Public Authorities Control Board (“PACB”). The Federal Takings Clause applies to governmental takings of both tangible and intangible property. *Ruckelshaus v. Monsanto Co.*, 467 U.S. 986, 1003 (1984). To the extent relevant here, takings cases can generally be divided into two distinct categories: physical takings, where the government physically occupies, or takes title to, private property, and regulatory takings, where the government regulates the use of private property. *Yee v. City of Escondido*, 503 U.S.

519, 522-23 (1992). Physical takings cases, even when there has been minimal “permanent physical occupation of real property,” generally require that compensation be paid without a specific inquiry into the interests advanced. *Loretto v. Teleprompter Manhattan CATV Corp.*, 458 U.S. 419, 427, 435, 438 n.16 (1982); *see also Lucas v. South Carolina Coastal Council*, 505 U.S. 1003, 1015 (1992). On the other hand, regulatory takings cases, in most instances, necessarily entail “complex factual assessments of the purposes and economic effects of government actions” before a court will award compensation. *Yee*, 503 U.S. at 522-23. *See also Penn Central Transp. Co. v. New York City*, 438 U.S. 104, 124 (1978) (noting that the United States Supreme Court has been unable to develop any “set formula” for analyzing and evaluating Federal Takings Clause claims, and that the Court’s conclusion will depend largely upon the particular circumstances of a particular case). A claimant in a regulatory takings case will generally recover compensation only if the government has regulated the private property at issue to such a degree that a particular property owner has been deprived of the economic use of that property and “unfairly singled out” to bear a burden that is more properly “borne by the public as a whole.” *Yee*, 503 U.S. at 522-23. *See also Armstrong v. United States*, 364 U.S. 40, 49 (1960) (finding that the purpose of the Federal Takings Clause is to restrain the government by, among other things, preventing the government from “forcing some people alone to bear public burdens which, in all fairness and justice, should be borne by the public as a whole”).

Regulatory takings can affect two distinct property types: tangible property, such as real property or equipment, and intangible property, such as trade secrets and, presumably, Restructuring Property. In order to determine whether any governmental action triggers a compensable regulatory taking of intangible property under the Federal Takings Clause, a court must determine, first, whether the claimants have a property interest for purposes of the Federal Takings Clause. If so, the court must then determine whether the government’s action effects a compensable taking of that protected property interest. *Ruckelshaus*, 467 U.S. at 1000-01.

A court’s response to a Federal Takings Clause challenge will be affected by the nature of any Impairment Action. An Impairment Action with respect to the Bonds could take many forms, including, among others, legislation that (i) repeals the New York State Pledge, (ii) invalidates the imposition of the Charges or (iii) changes the regulatory framework for setting utility rates in such a way that the change adversely impacts the collection of the Charges. A discussion of applicable principles that courts have applied in analyzing the effect of an alleged taking follows.

A. Is there a property interest for purposes of the Federal Takings Clause?

The United States Supreme Court has held that property other than real property and tangible personal property is entitled to the protections afforded by the Federal Takings Clause. *Ruckelshaus*, 467 U.S. at 1003. An independent source, such as state law or existing rules, however, and not the United States Constitution, must create the protected property right. *Ruckelshaus*, 467 U.S. at 1001; *Webb’s Fabulous Pharmacies, Inc. v. Beckwith*, 449 U.S. 155, 161 (1980); *Board of Regents v. Roth*, 408 U.S. 564, 577 (1972). In *Ruckelshaus*, the Court determined that trade secrets that are cognizable under state law constitute property rights for purposes of the Federal Takings Clause, noting that:

the Court has found other kinds of intangible interests to be property for purposes of the Fifth Amendment’s Taking Clause. *See, e.g., Armstrong v. United States*, 364 U.S. 40, 44, 46 (1960) (materialman’s lien provided for under Maine law protected by Taking Clause); *Louisville Joint Stock Land Bank v. Radford*, 295 U.S. 555, 596-602 (1935) (real estate lien protected); *Lynch v. United States*, 292 U.S. 571, 579 (1934) (valid contracts are property within meaning of the Taking Clause).

467 U.S. at 1003. *See also, Duquesne Light Co. v. Barasch*, 488 U.S. 299, 310 (1989) (the right to a non-confiscatory rate for the use of utility property serving the public is protected by the Federal Takings Clause); *Brown v. Legal Foundation of Washington*, 538 U.S. 216 (2003) (finding that a state law requiring that interest on lawyers’ trust fund accounts be transferred to a separate account to pay for legal services for the needy was more akin to a physical taking of property and thus warranted the application of per se rules as opposed to the ad hoc factual analysis of regulatory takings; the Supreme Court had previously held in *Phillips v. Washington Legal Foundation*, 524 U.S. 156 (1998), that such interest was the private property of the owner of the principal). In holding that an Environmental Protection Agency regulation requiring companies to divulge trade secrets effected a compensable taking with respect to certain trade secrets, the *Ruckelshaus* Court had to determine if the trade secrets constituted a property interest for purposes

of the Federal Takings Clause. In this latter connection, the Court noted that “[t]rade secrets have many of the characteristics of more tangible forms of property. A trade secret is assignable.... A trade secret can form the res of a trust, ... and it passes to a trustee in bankruptcy.” *Ruckelshaus*, 467 U.S. at 1002 (citations omitted). A court should undertake a similar analysis of, and reach a similar conclusion regarding, the Restructuring Property in determining whether it constitutes “property” for purposes of the Federal Takings Clause.

The decision in *U.S. Trust Co. v. New Jersey*, 431 U.S. 1 (1977), involved a legislative covenant, similar in nature to the New York State Pledge, made to Port Authority bondholders by the New Jersey Legislature, pledging that the revenues supporting the subject Port Authority bonds would not be diverted for unauthorized purposes. This covenant was later repealed by the New Jersey Legislature, which repeal the Supreme Court found to impair the contract rights of the bondholders. *U.S. Trust*, 431 U.S. at 19. The Supreme Court then indicated in dicta that “[c]ontract rights are a form of property” that, if taken, would require the payment of just compensation. *Id.* at n.16. Thus, the Bondholders would have a strong argument based on *Ruckelshaus*, *U.S. Trust* and the Statute that the Restructuring Property is “property” warranting the protections afforded by the Federal Takings Clause.

The cases discussed above provide strong support for the position that the Rights are property for purposes of the Federal Takings Clause. As discussed above, the nature of any Impairment Action would, however, certainly influence a court’s analysis of whether a compensable taking exists. The factors a court might examine to determine whether such State action would rise to the level of a “taking” are considered below.

B. If there is a property interest, does the Impairment Action effect a taking of that property interest for purposes of the Federal Takings Clause?

Once a court determines that the Rights constitute “property” for purposes of the Federal Takings Clause, it would then examine whether the alleged Impairment Action constituted a regulatory taking mandating the payment of just compensation. In *Lingle v. Chevron USA*, 544 U.S. 528, 538-39 (2005), the Supreme Court identified two categories where regulatory action that does not entail a physical taking of property nonetheless constitutes per se takings — regulations that involve a permanent physical invasion of property and regulations that deprive the owner of all economically beneficial or productive use of the property — and a third category of other regulatory takings.

In the cases that fall into the third category that have asserted a regulatory taking of real property or tangible personal property, the courts have generally made an ad hoc factual determination of the takings allegations based on an examination of the following factors:

1. the character of the government action;
2. the economic impact of the regulation; and
3. the extent to which the regulation interfered with distinct investment-backed expectations.

Penn Central, 438 U.S. at 124.

While the *Penn Central* case involved a regulatory taking of tangible property, the United States Supreme Court has also applied these principles when analyzing Federal Takings Clause claims related to intangible property. For instance, in *Connolly v. Pension Benefit Guar. Corp.*, 475 U.S. 211 (1986), the Court examined a statute that imposed liability on an employer who withdrew from a multi-employer pension plan to pay to the pension plan the employer’s proportionate share of such pension plan’s unfunded vested benefits. The Court relied on the factors set forth in *Penn Central* to analyze the takings claim. *Connolly*, 475 U.S. at 224-25. Similarly, in *Ruckelshaus*, the Court applied the *Penn Central* factors to an alleged regulatory taking of “intangible” trade secrets. *Ruckelshaus*, 467 U.S. at 1005. More recently, in *Eastern Enterprises v. Apfel*, 524 U.S. 498 (1998), the Court applied the *Penn Central* analysis in its Federal Takings Clause review of a Federal statute that charged coal companies that had provided voluntary pension plans for miners with the costs of providing benefits under a new plan.

The first factor of the *Penn Central* analysis — the character of the government action — entails a consideration of whether the action can be characterized as a physical invasion by the government, as opposed, for

example, to the implementation of a public program adjusting the benefits and burdens of economic life to promote the common good. *Penn Central*, 438 U.S. at 124. This, in turn, leads some courts to an assessment of the extent to which the government action furthered an important public policy. *Id.* at 127. The second *Penn Central* factor assesses whether the economic impact of the State action rises to the level of serious economic harm. *Id.* at 124. The final *Penn Central* factor examines whether the State action interferes with reasonable investment-backed expectations. *Id.* A reasonable investment-backed expectation must be more than a “mere unilateral expectation or an abstract need.” *Webb’s Fabulous Pharmacies*, 449 U.S. at 161.

In Federal Takings Clause cases, the United State Supreme Court has analyzed one or more of these factors to varying degrees and in varying ways. For example, in *Connolly*, where the Court ultimately held that there was no taking for purposes of the Fifth Amendment, the Court found that the interference with property rights arose “from a public program that ... promotes the common good,” not from a physical invasion or permanent appropriation of the assets, and that the legislation in dispute contained a “significant number of provisions” that moderated and mitigated the economic impact of the statute. *Connolly*, 475 U.S. at 225-26. Moreover, the Court found no interference with reasonable investment-backed expectations. *Id.* at 226-27.

Thus, to determine whether a compensable taking had occurred, the court would determine whether to apply principles developed in the real property context to an analysis of the Impairment Action. Those principles would require a determination of whether the Impairment Action denied the Bondholders all economically beneficial or productive use of the Restructuring Property, under circumstances such as a legislative ban on the use of the Restructuring Property for the timely payments of principal and interest on the Bonds. If all economically beneficial or productive use of the Restructuring Property were not denied, the court would undertake an ad hoc factual inquiry by considering the factors enumerated in *Penn Central* in an analysis of the Impairment Action, in which event the court would assess:

1. the character of the government action;
2. the economic impact of the regulation, including whether the State’s action would prevent timely payment of the Bonds; and
3. the extent to which the regulation interfered with reasonable investment-backed expectations.

With respect to the Rights, while the character of any future Impairment Action cannot be known at this time, any such Impairment Action would likely not constitute a physical invasion and would presumably be in furtherance of an important public policy. Although the effect of any future Impairment Action also cannot be known at this time, any such Impairment Action that prevented the payment of the Bonds would likely be found to have a serious economic impact on the Bondholders. In any event, it seems that an Impairment Action that prevented the timely payment of principal and interest on the Bonds would interfere with the Bondholders’ investment-backed expectations because timely payment of the Bonds is the primary expectation of the Bondholders. Additionally, the New York State Pledge itself gives rise to these reasonable investment-backed expectations on the part of the Bondholders. The United States Supreme Court has held that a government “guarantee” of confidentiality could form the basis for such an expectation. *Ruckelshaus*, 467 U.S. at 1011. The Bondholders could argue that they would not have invested in the Bonds in the absence of the government “guarantee” contained in the New York State Pledge and, thus, in accordance with *Ruckelshaus*, the New York State Pledge created reasonable investment-backed expectations. The State has gone to great lengths to give credence to the New York State Pledge, including authorizing its inclusion on the Bonds. Therefore, we believe that it is reasonable for the Bondholders who have invested their funds in the Bonds to expect that the Legislature will honor the New York State Pledge.

