**Introduction**

**Overview of the Financial Statements**

The Utility Debt Securitization Authority (UDSA) publishes interim financial results on a quarterly basis with a fiscal year ending December 31. The interim Basic Financial Statements and related Management's Discussion and Analysis do not include all the information and notes required under Generally Accepted Accounting Principles (GAAP) for annual consolidated financial statements. Therefore, the Management's Discussion and Analysis of UDSA's six-month period ended June 30, 2023 compared to 2022 should be read in conjunction with the annual audited consolidated financial statements, which may be found on UDSA's website at [www.lipower.org/UDSA](http://www.lipower.org/UDSA).

The Basic Financial Statements consist of the Statements of Net Position, the Statements of Revenue, Expenses, and Changes in Net Position, and the Statements of Cash Flows.

The Statements of Net Position provide information about the nature and amount of resources and obligations at a specific point in time.

The Statements of Revenues, Expenses, and Changes in Net Position report all UDSA's revenues and expenses for the periods shown.

The Statements of Cash Flows report the cash provided and used by operating activities, as well as other cash sources, such as investment income, and other cash uses such as payments for debt service.

The UDSA's basic financial statements are prepared on an accrual basis in accordance with GAAP as prescribed by the Governmental Accounting Standards Board (GASB). The UDSA is considered a blended component unit of the Long Island Power Authority (LIPA). The assets, liabilities, and results of operations are blended with the operations of LIPA for financial reporting purposes in LIPA's Basic Financial Statements.

**Nature of Operations**

The UDSA was created by Part B of Chapter 173, Laws of New York, 2013 (as amended by Chapter 58 of the Laws of New York, 2015, and then by Chapter 369 of the Laws of New York, 2021, the “Securitization Law”), allowing for the retirement of certain outstanding indebtedness of LIPA through the issuance of securitized restructuring bonds (Restructuring Bonds) by the UDSA. The Restructuring Bonds are to be repaid by an irrevocable, non-bypassable restructuring charge on all LIPA customer bills.

The Securitization Law permitted LIPA's Board of Trustees (Board) to adopt financing orders pursuant to which the UDSA issued Restructuring Bonds in an amount not to exceed \$4.5 billion. LIPA's Board adopted Financing Order No. 1 on October 3, 2013, Financing Orders No. 2, No. 3, and No. 4 on June 26, 2015, and Financing Order No. 5 on September 29, 2017, each authorizing the UDSA to issue Restructuring Bonds. All such financing orders are substantively the same. Each financing order authorized Restructuring Bonds secured by a separate restructuring charge created pursuant to that financing.

On August 2, 2021, changes to the Securitization Law were authorized to permit the issuance of additional securitized bonds for refinancing LIPA and UDSA bonds, and to fund LIPA transmission and distribution system resiliency investments. Funding from UDSA bonds provides a lower cost to customers than issuing LIPA bonds for the same purpose. With these legislative changes the UDSA may issue an initial par amount of up to \$8.0 billion of securitized bonds (inclusive of the bonds already issued).

On May 18, 2022, LIPA's Board adopted additional Financing Orders No. 6, No. 7, No. 8, and No. 9. On August 2, 2022, the UDSA's Board of Trustees approved the issuance of Series 2022 bonds in an amount not to exceed \$1.3 billion pursuant to Financing Order No. 6. On September 29, 2022, UDSA issued \$841 million Series 2022 Restructuring Bonds and \$95 million Series 2022 Tax-Exempt Green Bonds. The proceeds of these Restructuring Bonds, plus \$91 million of the premium received, refunded \$852 million of LIPA and UDSA debt and funded \$100 million of LIPA resiliency investments. The 2022 UDSA Restructuring Bonds generated total net present value debt service savings of \$42 million for LIPA's customers.

On March 28, 2023, the UDSA's Board of Trustees approved the issuance of Series 2023 bonds in an amount not to exceed \$2 billion pursuant to Financing Order No. 7. The transaction is expected to be completed in September 2023.

**Management's Discussion and Analysis**  
**(Unaudited)**

**Six-Month Period ended June 30, 2023 Compared to 2022**

The UDSA results for the six months ended June 30, 2023, showed a decrease of \$15 million in the change in net position compared to the first six months of 2022. The net position and changes in net position reflect the timing differences between the accrual-based accounting required under GAAP and the ratemaking treatment followed by the UDSA. The UDSA's Restructuring Charge is set at an amount sufficient to recover the debt service payments and other cash operating expenses that the UDSA incurs in any given year, which differs from accrued revenues and expenses.

**Operating revenues**

Operating revenues increased \$21 million compared to 2022 due to higher restructuring charges primarily as a result of Financing Order No. 6 increasing revenue by \$25 million. This was partially offset by lower sales compared to 2022 impacting revenue by \$4 million.

**Operating expenses**

Operating expenses increased \$40 million compared to 2022 primarily due to an increase in the amortization of the restructuring property resulting from higher principal payments due in June 2023 compared to 2022. The UDSA recognizes the amortization of the restructuring property on a proportionate basis annually based upon the total principal payments due and premiums outstanding on its restructuring bonds.

**Nonoperating revenues and expenses**

Interest expense increased \$3 million compared to 2022 due to higher debt outstanding. Interest income increased \$5 million due to higher interest rates combined with higher cash balances in 2023 attributable to collections related to Financing Order No. 6.

**Long-Term Debt**

The Financing Orders adopted by LIPA's Board authorized the issuance of Restructuring Bonds by the UDSA to provide funds for the purchase of Restructuring Property from LIPA. Each Restructuring Property (2013, 2015, 2016A, 2016B, 2017 and 2022) are secured only by their respective Restructuring Bonds. In each restructuring transaction, LIPA used the net proceeds from the sale of the Restructuring Property to refund debt and other obligations of LIPA or to fund resiliency investments, producing net present value savings to LIPA's utility customers.

Interest payments on all the Restructuring Bonds are paid semi-annually every June 15<sup>th</sup> and December 15<sup>th</sup>. Restructuring Charges are set to collect amounts sufficient to pay principal of, and interest on, the bonds on a timely basis and any ongoing financing costs.
