What You'll Do At LIPA

The Program Manager, Performance Management, supports and leads various strategic efforts, including developing annual work plans. This position's critical focus is to support the business's ability to establish its short, medium, and long-term plans in a highly dynamic environment and industry.

This position has a key role in strategy support and integration, collaborating with internal and external stakeholders, and leading cross-functional teams in the development of business-wide operational strategies. Responsibilities include the coordination and quality assurance of the LIPA annual performance metrics process to measure the Service Provider's performance regarding the Scope Functions and related Scope Sub-Functions; leading the annual review and setting of the Service Provider's Performance Metrics and the methods to capture and measure key business activities; partnering with leaders within business areas to develop and deliver impactful metrics and other analytics; leveraging business area systems; and leading a variety of key initiatives and special programs across the enterprise.

Success in this role demands a strong analytical orientation, exceptional communication skills and a highly developed collaborative nature. In addition, this position will work closely with the LIPA leadership team to reinforce the values of continuous improvement and ensure each department successfully delivers LIPA's corporate objectives.

Other Essential Job Functions include:

- Support the development and management of LIPA's work plans.
- Prepare reports and presentations for the Executive Committee and the Board of Trustees; communicate to our business unit teams the linkage between LIPA's Board Policies, Corporate Objectives, and WorkPlan projects and metrics to drive alignment.
- Collaborate across the Strategy and Performance Management Team and Financial Planning team to align annual work plans with financial targets and plan.