Opinion as to Federal Takings Clause.

Based on our review of relevant judicial authority, as discussed in this opinion, but subject to the qualifications, limitation and assumptions (including the assumption that any Impairment Action would be “substantial”) set forth herein, it is our opinion that a reviewing court of competent jurisdiction applying federal law, in a properly prepared and presented case, would conclude that the State would be required to pay just compensation to the Bondholders if the State undertook an Impairment Action in contravention of the New York State Pledge after

the Bonds are issued, but before they are fully paid, that (i) constituted a permanent appropriation of a substantial property interest of the Bondholders in the Restructuring Property or denied all economically beneficial or productive use of the Restructuring Property; (ii) destroyed the Restructuring Property, other than in response to so-called emergency conditions; or (iii) substantially reduced, altered or impaired the value of the Restructuring Property so as to unduly interfere with the reasonable expectations of the Bondholders arising from their investment in the Bonds.

There can be no assurance, however, that any award of compensation would be sufficient to pay the full amount of principal of and interest on the Bonds.

THE STATE TAKINGS CLAUSE

Discussion of the State Takings Clause.

The State Takings Clause, in Article 1, Section 7(a) of the State Constitution, provides that, “Private property shall not be taken for public use without just compensation.” Its text is nearly identical to the Federal Takings Clause discussed above. As a result, New York courts have used United States Supreme Court decisions as a basis for their interpretation of the State Takings Clause. See, e.g., *Consumers Union U.S., Inc. v. State of New York*, 5 N.Y.3d 327, 806 N.Y.S.2d 99 (N.Y. 2005), *Birnbaum v. State* 73 N.Y.2d 638, 543 N.Y.S.2d 23 (N.Y.1989), *Matter of Wallace v. Town of Grand Is.*, 184 A.D.3d 1088, 126 N.Y.S.3d 270 (N.Y. App. Div. 4th Dep’t 2020). For example, in *Consumers Union*, the New York Court of Appeals, as have many other U.S. and state courts, applied the test used in *Penn. Central* as the basis for its analysis under a State Takings Clause claim. Following *Penn. Central*, once a court determines that the rights constitute “property” for purposes of a takings analysis, it should make an ad hoc factual determination of takings allegations based on an examination of (i) the character of the government action; (ii) the economic impact of the regulation; and (iii) the extent to which the regulation interfered with distinct investment-backed expectations. See *Penn. Central*, 438 U.S. at 124. See, e.g. *Consumers’ Union*, 5 N.Y.3d 327; *Lingle*, 544 U.S. 528.

As under the Federal Takings Clause, a court’s response to a State Takings Clause challenge will be affected by the nature of any Impairment Action. An Impairment Action with respect to the Bonds could take many forms, including, among others, legislation that (i) repeals the New York State Pledge, (ii) invalidates the imposition of the Charges or (iii) changes the regulatory framework for setting utility rates in such a way that the change adversely impacts the collection of the Charges. A discussion of applicable principles that courts have applied in analyzing the effect of an alleged taking follows.

A. Is there a property interest for purposes of the State Takings Clause?

In order to hold that Impairment Actions constitute a compensable taking, a reviewing court would need to conclude that the Rights are property of a type protected by the State Takings Clause. Courts in New York have found contractual rights to be “property” that merits protection under the State Takings Clause. The Court of Appeals has held that under the State Constitution, the right of a contractor for the performance of a public work to prospective profits under his contract is a species of property within the protection of State Takings Clause. See *Danolds v. State*, 89 N.Y. 36 (N.Y. 1882). The Court of Appeals has also held that a right to plant an oyster bed under public waters is a private right, and that the destruction of the bed by sewage discharged thereon from a sewer of a town is a direct invasion of a private right and taking of private property within the meaning of State Takings Clause. See *Huffmire v. City of Brooklyn* 162 N.Y. 584 (N.Y. 1900). A New York court has also found that ordinances granting town residents exclusive rights to town fisheries constitute “property” that could not be taken without compensation. See *State v. Freeholders and Commonalty of Southampton*, 99 A.D.2d 804, 472 N.Y.S.2D 394 (N.Y. App. Div. 2 Dept. 1984).

New York courts have regularly looked to whether a state action has impaired investment-backed expectations of property owners in order to determine whether a regulatory taking has occurred. See *Consumers Union*, 5 N.Y.3d 327. See also *Matter of Smith v. Town of Mendon*, 4 N.Y.3d 1, 789 N.Y.S.2d 696 (N.Y. 2004). As noted above, it is well established under federal law that investment-backed expectations can be property for the purposes of the takings analysis; however, an independent source, such as state law or existing rules, and not the United States Constitution, must create the protected property right.

In Patterson v. Carey, 41 N.Y.2d 714, 395 N.Y.S.2d 411 (N.Y. 1977), the Court of Appeals applied the State Due Process Clause to uphold bondholders' property rights when the State Legislature rescinded an increase in tolls charged motorists by the Jones Beach State Parkway Authority and provided that future increases could not be imposed unless the Parkway Authority complied with a new four stage review process. Bondholders brought suit asserting that the modification of the toll revenue stream backing their bonds was an unconstitutional deprivation of "property," such property being not only rights relating to the imposition of tolls and their collection, but also the State pledge itself. The New York Court of Appeals held in their favor, finding that the State had violated the State Due Process Clause. *See Patterson*, 41 N.Y.2d 720. Although the case was decided under the State Due Process Clause, it would be reasonable to expect similar reasoning as to the existence of a property interest with respect to a claim brought under the State Takings Clause.

More directly, the Statute expressly creates the Restructuring Property as a property right under State law for purposes of the Transaction: "Restructuring property shall constitute a vested, presently existing property right notwithstanding the fact that the value of the property right will depend on further acts that have not yet occurred, including but not limited to, consumers remaining or becoming connected to the (T&D) system assets and taking electric delivery service, the imposition and billing of transition charges, or, in those instances where consumers are customers of LIPA or any successor owner of the T&D system assets, such owner performing certain services." 2013 N.Y. LAWS ch. 173 §2 ¶13. *See also* 2013 N.Y. LAWS ch. 173 §7(1)(a).

The cases discussed above, together with the Statute, provide strong support for the position that the rights of the Bondholders in the Restructuring Property are property for purposes of the State Takings Clause. As discussed, however, the nature of any Impairment Action would certainly influence a court's analysis of whether a compensable taking exists. Some of the factors a court might examine to determine whether such State action would rise to the level of a "taking" are considered below.

B. If there is a property interest, does the Impairment Action effect a taking of that property interest for purposes of the State Takings Clause?

In determining whether an Impairment Action constitutes a taking, a reviewing court would evaluate the nature of the governmental action and weigh the public purpose served thereby against the degree to which it interferes with bondholders' "legitimate property interests" or distinct "investment-backed expectations." *Consumers Union*, 5 N.Y.3d at 358. "Governmental regulation of private property effects a taking if it is so onerous that its effect is tantamount to a direct appropriation or ouster." *Id* at 357. In *Patterson*, the Court of Appeals based its determination under the State Due Process Clause partly on investors' expectations, finding that "[s]ince the toll is the sole source of funds for bond repayment, any limitation on the authority's power to collect a toll sufficient to pay the bonds deprive[d] the bondholders of an essential attribute of their contract with the authority and with the State and jeopardize[d] their investment." *Patterson*, 41 N.Y.2d at 720.

As discussed above, although the United States Supreme Court has indicated that regulatory actions generally will be deemed per se takings for Fifth Amendment purposes where government requires an owner to suffer a permanent physical invasion of her property, see *Loretto*, 458 U.S. 419, or where regulations completely deprive an owner of "all economically beneficial us[e]" of her property, *Lucas*, 505 U.S. at 1019, the *Consumers Union* court suggested that the application of *Loretto* is limited to a "direct physical invasion" of property. *See Consumers Union*, 5 N.Y.3d at 359. Moreover, because the three inquiries reflected in *Loretto*, *Lucas*, and *Penn Central* all aim to identify regulatory actions that are functionally equivalent to a direct appropriation of or ouster from private property, each of them focuses upon the severity of the burden that government imposes upon property rights. *See Lingle*, 544 U.S. at 530. A New York court would be unlikely to find a compensable taking without an inquiry into the nature of any Impairment Action, balanced against investment-backed expectations of Bondholders.

Bondholders would have a strong argument that distinct, investment-backed obligations were formed by the Statute, which contains the New York State Pledge providing that, subject to the exceptions therein, the State will not in any way take or permit any action that limits, alters or impairs the value of the Restructuring Property or reduces, alters or impairs Charges. Among other factors which might be noted in support of such an argument, the New York State Pledge is included in the Bonds and in the Indenture as part of an express contract with the holders of the Bonds. The New York State Pledge is also described in the Official Statement and the inclusion of the New York State Pledge in the Indenture and the Bonds is a condition to the obligation of the underwriters to purchase the Bonds under the Bond Purchase Agreement.

If the State enacts a law that imposes an Impairment Action without paying just compensation to the Bondholders, the Bondholders would likely argue that they would not have invested in the Bonds in the absence of the State's undertaking contained in the New York State Pledge and, therefore, that the New York State Pledge created distinct, investment-backed expectations. See *Consumers' Union*, 5 N.Y.3d at 327.

To determine whether a compensable taking had occurred, a reviewing court would consider applying principles developed in the land use context to an analysis of the rights of the Bondholders. Those principles would require an analysis of whether the State action denied the Bondholders all economically beneficial or productive use of the rights, such as preventing the use of the Rights to pay the Bonds. See *Consumers' Union*, 5 N.Y.3d at 327 (applying principles developed in *Lingle* and *Penn. Central*).

A court's response to a State Takings Clause challenge will be affected by the nature of the action taken to impair the Rights, which could include legislation that: (i) repeals or alters the New York State Pledge; (ii) prevents the imposition of the Charges; (iii) revises the regulatory basis for establishing the Charges in such a way that adversely impacts the collection of the Charges; (iv) diverts the Rights from payment of the Bonds to other public purposes; or (v) adversely affects the assets that generated the Charges.

Because the New York jurisprudence has suggested that an inquiry into Bondholders' investment-backed expectations is necessary for a takings determination, our opinion assumes that an Impairment Action, by its nature, would impact the economic interests of Bondholders with a magnitude sufficient to constitute an undue interference with Bondholders' economic interests and Bondholders' distinct, investment-backed expectations.

As discussed above in connection with the Federal Takings Clause, it seems that an Impairment Action that prevented the timely payment of principal and interest on the Bonds would interfere with the Bondholders' investment-backed expectations because timely payment of the Bonds is the primary expectation of the Bondholders. Additionally, as discussed above, the New York State Pledge itself gives rise to these reasonable investment backed expectations on the part of the Bondholders. Therefore, for the reasons discussed above, we believe that it is reasonable for the Bondholders who have invested their funds in the Bonds to expect that the State Legislature will honor the New York State Pledge.

