

Public Comments on the Residential Time of Day Rate Proposal

Name:

Jonathan Cohen

Comment:

Good afternoon,

New York Solar Energy Industries Association (NYSEIA) appreciates the opportunity to provide feedback on the Long Island Power Authority's (LIPA) proposal concerning modifications to LIPA's Tariff for Electric Service to create a Time of Day (TOD) rate that will become the standard rate for residential non-heating service beginning in 2024.

NYSEIA is grateful for the thoughtful collaboration that has occurred between LIPA staff and industry stakeholders throughout this process, and we look forward to continuing to engage with LIPA on this matter and others.

Attached please find our written comments. Feel free to contact me if you have any questions. Thank you.

Jonathan Cohen

Policy Director

New York Solar Energy Industries Association
