

Storm Readiness Update

Oversight and Clean Energy Committee – September 2025

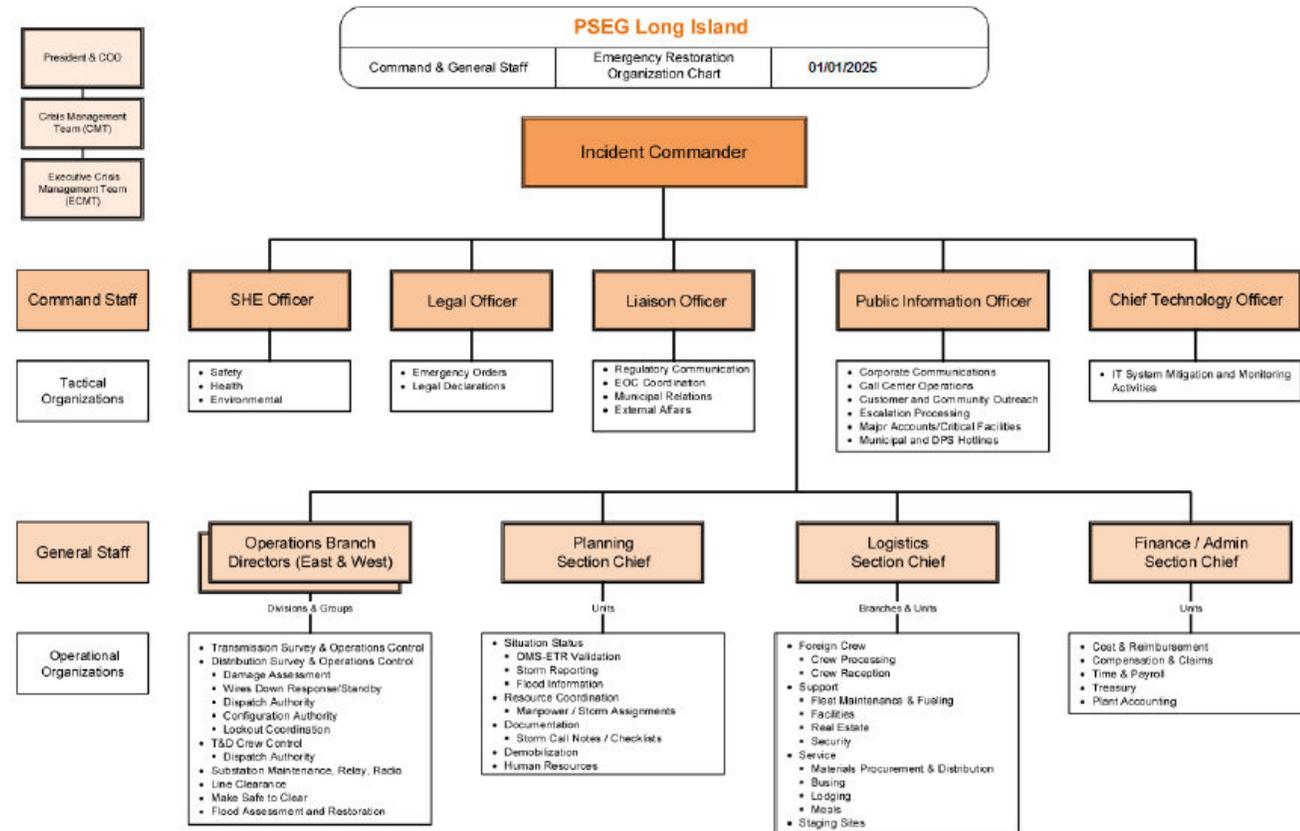

2025 Hurricane Season Forecast Update

Colorado State University 2025 Forecast						
Forecast Parameter and 1991-2020 Average (in parentheses)	Issue Date 3 April 2025	Issue Date 11 June 2025	Issue Date 9 July 2025	Issue Date 6 August 2025	Observed Thru 5 August 2025	Remainder of Season Forecast
Named Storms (14.4)	17	17	16	16	4	12
Hurricanes (7.2)	9	9	8	8	0	8
Major Hurricanes (3.2)	4	4	3	3	0	3

Incident Command System (ICS) Structure

- ALL PSEG Long Island employees have a primary storm role and associated ICS section.
- ICS sections are further divided into tactical and organizational groups – PSEG LI specific
- Storms roles, responsibilities and activities are coordinated and communicated through ICS Leadership
- Storm roles are managed by Emergency Preparedness Team via Emergency Storm Assignment List (ESAL) process/database
 - Monthly updates and annual letters
 - Facilitates storm training and exercises