However, New York courts have concluded that the just compensation which the State Constitution, Article I, Section 7(a), requires to be paid to the owner of property taken under the power of eminent domain cannot be reduced to inflexible formulas or inexorable rules. See *Saratoga Water Services, Inc. v. Saratoga County Water Authority*, 83 N.Y.2d 205, 608 N.Y.S.2d 952 (N.Y. 1994) referencing *Matter of City of New York (Fifth Ave. Coach Lines)*, 18 N.Y.2d 212, 218, 273 N.Y.S.2d 52 (N.Y. 1966). Although the Court of Appeals has stated that "just compensation puts the property owner in the same relative position it would have enjoyed had the taking not occurred," *520 East 81st Street Associates v. State*, 99 N.Y.2d 43, 750 N.Y.S.2d 833 (N.Y. 2002), there can be no assurance that any award of just compensation by a reviewing court would be sufficient to pay the full amount of principal of and interest on the Bonds.

Opinion as to State Takings Clause

Based on our review of relevant judicial authority, as discussed in this opinion, but subject to the qualifications, limitation and assumptions (including the assumption that any Impairment Action would be "substantial") set forth herein, it is our opinion that a reviewing court of competent jurisdiction applying New York law, in a properly prepared and presented case, would conclude that the State would be required to pay just compensation to the Bondholders if the State undertook an Impairment Action in contravention of the New York State Pledge after the Bonds are issued, but before they are fully paid, that (i) constituted a permanent appropriation of a substantial property interest of the holders of the Bonds in the Restructuring Property or denied all economically beneficial or productive use of the Restructuring Property; (ii) destroyed the Restructuring Property, other than in response to so-called emergency conditions; or (iii) substantially reduced, altered or impaired the value of the Restructuring Property so as to unduly interfere with the reasonable expectations of the holders arising from their investment in the Bonds.

There can be no assurance, however, that any award of compensation would be sufficient to pay the full amount of principal of and interest on the Bonds.

THE FEDERAL CONTRACT CLAUSE

Discussion of the Federal Contract Clause

The Contract Clause of the United States Constitution, Article I, Section 10, provides that “no State shall ... pass any ... Law impairing the Obligation of Contracts” (the “Federal Contract Clause”). The Federal Contract Clause protects contractual obligations from impairment by enactment of state law. *Allied Structural Steel Co. v. Spannaus*, 438 U.S. 234 (1978); *U.S. Trust Co. v. New Jersey*, 431 U.S. 1 (1977). The Federal Contract Clause is not, however, a complete bar to legislative enactments that have the effect or consequence of altering contractual obligations. “Minimal alteration of contractual obligations may end the inquiry at its first stage. Severe impairment, on the other hand, will push the inquiry to a careful examination of the nature and purpose of the state [action].” *Allied Structural Steel*, 438 U.S. at 245 (footnotes omitted). If the state regulation constitutes a substantial impairment, to survive constitutional scrutiny it must be justified by a significant and legitimate public purpose. *Energy Reserve Group, Inc. v. Kansas Power & Light Co.*, 459 U.S. 400, 411 (1983) (citing *U.S. Trust*, 431 U.S. at 22). Once a legitimate public purpose has been identified, the next inquiry is whether the measure is based “upon reasonable conditions and [is] of a character appropriate to the public purpose justifying [the legislation’s] adoption.” *Id.* at 412. In such inquiry, courts defer to the legislature’s judgment as to the necessity and reasonableness of the measure. *U.S. Trust*, 431 U.S. at 23. Moreover, “[t]he State has the ‘sovereign right ... to protect the ... general welfare of the people’” and the courts must respect the “wide discretion on the part of the legislature in determining what is and what is not necessary.” *El Paso v. Simmons*, 379 U.S. 497, 508-09 (1965) (citation omitted).

In order for the Federal Contract Clause to apply, the existence of a contractual relationship must be established. The courts have recognized the general presumption that, absent some clear indication that a legislature intends to bind itself contractually, “a law is not intended to create private contractual or vested rights but merely declares a policy to be pursued until the legislature shall ordain otherwise.” *National R.R. Passenger Corp. v. Atchison, Topeka & Santa Fe Ry. Co.*, 470 U.S. 451, 465-66 (1985) (quoting *Dodge v. Board of Educ.*, 302 U.S. 74, 79 (1937)). This presumption is based on the fact that the legislature’s principal function is not to make contracts, but to make laws that establish the policy of the State. Thus, a person asserting the creation of a contract with the State must overcome this presumption.

Although not dispositive, the United States Supreme Court in *U.S. Trust* has concluded that a legislative pledge in a New Jersey statute that was similar to the New York State Pledge and the State Bankruptcy Pledge constituted a contractual obligation of the state: “The intent to make a contract is clear from the statutory language. ‘The 2 States covenant and agree with ... the holders of any affected bonds ...’ 1962 N.J. Laws, c. 8, s 6.” *U.S. Trust*, 431 U.S. at 18. The Court went on to state in that case that “[i]n return for their promise, the States received the benefit they bargained for: public marketability of Port Authority bonds to finance construction of the World Trade Center and acquisition of the Hudson & Manhattan Railroad. We therefore have no doubt that the 1962 covenant has been properly characterized as a contractual obligation of the two States.” *Id.*

The “reserved powers” doctrine limits the ability of the State to bind itself contractually in a manner which “surrenders an essential attribute of its sovereignty.” *U.S. Trust*, 431 U.S. at 23. Under this doctrine, if a contract limits a state’s “reserved powers” - powers that cannot be contracted away - such contract is essentially unenforceable. *Id.* See generally *United States v. Winstar Corp.*, 518 U.S. 839, 888-90 (1996). Although the scope of these “reserved powers” has not been precisely defined by the courts, case law has established that a state cannot contract away its police powers, *Stone v. Mississippi*, 101 U.S. 814, 817-18 (1880), or its power of eminent domain, *West River Bridge Co. v. Dix*, 47 U.S. 507, 532-33 (1848). In contrast, the United States Supreme Court has stated that a state’s “power to enter into effective financial contracts cannot be questioned.” *U.S. Trust*, 431 U.S. at 24.

Under existing case law, neither the New York State Pledge nor the State Bankruptcy Pledge, in our view, limit any “reserved powers” of the State. Neither the New York State Pledge nor the State Bankruptcy Pledge purports to contract away, or constitute a waiver of, the State’s power of eminent domain or otherwise restrict the State’s ability to legislate for the public welfare or to exercise its police powers. Both the New York State Pledge and the State Bankruptcy Pledge constitute undertakings made by the State not to impair the financial security for the Bonds and was made to gain the capital markets’ acceptance of such instruments, which are expressly authorized and are being issued in connection with New York legislation expected to result in cost savings to LIPA’s customers. The New York State Pledge, which the Statute explicitly authorizes to be included in the documentation with respect to the

Bonds, as well as the State Bankruptcy Pledge, are inducements offered by the State to investors to purchase the Bonds. As such, we believe that the New York State Pledge and the State Bankruptcy Pledge are akin to the type of “financial contract” involved in *U.S. Trust*, which was deemed by the United States Supreme Court to be a promise that revenues and reserves securing the bonds at issue there would not be depleted beyond a certain level. *Id.* at 25. Therefore, upon issuance of the Bonds, it is our opinion that each of the New York State Pledge and the State Bankruptcy Pledge will give rise to a contractual obligation between the State and the Bondholders for purposes of the Contract Clause.

We also believe that the prohibitions applicable to the State under the Federal Contract Clause would apply to actions by the State acting through the PACB. The New York Legislature has delegated certain of its regulatory powers over the Authority and LIPA to the PACB; however, we do not believe that the State, acting indirectly through an agency such as the PACB, could take any action that would substantially limit, alter, impair or reduce the value or amount of the Restructuring Property or the rights of the Bondholders, or that would limit or alter the denial of authority to the Bond Issuer to be a debtor under chapter 9 of the United States Bankruptcy Code or any other provision of the United States Bankruptcy Code, that the State could not take directly without violating its pledge.

Injunctive Relief

In order for a federal court to issue a preliminary injunction, the court must conclude that a petitioner has clearly demonstrated each of the following: (1) that he or she is likely to succeed on the merits; (2) that he or she will suffer irreparable harm in the absence of preliminary injunctive relief; (3) that the balance of equities tips in his or her favor; and (4) that an injunction is in the public interest. *Winter v. Natural Resources Defense Council, Inc.*, 555 U.S. 7, 20 (2008); see also *Ramirez v. Collier*, 142 S.Ct 1264, 1270 (2022) (same). While each of these requirements must be met for a preliminary injunction to be issued, in *Winter*, the Supreme Court emphasized the fourth requirement, stating: “In exercising their sound discretion, courts of equity should pay particular regard for the public consequences in employing the extraordinary remedy of injunction.” *Id.* at 376-77 (internal quotation marks and citation omitted).

Additionally, the Second Circuit Court of Appeals has developed an alternative standard in order to provide “flexibility in the face of varying factual scenarios and the greater uncertainties inherent at the outset of particularly complex litigation.” *Citigroup Global Markets Inc. v. VCG Special Opportunities Master Fund Ltd.*, 598 F.3d 30, 35 (2d Cir. 2010). Under this alternative standard, the party seeking relief must show “irreparable harm and... sufficiently serious questions going to the merits to make them a fair ground for litigation and a balance of hardships tipping decidedly toward the party requesting the preliminary relief.” *Id.* The Second Circuit has stated that the burden under their standard is “no lighter” than under the *Winter* standard, but allows for preliminary injunctions when a court “cannot determine with certainty that the moving party is more likely than not to prevail on the merits of the underlying claims, but where the costs outweigh the benefits of not granting the injunction.” *Id.*

In a challenge to an Impairment Action or a Bankruptcy Authority Action in Federal court, the court, in determining whether to grant a permanent injunction, would apply substantially similar factors as it would for a preliminary injunction. *Amoco Production Co. v. Village of Gambell*, 480 U.S. 531 (1987); *National City Bank of Indiana, et al., v. Charles W. Turnbaugh*, 367 F. Supp. 2d 805 (D. MD. 2005). However, unlike in connection with a preliminary injunction, where a plaintiff needs only to show a likelihood of a success on the merits, for a court to grant a permanent injunction, a plaintiff must succeed on the merits. *Amoco Production Co.*, 480 U.S. at 546 n.12 (1987).

Opinion as to Federal Contract Clause

While there is no case law which considers the application of the Federal Contract Clause specifically to the Statute, we have considered existing case law concerning the application of the Federal Contract Clause to legislation which reduces or eliminates taxes, public charges or other sources of revenues which support bonds issued by public instrumentalities or private issuers, or which otherwise reduces or eliminates the security for bonds. Based upon our review of relevant judicial authority, as discussed in this opinion, but subject to the qualifications, limitations and assumptions (including the assumption that any Impairment Action would be “substantial”) set forth herein, it is our opinion that a reviewing court of competent jurisdiction, in a properly prepared and presented case:

- (i) would conclude that each of the New York State Pledge and the State Bankruptcy Pledge constitutes a contractual relationship between the Bondholders and the State;

(ii) would conclude that, absent a demonstration that the Impairment Action or the Bankruptcy Action was necessary to further a significant and legitimate public purpose, the Bondholders (or the Indenture Trustee on their behalf) could successfully challenge under the Federal Contract Clause the constitutionality of (a) any Impairment Action determined by such court to substantially limit, alter, impair or reduce the value of the Restructuring Property or the Charges before the Bonds are fully paid and discharged and (b) any Bankruptcy Authority Action; and

(iii) should conclude that permanent injunctive relief is available under federal law to prevent implementation of (a) any Impairment Action determined by such court to limit, alter, impair or reduce the value of the Restructuring Property or the Charges or (b) any Bankruptcy Authority Action, in each case in violation of the Federal Contract Clause; and although sound and substantial arguments support the granting of preliminary injunctive relief, the decision to do so will be in the discretion of the court requested to take such action, which will be exercised on the basis of the considerations discussed herein.

