AN ACT to amend part B of chapter 173 of the laws of 2013 relating to the issuance of securitized restructuring bonds to refinance the outstanding debt of the Long Island power authority, in relation to the utility debt securitization authority; and in relation to permitting the issuance of securitized restructuring bonds to finance system resiliency costs

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Legislative findings. The legislature hereby finds and  
2 determines that the establishment of the utility debt securitization  
3 authority under part B of chapter 173 of the laws of 2013, as amended,  
4 permitted the issuance of securitized restructuring bonds on favorable  
5 terms which resulted in lower aggregate distribution, transmission and  
6 transition charges to Long Island ratepayers, compared to other avail-  
7 able alternatives, and the purposes of such act will be further advanced  
8 by amending such act to permit the issuance of additional such bonds  
9 subject to a limit on the outstanding principal amount thereof and to  
10 allow such bonds to be issued to refund bonds of the utility debt secu-  
11 ritization authority. The legislature finds and determines that improve-  
12 ments to the transmission and distribution system of the Long Island  
13 Power Authority to increase resiliency and better withstand the effects
