### What You'll Do At LIPA

#### LIPA's Corporate Values

**Service:** Our work is service. Everything we do is for the benefit of our customers.

**Collaboration:** Operate as one LIPA team. Everyone is included.

**Excellence:** One plan, with relentless implementation. Clear performance goals.

The Vice President of Electric Systems Operations is responsible for fulfilling LIPA's mission of enabling clean, reliable, and affordable electric service for our customers by leading and providing oversight over an electric transmission and distribution system servicing a customer base of 1.2 million, 24x7 Transmission Control Center Operation in accordance with all NERC/NPCC/NYISO regulations and compliance programs, four distribution dispatch control room facilities across Long Island as well as a First responder (Troubleshooter) organization, and Emergency Preparedness, Business Continuity and Disaster Recovery to ensure the safe, reliable, and efficient service for LIPA's customers.

Other Essential Job Functions include:

- ❖ Developing and leading LIPA's Electric System Operations team by providing vision, directing areas of focus, and establishing key initiatives and performance measures that align with LIPA's strategic priorities.
- ❖ Serving as the subject matter expert for all NERC/NPCC/NYISO regulations and compliance programs.
- ❖ Providing oversight and guidance in emergency and disaster situations, ensuring the appropriate groups are involved and performing at expected levels and that safety is a primary consideration.
- ❖ Recruiting, developing, and retaining a high-performing workforce, including management and senior professional staff, to ensure the completion of assigned goals and objectives.

Salary Range: \$ 255,000-315,000