THE STATE DUE PROCESS CLAUSE

Discussion of State Due Process Clause

Article I, Section 6 of the State Constitution provides that: “No person shall be deprived of life, liberty or property without due process of law.”

Certain contract rights have been held to be protected by the State Due Process Clause. In *Patterson*, the Court of Appeals applied the State Due Process Clause to uphold bondholders’ property rights when the State Legislature rescinded an increase in tolls charged motorists by the Jones Beach State Parkway Authority and provided that future increases could not be imposed unless the Parkway Authority complied with a new four stage review process. According to the *Patterson* court, “the statute deprive[d] the bondholders of property without due process of law in violation of the State Constitution.” *Id.* at 719-720.

“Quite apart from any question presented by the Federal impairment clause, the State may not deprive a party to a contract of an essential contractual attribute without due process of law. ‘Depriving an owner of property of one of its essential attributes, is depriving him of his property within the constitutional provision’ and absent due process, works an impermissible ‘forfeiture of the right given by the contract.’” *Patterson*, 41 N.Y.2d at 720 (citing *People ex rel. Manhattan Sav. Inst. of City of N.Y. v. Otis*, 90 N.Y. 48, 52). In *People ex rel. Manhattan Savings Institution*, the legislation at issue attempted to invalidate claims against a bond issuer upon lost bearer bonds by anyone but the recipient of a duplicate bond even though good faith holders in due course presented the negotiable bonds for payment. Such possessors of lost bonds were remitted to suing the recipients of the duplicate. This legislative scheme was invalidated as a deprivation of an essential attribute of the bondholder’s rights:

“a legislative declaration that upon the publication of notice, a negotiable security shall no longer be transferable, is not due process of law, working a forfeiture of the right given by the contract.”

People ex rel. Manhattan Sav. Inst. of City of N.Y., 90 N.Y. at 52.

Patterson protected the contractual commitment of the Parkway Authority to raise and collect sufficient tolls to punctually pay and redeem the Parkway Authority’s bonds. Because the tolls in *Patterson* were “the sole source of funds for bond repayment,” the Court explained that “any limitation on the authority’s power to collect a toll sufficient to pay the bonds deprives the bondholders of an essential attribute of their contract with the authority and with the State and jeopardizes their investment.” *Patterson*, 41 N.Y.2d at 720.

In addition to the affirmative promise of the Parkway Authority to raise and collect sufficient tolls to pay bondholders, the State had itself pledged “not to limit or alter the rights vested in the authority to the detriment of

bondholders.” *Id.* at 717. The *Patterson* court stated that “[w]here a statute is challenged on non-procedural grounds as violative of due process, the test is whether there is ‘some fair, just and reasonable connection’ between the statute and ‘the promotion of the health, comfort, safety and welfare of society.’” *Id.* at 720-21. Finding that there was no fair, just or reasonable connection between the statutory procedure for increasing tolls and the goal of curtailing traffic congestion, the Court ruled: “the statute is arbitrary and deprives bondholders of a contractual right without due process of law.” *Patterson*, 41 N.Y.2d at 721.

The Bondholders would have a very strong argument based on *Patterson* and the plain meaning of the Statute that the New York State Pledge is “property” warranting the protections afforded by the State Due Process Clause.

As was the case in *Patterson*, the source of payment of the Bonds is limited to revenues derived from the rights protected by the State pledge set forth in the Statute. The New York State Pledge is very similar to the State pledge at issue in *Patterson*. Indeed, it more clearly and directly expresses the intention to protect the source of payment of the Bonds than the language of the State pledge relating to the Parkway Authority bonds, which was somewhat more generally stated presumably to reflect the nature of the Parkway Authority as an operating entity. In addition, the fact that the New York State Pledge expressly protects the Restructuring Property, which by the terms of the Statute is “property,” also lends substantial support to the argument that the New York State Pledge itself is property for purposes of the State Due Process Clause.

Opinion as to State Due Process Clause

Based upon our review of relevant judicial authority, including as discussed in this opinion, but subject to the qualifications, limitation and assumptions set forth herein, it is our opinion that, after the Bonds are issued, but before they are fully paid, a reviewing court of competent jurisdiction applying New York law, in a properly prepared and presented case, would conclude that (i) the New York State Pledge creates rights that constitute property within the meaning of the State Due Process Clause, and (ii) an Impairment Action by the State would violate the State Due Process Clause, absent any overriding fair, just and reasonable connection of the Impairment Action to the promotion of the health, comfort, safety and welfare of society.

INJUNCTIVE RELIEF UNDER STATE LAW

Discussion of Injunctive Relief Under State Law

The availability of preliminary injunctive relief under New York law is governed by Article 63 of the Civil Practice Law and Rules (“CPLR”) and the traditional principles of equity to be applied thereby. CPLR Section 6301, entitled “Grounds for preliminary injunction and temporary restraining order,” authorizes such a remedy to maintain the *status quo* “in any action where it appears that the defendant threatens or is about to do . . . an act in violation of the plaintiff’s rights respecting the subject of the action, and tending to render the judgment ineffectual” or “where the plaintiff has demanded and would be entitled to a judgment restraining the defendant from the commission or continuance of an act, which if committed or continued during the pendency of the action, would produce injury to the plaintiff.” N.Y. C.P.L.R. §6301. In each case, a showing is required “that immediate and irreparable injury, loss or damage will result unless the defendant is restrained.” *Id.*

Judicial “discretion” permeates all aspects of the inquiry as to whether the application for temporary relief will be granted. “Perhaps the most instructive point about the preliminary injunction is that its granting is discretionary with the court.” DAVID D. SIEGEL, NEW YORK PRACTICE § 328 (5th ed. 2015) (citing *Sartwell v. Field*, 68 N.Y. 341 (N.Y.1877)).

“Under longstanding judicial precedent, the movant in most cases must . . . demonstrate three things: (1) a likelihood of success on the merits of the action; (2) the danger of irreparable injury in the absence of preliminary injunctive relief; and (3) a balance of equities in favor of the moving party. See, e.g. *Nobu Next Door, LLC v. Fine Arts Housing, Inc.*, 2005, 4 N.Y. 3d 839, 840, 800 N.Y.S. 2d 48, 49. In applying these requirements, the court must ‘weigh a variety of factors’, and the matter is committed to the court’s sound discretion. *Doe v. Axelrod*, 1988,

73 N.Y. 2d 748, 750, 536 N.Y.S. 2d 44,45 53.” V. ALEXANDER,
MCKINNEY’S PRACTICE COMMENTARIES, C6301:1, p.12 (2010).

Because the application of the standards for the issuance of a preliminary injunction are committed to the sound discretion of the courts, the prediction of how and when such discretion will in fact be exercised must necessarily be highly dependent upon the exact threatened impact upon bondholder security. We note that the lower court in Patterson granted a preliminary injunction, as to which no appeal was taken, against enforcement of the legislation involved in that case without any showing of a possible future payment default. *See Patterson*, 41 N.Y.2d 714.

Opinion as to Injunctive Relief Under State Law

Based upon our review of relevant judicial authority, including as discussed in this opinion, but subject to the qualifications, limitation and assumptions set forth herein, it is our opinion that, after the Bonds are issued, but before they are fully paid, a reviewing court of competent jurisdiction applying New York law, in a properly prepared and presented case, should conclude that preliminary injunctive relief is available to maintain the status quo pending trial, and that, following the trial, assuming the court determined that the Impairment Action was violative of the State Due Process Clause, permanent injunctive relief should be awarded to protect the New York State Pledge from the Impairment Action absent any overriding health, comfort, safety and welfare of society justification.

SEVERABILITY OF PROVISIONS OF STATUTE

The Statute provides that the provisions thereof are intended to be severable. In accordance with Section 14 of the Statute, if any section, subdivision, paragraph or subparagraph of the Statute or the application thereof to any person, circumstance or transaction is held by a court of competent jurisdiction to be unconstitutional or invalid, the unconstitutionality or invalidity shall not affect the constitutionality or validity of any other section, subdivision, paragraph or subparagraph of the Statute or its application or validity to any person, circumstance or transaction, including, without limitation, the irrevocability of a restructuring cost financing order issued pursuant to the Statute, the validity of the issuance of restructuring bonds, the imposition of transition charges, the transfer or assignment of restructuring property or the collection and recovery of revenues from transition charges (as such terms are defined in the Statute). Furthermore, in accordance with Section 12 of the Statute, effective on the date the Bonds are issued, if any provision of the Statute is held to be invalid or is invalidated, superseded, replaced, repealed or expires for any reason, that occurrence shall not affect any action allowed under the Statute that is taken by the Authority, LIPA, the Bond Issuer or any owner of T&D system assets, an assignee, a collection agent, a financing party, a holder of restructuring bonds or a party to an ancillary agreement (as such terms are defined in the Statute) and any such action shall remain in full force and effect.

VOTER REFERENDA OR INITIATIVE

Under Article III, Section 1 of the State Constitution, the legislative power of the State is vested in the State senate and assembly. Under the existing State Constitution and under existing statutes and court decisions, there is no provision for a voter initiative or referendum for the purpose of amending or repealing the Statute.

* * * *

We note that judicial analysis of issues relating to the Federal Takings Clause, the State Takings Clause and the retroactive effect to be given to judicial decisions has typically proceeded on a case-by-case basis and that a court’s determination, in most instances, is strongly influenced by the facts and circumstances of the particular case, many of which cannot be known at this time. We further note that there are no reported controlling judicial precedents of which we are aware directly on point. Our analysis is necessarily a reasoned application of judicial decisions involving similar or analogous circumstances. Moreover, the application of equitable principles (including the availability of injunctive relief or the issuance of a stay pending appeal) is subject to the discretion of the court which is asked to apply them. We cannot predict the facts and circumstances which will be present in the future and may be relevant to the exercise of such discretion. Consequently, there can be no assurance that a court will follow our reasoning or reach the conclusions which we believe current judicial precedent supports. None of the foregoing opinions is intended to be a guaranty as to what a particular court would actually hold; rather, each such opinion is only an

expression as to the decision a court ought to reach if the issue were properly prepared and presented to it and the court followed what we believe to be the applicable legal principles under existing judicial precedent. The recipients of this letter should take these considerations into account in analyzing the risks associated with the Transaction.

The opinions set forth above are given as of the date hereof and we disavow any undertakings or obligations to advise you of any changes in the law (whether constitutional, statutory, regulatory or judicial) which may hereafter occur or any facts or circumstances that may hereafter occur or come to our attention that could affect such opinions.

This opinion is solely for your benefit in connection with the Transaction and may not be relied upon, used or circulated by, quoted, or otherwise referred to by, nor may copies hereof be delivered to, any other person without our prior written approval, except that a copy of this opinion may be included in any transcript of proceedings and documents relating to the Bonds.

No attorney-client relationship has existed between you and our firm in connection with the foregoing matters, and no relationship shall exist by virtue of this letter.

Very truly yours,

APPENDIX E
PROPOSED FORM OF OPINION OF BOND COUNSEL
RELATING TO REGULATORY MATTERS
[LETTERHEAD OF HAWKINS DELAFIELD & WOOD LLP]

[September __, 2022]

To Each Person Listed on
the Attached Schedule I

Re: Opinion Regarding Regulatory Matters

Ladies and Gentlemen:

We have acted as Bond Counsel to Long Island Power Authority, a corporate municipal instrumentality, body corporate and politic and a political subdivision of the State of New York (the “Authority”) and the Utility Debt Securitization Authority, a special purpose corporate municipal instrumentality, body corporate and politic, political subdivision and public benefit corporation of the State of New York (the “Bond Issuer”), in connection with, among other things, the transfer and sale by the Authority of all of its right, title and interest in, to and under certain restructuring property to the Bond Issuer, as more fully described below, the issuance by the Bond Issuer of the Bonds referred to below and the other related transactions referred to and described below.

Pursuant to Part B of Chapter 173 of the State of New York Laws of 2013 (the “Original Statute”), as amended by Chapter 58 of the Laws of New York, 2015 and Chapter 369 of the laws of New York, 2021 (the “Amendments”) (the Original Statute as amended by the Amendments is hereinafter referred to as the “Statute”), the Authority is authorized to adopt restructuring cost financing orders with respect to the creation of restructuring property (as defined in the Statute) in connection with the issuance of restructuring bonds (as defined in the Statute) by the Bond Issuer pursuant to such restructuring cost financing orders. In connection with the issuance of the Bonds by the Bond Issuer on the date hereof, the Authority adopted Restructuring Cost Financing Order No. 6 on May 18, 2022 (“Financing Order No. 6”) that, among other things, authorized the creation and sale of restructuring property (the restructuring property created pursuant to Financing Order No. 6 hereinafter referred to as the “Restructuring Property”) which includes the irrevocable right to impose, bill, collect and receive certain nonbypassable transition charges (as adjusted from time to time pursuant to Financing Order No. 6, the “Charges”) from all individuals and legally-recognized entities taking electric delivery service in the geographical area within which Long Island Lighting Company, a New York corporation now a subsidiary of the Authority doing business under the name LIPA (“LIPA”) provided electric transmission and distribution service as of July 29, 2013 (such customers, the “Customers,” and such geographic area, the “Service Area”). The Bonds will be secured by a statutory lien and a security interest in the Restructuring Property, together with certain other property of the Bond Issuer.

The Bond Issuer was created pursuant to section 4 of the Statute on July 29, 2013.

THE TRANSACTION

On the date hereof, the Authority is selling the Restructuring Property to the Bond Issuer under the Restructuring Property Purchase and Sale Agreement dated as of September __, 2022 between the Authority and the Bond Issuer (the “Sale Agreement”) for an amount in cash (the “Net Proceeds”). Under the Restructuring Property Servicing Agreement dated as of September __, 2022 between LIPA, in its capacity as Servicer, and the Bond Issuer (the “Servicing Agreement”), LIPA has agreed to service the Restructuring Property. Under the Administration Agreement dated as of September __, 2022 between LIPA, as Administrator (the “Administrator”), and the Bond Issuer, LIPA has agreed to perform certain administrative services on behalf of the Bond Issuer (the “Administration Agreement”).

On the date hereof, the Bond Issuer is issuing its Restructuring Bonds, Series 2022 (the “Bonds”), under the Bond Indenture dated as of September __, 2022 (the “Indenture”) between the Bond Issuer and The Bank of New York Mellon, as Bond Trustee (the “Bond Trustee”).

Pursuant to the Bond Purchase Agreement dated September 16, 2022 (the “Bond Purchase Agreement”) between the Bond Issuer and Goldman Sachs & Co. LLC, as representative of the several initial purchasers named therein (the “Initial Purchasers”), such Initial Purchasers have agreed severally to purchase the Bonds from the Bond Issuer.

As used herein, the term “Transaction Documents” means, collectively, the Sale Agreement, the Servicing Agreement, the Administration Agreement, the Bonds, the Indenture and the Bond Purchase Agreement, and “Transaction” means the transactions contemplated by the Transaction Documents. Capitalized terms used herein that are not otherwise defined shall have the meanings assigned to them in the Indenture.

FACTS AND ASSUMPTIONS

In connection with rendering the opinions set forth below, we have examined and, as to various factual matters, relied upon originals or copies, certified or otherwise identified to our satisfaction, of the following:

- i. the by-laws of the Bond Issuer;
- ii. the Transaction Documents;
- iii. a certified copy of certain resolutions of the Board of Trustees of the Authority, dated May 18, 2022;
- iv. the Issuance Advice Letter dated [_____, 2022], filed with the Authority by the Servicer and confirmed and approved by an Authority Designee.
- v. the Statute; and
- vi. Financing Order No. 6.

We have also examined originals or copies, certified or otherwise identified to our satisfaction, of such records of the Bond Issuer, LIPA and the Authority, agreements, certificates of public officials, certificates of officers or other representatives of the Bond Issuer, LIPA and the Authority and others, and such other documents, certificates and records as we have deemed necessary or appropriate as a basis for the opinions set forth herein. We have made no independent investigation of the facts referred to herein, and with respect to such facts, we have relied, for the purpose of rendering this opinion and, except to the extent such statement constitutes a statement of a legal conclusion expressed in this opinion or as otherwise stated herein, exclusively on the factual statements contained and matters provided for in all of the closing documents delivered in connection with the closing of the Transaction, the documents referenced above, including the factual representations, warranties and covenants contained therein as made by the respective parties thereto. In our examination, we have assumed the legal capacity of all natural persons, the genuineness of all signatures, the authenticity of all documents submitted to us as originals, the conformity to original documents of all documents submitted to us as certified or photostatic copies, and the authenticity of the originals of such latter documents.

As used herein, the phrase “to our knowledge” with respect to the existence or absence of facts is intended to signify that, while we have made no specific inquiry or other independent examination to determine the existence or absence of such facts, the attorneys in this firm who were actively involved in the Transaction have obtained no actual knowledge to the contrary regarding such facts.

Our opinions herein with respect to the Statute are limited to the Statute as in effect on the date hereof. We express no opinion herein as to the laws of any jurisdiction other than the laws of the State.

For purposes of the opinion expressed in the first sentence of Paragraph No. 2, we have relied solely on our review of the Statute, as set forth in Part B of Chapter 173, State of New York Laws, 2013, as amended.

OPINIONS

Based on the foregoing facts and assumptions being correct and continuing to be correct at all relevant times, and subject to the qualifications, limitations and assumptions set forth herein and while courts may differ and no cases interpreting the transfer of the Restructuring Property under the Statute have been decided, it is our opinion that a reviewing court, in a properly prepared and presented case, relying on the facts on which we have relied and giving them the proper weight and authority, properly applying the Statute to the Transaction would conclude that:

1. Financing Order No. 6 was duly authorized and issued by the Authority in accordance with all applicable State laws, rules and regulations (including the Statute); Financing Order No. 6 and the process by which it was issued comply with all applicable State laws, rules and regulations, including the Statute; and Financing Order No. 6 is in full force and effect and is final and nonappealable.

2. The Original Statute and the Amendments have each been duly enacted by the Legislature of the State in accordance with all applicable State laws, and other than the Amendments, the Statute has not been amended, repealed or rescinded and is in full force and effect. To our knowledge, the validity of the Statute is not the subject of any pending litigation or appeal.

3. Financing Order No. 6, among other things, (i) authorizes and approves the issuance of the Bonds, (ii) authorizes the creation and sale of the Restructuring Property to the Bond Issuer, (iii) authorizes the owner of the Restructuring Property to impose, bill and collect the Charges, (iv) authorizes the Bond Issuer to pledge the Restructuring Property as security for the repayment of the Bonds, (v) authorizes LIPA to serve as initial Servicer for the Issuer, and (vi) authorizes periodic adjustments of the Charges, and the paragraphs of Financing Order No. 6 authorizing the foregoing are irrevocable.

4. The Restructuring Property may be transferred, sold, conveyed or assigned to the Bond Issuer, and includes the rights and interests under Financing Order No. 6 described in Ordering Paragraph 11 of Financing Order No. 6.

5. Section 9 of the Statute includes an explicit pledge binding on the State (the “State Pledge”) that the State will not take or permit any action that impairs the value of the Restructuring Property, or, except for periodic adjustments required to be made pursuant to the adjustment mechanism specified in Financing Order No. 6, reduces, alters, or impairs the Charges until the principal, interest and premium, if any, and any other Ongoing Financing Costs (as defined in Financing Order No. 6) have been paid in full. The State Pledge is applicable to the Transaction.

6. The Bonds are “restructuring bonds” within the meaning of the Statute and the Bonds are entitled to the protections provided under the Statute and Financing Order No. 6, and the Bond Trustee on behalf of the holders of the Bonds shall be, to the extent permitted by the State of New York and federal law and the Indenture, entitled to enforce the protections of the Statute and Financing Order No. 6.

7. The Restructuring Property sold to the Bond Issuer pursuant to the Sale Agreement, including the irrevocable right to impose, collect and receive Charges and the revenues and collections from the Charges, is “restructuring property” within the meaning of the Statute.

8. The Bond Issuer has acquired the Authority's rights with respect to the Restructuring Property.

9. The transaction involving the sale of the Restructuring Property constitutes a true sale thereof other than for federal, state and local income and franchise tax purposes.

10. The Transaction, as contemplated by the Transaction Documents, conforms to Financing Order No. 6 in all material respects.

11. As provided in sections 7.1(f) and 8.2(b) of the Statute, any successor owner of the T&D System Assets and any successor Servicer shall be bound by the requirements of the Statute and shall perform and satisfy all obligations of a Servicer in the same manner and to the same extent under Financing Order No. 6 as did LIPA, as the initial Servicer, including, without limitation, the obligation to impose, bill and collect the Charges and to pay such collections to the person entitled to receive the Charge revenues. As provided in sections 8 and 15 of the Statute, Financing Order No. 6 is also binding on any other entity responsible for billing and collecting Charges on behalf of the Bond Issuer and any successor regulator to the Authority.

12. Pursuant to Ordering Paragraph 12 of Financing Order No. 6 and Annex 1 to the Servicing Agreement, the Servicer is authorized to file True-Up Adjustments to the Charges to the extent necessary to ensure the timely recovery of revenues sufficient to provide for the payment of all principal of and interest on the Bonds and all other approved Financing Costs (as defined in Financing Order No. 6).

QUALIFICATIONS

Our opinions are limited to the specific issues addressed and are limited in all respects to laws and facts existing on the date of this letter. The opinions expressed above do not constitute a guarantee of the outcome of any particular litigation, and there can be no assurance that action will not be taken in federal or state court challenging the constitutionality of the provisions of the Statute relating to the Bonds. Moreover, there can be no assurance that there will be no action by the State which might constitute a violation of the State Pledge. Furthermore, given the lack of judicial precedent directly on point, and the novelty of the Transaction, the outcome of any litigation cannot be predicted with any degree of certainty. In the event of any claim or state action which adversely impacts the rights of the Bondholders, costly and time-consuming litigation might ensue, adversely affecting, at least temporarily, the price and liquidity of the Bonds.

The foregoing opinions are expressly subject to there being no material change in the law, and there being no additional facts which would materially affect the assumptions set forth herein. The opinions set forth above are given as of the date hereof and we disavow any undertakings or obligations to advise you of any changes in the law (whether constitutional, statutory, regulatory or judicial) which may hereafter occur or any facts or circumstances that may hereafter occur or come to our attention that could affect such opinions.

This opinion is solely for your benefit in connection with the Transaction and may not be relied upon, used or circulated by, quoted, or otherwise referred to by, nor may copies hereof be delivered to, any other person without our prior written approval, except that a copy of this opinion may be included in any transcript of documents and proceedings relating to the Bonds.

Very truly yours,

APPENDIX F

FORM OF THE CONTINUING DISCLOSURE AGREEMENT

This Continuing Disclosure Agreement, dated as of September __, 2022 (the “Continuing Disclosure Agreement”), is made by the Utility Debt Securitization Authority (the “Issuer”) and Long Island Lighting Company, d/b/a LIPA, in its capacity as Servicer (the “Servicer”), pursuant to the Servicing Agreement, dated September __, 2022 (the “Servicing Agreement”), between the Issuer and the Servicer, and is being delivered in connection with the issuance and sale by the Issuer of its \$935,655,000 2022 Restructuring Bonds (the “2022 Restructuring Bonds”) pursuant to the terms of that certain Bond Indenture, dated as of September __, 2022, between the Issuer and The Bank of New York Mellon, as Bond Trustee (as the same may be amended and supplemented from time to time, the “Indenture”), between the Issuer and the Trustee. Capitalized terms used but not defined herein shall have the meanings given such terms in the Indenture.

Article I. Definitions

- (a) “Annual Accountant’s Report” has the meaning given such term in Section 3.07(a) of the Servicing Agreement.
- (b) “Annual Financial Information” means the Annual Accountant’s Report and the Annual Servicer Information.
- (c) “Annual Servicer Information” means the Semi-Annual Servicer Certificates and the tabular information presented in the Official Statement in Appendix A thereto under the headings “Servicer and Administrator – Credit Policy,” “– Billing Process,” “– Revenues, LIPA’s Customer Base and Electric Energy Consumption,” “– Forecasting Electricity Consumption,” “– Loss Experience,” “– Days Sales Outstanding” and “– Write-Off and Delinquencies Experience.”
- (d) “Counsel” means Hawkins Delafield & Wood LLP or other nationally recognized bond counsel or counsel expert in federal securities laws, in each case acceptable to the Issuer and the Servicer.
- (e) “Compliance Certificate” shall mean the annual certificate as to compliance delivered pursuant to Section 3.06 of the Servicing Agreement.
- (f) “EMMA” means the MSRB’s Electronic Municipal Market Access system or its successor.
- (g) “MSRB” means the Municipal Securities Rulemaking Board established pursuant to the provisions of Section 15B(b)(1) of the Securities Exchange Act of 1934, as amended, or any successor thereto or to the functions of the MSRB contemplated by this Continuing Disclosure Agreement.
- (h) “Notice Event” means any of the following events with respect to the 2022 Restructuring Bonds:
 - (i) principal and interest payment delinquencies;
 - (ii) non-payment related defaults, if material;
 - (iii) unscheduled draws on debt service reserves reflecting financial difficulties;
 - (iv) unscheduled draws on credit enhancements reflecting financial difficulties;
 - (v) substitution of credit or liquidity providers, or their failure to perform;
 - (vi) adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the 2022 Restructuring Bonds, or other material events affecting the tax status of the 2022 Restructuring Bonds;
 - (vii) modifications to rights of Bondholders, if material;
 - (viii) bond calls, other than bond calls relating to mandatory sinking fund redemptions, if material, and tender offers;
 - (ix) defeasances;
 - (x) release, substitution, or sale of property securing repayment of the 2022 Restructuring Bonds, if material;

- (xi) rating changes;
 - (xii) bankruptcy, insolvency, receivership or similar event of the Issuer¹;
 - (xiii) the consummation of a merger, consolidation, or acquisition involving the Issuer or the sale of all or substantially all of the assets of the Issuer, other than in the ordinary course of business, the entry into a definitive agreement to undertake such action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material; and
 - (xiv) appointment of a successor or additional trustee or the change of name of a trustee, if material.
- (i) “Notice Event Notice” means written or electronic notice of a Notice Event.
 - (j) “Official Statement” means the Official Statement, dated _____, 2022, relating to the 2022 Restructuring Bonds.
 - (k) “Reports to Holders” means the reports provided to Holders by the Bond Trustee pursuant to Section 6.06(b) of the Indenture.
 - (l) “Rule” means Rule 15c2 12 promulgated by the SEC under the Securities Exchange Act of 1934, as amended (17 CFR Part 240, §240.15c2 12), as in effect on the effective date hereof, including any official interpretations thereof.
 - (m) “SEC” means the United States Securities and Exchange Commission.
 - (n) “Semi-Annual Servicer Certificates” has the meaning given such term in Section 3 of Annex I to the Servicing Agreement.
 - (o) “State” means the State of New York.

Article II. The Undertaking

Section 2.01 Purpose. This Continuing Disclosure Agreement is being executed, delivered and made solely to assist the underwriters of the 2022 Restructuring Bonds in complying with subsection (b)(5) of the Rule.

Section 2.02 Undertaking. In accordance with Section 7.12 of the Servicing Agreement, the Servicer shall, as designated agent of the Issuer, for the sole benefit of the Bondholders (and, to the extent specified in this Article II, the beneficial owners) of the Outstanding Bonds, provide, in a timely manner, to the MSRB, through EMMA, in the format and including such identifying information as shall be prescribed by the MSRB:

- (a) not later than 180 days following the end of each fiscal year of the Issuer (x) an annual report of the Issuer, including, to the extent available, the Annual Accountant’s Report and Compliance Certificate and (y) the Annual Servicer Information;
- (b) not later than 30 days after the applicable Payment Date, the Report to Holders; and
- (c) if a Notice Event occurs, in a timely manner not in excess of ten (10) business days after the occurrence of such Notice Event, a Notice Event Notice to the MSRB.

Section 2.03 Annual Accountant’s Report. If, and to the extent prepared, the contents, presentation and format of the Annual Accountant’s Report may thereafter be modified from time to time as determined in the judgment of the Issuer to conform to changes to the Rule to disclosure principles or practices and legal requirements followed by or applicable to the Issuer, provided that such modification shall comply with the requirements of the Rule. The

¹ Note to clause (xii): For the purposes of the event identified in clause (xii) above, the event is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent or similar officer for the Issuer in a proceeding under the U.S. Bankruptcy Code or in any other proceeding under state or federal law in which a court or government authority has assumed jurisdiction over substantially all of the assets or business of the Issuer, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the Issuer. As provided in the Securitization Law, the Issuer is not authorized to file for bankruptcy under Chapter 9 of the U.S. Bankruptcy Code.

annual financial statements of the Issuer for each fiscal year shall be prepared in accordance with generally accepted accounting principles in effect from time to time or mandated State statutory principles.

Section 2.04 Limitations on Liability. The Servicer does not undertake to provide such notice with respect to: (x) credit enhancement if the enhancement is added after the primary offering of the 2022 Restructuring Bonds, the Issuer does not apply for or participate in obtaining the enhancement, and the enhancement is not described in the applicable official statement of the Issuer; or (y) tax exemption other than pursuant to the Act or the Securitization Law.

Section 2.05 Remedies.

- (a) In addition to the Trustee's and Holders' remedies specified in the Basic Documents, any beneficial owner of the 2022 Restructuring Bonds described in this Section may bring a Proceeding to enforce this Continuing Disclosure Agreement without acting in concert if (1) such owner shall have filed with the Servicer evidence of beneficial ownership and written notice of, and request to cure, the alleged breach, (2) the Servicer shall have failed to comply within a reasonable time, and (3) such beneficial owner stipulates that (A) no challenge is made to the adequacy of any information provided in accordance with this Continuing Disclosure Agreement and (B) no remedy is sought other than substantial performance of this Continuing Disclosure Agreement. To the extent permitted by law, each beneficial owner agrees that all such proceedings shall be instituted only as specified herein, and for the equal benefit of all such owners of the Outstanding Bonds benefited by the same or a substantially similar undertaking.
- (b) For the purposes of this Section, a beneficial owner of a security includes any person who, directly or indirectly, through any contract, arrangement, understanding, relationship, or otherwise has or shares investment power which includes the power to dispose, or to direct the disposition of, such security, except that a person who in the ordinary course of business is a pledgee of securities under a written pledge agreement shall not be deemed to be the beneficial owner of such pledged securities until the pledgee has taken all formal steps to declare a default and determines that the power to dispose or to direct the disposition of such pledged securities will be exercised, provided that:
 - (i) the pledge agreement is bona fide;
 - (ii) the pledgee is:
 - 1) a broker or dealer registered under § 15 of the Exchange Act;
 - 2) a bank as defined in § 3(a)(6) of the Exchange Act;
 - 3) an insurance company as defined in § 3(a)(19) of the Exchange Act;
 - 4) an investment company registered under § 8 of the Investment Company Act;
 - 5) an investment adviser registered under § 203 of the Investment Advisers Act of 1940;
 - 6) an employee benefit plan, or pension fund which is subject to the provisions of ERISA or an endowment fund;
 - 7) a parent holding company, provided the aggregate amount held directly by the parent, and directly and indirectly by its subsidiaries which are not persons specified in items (1) through (6) of this clause (ii) does not exceed 1% of the securities of the subject class;
 - 8) a group, provided that all the members are persons specified in items (1) through (7) of this clause (ii); and
 - (iii) the pledge agreement, prior to default, does not grant to the pledgee the power to dispose or direct the disposition of the pledged securities, other than the grant of such power(s) pursuant to a pledge agreement under which credit is extended subject to Regulation T (12

CFR 220.1 to 220.8) and in which the pledgee is a broker or dealer registered under § 15 of the Exchange Act.

- (c) Any amendment of this Continuing Disclosure Agreement may only be entered into:
- (i) if all or any part of the Rule, as interpreted by the staff of the SEC at the date hereof, ceases to be in effect for any reason and the Issuer and the Servicer elect that this Continuing Disclosure Agreement shall be deemed terminated or amended (as the case may be) accordingly, or
 - (ii) if:
 - 1) the amendment is made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature, or status of the Issuer and the Servicer, as the case may be, or type of business conducted,
 - 2) this Continuing Disclosure Agreement, as amended, would have complied with the requirements of the Rule at the date hereof, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances, and
 - 3) the amendment does not materially impair the interests of the Holders of each affected Tranche of 2022 Restructuring Bonds, as determined by parties unaffiliated with the Issuer and the Servicer (such as, but without limitation, counsel to the Issuer and the Servicer) or by Holder consent pursuant to the Basic Documents.

Section 2.06 Additional Information. Nothing in this Continuing Disclosure Agreement shall be deemed to prevent the Issuer or the Servicer from disseminating any other information, using the means of dissemination set forth in this Continuing Disclosure Agreement or any other means of communication, or including any other information in any Annual Financial Information or Notice Event Notice, in addition to that which is required by this Continuing Disclosure Agreement. If the Issuer or the Servicer choose to include any information in any Annual Financial Information or Notice Event Notice in addition to that which is specifically required by this Continuing Disclosure Agreement, the Issuer and the Servicer shall have no obligation under this Continuing Disclosure Agreement to update such additional information or include it in any future Annual Financial Information or Notice Event Notice.

Article III. Operating Rules

Section 3.01 Reference to Other Documents. It shall be sufficient for purposes of Section 2.02 hereof if the Servicer provides Annual Financial Information by specific reference to documents (i) available to the public on the MSRB Internet Web site (currently, www.emma.msrb.org) or (ii) filed with the SEC. The provisions of this Section shall not apply to Notice Event Notices pursuant to Section 2.02(iv) hereof.

Section 3.02 Submission of Information. Annual Financial Information may be set forth or provided in one document or a set of documents, and at one time or in part from time to time.

Section 3.03 Dissemination Agents. The Servicer may from time to time designate an agent to act on its behalf in providing or filing notices, documents and information as required of the Servicer under this Continuing Disclosure Agreement, and revoke or modify any such designation.

Section 3.04 Transmission of Notices, Documents and Information.

- (a) Unless otherwise required by the MSRB, all notices, documents and information provided to the MSRB shall be provided to EMMA, the current Internet Web address of which is www.emma.msrb.org.
- (b) All notices, documents and information provided to the MSRB shall be provided in an electronic format as prescribed by the MSRB (currently, portable document format (pdf) which must be word

searchable except for non-textual elements) and shall be accompanied by identifying information as prescribed by the MSRB.

Article IV. Effective Date, Successor Servicer, Termination and Execution

Section 4.01 Effective Date. This Continuing Disclosure Agreement and the provisions hereof shall be effective upon the issuance of the 2022 Restructuring Bonds.

Section 4.02 Successors Servicer. As provided in Sections 6.04(b) and 7.12 of the Servicing Agreement, the duties of LIPA under this Continuing Disclosure Agreement shall be performed by any Successor Servicer appointed under the terms of the Servicing Agreement.

Section 4.03 Termination.

- (a) The Servicer's obligations under this Continuing Disclosure Agreement shall terminate with respect to the 2022 Restructuring Bonds of a Tranche upon a Legal Defeasance pursuant to Section 4.01 of the Indenture, prior redemption or payment in full of such 2022 Restructuring Bonds of a Tranche.
- (b) This Continuing Disclosure Agreement, or any provision hereof, shall be null and void in the event that the Issuer and the Servicer (1) receives an Opinion of Counsel to the effect that those portions of the Rule which require this Continuing Disclosure Agreement, or such provisions, as the case may be, do not or no longer apply to the 2022 Restructuring Bonds, whether because such portions of the Rule are invalid, have been repealed, or otherwise, as shall be specified in such opinion, and (2) deliver copies of such opinion to the MSRB.

Section 4.04 Counterparts. This Continuing Disclosure Agreement may be executed in several counterparts, each of which shall be regarded as an original and all of which shall constitute but one and the same agreement.

SCHEDULE 2

Book-Entry-Only System

The Role of DTC. Cede & Co., as nominee for DTC, will hold the 2022 Restructuring Bonds.

The Function of DTC. DTC, the world's largest depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a Standard & Poor's Rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

The Rules for Transfers Among DTC. Transfers between DTC participants will occur in accordance with DTC rules.

DTC Will Be the Holder of the 2022 Restructuring Bonds. Purchases of the 2022 Restructuring Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the 2022 Restructuring Bonds on DTC's records. The ownership interest of each actual purchaser of each 2022 Restructuring Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the 2022 Restructuring Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the 2022 Restructuring Bonds, except in the event that use of the book-entry system for the 2022 Restructuring Bonds is discontinued.

To facilitate subsequent transfers, all 2022 Restructuring Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of the 2022 Restructuring Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not affect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the 2022 Restructuring Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such 2022 Restructuring Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the 2022 Restructuring Bonds unless authorized by a Direct Participant in accordance with DTC's Money Market Instrument ("MMI") Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Issuer as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the 2022 Restructuring Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the 2022 Restructuring Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the Issuer, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC or the Issuer, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Issuer, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the 2022 Restructuring Bonds at any time by giving reasonable notice to the Issuer. Under such circumstances, in the event that a successor depository is not obtained, note certificates are required to be printed and delivered.

The Issuer may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, note certificates will be printed and delivered to DTC.

The information in this subsection concerning DTC has been obtained from sources that the Issuer believes to be reliable, but the Issuer does not take any responsibility for the accuracy thereof or make any representation as to the completeness or the accuracy of such information or as to the absence of material adverse changes in such information subsequent to the date hereof.

Second Party Opinion

EXECUTIVE SUMMARY

ISSUER

Utility Debt Securitization Authority

OPINION ON

2022TE-2 Restructuring Bonds (Tax-Exempt) (Green Bonds)

GREEN STANDARD AND CATEGORIES

- Climate Change Adaptation
- Renewable Energy

KEYWORDS

Renewables, offshore wind, solar, transmission and distribution, electrification, net zero, decarbonized grid, climate resilience, decarbonizing green bond, New York State

EVALUATION DATE

September 9, 2022

SUMMARY

Kestrel Verifiers is of the opinion that the Utility Debt Securitization Authority's (the "Issuer") 2022TE-2 Restructuring Bonds (Federally Tax-Exempt) (Green Bonds) ("2022TE-2 Restructuring Bonds") are impactful, are net-zero-aligned, and conform with the four core components of the Green Bond Principles 2021 as follows:

▪ Use of Proceeds

The 2022TE-2 Restructuring Bonds (Green Bonds) finance improvements to the Long Island Power Authority's (the "Authority") infrastructure to enable the transition to a carbon-free grid by 2040. Projects include grid improvements to accommodate addition of renewables, as well as projects to improve grid resilience during extreme weather events exacerbated by climate change. The 2022TE-2 Restructuring Bonds (Green Bonds) support the transition to renewables and a carbon-free grid by 2040 on a programmatic basis. The infrastructure improvements are eligible projects as defined by the Green Bond Principles in the project categories of *Climate Change Adaptation* and *Renewable Energy*.

▪ Process for Project Evaluation and Selection

The 2022TE-2 Restructuring Bond (Green Bonds) projects (i) align with the Authority's Board of Trustees' policies, mission and vision, and adopted plans and (ii) advance the statewide goal to transition to a carbon-free electric grid by 2040 and reach 70% power generation from renewables by 2030. The Authority relies on several planning documents, including the Approved Capital Plan, to prioritize bond-financed projects.

▪ Management of Proceeds

Proceeds will be solely allocated to eligible projects identified in the Authority's Capital Budget. The 2022TE-2 Restructuring Bond (Green Bonds) proceeds will finance improvements to the Authority's transmission and distribution system ("the T&D System") to improve climate resilience and enable the transition to a carbon-free grid by 2040.

▪ Reporting

The Authority has several on-going reporting efforts that can provide investors with insights into operations and activities. Such reports are generally available on the Authority's website: <https://www.lipower.org/about-us/contracts-reports/>. Such information on the website is not included herein by specific cross-reference.

▪ Impact and Alignment with United Nations Sustainable Development Goals

Improvements to the Authority's T&D System to facilitate more renewable energy and address climate resilience advance multiple UN SDGs, including Goals 7: *Affordable and Clean Energy*, 9: *Industry, Innovation and Infrastructure*, 11: *Sustainable Cities and Communities* and 13: *Climate Action*.

Second Party Opinion

Issuer:	Utility Debt Securitization Authority
Issue Description:	2022TE-2 Restructuring Bonds (Tax-Exempt) (Green Bonds)
Project:	Electric Grid Capital Improvements
Green Standard:	Green Bond Principles
Green Categories:	Climate Change Adaptation Renewable Energy
Keywords:	Renewables, offshore wind, solar, transmission and distribution, electrification, net zero, decarbonized grid, climate resilience, decarbonizing green bond, New York State
Par:	\$94,780,000
Evaluation Date:	September 9, 2022

GREEN BONDS DESIGNATION

Kestrel Verifiers, an Approved Verifier accredited by the Climate Bonds Initiative, conducted an independent external review of the Utility Debt Securitization Authority, 2022TE-2 Restructuring Bonds (Tax-Exempt) (Green Bonds) ("2022TE-2 Restructuring Bonds") to evaluate conformance with the Green Bond Principles (June 2021) established by the International Capital Market Association. Our team for this engagement included analysts with backgrounds in environmental science and sustainable infrastructure.

This Second Party Opinion reflects our review of the uses and allocation of proceeds, oversight and conformance of the 2022TE-2 Restructuring Bonds with the Green Bond Principles. In our opinion, the 2022TE-2 Restructuring Bonds are impactful, net zero-aligned, conform with the four core components of the Green Bond Principles, and qualify for Green Bonds designation.

ABOUT THE ISSUER AND THE AUTHORITY

The Utility Debt Securitization Authority (the "Issuer") was created in June 2013 after the New York State Assembly and Senate passed the Long Island Power Authority Reform Act. The Issuer is intended to provide savings to customers and allows the retirement of certain outstanding indebtedness of the Long Island Power Authority ("Authority") and the Issuer and the financing of system resiliency projects through the issuance of restructuring bonds.

The Authority is a corporate municipal instrumentality and a political subdivision of the State of New York. The Authority has a wholly-owned subsidiary, the Long Island Lighting Company (described below), which does business under the names of LIPA and Power Supply Long Island. The Authority provides electric transmission and distribution services in a geographical area which includes the New York Counties of Nassau and Suffolk (with certain limited exceptions) and a small portion of Queens County, New York known as the Rockaways. The Authority's service area includes approximately 1.2 million customers.

The Authority purchases power from multiple entities located both on and off Long Island, and has ownership in the Nine Mile Point Nuclear Station, Unit 2 ("NMP2"). To distribute electricity from these sources, the Authority owns and operates a transmission and distribution system which includes approximately 1,400 miles of transmission lines, 14,000 miles of distribution lines, 193,000 transformers and other assets. In 2021 the system served a peak demand of approximately 5,000 MW.

In order to align with its own decarbonization goals and those set by the State of New York, the Authority has reduced its reliance on fossil fuels¹, integrated more renewable energy resources, and prioritized battery storage. Contracted and in-service renewable resources include multiple solar and offshore wind projects and procurement is underway for energy storage. The Authority has also made significant ongoing investments to improve grid resilience after the impacts of extreme weather events including Superstorm Sandy in 2012 and Tropical Storm Isaias in 2020.

To incentivize decarbonization, the Authority offers customers discounted electricity rates for overnight electric vehicle charging, and provides rebates for homeowners who replace outdated heating and cooling systems with efficient heat pumps. The Authority also provides low-income households with rate assistance for utility bills.

ALIGNMENT TO GREEN STANDARDS²

Use of Proceeds

The 2022TE-2 Restructuring Bonds (Green Bonds) finance improvements to the transmission and distribution system to enable the transition to a carbon-free grid by 2040 and improve climate resilience. Projects include grid improvements to accommodate the addition of more renewable energy and strengthening infrastructure to withstand extreme weather events. Descriptions of financed activities are included in Appendix B. The 2022TE-2 Restructuring Bonds (Green Bonds) support the transition to renewables and a carbon-free grid by 2040 on a programmatic basis. These are eligible projects as defined by the Green Bond Principles in the categories of *Renewable Energy* and *Climate Change Adaptation*.

Grid Transformation to Accommodate Renewables

It is critical that grid infrastructure keeps pace with growth in renewable supply. The State of New York's Climate Leadership and Community Protection Act requires addition of 9,000 MW of power from offshore wind by 2035. Significant offshore wind projects expected to be placed in service between 2023 and 2028. The Authority's major addition of wind and solar energy, necessitates physical and operational changes to the electric transmission and distribution system. Bond-financed improvements will allow the Authority to accommodate growth of the renewable power supply.

Most of New York's new offshore wind power will enter the state through the Authority's service area. The remaining portion will come onshore through the adjacent Consolidated Edison service area. Existing infrastructure is designed to accommodate different power sources and interconnections at different locations. Transmission system upgrades are needed to (i) facilitate the interconnection between offshore wind generation and the rest of the state, (ii) install substation and local transmission systems to support this new source of supply, and (iii) plan for and install storage capacity. The 2022TE-2 Restructuring Bonds represent an important contribution to meet the State's target to achieve a carbon-free grid by 2040.

Carbon-Free Grid and Net Zero Alignment

Activities financed by the 2022TE-2 Restructuring Bonds facilitate the shift to a carbon-free grid. Grid decarbonization is the primary driver to reduce emissions from both the transportation and buildings sectors. In other words, infrastructure modifications such as those included in the bond-financed activities are essential to support electrification of buildings and a fully electrified transport sector.

Climate Adaptation and Resilience

In addition to advancing decarbonization of the electrical grid, the 2022TE-2 Restructuring Bonds finance projects that will improve resilience to extreme weather events. Climate hazards such as sea level rise, coastal and inland flooding, high temperatures, and storm surge may affect the Authority's infrastructure

¹ "LIPA's Plans to Transition to a Carbon-Free Electric Grid," Long Island Power Authority, accessed July 25, 2022, <https://www.flipsnack.com/lipower/lipa-s-plans-to-transition-to-a-carbon-free-electric-grid/full-view.html>.

² Green Bonds are any type of bond instrument where the proceeds will be exclusively applied to finance or refinance eligible Green Projects which are aligned with the four core components of ICMA's Green Bond Principles.

and operations.³ Practices that enhance grid resilience include automated sectionalizing switches to limit the impacts of localized outages; expanded integration of sensors and smart meters to quickly identify outages; strengthening utility poles and adding cross arms, and wires; and undergrounding cables in select locations.

Process for Project Evaluation and Selection

The 2022TE-2 Restructuring Bond projects (i) align with Long Island Power Authority's Board Policies, mission and vision and adopted plans, and (ii) advance the statewide goal⁴ of transitioning to a carbon-free electric grid by 2040 and achieving 70% power generation from renewables by 2030. The activities financed by the 2022TE-2 Restructuring Bonds were selected from the Authority's Approved Capital Plan based on potential to avoid grid failures and outages, provide critical real-time status updates during storms, conformance with the statutory definition of resiliency, and the *Climate Change Adaptation and Renewable Energy* project categories of the Green Bond Principles.

Projects also comport with specific recommendations in the January 2021 *Initial Report on the New York Power Grid Study*⁵ which identified the need for New York utilities to invest in activities that eliminate fossil-fuel reliance, increase renewable energy, plan for electrification, and increase the availability of clean energy in disadvantaged communities.

Furthermore, the Authority's integrated resource plans provide a framework for the Authority's planning activities, identifies infrastructure investments that the electric utility should make over the next few decades to ensure action plans advance the transition to a carbon-free grid. These priorities are addressed in the bond-financed activities.

Through an established budget development and approval process, the Authority coordinates with PSEG Long Island, and the New York State Independent System Operator to evaluate and select transmission and distribution projects to meet clean energy goals. Some of these projects may be financed by the 2022TE-2 Restructuring Bonds.

Ultimately, the Long Island Power Authority Board of Trustees ("Board") approves projects for implementation and funding. The Board also approves any subsequent amendments. Kestrel Verifiers has reviewed the list of projects approved for bond financing with the 2022TE-2 Restructuring Bonds and confirmed green bond eligibility.

Management of Proceeds

Proceeds will solely be allocated to eligible projects identified in the Capital Budget and pay costs of issuance. 2022TE-2 Restructuring Bond proceeds will finance improvements to the transmission and distribution system to enable the transition to a carbon-free grid by 2040 and improve climate resilience.

The Authority's Finance and Audit Committee and budget staff are responsible for managing and tracking bond proceeds. Prior to allocation, proceeds will be held in the Construction Account and may also be placed in temporary investments in accordance with the Authority's Investment Policy.⁶ The Authority's Budget and Treasury departments oversee the allocation of 2022TE-2 Restructuring Bond proceeds to eligible projects.

Reporting

The Authority has several on-going reporting efforts that can provide investors with insights into operations and activities. The Authority staff regularly reports to its Board on progress toward Climate Leadership and Community Protection Act targets and summarize the Authority's activities and performance. Such reports are generally available on the Authority's website: <https://www.lipower.org/about-us/contracts-reports/>. Such information on the website is not included herein by specific cross-reference.

IMPACT AND ALIGNMENT WITH UN SDGs

The 2022TE-2 Restructuring Bonds address UN SDGs 7, 9, 11 and 13 by improving resilience to severe weather events and increasing access to renewable energy. By planning for the addition of renewable sources to the regional energy mix, the bond-financed projects address Targets 7.1, 7.2, 9.1, and 9.4. Improved air quality as a result of reduced emissions supports Target 11.6. The improvements also align with Target 13.2 by considering key climate hazards in planning, including sea level rise, coastal and inland flooding, storm surge, and increased temperatures.

Full text of the Targets for Goals 7, 9, 11 and 13 is available in Appendix A, with additional information available on the United Nations website: un.org/sustainabledevelopment

	Affordable and Clean Energy (Target 7.1, 7.2) <u>Possible Indicators</u> <ul style="list-style-type: none">Renewable energy share in the total energy portfolio
	Industry, Innovation and Infrastructure (Targets 9.1, 9.4) <u>Possible Indicators</u> <ul style="list-style-type: none">Reduction in fossil fuel use as a result of the projectsTotal renewable and carbon-free energy distributed
	Sustainable Cities and Communities (Target 11.6) <u>Possible Indicators</u> <ul style="list-style-type: none">Annual mean levels of fine particulate matter in cities reducedMetric tons of greenhouse gas emissions avoided
	Climate Action (Target 13.2) <u>Possible Indicators</u> <ul style="list-style-type: none">Adoption of and continued implementation of projects to reach long-term climate action targetsOngoing expansion of infrastructure to facilitate emissions reductions

CONCLUSION

Based on our independent external review, the Utility Debt Securitization Authority 2022TE-2 Restructuring Bonds (Tax-Exempt) (Green Bonds) conform, in all material respects, with the Green Bond Principles (2021) and are in complete alignment with two eligible project categories: *Climate Change Adaptation* and *Renewable Energy*. The 2022TE-2 Restructuring Bonds finance impactful, net-zero-aligned projects that advance ambitious and forward-looking climate action goals.

DISCLAIMER

This Opinion aims to explain how and why the discussed financing meets the ICMA Green Bond Principles based on the information that was provided by the Authority or made publicly available by the Authority and relied upon by Kestrel only during the time of this engagement (July-September 2022), and only for purposes of providing this Opinion.

We have relied on information obtained from sources believed to be reliable, and assumed the information to be accurate and complete. However, Kestrel Verifiers can make no warranty, express or implied, nor can we guarantee the accuracy, comprehensive nature, merchantability, or fitness for a particular purpose of the information we were provided or obtained.

By providing this Opinion, Kestrel Verifiers is neither addressing nor certifying the credit risk, liquidity risk, market value risk or price volatility of the projects financed by the Green Bonds. It was beyond Kestrel Verifiers' scope of work to review for regulatory compliance, and no surveys or site visits were conducted by us. Furthermore, we are not responsible for surveillance, monitoring, or implementation of the project, or use of proceeds.

The Opinion delivered by Kestrel Verifiers is for informational purposes only, is current as of the date of issuance, and does not address financial performance of the Green Bonds or the effectiveness of allocation of its proceeds. This Opinion does not make any assessment of the creditworthiness of the Issuer, nor its ability to pay principal and interest when due. This Opinion does not address the suitability of a Bond as an investment, and contains no offer, solicitation, endorsement of the Bonds nor any recommendation to buy, sell or hold the Bonds. Kestrel Verifiers accepts no liability for direct, indirect, special, punitive, consequential or any other damages (including lost profits), for any consequences when third parties use this Opinion either to make investment decisions or to undertake any other business transactions.

This Opinion may not be altered without the written consent of Kestrel Verifiers. Kestrel Verifiers reserves the right to revoke or withdraw this Opinion at any time. Kestrel Verifiers certifies that there is no affiliation, involvement, financial or non-financial interest in the Authority or the projects discussed. We are 100% independent. Language in the offering disclosure supersedes any language included in this Second Party Opinion.

Use of the United Nations Sustainable Development Goal (SDG) logo and icons does not imply United Nations endorsement of the products, services, or bond-financed activities. The logo and icons are not being used for promotion or financial gain. Rather, use of the logo and icons is primarily illustrative, to communicate SDG-related activities.

Appendix A.

UN SDG TARGET DEFINITIONS

Target 7.1

By 2030, ensure universal access to affordable, reliable and modern energy services

Target 7.2

By 2030, increase the share of renewable energy in the global energy mix

Target 9.1

Develop quality, reliable, sustainable and resilient infrastructure, including regional and transborder infrastructure, to support economic development and human well-being, with a focus on affordable and equitable access for all

Target 9.4

By 2030, upgrade infrastructure and retrofit industries to make them sustainable, with increased resource-use efficiency and greater adoption of clean and environmentally sound technologies and industrial processes, with all countries taking action in accordance with their respective capabilities

Target 11.6

By 2030, reduce the adverse per capita environmental impact of cities, including paying special attention to air quality and municipal and other waste management

Target 13.2

Integrate climate change measures into national policies, strategies and planning

Appendix B.

ANTICIPATED PROJECTS

Table 1. Anticipated projects to be financed with 2022TE-2 Restructuring Bond proceeds

Corporate Category	Investment Name	Use of Proceeds
Storm Hardening	Storm hardening program	The program will upgrade mainline primary circuits to storm hardened standards. Upgrades will align with current standards and are prioritized based on outage history.
Reliability	Fire Island Pines – Install New 23 kV Circuit to Ocean Beach Substation	The addition of a new 5.9-mile circuit is intended to prevent major load loss in the event of both the Ocean Beach and Bayport submarine circuits to the Fire Island Pines substation fail. The new circuit will serve as a backup and minimize the risk of power loss.
Reliability	East Garden City Switch Gear Replacement	This project will replace four switchgears, add a transformer, and loop five switchgears together to improve reliability at East Garden City. The substation serves a heavy load and has dealt with multiple failures of the switchgear.
Reliability	Distribution Circuit Improvement Program	This is the fourth phase of a system-wide project to replace and install hundreds of switches from 2020-2023. This portion of the project includes the installation of 150 switches across 101 circuits.
Reliability	Transmission Protection and Controls Upgrade Program	The project will replace outdated transmission protection systems at various locations that have experienced failures. The project will substantially increase the electric system's reliability and improve fault recording information.
Reliability	Distribution system improvements - services, branch lines & customer requests	This blanket category will address systemwide upgrades and replacements to various areas including damaged manholes, cables, switchgear modules, wiring, and more. Areas in need of upgrades and replacement were identified through customer reports and regular inspections.
